First extensions of one year (or less) of ongoing country programmes approved by the Executive Director

<i>UNICEF-supported country programme</i>	<i>Original programme period</i>	<i>Year/period approved for extension</i>	<i>Reasons for the extension</i>
Croatia	2017–2021	January–December 2022 (<i>one-year extension</i>)	<ul style="list-style-type: none"> – The Government has agreed to a one-year extension of the country programme to allow sufficient time for the UNICEF team to establish cooperation with the representatives of the new Government, who were appointed after the country’s parliamentary election in July 2020, and to involve them in relevant discussions on issues related to the rights of children and adolescents in Croatia. – The one-year extension will also provide UNICEF with time to generate knowledge to support evidence-based country programme planning, especially with regard to the effects of the coronavirus disease 2019 (COVID-19) pandemic.
Democratic People’s Republic of Korea	2017–2021	January–December 2022 (<i>one-year extension</i>)	<ul style="list-style-type: none"> – The Government agreed to a one-year extension of the current United Nations Strategic Framework (UNSF), given that the strong measures put in place to mitigate the COVID-19 pandemic resulted in significant delays in implementation of activities of the UNSF and the UNICEF country programme document (CPD). The current restrictions also have direct implications for the preparation of the new United Nations Sustainable Development Cooperation Framework (UNSDCF), including delays in the process. – The one-year extension of the country programme is requested to allow correct sequencing and alignment of the new CPD and the new UNSDCF.
Islamic Republic of Iran	2017–2021	January–December 2022 (<i>one-year extension</i>)	<ul style="list-style-type: none"> – A one-year extension of the current United Nations Development Assistance Framework (UNDAF) has been agreed by the Resident Coordinator/United Nations country team and the Government, to allow the new UNSDCF and agency country programmes to be developed in late 2021/early 2022, so that they are fully aligned with the new national development plan (the Seventh Five-Year Plan). This Plan is expected to be adopted by the new Government, to be elected in the upcoming Presidential

			<p>election in 2021, and will build on lessons learned from the response to multiple ongoing crises.</p> <p>– The one-year extension of the country programme will ensure correct sequencing and alignment of the CPD and the new UNSDCF.</p>
Malaysia	2016–February 2021 <i>(including a two-month extension)</i>	March–June 2021 <i>(four-month extension)</i>	<p>– The onset of the UNSDCF 2021–2025 has been postponed due to the need for further consultation within the Government and alignment with the national development plan. The UNSDCF will be reviewed concurrently with the agency country programme documents. The final approval of the UNSDCF is expected in early 2021.</p> <p>– The four-month extension of the country programme is requested to ensure correct sequencing and alignment of the UNSDCF and the CPD, which will be submitted to the Executive Board at its annual session in June 2021.</p>
Mongolia	2017–2021	January–December 2022 <i>(one-year extension)</i>	<p>– The United Nations country team and the Government agreed to consider incorporating the socioeconomic impact of the COVID-19 pandemic in the new UNSDCF with the endorsement of the one-year extension of the UNDAF, given that plans for development of the new UNSDCF and the UNICEF CPD were severely disrupted due to the pandemic.</p> <p>– The request to extend the country programme will ensure correct sequencing between completion and approval by the Government of the new UNSDCF and agency-specific CPDs that contribute to its results.</p>
United Republic of Tanzania	July 2016–June 2021	July 2021–June 2022 <i>(one-year extension)</i>	<p>– The United Nations country team and the Government have agreed that the United Nations Development Assistance Plan, July 2016–June 2021 (UNDAP II) should be extended for one year (until June 2022) so that the UNDAP III, which will start in July 2022, can fully align with government priorities contained in the new Five Year Development Plan III, expected to be endorsed by the Government and start in July 2021.</p>

<i>UNICEF-supported country programme</i>	<i>Original programme period</i>	<i>Year/period approved for extension</i>	<i>Reasons for the extension</i>
			– In line with the extension of the UNDAP II and to align the new UNICEF country programme with the Government’s Five Year Development Plan III, the one-year extension of the current country programme is requested.

Table 2

Extensions of ongoing country programmes for which the approval of the Executive Board is requested

<i>UNICEF-supported country programme</i>	<i>Original programme period, including previous extensions</i>	<i>Year/period proposed for extension</i>	<i>Reasons for the extension</i>
Syrian Arab Republic	March 2016–February 2021 (including two consecutive one-year extensions, a nine-month extension, a three-month extension and a two-month extension)	March 2021–June 2021 (<i>four-month extension</i>)	– The United Nations Strategic Framework has been extended by six months. The extension will enable the new country programme to align with the new UNSDCF (or equivalent) in mid-2021.
Tajikistan	2016–2021 (including a one-year extension)	January–December 2022 (<i>one-year extension</i>)	<ul style="list-style-type: none"> – An additional one-year extension of the country programme is requested to align it with the one-year extension of the current UNDAF 2016–2021, which has been agreed with/by the Government. – The primary reasons for the extensions are linked to the COVID-19 pandemic. They include constraints in securing the active role of the Government in ownership of the new country programme (and UNSDCF), which may compromise the quality of the CPD; and the ongoing United Nations country team response to the public health emergency and the emerging socioeconomic priorities that have required repurposing of its current programmes and mobilizing additional resources. – The request for the one-year extension of the country programme will ensure correct sequencing and alignment with the new UNSDCF.
