**REPORTED TO THE SECRETARIAT OF THE UNITED NATIONS
BETWEEN 1 JANUARY AND 28 FEBRUARY 1951**

VOL. VI, NO. 1

New York, 1951

COMPARATIVE TABLES OF SEIZURES OF THE CHIEF
NARCOTICS BY THE VARIOUS COUNTRIES AND TERRITORIES
FOR THE YEARS 1936, 1946, 1947, 1948 and 1949 AS COMPILED
BY THE SECRETARIAT FROM THEIR ANNUAL REPORTS

Introductory Note

The following statistical tables, containing the latest information on total quantities of narcotics seized in each country and territory, are furnished to governments as an *addendum* to the Summary of Illicit Transactions and Seizures in accordance with the decision of the Commission on Narcotic Drugs at its second session in 1947, as approved by the Economic and Social Council at its sixth session in 1948.

Figures are being shown for the five years 1936, 1946, 1947, 1948 and 1949. The year 1936 was chosen for comparison purposes in view of the fact that this was the last pre-war year for which the most complete data were available. As regards 1950, it may be pointed out that the requisite statistics will not be due from governments until 30 June 1951.
