Forty-sixth session

22 February–19 March 2021 Agenda item 6

**Universal Periodic Review** 

## Report of the Working Group on the Universal Periodic Review\*

## Libya

Addendum

Views on conclusions and/or recommendations, voluntary commitments and replies presented by the State under review

<sup>\*</sup> The present document is being issued without formal editing.

- 1. The State of Libya reaffirms its respect for and commitment to human rights and its firm commitment to the universal periodic review, which is a mechanism for assessing progress in the promotion of and respect for human rights and which provides national authorities with an opportunity to exchange best practices in this area.
- 2. The acceptance by the State of Libya of a large number of recommendations reflects those commitments and the fact that the recommendations in question do not conflict with the transitional Constitutional Declaration or with Islamic sharia law. It should also be borne in mind that Libya is passing through a transitional phase involving the building of State institutions, particularly those responsible for ensuring the protection of and respect for human rights, and involving the completion of the final draft of the Constitution. Account should also be taken of the damage suffered by the country due to the war on Tripoli since 4 April 2019, and the serious implications this has had on political, economic and social reforms and on human rights in particular.

## Position of the State of Libya on the recommendations

- 3. The following table shows the country's position on the recommendations made during the consideration of its report under the universal periodic review procedure. The recommendations are either accepted, noted or not accepted.
