Anexo de la carta de fecha 29 de noviembre de 2024 dirigida a la Presidencia del Consejo de Seguridad por los Representantes Permanentes de los Estados Unidos de América y Francia ante las Naciones Unidas

Anuncio del cese de las hostilidades y compromisos conexos sobre la mejora de los dispositivos de seguridad y la aplicación de la resolución 1701 del Consejo de Seguridad de las Naciones Unidas

Tras las conversaciones mantenidas con los Gobiernos de la República Libanesa (en adelante, “el Líbano”) y del Estado de Israel (en lo sucesivo, “Israel”), los Estados Unidos de América y Francia entienden que el Líbano e Israel buscan un fin sostenible a la actual escalada de hostilidades a lo largo de la línea azul y que cada uno de ellos está dispuesto a tomar medidas para promover las condiciones para una solución permanente y global. Estos entendimientos reflejan las medidas que Israel y el Líbano se comprometen a adoptar para aplicar plenamente la resolución 1701 del Consejo de Seguridad de las Naciones Unidas, reconociendo que la resolución 1701 también exige la plena aplicación de las resoluciones anteriores del Consejo de Seguridad, incluido “el desarme de todos los grupos armados del Líbano”, de modo que las únicas fuerzas autorizadas a portar armas en el Líbano serán las Fuerzas Armadas Libanesas, las Fuerzas de Seguridad Interior, la Dirección General de Seguridad, la Dirección General de Seguridad del Estado, las Aduanas del Líbano y la Policía Municipal (en adelante, “las fuerzas militares y de seguridad oficiales del Líbano”). Para ello, los Estados Unidos y Francia entienden lo siguiente:

1. Israel y el Líbano aplicarán un cese de las hostilidades a partir de las 04:00 horas (hora de Jerusalén/hora de Europa Oriental) del 27 de noviembre de 2024, de conformidad con los compromisos que se detallan a continuación.
2. A partir de las 04:00 horas (hora de Jerusalén/hora de Europa Oriental) del 27 de noviembre de 2024, el Gobierno del Líbano impedirá que Hizbulah y todos los demás grupos armados en el territorio del Líbano lleven a cabo cualquier operación contra Israel, e Israel no llevará a cabo ninguna operación militar ofensiva contra objetivos libaneses, incluidos objetivos civiles, militares u otros objetivos estatales, en el territorio del Líbano por tierra, aire o mar.
3. Israel y el Líbano reconocen la importancia de la resolución 1701 del Consejo de Seguridad para lograr una paz y seguridad duraderas y se comprometen a tomar medidas para su plena aplicación, sin ninguna violación.
4. Estos compromisos no impiden a Israel ni al Líbano ejercer su derecho inmanente de legítima defensa, de acuerdo con el derecho internacional.
5. Sin perjuicio de la Fuerza Provisional de las Naciones Unidas en el Líbano (FPNUL) y sus responsabilidades, ni de los compromisos asumidos en la resolución 1701 del Consejo de Seguridad y sus resoluciones anteriores, las fuerzas militares y de seguridad oficiales, la infraestructura y el armamento del Líbano serán los únicos grupos armados, armas y material conexo desplegados en la zona sur del Litani que figura en el Plan de Despliegue de las Fuerzas Armadas Libanesas adjunto (en adelante, “la zona sur del Litani”).
6. En consonancia con la resolución 1701 del Consejo de Seguridad y sus resoluciones anteriores, con el fin de impedir el restablecimiento y el rearme de grupos armados no estatales en el Líbano, toda venta o suministro de armas y material conexo al Líbano será regulado y controlado por el Gobierno del Líbano. Además, toda la producción de armas y material conexo dentro del Líbano estará regulada y controlada por el Gobierno del Líbano.

7. Con el fin de aplicar la resolución 1701 del Consejo de Seguridad, y al comienzo del cese de las hostilidades de conformidad con el párrafo 1, el Gobierno del Líbano proporcionará todas las autoridades necesarias, incluida la libertad de circulación, a las fuerzas militares y de seguridad oficiales del Líbano, y les dará instrucciones, en consonancia con la resolución 1701 del Consejo y sus resoluciones anteriores para:
 - a. La vigilancia y el cumplimiento contra toda entrada no autorizada de armas y material conexo en el Líbano y en todo su territorio, incluso a través de todos los pasos fronterizos, y contra la producción no autorizada de armas y material dentro del Líbano.
 - b. Empezando por la zona sur del Litani, desmantelar todas las instalaciones no autorizadas existentes dedicadas a la producción de armas y material conexo, e impedir el establecimiento de tales instalaciones en el futuro.
 - c. Empezando por la zona sur del Litani, desmantelar todas las infraestructuras y posiciones militares, y confiscar todas las armas no autorizadas que sean incompatibles con estos compromisos.
8. Los Estados Unidos y Francia tienen la intención de trabajar en el Comité Técnico Militar para el Líbano con miras a permitir y lograr un despliegue total de las Fuerzas Armadas Libanesas de 10.000 soldados en el sur del Líbano lo antes posible. Además, los Estados Unidos y Francia tienen la intención de colaborar con la comunidad internacional para apoyar a las Fuerzas Armadas Libanesas, según proceda, para lograr ese aumento de sus niveles de despliegue en el Líbano y mejorar sus capacidades.
9. Tras el inicio del cese de las hostilidades de conformidad con el párrafo 1, y sin perjuicio de la FPNUL y de su mandato y responsabilidades en virtud de la resolución 1701 del Consejo de Seguridad y sus resoluciones anteriores, Israel y el Líbano resuelven, en coordinación con la FPNUL, reformular y mejorar el mecanismo tripartito (en adelante, “el Mecanismo”). El Mecanismo reformulado y reforzado, albergado por la FPNUL, presidido por los Estados Unidos, e incluyendo a Francia, supervisará, verificará y ayudará a garantizar el cumplimiento de estos compromisos.
 - a. Israel y el Líbano cooperarán con el Mecanismo, facilitarán su labor y garantizarán su seguridad.
 - b. El Mecanismo trabajará con el Comité Técnico Militar para el Líbano con el fin de reforzar la capacidad y la formación de las Fuerzas Armadas Libanesas para inspeccionar y desmantelar emplazamientos e infraestructuras no autorizadas, sobre y bajo tierra, confiscar armas no autorizadas y prevenir la presencia de grupos armados no autorizados.
 - c. Paralelamente a la labor del Mecanismo, proseguirá el trabajo de la FPNUL en cumplimiento de su mandato, incluidas las iniciativas que la FPNUL apoya a través de su función de convocatoria y que aumentan la eficacia del Mecanismo.
10. Israel y el Líbano informarán de cualquier presunta violación al Mecanismo y la FPNUL sin perjuicio de sus respectivos derechos a comunicarse directamente con el Consejo de Seguridad de las Naciones Unidas. El Mecanismo desarrollará procedimientos adecuados para consultar, inspeccionar, recabar información y ayudar a garantizar el cumplimiento de estos compromisos.
11. Al comienzo del cese de las hostilidades de conformidad con el párrafo 1, el Líbano desplegará sus fuerzas militares y de seguridad oficiales en todas las

fronteras y en todos los pasos fronterizos terrestres, aéreos y marítimos regulados y no regulados. Además, las Fuerzas Armadas Libanesas desplegarán fuerzas, establecerán bloqueos de carreteras y puestos de control en todas las carreteras y puentes a lo largo de la línea que delimita la zona sur del Litani.

12. Al comienzo del cese de las hostilidades de conformidad con el párrafo 1, Israel retirará sus fuerzas de forma escalonada al sur de la línea azul y, paralelamente, las Fuerzas Armadas Libanesas se desplegarán en las posiciones de la zona sur del Litani indicadas en el Plan de Despliegue de las Fuerzas Armadas Libanesas adjunto, y comenzarán a cumplir las obligaciones que les incumben en virtud de los compromisos, incluido el desmantelamiento de los emplazamientos e infraestructuras no autorizadas y la confiscación de las armas no autorizadas y el material conexo. El Mecanismo coordinará la ejecución por parte de las Fuerzas de Defensa de Israel y las Fuerzas Armadas Libanesas del plan específico y detallado para la retirada gradual y el despliegue en estas zonas, que no deberá superar los 60 días.
13. Israel y el Líbano solicitan que los Estados Unidos —en colaboración con las Naciones Unidas— faciliten las negociaciones indirectas entre Israel y el Líbano con el objetivo de resolver los puntos en disputa restantes a lo largo de la línea azul, de acuerdo con lo dispuesto en la resolución 1701.

Estados Unidos y Francia entienden que los compromisos mencionados serán aceptados por Israel y el Líbano de forma simultánea a este anuncio.

El objetivo de estos compromisos es que los civiles de ambos lados de la línea azul puedan regresar en condiciones de seguridad a sus tierras y hogares. Los Estados Unidos y Francia tienen además la intención de liderar los esfuerzos internacionales para apoyar la creación de capacidad y el desarrollo económico en todo el Líbano, con el fin de promover la estabilidad y la prosperidad en esta región.
