United Kingdom of Great Britain and Northern Ireland: draft resolution

The Security Council,

Recalling all its previous resolutions and statements of its President on the situation in Somalia,

Reaffirming its full respect for the sovereignty, territorial integrity, political independence and unity of Somalia,

Underscoring the importance of consolidating the peace and security gains made in Somalia,

Expressing grave concern that Al-Shabaab continues to pose a serious threat to the peace, security and stability of Somalia and the region,

Condemning in the strongest possible terms terrorist attacks in Somalia and neighbouring states, expressing deep concern at the loss of life from these attacks and the risk to international forces, reiterating its determination to support comprehensive efforts to reduce the threat posed by Al-Shabaab, and recalling that any measures taken to counter terrorism must comply with all obligations under international law,

Noting that the Somali Security Forces (SSF) and the African Union Transition Mission in Somalia (ATMIS) have achieved operational successes against Al-Shabaab, but Al-Shabaab continues to threaten military and civilian targets in Somalia and East Africa,

Acknowledging the effective completion of the Phase 1 drawdown of 2,000 ATMIS personnel as outlined in the September 2023 Joint Technical Assessment,

Noting the request from the Federal Government of Somalia (FGS) to extend Phase 2 of ATMIS and to delay the drawdown of 3,000 personnel until 31 December 2023,

Further noting the African Union request, pursuant to the African Union Peace and Security Council Communiqué adopted at its 1177th Meeting held on 30 September 2023, to extend Phase 2 of ATMIS and delay the drawdown of 3,000 ATMIS personnel, until 31 December 2023, in response to Somalia's request,

Recalling that the Joint Proposal submitted by the Secretary-General on 7 March 2022 and paragraph 28 of resolution [2628 \(2022\)](#) envisages further reductions to 10,626 uniformed personnel, inclusive of a minimum number of 1,040 police personnel by the end of phase 3 (June 2024), and zero personnel, by the end of phase 4 (December 2024) and noting that the African Union Peace and Security Council

Communiqué adopted at its 1177th Meeting, reconfirmed its commitment to maintain the exit date of 31 December 2024 for ATMIS,

Recalling that performance and accountability underpin the success of any mandate, noting that the availability of operational equipment and financial resources could, among other factors affect the overall implementation of ATMIS' mandate, and noting that ATMIS faces financial and equipment shortfalls,

Acting under Chapter VII of the UN Charter,

ATMIS and UNSOS
