## Seventy-sixth session

### First Committee

Agenda item 100 (a)

#### **General and complete disarmament: treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices**

##### **Canada, Germany and Netherlands: draft resolution**

#### **Treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices**

*The General Assembly,*

*Recalling* its resolutions [48/75](#) L of 16 December 1993, [53/77](#) I of 4 December 1998, [55/33](#) Y of 20 November 2000, [56/24](#) J of 29 November 2001, [57/80](#) of 22 November 2002, [58/57](#) of 8 December 2003, [59/81](#) of 3 December 2004, [64/29](#) of 2 December 2009, [65/65](#) of 8 December 2010, [66/44](#) of 2 December 2011 and [67/53](#) of 3 December 2012, its decisions 68/518 of 5 December 2013 and 69/516 of 2 December 2014, its resolutions [70/39](#) of 7 December 2015 and [71/259](#) of 23 December 2016, its decision 72/513 of 4 December 2017, its resolution [73/65](#) of 5 December 2018 and its decisions 74/509 of 12 December 2019 and 75/515 of 7 December 2020, on the subject of a treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices,

*Mindful* of the continuing importance and relevance of the Conference on Disarmament, and recalling the past achievements of that body in successfully negotiating non-proliferation and disarmament agreements,

*Expressing concern* at the years of stalemate in the Conference on Disarmament, regretting that negotiations have not been pursued on this issue, and looking forward to the Conference again fulfilling its mandate as the world's single multilateral disarmament negotiating forum,

*Convinced* that a non-discriminatory, multilateral and effectively verifiable treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices would represent a significant practical contribution to nuclear disarmament and non-proliferation efforts,

*Recognizing* the essential role of fissile material in the manufacture of nuclear weapons or other nuclear explosive devices and the long-standing efforts of the

international community to negotiate a treaty that would ban its production for such purposes,

*Recognizing also* that a future treaty should not prohibit the production of fissile material for non-proscribed military purposes or civilian use, consistent with the obligations of States parties, or interfere in any other way with a State's right to peaceful uses of nuclear energy,

*Recalling* action 15 of the conclusions and recommendations for follow-on actions agreed by consensus at the 2010 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons<sup>1</sup> that, inter alia, the Conference on Disarmament should, within the context of an agreed, comprehensive and balanced programme of work, immediately begin negotiation of a treaty banning the production of fissile material for use in nuclear weapons or other nuclear explosive devices in accordance with the report of the Special Coordinator of 1995 (CD/1299) and the mandate contained therein,

*Noting with appreciation* the consensus report of the Group of Governmental Experts, mandated in resolution 67/53, as contained in document A/70/81,

*Noting with appreciation also* the work accomplished in 2017 and 2018 by the high-level fissile material cut-off treaty expert preparatory group convened by the Secretary-General following resolution 71/259, on the basis of equitable geographic distribution, to consider and make recommendations on substantial elements of a future non-discriminatory, multilateral and effectively verifiable treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices, on the basis of document CD/1299 and the mandate contained therein,

*Reaffirming* the need to ensure the equal, full and meaningful participation of women in the negotiation process of a future treaty,

*Reaffirming also* its desire to achieve substantive progress in nuclear non-proliferation and disarmament, and in particular on a non-discriminatory, multilateral and effectively verifiable treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices,

1. *Urges* the Conference on Disarmament to agree on and implement at its earliest opportunity a programme of work that includes the immediate commencement of negotiations on a treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices on the basis of document CD/1299 and the mandate contained therein;

2. *Calls upon* Member States to make innovative contributions in all appropriate formal and informal forums, including the tenth Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons, for facilitating negotiations in the Conference on Disarmament on a treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices;

3. *Decides* to include in the provisional agenda of its seventy-seventh session, under the item entitled "General and complete disarmament", the sub-item entitled "Treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices".
