(a) INFORMATION ON EDUCATIONAL CONDITIONS

Educational development in Non-Self-Governing Territories

Guatemala, India, Iraq, Yugoslavia: draft resolution

The General Assembly,

Recalling resolution 743 (VIII) of 27 November 1953, by which it emphasized the objectives of education in Non-Self-Governing Territories,

Considering that for the attainment of these objectives it is necessary to establish systems of primary, secondary and higher education which will meet the needs of all, regardless of sex, race, religion, social or economic status, and provide adequate preparation for citizenship,

Considering also that vocational and technical education should be extended in order to supply the skills necessary for the development of the Territories according to their needs and potentialities,

Noting that in some Territories programmes of educational advancement are being implemented according to pre-arranged targets and dates, which are subject to periodic reviews in the light of the progress made,

Believing that this method of development could be usefully extended in all Non-Self-Governing Territories,

1. Recommends to the Administering Members that, according to the requirements of each Non-Self-Governing Territory, they consider the formulation of plans, with targets and dates, for various aspects of educational development, including the establishment of universal primary education and general literacy;
