UNITED NATIONS CONFERENCE FOR THE ADOPTION  
OF A PROTOCOL ON PSYCHOTROPIC SUBSTANCES

Technical Committee

Amendment to Article 2

(Draft prepared by the Secretariat at the  
request of the Technical Committee)

After paragraph 5 insert the following paragraph 5 bis:

"If the Commission finds that a substance which is readily convertible into a psychotropic substance listed in Schedules I or II is [being] [likely to be]<sup>1/</sup> acquired for use in the illicit manufacture of that psychotropic substance<sup>2/</sup>, the Commission may add that precursor to Schedule P and may also make recommendations to the Parties as to any other measures of control which would be appropriate. The procedure for the inclusion of precursors in Schedule P shall be the same as that prescribed in article 2, paragraph 4, for the inclusion of psychotropic substances in Schedules I, II, III and IV."

1/ These are alternatives appropriate for consideration by the Committee on Control Measures.

2/ The Committee on Control Measures may wish to consider whether further conditions should be inserted here.
