IDENTICAL LETTERS DATED 3 FEBRUARY 2000 FROM THE PERMANENT
REPRESENTATIVE OF IRAQ TO THE UNITED NATIONS ADDRESSED
TO THE SECRETARY-GENERAL AND TO THE PRESIDENT OF THE
SECURITY COUNCIL

On instructions from my Government, I have the honour to inform you that violations of Iraq's airspace by United States and British aircraft based in Saudi Arabia, Kuwait and Turkey continued between 24 and 31 January 2000 and that the aircraft in question engaged in acts of aggression, reconnaissance activities and acts of provocation, as set forth in the annex hereto.

You are requested to intervene with the United States, the United Kingdom and the countries that provide the facilities for these acts of aggression, namely Saudi Arabia, Kuwait and Turkey, with a view to bringing a halt to actions that, as flagrant violations of the Charter of the United Nations and of international law, pose a threat to the sovereignty and territorial integrity of Iraq.

These actions are continuing to bring death and injury to hundreds of civilians and to cause serious damage to private and public property. The logistic support that Saudi Arabia, Kuwait and Turkey provide to the United States and British forces makes them key partners in the aggression being committed against Iraq, so that they share international responsibility for the consequences of these actions. The Government of the Republic of Iraq affirms its right to seek lawful compensation for the damage being inflicted on its people by these same actions.

I should be grateful if you would have this letter and its annex circulated as a document of the Security Council.
