The "National Professional" category includes all professional grades for which local recruitment is required. The "Field Service" category includes all non-professional grades for which international recruitment is required. The duration of continuous employment is calculated using the date of entry of the staff member into the employing organization.
- (g) Non-resident's allowance. There are two types of non-resident's allowance (NRA):
  - (i) An allowance that is paid to General Service staff members who were recruited before the end of 1983; this allowance is pensionable, and has remained at a constant amount since 31 December 1983.
  - (ii) A non-pensionable allowance that is payable at certain duty stations to General Service staff members who were recruited on or after 1 January 1984, or that is payable to staff members who recruited before the end of 1983 and who have elected to replace their former pensionable allowance by the non-pensionable allowance.
- (h) Organizational location. Any location to which an organization assigns its staff, regardless of whether the location is an established office or project office.
- (i) Project Office. Any location where staff are assigned for a defined period for the purpose of assisting a Member State with carrying out a programme of technical co-operation.
- (j) Source of funds (or funding). A distinction that indicates whether the budgetary arrangements of the employing organization pay for the employment of a staff member from:
  - (i) a regular budget that is funded via fees that are assessed on Member States in accordance with an approved scale of assessments for the apportionment of the expenses of the employing organization, or
  - (ii) any other funds that are voluntarily provided to the employing organization, excluding funds that are provided by UNDP, funds-in-trust, grants or reimbursable arrangements, etc.
