

**PERMANENT MISSION OF THE REPUBLIC OF MAURITIUS TO THE UNITED NATIONS  
MISSION PERMANENTE DE LA REPUBLIQUE DE MAURICE AUPRES DES NATIONS UNIES**

29 November 2015

Dear Sir,

I have the honour to refer to the revised Executive Summary which the Republic of Mauritius submitted on 5<sup>th</sup> October in respect of the submission concerning the extended continental shelf in the region of Rodrigues Island (MRS-ES-DOC\_REV) and to inform you that through oversight two errors slipped into the summary which need to be corrected.

The first one relates to section 4 of the summary which should read as follows:

“The Republic of Mauritius invokes paragraphs 4 (a)(ii), 4 (b), 5 ~~6~~ and 7 of Article 76 of the Convention in support of this Submission concerning the extended continental shelf in the region of Rodrigues Island.”

The second one relates to paragraph 7.3 which should read as follows:

“The Republic of Mauritius holds the view that the Rodrigues Depth Anomaly in which the Rodrigues Ridge and smaller ridges are embedded, is properly classified as a submarine ~~ridge~~ **elevation** and represents the submerged prolongation of its land territory of Rodrigues Island from where the continental shelf extends.”

I should be grateful if you could kindly arrange to publish the corrections as appropriate.

Please accept, Mr. Chairperson, the assurances of my highest consideration.
