PREPARATORY COMMITTEE FOR THE UNITED NATIONS CONFERENCE  
ON NEW AND RENEWABLE SOURCES OF ENERGY  
Second session  
21 July - 1 August 1980  
Agenda item 2

CONSIDERATIONS OF THE REPORTS CONCERNING PREPARATION  
ACTIVITIES FOR THE CONFERENCE

Belgium:\*/ Draft decision

Timetable for the preparation for the Conference

The Preparatory Committee for the United Nations Conference on New and Renewable  
Sources of Energy,

Urges the Secretary General to adjust the timetable, as proposed in annex III  
of document A/35/321, in order to allow the following results to be achieved:

(a) Final reports of the technical panels and the Secretariat's synthesis  
report on the work of these panels should be ready and circulated to Governments and  
other groups involved in the preparatory work, including the ad hoc expert groups  
before they meet, not later than 15 December 1980; to this end, the  
Preparatory Committee recommends that any comments, other than those already given  
at its second session, to the content of interim reports, (document A/CONF.100/PC/5  
to 12, 17, 21 and 22) be submitted to the Secretary General not later than  
15 September 1980.

(b) Final reports of the ad hoc expert groups should be ready and circulated to  
Governments and other groups involved in the preparatory work not later than  
15 February 1981.

\*/ Submitted by the delegation of Belgium on behalf of States members of the  
European Economic Community which are members of the Preparatory Committee.

(c) The final report of the joint meeting of the Chairmen of the technical panels and of eminent experts and scientists should be ready and circulated to Governments and other bodies involved in the preparatory work not later than 15 March 1981.

(d) The final report of the Secretary General, which will synthesize the reports mentioned above under (a), (b) and (c) as well as outline suitable recommendations for consideration of the Conference should be ready and circulated to Governments not later than 15 April 1981.
