II. Apportionment of the costs of the Mechanism

3. The General Assembly, by its resolution [66/240](#), decided that the expenses of the Mechanism should be met through additional resources on the basis of assessed contributions and that they should be financed through a separate special account.

4. By its resolutions [52/217](#) and [52/218](#), the General Assembly decided, beginning from the budgets of 1998, to apportion half of the total budget for each international tribunal, after taking into account any cumulative surplus balance and credits from unencumbered balance, among Member States in accordance with the scale of assessments applicable to the regular budget of the United Nations and half in accordance with the rates of assessment applicable to peacekeeping operations. This method of financing has continued to be applied to all subsequent assessments for the international tribunals. The Assembly has also applied this method of financing to the Mechanism for 2012 and subsequent years.

5. The percentage shares shown in section III below were arrived at using the scale of assessments for 2020, adopted by the General Assembly in its resolution [73/271](#), and the updated composition of levels of contribution for peacekeeping operations for 2020 as adopted by the Assembly in resolution [73/272](#) and contained in the report of the Secretary-General ([A/73/350/Add.1](#)).
