GENERAL REMARKS

The annual report listing the staff of the United Nations Secretariat is submitted in accordance with a request made by the Fifth Committee during the second session of the General Assembly. The present report shows the composition of the Secretariat as of 30 June 1972. The adoption of 30 June rather than 31 August, the effective date of previous reports, is based on a request of the Fifth Committee approved by the General Assembly at its twenty-sixth session.

The report lists the names of all staff members holding appointments of one year or more. Staff members with permanent or regular appointments are identified by asterisks immediately preceding their names.

The names of the staff members are listed by the departments, offices and other organizational units to which they were assigned on 30 June 1972. Staff detailed to missions, on special temporary assignment, detailed or assigned to technical assistance projects, on special leave without pay or on secondment from the Secretariat are shown separately.

For convenience of reference, alphabetical and nationality indices are included at the end of the list.
