**Identical letters dated 12 November 2024 from the Permanent Representative of Israel to the United Nations addressed to the Secretary-General and the President of the Security Council**

I am writing to inform you of Lebanese violations of Security Council resolution [1701 \(2006\)](#), breaches of Israeli sovereignty and repeated crossings of the Blue Line between 17 May and 12 August 2024. A comprehensive list of these violations is included in the annex\* to the present letter. Since the beginning of the war, 72 civilians and soldiers have been killed, 6 of whom were foreign civilians, and 636 have been injured.

As a result of Hezbollah's latest escalation, including numerous rocket barrages directed at Israeli cities and villages, more than a dozen fires have broken out across northern Israel and the Galilee, putting the lives of thousands at risk and causing widespread devastation.

As outlined in the present letter, as well as in previous letters that I have sent, Lebanese violations of resolution [1701 \(2006\)](#) occur daily. Despite the visibility, frequency and destructive nature of these attacks, the vast majority of violations continue to be omitted from the Secretariat's reports.

I trust that future reports on the implementation of resolution [1701 \(2006\)](#) will reflect these ongoing violations and demand that the Lebanese Government abide by its commitment to resolution [1701 \(2006\)](#), while holding Lebanon accountable for the terror attacks against Israel stemming from within their borders.

I should be grateful if you would have the present letter and its annex distributed as a document of the Security Council.

(Signed) Danny **Danon**
