revised draft resolution

Strengthening and developing the system of arms control, disarmament and non-proliferation treaties and agreements

The General Assembly,

Recalling its previous relevant resolutions,

Recognizing the common interest of all humankind in strengthening and developing the system of arms control, disarmament and non-proliferation treaties and agreements,

Stressing the vital importance of efforts in arms control, disarmament and non-proliferation for providing international peace and strengthening global security, and recognizing that the improvement of the international security environment contributes to such efforts,

Stressing also the paramount importance of full and strict implementation, strengthening and development of arms control, disarmament and non-proliferation treaties and agreements providing enhanced security to individual nations and the international community,

Underlining that any actions that lead to weakening of confidence in, compliance with and viability of such treaties and agreements diminish their contribution to global or regional stability and undermine the credibility and effectiveness of the international legal system and regime applicable to arms control, disarmament and non-proliferation,

Recognizing that full implementation by Member States of existing treaties and agreements to which they are parties and resolving implementation concerns effectively by means consistent with such treaties and agreements and international law facilitate the conclusion of additional arms control, disarmament and non-proliferation treaties and agreements, and thereby contribute to better relations

among States and the strengthening of the existing system of such treaties and agreements, as well as international peace and security,

Believing that supporting and developing the system of arms control, disarmament and non-proliferation through the strengthening of appropriate treaties and agreements and their regimes is a matter of interest and concern to all members of the international community, and noting the role that the United Nations has played and should continue to play in that regard,

Stressing the importance of appropriate and sustainable financial support for the effectiveness and efficiency of the relevant international arms control, disarmament and non-proliferation instruments and proper functioning of their regimes,

Emphasizing the importance of appropriate technical assistance and capacity-building efforts for the implementation of arms control, disarmament and non-proliferation treaties and agreements by Member States,

Concerned that any actions that undermine the existing system of arms control, disarmament and non-proliferation treaties and agreements affect the interests of the international community,

Mindful that it is the responsibility and obligation of all Member States to contribute to the process of easing international tension and to strengthening international peace and security and, in this connection, to refrain from steps that negatively affect the security environment and to make efforts to advance along the path of nuclear disarmament, as well as general and complete disarmament under strict and effective international control,

1. *Urges* all States parties to arms control, disarmament and non-proliferation treaties and agreements in force to implement all provisions of such treaties and agreements in their entirety;
2. *Calls for* continued efforts aimed at strengthening the system of arms control, disarmament and non-proliferation treaties and agreements and at preserving its integrity and validity for maintaining global stability and international peace and security;
3. *Calls upon* all Member States to give serious consideration to the negative implications of undermining arms control, disarmament and non-proliferation treaties and agreements and their regimes for international security and stability, as well as for progress in the field of disarmament;
4. *Urges* all Member States to support efforts aimed at the resolution of implementation issues by means consistent with arms control, disarmament and non-proliferation treaties and agreements and international law, with a view to encouraging strict observance by all States parties of the provisions of such treaties and agreements, maintaining or restoring the integrity of such treaties and agreements and strengthening and developing their regimes;
5. *Considers* that any actions that undermine the system of arms control, disarmament and non-proliferation treaties and agreements also undermine global stability and international peace and security, while undermined international peace and security could negatively affect the system;
6. *Supports* efforts by the international community, in the light of emerging developments, towards safeguarding the integrity of the existing arms control, disarmament and non-proliferation treaties and agreements, which is in the strongest interest of humankind;

7. *Welcomes* the role that the United Nations has played and continues to play in fostering negotiations on arms control, disarmament and non-proliferation treaties and agreements;
 8. *Expresses the need* to maintain the effectiveness and efficiency as well as the consensus-based nature of the relevant multilateral instruments in the field of disarmament, non-proliferation and arms control;
 9. *Requests* the Secretary-General to continue to provide assistance that may be necessary in protecting the integrity of arms control, disarmament and non-proliferation treaties and agreements, and in strengthening the system of such treaties and agreements;
 10. *Encourages* States in a position to do so to provide, upon request, technical assistance and capacity-building in support of national implementation of arms control, disarmament and non-proliferation treaties and agreements by Member States;
 11. *Encourages* efforts by all States parties to elaborate additional cooperative measures, as appropriate, that can increase confidence in existing arms control, disarmament and non-proliferation treaties and agreements and facilitate the conclusion of additional treaties and agreements of that kind;
 12. *Notes* the importance of effective verification provisions for arms control, disarmament and non-proliferation treaties and agreements;
 13. *Decides* to include in the provisional agenda of its eighty-first session, under the item entitled “General and complete disarmament”, the sub-item entitled “Strengthening and developing the system of arms control, disarmament and non-proliferation treaties and agreements”.
