United Nations Conference on the Midterm Comprehensive Review of the Implementation of the Objectives of the International Decade for Action, “Water for Sustainable Development”, 2018–2028

The General Assembly,

Recalling its resolution [71/222](#) of 21 December 2016, by which it proclaimed the period from 2018 to 2028 the International Decade for Action, “Water for Sustainable Development”,

Recalling also its resolution [73/226](#) of 20 December 2018, on the midterm comprehensive review of the implementation of the International Decade for Action, “Water for Sustainable Development”, 2018–2028,

Recalling further Economic and Social Council resolutions 1980/67 of 25 July 1980 on international years and anniversaries and 1989/84 of 24 May 1989 on guidelines for international decades in economic and social fields and General Assembly resolutions 53/199 of 15 December 1998 and 61/185 of 20 December 2006 on the proclamation of international years,

Reaffirming its resolution 70/1 of 25 September 2015, entitled “Transforming our world: the 2030 Agenda for Sustainable Development”, in which it adopted a comprehensive, far-reaching and people-centred set of universal and transformative Sustainable Development Goals and targets, its commitment to working tirelessly for the full implementation of the Agenda by 2030, its recognition that eradicating poverty in all its forms and dimensions, including extreme poverty, is the greatest global challenge and an indispensable requirement for sustainable development, its commitment to achieving sustainable development in its three dimensions – economic, social and environmental – in a balanced and integrated manner, and to building upon the achievements of the Millennium Development Goals and seeking to address their unfinished business,

Reaffirming also the sustainable development goals and targets related to water resources and sanitation, including those contained in the 2030 Agenda, and determined to achieve the goal of ensuring the availability and sustainable management of water and sanitation for all and other related goals and targets,

Emphasizing that water is critical for sustainable development and the eradication of poverty and hunger, that water, energy, food security and nutrition are linked and that water is indispensable for human development, health and well-being and a vital element of achieving the Sustainable Development Goals and other relevant goals in the social, environmental and economic fields,

Noting with concern that the world is not on track to achieve water-related Sustainable Development Goals and targets at the global level by 2030 at the current rate of progress, impacting tremendously on human well-being, social and economic development, the environment and international security,

Recognizing that, while the coronavirus disease (COVID-19) pandemic demonstrates how crucial it is that clean and safe water, sanitation and hygiene are available, accessible and affordable to all, which is also a prerequisite for global efforts to strengthen and achieve universal health coverage, the health threats of water-borne diseases and pollution and the health impacts of water-related disasters remain as imminent as before COVID-19, and recalling in that regard the One Health approach that fosters cooperation between experts in human and environmental health,

Noting with concern that climate change is one of the factors that can exacerbate the global water stress and the need for climate adaptation and mitigation strategies to address water issues, and acknowledging that water-related disasters are exacerbated by climate change, are increasing in frequency and intensity, and significantly impede progress towards sustainable development,

Recognizing that water-related issues, including the relevant Sustainable Development Goals and targets, need to be better reflected in the agendas of the General Assembly and the Economic and Social Council,

Reaffirming that the high-level political forum on sustainable development, convened under the auspices of the General Assembly and the Economic and Social Council, has a central role in overseeing the follow-up and review of the implementation of the 2030 Agenda at the global level,

Recognizing synergies between the 2030 Agenda, the Addis Ababa Action Agenda of the Third International Conference on Financing for Development,¹ the Paris Agreement adopted under the United Nations Framework Convention on Climate Change² and the Sendai Framework for Disaster Risk Reduction 2015–2030,³

Emphasizing that the achievement of the water-related goals and targets would contribute to the successful implementation of the New Urban Agenda,⁴ the Paris Agreement, the Sendai Framework for Disaster Risk Reduction, the SIDS Accelerated Modalities of Action (SAMOA) Pathway,⁵ the Convention on Biological Diversity⁶ and the United Nations Convention to Combat Desertification in Those Countries Experiencing Serious Drought and/or Desertification, Particularly in Africa,⁷

Recalling the political declaration of the high-level political forum on sustainable development, convened under the auspices of the General Assembly,⁸ in which the urgent need was recognized to accelerate action on all levels and by all stakeholders, in order to fulfil the vision and Goals of the 2030 Agenda,

Recalling also the launch of the ambitious and accelerated response to reach a common vision by 2030 and the pledge to make the coming decade one of action and delivery,

Taking note of the *United Nations World Water Development Report 2020*, the outcome document of the High-level Panel on Water, entitled “Making every drop count: an agenda for water action”, the *Sustainable Development Goal 6 Synthesis Report on Water and Sanitation*, the outcomes and the Ministerial Declaration of the eighth World Water Forum, held in Brasilia from 18 to 23 March 2018, and the Sustainable Development Goal 6 Global Acceleration Framework,

Taking note also of the Final Declaration,⁹ the Co-Chairs’ summary¹⁰ and the Call for Action and Partnership of the High-level International Conference on the International Decade for Action “Water for Sustainable Development”, 2018–2028, co-organized by the Government of Tajikistan and the United Nations, held in Dushanbe from 20 to 22 June 2018, as well as the key outcome document of the Budapest Water Summit, held from 8 to 11 October 2019, entitled “Budapest Appeal”,

The presiding President may, however, permit the discussion and consideration of amendments, even though those amendments have not been circulated or have been circulated only the same day.

Rule 30
Withdrawal of proposals and motions

A proposal or a motion may be withdrawn by its sponsor at any time before a decision on it has been taken, provided that it has not been amended. A proposal or a motion thus withdrawn may be reintroduced by any representative.

3. If the question arises whether a matter is one of procedure or of substance, the presiding President of the Conference shall rule on the question. An appeal against that ruling shall be immediately put to the vote, and the presiding President's ruling shall stand unless overruled by a majority of the States present and voting.
4. If a vote is equally divided, the proposal or motion shall be regarded as rejected.

Rule 36

Meaning of the phrase "States present and voting"

For the purpose of the present rules, the phrase "States present and voting" means States casting an affirmative or negative vote. States which abstain from voting shall be regarded as not voting.

Rule 37

Method of voting

1. Except as provided in rule 44, the Conference may vote by show of hands, except that a representative may request a roll call, which shall then be taken in the English alphabetical order of the names of the States participating in the Conference, beginning with the delegation whose name is drawn by lot by the presiding President. The name of each State shall be called in all roll calls, and its representative shall reply "yes", "no" or "abstention".
2. When the Conference votes by mechanical means, a non-recorded vote shall replace a vote by show of hands and a recorded vote shall replace a roll call. A representative may request a recorded vote, which shall, unless a representative requests otherwise, be taken without calling out the names of the States participating in the Conference.
3. The vote of each State participating in a roll-call or a recorded vote shall be inserted in any record of or report on the meeting.

2. When the same matter is considered successively in several organs of the Conference, a State should, as far as possible, explain its vote only in one such organ, unless its vote in one organ is different from that in another organ.

Rule 40

Division of proposals

A representative may move that parts of a proposal be decided on separately. If a representative objects, the motion for division shall be voted upon. Permission to speak on the motion shall be accorded to only two representatives in favour of and to two opposing the division. If the motion is carried, those parts of the proposal that are subsequently approved shall be put to the Conference for decision as a whole. If all operative parts of the proposal have been rejected, the proposal shall be considered to have been rejected as a whole.

Rule 41

Amendments

A proposal is considered an amendment to another proposal if it merely adds to, deletes from or revises part of that proposal. Unless specified otherwise, the word “proposal” in these rules shall be regarded as including amendments.

Rule 42

Order of voting on amendments

When an amendment is moved to a proposal, the amendment shall be voted on first. When two or more amendments are moved to a proposal, the Conference shall vote first on the amendment furthest removed in substance from the original proposal and then on the amendment next furthest removed therefrom, and so on, until all the amendments have been put to the vote. Where, however, the adoption of one amendment necessarily implies the rejection of another amendment, the latter shall not be put to the vote. If one or more amendments are adopted, the amended proposal shall then be voted upon.

Rule 43

Order of voting on proposals

1. If two or more proposals, other than amendments, relate to the same question, they shall, unless the Conference decides otherwise, be voted on in the order in which they were submitted. The Conference may, after each vote on a proposal, decide whether to vote on the next proposal.
2. Revised proposals shall be voted on in the order in which the original proposals were submitted, unless the revision substantially departs from the original proposal. In that case, the original proposal shall be regarded as withdrawn and the revised proposal shall be treated as a new proposal.
3. A motion requiring that no decision be taken on a proposal shall be put to the vote before a decision is taken on the proposal in question.

Rule 44

Elections

All elections shall be held by secret ballot unless, in the absence of any objection, the Conference decides to proceed without taking a ballot when there is an agreed candidate or slate of candidates.

Rule 45
Balloting

1. When one or more elective places are to be filled at one time under the same conditions, those candidates, in a number not exceeding the number of such places, obtaining in the first ballot a majority of the votes cast and the largest number of votes shall be elected.
2. If the number of candidates obtaining such majority is less than the number of places to be filled, additional ballots shall be held to fill the remaining places, the voting being restricted to the candidates obtaining the largest number of votes in the previous ballot, to a number not more than twice the places remaining to be filled.
