The General Assembly,

Having considered the report of the Committee on Contributions on its thirty-second session (A/8711),

Noting the views of the Committee on Contributions on the question of allowance for low per capita income, expressed in paragraph 21 of its report,

Reaffirms its previous directives to the Committee on Contributions regarding the additional recognition to be given to the low per capita income countries and the attention to be given to the developing countries, in the calculation of their rates of assessments,

Requests the Committee on Contributions, at its next review of the scale of assessments, to change the elements of the low per capita income allowance formula so as to adjust it to the changing world economic conditions.
