SECOND COMMITTEE  
Agenda item 31 (b)

PROGRAMMES OF TECHNICAL ASSISTANCE  
UNITED NATIONS ASSISTANCE IN PUBLIC ADMINISTRATION

Afghanistan, Nepal, Panama and Sudan: revised joint  
draft resolution

The General Assembly,

Recalling its resolution 1256 (XIII),

Taking note of resolution 739 (XXVIII) of the Economic and Social Council,

Recognizing that the time that has elapsed since the establishment of the experimental programme for the provision of operational, executive and administrative personnel to Governments requesting assistance in this form, has been too brief, and the range of the experiment has been too narrow to draw final conclusions,

Recalling that several Member States have centres and institutes for training in Public Administration, some of which have been created or expanded with the technical assistance of the United Nations,

1. Resolves that the experimental programme started in 1959 should be continued on the basis of General Assembly resolution 1256 (XIII) and that the Secretary-General should be allowed adequate scope in the carrying out of the experiment within the limits of the resources to be made available for 1960;

2. Recommends that in suggesting to recipient Governments the appointments of qualified officials under the Programme, the Secretary-General should make use of all available resources and as much as possible of the experts who have been trained in the above-mentioned centres and institutes for public administration;

3. Requests the Secretary-General to present a report analyzing in detail the progress and results of the experiment, including whatever comments the recipient Governments may wish to make, and in particular the degree of success achieved in the training of nationals to assume as early as possible the responsibilities temporarily assigned to the internationally recruited staff, together with recommendations based on this report, at the thirtieth session of the Economic and Social Council and the fifteenth session of the General Assembly.
