REPORT OF DRAFTING SUB-COMMITTEE III TO THE GENERAL COMMITTEE
ON THE CONSENSUS OF THE CONFERENCE ON ITEM 12 (b) and (c) OF THE
AGENDA (A/CONF.10/GC.13)

Mr. HERRINGTON (United States of America), speaking as Rapporteur of Drafting Sub-Committee III, introduced the report on item 12(b) and (c) and drew attention to several amendments which were necessary in the text. He emphasized that in Section A - The Problem of Coastal States - the Sub-Committee had confined itself to stating briefly the two trends of thought which had been expressed during the Conference, without touching upon the arguments involved.

After a lengthy discussion on the procedure to be followed, the General Committee agreed to defer further consideration of the report until it had received guidance from the Conference in plenary session with regard to Section A.

The meeting rose at 4.40 p.m.
