Noting the efforts of several regional organizations to promote transparency of military expenditures, including standardized annual exchanges of relevant information among their member States,

Reaffirming its firm conviction that a better flow of objective information on military matters can help to relieve international tension and contribute to the building of confidence among States and to the conclusion of concrete disarmament agreements,

Convinced that the improvement of international relations forms a sound basis for promoting further openness and transparency in all military matters,

Recalling that the guidelines and recommendations for objective information on military matters recommended certain areas for further consideration, such as the improvement of the United Nations system for the standardized reporting of military expenditures,

6. *Requests* the Secretary-General:

(a) To continue the practice of sending an annual note verbale to Member States requesting the submission of data to the reporting system, together with the reporting format and related instructions, and to publish in a timely fashion in appropriate United Nations media the due date for transmitting data on military expenditures;

(b) To promote international and regional symposia and training seminars to explain the purpose of the United Nations system for the standardized reporting of military expenditures and to give relevant technical instructions;

(c) To circulate annually the reports on military expenditures as received from Member States;

8. *Further requests* the Secretary-General to make recommendations, based on the outcome of those consultations and taking into account the views of Member States, on necessary changes to the content and structure of the United Nations system for the standardized reporting of military expenditures in order to strengthen and broaden participation, and to submit a report on the subject to the General Assembly at its fifty-sixth session;

9. *Calls upon* all Member States, in time for the deliberation by the General Assembly at its fifty-sixth session, to provide the Secretary-General with their views on the analysis and the recommendations contained in his report¹ and with further suggestions to strengthen and broaden participation in the United Nations system for the standardized reporting of military expenditures, including necessary changes to its content and structure;

² A/51/113-S/1996/276, annex; see *Official Records of the Security Council, Fifty-first Year, Supplement for April, May and June 1996*, document S/1996/276.

Noting the statement made by the President of the Security Council on behalf of the members of the Council on 12 April 1996,³ in which it was stated that the signature of the African Nuclear-Weapon-Free Zone Treaty constituted an important contribution by the African countries to the maintenance of international peace and security,

54/49. Developments in the field of information and telecommunications in the context of international security

The General Assembly,

Recalling its resolution 53/70 of 4 December 1998,

Recalling also its resolutions on the role of science and technology in the context of international security, in which, *inter alia*, it recognized that scientific and technological developments could have both civilian and military applications and that progress in science and technology for civilian applications needed to be maintained and encouraged,

Noting that considerable progress has been achieved in developing and applying the latest information technologies and means of telecommunication,

Affirming that it sees in this process the broadest positive opportunities for the further development of civilization, the expansion of opportunities for cooperation for the common good of all States, the enhancement of the creative potential of mankind and additional improvements in the circulation of information in the global community,

Recalling in this connection the approaches and principles outlined at the Information Society and Development Conference, held at Midrand, South Africa, from 13 to 15 May 1996,

Taking note of the results of the Ministerial Conference on Terrorism, held in Paris on 30 July 1996, and of the recommendations it made,¹

Noting that the dissemination and use of information technologies and means affect the interests of the entire international community and that optimum effectiveness is enhanced by broad international cooperation,

Expressing concern that these technologies and means can potentially be used for purposes that are inconsistent with the objectives of maintaining international stability and security and may adversely affect the security of States in both civilian and military fields,

Considering that it is necessary to prevent the misuse or exploitation of information resources or technologies for criminal or terrorist purposes,

Noting the contribution of those Member States that have submitted their assessments on issues of information security to the Secretary-General pursuant to paragraphs 1 to 3 of resolution 53/70,

Taking note of the report of the Secretary-General containing those assessments,²

Welcoming the timely initiative taken by the Secretariat and the United Nations Institute for Disarmament Research in convening an international meeting of experts at Geneva in August 1999 on developments in the field of information and telecommunications in the context of international security,

Considering that the assessments of Member States contained in the report of the Secretary-General and the international meeting of experts have contributed to a better understanding of the substance of issues of international information security, related notions and possible measures to limit the threats emerging in this field,

1. *Calls upon* Member States to promote further at multilateral levels the consideration of existing and potential threats in the field of information security;

2. *Invites* all Member States to continue to inform the Secretary-General of their views and assessments on the following questions:

(a) General appreciation of the issues of information security;

(b) Definition of basic notions related to information security, including unauthorized interference with or misuse of information and telecommunications systems and information resources;

(c) Advisability of developing international principles that would enhance the security of global information and telecommunications systems and help to combat information terrorism and criminality;

3. *Requests* the Secretary-General to submit a report to the General Assembly at its fifty-fifth session;

54/50. Role of science and technology in the context of international security and disarmament

The General Assembly,

Recognizing that scientific and technological developments can have both civilian and military applications and that progress in science and technology for civilian applications needs to be maintained and encouraged,

Concerned that military applications of scientific and technological developments can contribute significantly to the improvement and upgrading of advanced weapon systems and, in particular, weapons of mass destruction,

Aware of the need to follow closely the scientific and technological developments that may have a negative impact on international security and disarmament and to channel scientific and technological developments for beneficial purposes,

Cognizant that the international transfers of dual-use as well as high-technology products, services and know-how for peaceful purposes are important for the economic and social development of States,

Also cognizant of the need to regulate such transfers of dual-use goods and technologies and high technology with military applications through multilaterally negotiated, universally applicable, non-discriminatory guidelines,

Expressing concern over the growing proliferation of ad hoc and exclusive export control regimes and arrangements for dual-use goods and technologies, which tend to impede the economic and social development of developing countries,

Recalling that in the Final Document of the Twelfth Conference of Heads of State or Government of Non-Aligned Countries, held at Durban, South Africa, from 29 August to 3 September 1998,¹ it was noted with concern that undue restrictions on exports to developing countries of material, equipment and technology for peaceful purposes persist,

Emphasizing that internationally negotiated guidelines for the transfer of high technology with military applications should take into account the legitimate defence requirements of all States and the requirements for the maintenance of international peace and security, while ensuring that access to high-technology products and services and know-how for peaceful purposes is not denied,

1. *Affirms* that scientific and technological progress should be used for the benefit of all mankind to promote the sustainable economic and social development of all States and to safeguard international security and that international cooperation in the use of science and technology through the transfer and exchange of technological know-how for peaceful purposes should be promoted;

2. *Invites* Member States to undertake additional efforts to apply science and technology for disarmament-related purposes and to make disarmament-related technologies available to interested States;

3. *Urges* Member States to undertake multilateral negotiations with the participation of all interested States in order to establish universally acceptable, non-discriminatory guidelines for international transfers of dual-use goods and technologies and high technology with military applications;

4. *Takes note* of the report, including its addendum, submitted by the Secretary-General in pursuance of paragraph 4 of General Assembly resolution 53/73 of 4 December 1998;²

5. *Encourages* United Nations bodies to contribute, within existing mandates, to promoting the application of science and technology for peaceful purposes;

54/52. Conclusion of effective international arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons

The General Assembly,

Bearing in mind the need to allay the legitimate concern of the States of the world with regard to ensuring lasting security for their peoples,

Convinced that nuclear weapons pose the greatest threat to mankind and to the survival of civilization,

Welcoming the progress achieved in recent years in both nuclear and conventional disarmament,

Noting that, despite recent progress in the field of nuclear disarmament, further efforts are necessary towards the achievement of general and complete disarmament under effective international control,

Convinced that nuclear disarmament and the complete elimination of nuclear weapons are essential to remove the danger of nuclear war,

Determined strictly to abide by the relevant provisions of the Charter of the United Nations on the non-use of force or threat of force,

Recognizing that the independence, territorial integrity and sovereignty of non-nuclear-weapon States need to be safeguarded against the use or threat of use of force, including the use or threat of use of nuclear weapons,

Considering that, until nuclear disarmament is achieved on a universal basis, it is imperative for the international community to develop effective measures and arrangements to ensure the security of non-nuclear-weapon States against the use or threat of use of nuclear weapons from any quarter,

Recognizing that effective measures and arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons can contribute positively to the prevention of the spread of nuclear weapons,

Bearing in mind paragraph 59 of the Final Document of the Tenth Special Session of the General Assembly,¹ the first special session devoted to disarmament, in which it urged the nuclear-weapon States to pursue efforts to conclude, as appropriate, effective arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, and desirous of promoting the implementation of the relevant provisions of the Final Document,

Recalling the relevant parts of the special report of the Committee on Disarmament² submitted to the General Assembly at its twelfth special session,³ the second special session devoted to disarmament, and of the special report of the Conference on Disarmament submitted to the Assembly at its fifteenth special session,⁴ the third special session devoted to disarmament, as well as the report of the Conference on its 1992 session,⁵

Recalling also paragraph 12 of the Declaration of the 1980s as the Second Disarmament Decade, contained in the annex to its resolution 35/46 of 3 December 1980, which states, *inter alia*, that all efforts should be exerted by the Committee on Disarmament urgently to negotiate with a view to reaching agreement on effective international arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons,

Noting the in-depth negotiations undertaken in the Conference on Disarmament and its Ad Hoc Committee on Effective International Arrangements to Assure Non-Nuclear-Weapon States against the Use or Threat of Use of Nuclear Weapons,⁶ with a view to reaching agreement on this question,

Taking note of the proposals submitted under the item in the Conference on Disarmament, including the drafts of an international convention,

Taking note also of the relevant decision of the Twelfth Conference of Heads of State or Government of Non-Aligned Countries, held at Durban, South Africa, from 29 August to 3 September 1998,⁷ as well as the relevant recommendations of the Organization of the Islamic Conference,

Taking note further of the unilateral declarations made by all the nuclear-weapon States on their policies of non-use or non-threat of use of nuclear weapons against the non-nuclear-weapon States,

Noting the support expressed in the Conference on Disarmament and in the General Assembly for the elaboration of an international convention to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, as well as the difficulties pointed out in evolving a common approach acceptable to all,

Taking note of Security Council resolution 984 (1995) of 11 April 1995 and the views expressed on it,

Recalling its relevant resolutions adopted in previous years, in particular resolutions 45/54 of 4 December 1990, 46/32 of 6 December 1991, 47/50 of 9 December 1992, 48/73 of 16 December 1993, 49/73 of 15 December 1994, 50/68 of 12 December 1995, 51/43 of 10 December 1996, 52/36 of 9 December 1997 and 53/75 of 4 December 1998,

1. *Reaffirms* the urgent need to reach an early agreement on effective international arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons;

2. *Notes with satisfaction* that in the Conference on Disarmament there is no objection, in principle, to the idea of an international convention to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, although the difficulties with regard to evolving a common approach acceptable to all have also been pointed out;

3. *Appeals* to all States, especially the nuclear-weapon States, to work actively towards an early agreement on a common approach and, in particular, on a common formula that could be included in an international instrument of a legally binding character;

4. *Recommends* that further intensive efforts be devoted to the search for such a common approach or common formula and that the various alternative approaches, including, in particular, those considered in the Conference on Disarmament, be further explored in order to overcome the difficulties;

5. *Recommends also* that the Conference on Disarmament actively continue intensive negotiations with a view to reaching early agreement and concluding effective international arrangements to assure the non-nuclear-weapon States against the use or threat of use of nuclear weapons, taking into account the widespread support for the conclusion of an international convention and giving consideration to any other proposals designed to secure the same objective;

6. *Decides* to include in the provisional agenda of its fifty-fifth session the item entitled "Conclusion of effective international arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons".

RESOLUTION ADOPTED BY THE GENERAL ASSEMBLY

[on the report of the First Committee (A/54/562)]

54/53. Prevention of an arms race in outer space

The General Assembly,

Recognizing the common interest of all mankind in the exploration and use of outer space for peaceful purposes,

Reaffirming the will of all States that the exploration and use of outer space, including the Moon and other celestial bodies, shall be for peaceful purposes and shall be carried out for the benefit and in the interest of all countries, irrespective of their degree of economic or scientific development,

Reaffirming also the provisions of articles III and IV of the Treaty on Principles Governing the Activities of States in the Exploration and Use of Outer Space, including the Moon and Other Celestial Bodies,¹

Recalling the obligation of all States to observe the provisions of the Charter of the United Nations regarding the use or threat of use of force in their international relations, including in their space activities,

Reaffirming paragraph 80 of the Final Document of the Tenth Special Session of the General Assembly,² in which it is stated that in order to prevent an arms race in outer space further measures should be taken and appropriate international negotiations held in accordance with the spirit of the Treaty,

¹ Resolution 2222 (XXI), annex.

² Resolution S-10/2.

Recalling its previous resolutions on this issue, and taking note of the proposals submitted to the General Assembly at its tenth special session and at its regular sessions, and of the recommendations made to the competent organs of the United Nations and to the Conference on Disarmament,

Recognizing that prevention of an arms race in outer space would avert a grave danger for international peace and security,

Emphasizing the paramount importance of strict compliance with existing arms limitation and disarmament agreements relevant to outer space, including bilateral agreements, and with the existing legal regime concerning the use of outer space,

Considering that wide participation in the legal regime applicable to outer space could contribute to enhancing its effectiveness,

Noting that the Ad Hoc Committee on the Prevention of an Arms Race in Outer Space, taking into account its previous efforts since its establishment in 1985 and seeking to enhance its functioning in qualitative terms, continued the examination and identification of various issues, existing agreements and existing proposals, as well as future initiatives relevant to the prevention of an arms race in outer space,³ and that this contributed to a better understanding of a number of problems and to a clearer perception of the various positions,

Noting also that there were no objections in principle in the Conference on Disarmament to the re-establishment of the Ad Hoc Committee, subject to re-examination of the mandate contained in the decision of the Conference on Disarmament of 13 February 1992,⁴

Emphasizing the mutually complementary nature of bilateral and multilateral efforts in the field of preventing an arms race in outer space, and hoping that concrete results will emerge from those efforts as soon as possible,

Convinced that further measures should be examined in the search for effective and verifiable bilateral and multilateral agreements in order to prevent an arms race in outer space, including the weaponization of outer space,

Stressing that the growing use of outer space increases the need for greater transparency and better information on the part of the international community,

Recalling in this context its previous resolutions, in particular resolutions 45/55 B of 4 December 1990, 47/51 of 9 December 1992 and 48/74 A of 16 December 1993, in which, *inter alia*, it reaffirmed the importance of confidence-building measures as means conducive to ensuring the attainment of the objective of the prevention of an arms race in outer space,

Conscious of the benefits of confidence- and security-building measures in the military field,

³ *Official Records of the General Assembly, Forty-ninth Session, Supplement No. 27 (A/49/27), sect. III.D (para. 5 of the quoted text).*

⁴ CD/1125.

Recognizing that negotiations for the conclusion of an international agreement or agreements to prevent an arms race in outer space remain a priority task of the Ad Hoc Committee and that the concrete proposals on confidence-building measures could form an integral part of such agreements,

1. *Reaffirms* the importance and urgency of preventing an arms race in outer space, and the readiness of all States to contribute to that common objective, in conformity with the provisions of the Treaty on Principles Governing the Activities of States in the Exploration and Use of Outer Space, including the Moon and Other Celestial Bodies;¹

2. *Reaffirms its recognition*, as stated in the report of the Ad Hoc Committee on the Prevention of an Arms Race in Outer Space, that the legal regime applicable to outer space by itself does not guarantee the prevention of an arms race in outer space, that this legal regime plays a significant role in the prevention of an arms race in that environment, that there is a need to consolidate and reinforce that regime and enhance its effectiveness, and that it is important to comply strictly with existing agreements, both bilateral and multilateral;

3. *Emphasizes* the necessity of further measures with appropriate and effective provisions for verification to prevent an arms race in outer space;

4. *Calls upon* all States, in particular those with major space capabilities, to contribute actively to the objective of the peaceful use of outer space and of the prevention of an arms race in outer space and to refrain from actions contrary to that objective and to the relevant existing treaties in the interest of maintaining international peace and security and promoting international cooperation;

5. *Reiterates* that the Conference on Disarmament, as the single multilateral disarmament negotiating forum, has the primary role in the negotiation of a multilateral agreement or agreements, as appropriate, on the prevention of an arms race in outer space in all its aspects;

6. *Invites* the Conference on Disarmament to complete the examination and updating of the mandate contained in its decision of 13 February 1992⁴ and to establish an ad hoc committee as early as possible during the 2000 session of the Conference on Disarmament;

7. *Recognizes*, in this respect, the growing convergence of views on the elaboration of measures designed to strengthen transparency, confidence and security in the peaceful uses of outer space;

8. *Urges* States conducting activities in outer space, as well as States interested in conducting such activities, to keep the Conference on Disarmament informed of the progress of bilateral and multilateral negotiations on the matter, if any, so as to facilitate its work;

9. *Decides* to include in the provisional agenda of its fifty-fifth session the item entitled "Prevention of an arms race in outer space".

PRESERVATION OF AND COMPLIANCE WITH THE TREATY ON THE LIMITATION
OF ANTI-BALLISTIC MISSILE SYSTEMS

The General Assembly,

Recalling its resolutions 50/60 of 12 December 1995 and 52/30 of 9 December 1997 on compliance with arms limitation and disarmament and non-proliferation agreements,

Recognizing the historical role of the Treaty on the Limitation of Anti-Ballistic Missile Systems of 26 May 1972 between the United States of America and the Union of Soviet Socialist Republics¹ as a cornerstone for maintaining global peace and security and strategic stability, and reaffirming its continued validity and relevance, especially in the current international situation,

Stressing the paramount importance of full and strict compliance with the Treaty by the parties,

Recalling that the provisions of the Treaty are intended as a contribution to the creation of more favourable conditions for further negotiations on limiting strategic arms,

¹ United Nations, *Treaty Series*, vol. 944, No. 13446.

Mindful of the obligations of the parties to the Treaty under article VI of the Treaty on the Non-Proliferation of Nuclear Weapons,²

Concerned that the implementation of any measures undermining the purposes and provisions of the Treaty affects not only the security interests of the parties, but also those of the whole international community,

Recalling the widespread concern about the proliferation of weapons of mass destruction and their means of delivery,

1. *Calls* for continued efforts to strengthen the Treaty on the Limitation of Anti-Ballistic Missile Systems and to preserve its integrity and validity so that it remains a cornerstone in maintaining global strategic stability and world peace and in promoting further strategic nuclear arms reductions;

2. *Calls also* for renewed efforts by each of the States parties to preserve and strengthen the Treaty through full and strict compliance;

3. *Calls upon* the parties to the Treaty, in accordance with their obligations under the Treaty, to limit the deployment of anti-ballistic missile systems and refrain from the deployment of anti-ballistic missile systems for the defence of the territory of their country and not to provide a base for such a defence, and not to transfer to other States or deploy outside their national territory anti-ballistic missile systems or their components limited by the Treaty;

4. *Considers* that the implementation of any measure undermining the purposes and the provisions of the Treaty also undermines global strategic stability and world peace and the promotion of further strategic nuclear arms reductions;

5. *Urges* all Member States to support efforts aimed at stemming the proliferation of weapons of mass destruction and their means of delivery;

6. *Supports* further efforts by the international community, in the light of emerging developments, towards safeguarding the inviolability and integrity of the Treaty, which is in the strongest interest of the international community;

7. *Decides* to include in the provisional agenda of its fifty-fifth session an item entitled "Preservation of and compliance with the Treaty on the Limitation of Anti-Ballistic Missile Systems".

AND ON THEIR DESTRUCTION

The General Assembly,

Recalling its resolution 53/77 N of 4 December 1998,

Reaffirming its determination to put an end to the suffering and casualties caused by anti-personnel mines, which kill or maim hundreds of people every week, mostly innocent and defenceless civilians and especially children, obstruct economic development and reconstruction, inhibit the repatriation of refugees and internally displaced persons, and have other severe consequences for years after emplacement,

Believing it necessary to do the utmost to contribute in an efficient and coordinated manner to facing the challenge of removing anti-personnel mines placed throughout the world, and to assure their destruction,

Wishing to do the utmost in ensuring assistance for the care and rehabilitation, including the social and economic reintegration, of mine victims,

Welcoming the entry into force on 1 March 1999 of the Convention on the Prohibition of the Use, Stockpiling, Production and Transfer of Anti-personnel Mines and on Their Destruction,³

Recalling the First Meeting of the States Parties to the Convention, held at Maputo from 3 to 7 May 1999, and the reaffirmation made in the Maputo Declaration⁴ of a commitment to the total eradication of anti-personnel mines,

Noting with satisfaction the addition of new States signatories to the Convention, the rapid ratification by many signatories, and the accession to the Convention by other States, bringing the total number of States that have signed to one hundred and thirty-three, and that eighty-nine States have ratified or acceded to the Convention in the two years since it was opened for signature,

Emphasizing the desirability of attracting the adherence of all States to the Convention, and determined to work strenuously towards the promotion of its universalization,

Noting with regret that anti-personnel mines continue to be used in conflicts around the world, causing human suffering and impeding post-conflict development,

1. *Invites* all States that have not signed the Convention on the Prohibition of the Use, Stockpiling, Production and Transfer of Anti-personnel Mines and on Their Destruction³ to accede it without delay;

³ See CD/1478.

4. *Urges* all States parties to provide the Secretary-General with complete and timely information, as required in article 7 of the Convention in order to promote transparency and compliance with the Convention;
5. *Invites* all States that have not ratified the Convention or acceded to it to provide, on a voluntary basis, information to make global mine action efforts more effective;
6. *Renews its call upon* all States and other relevant parties to work together to promote, support and advance the care, rehabilitation and social and economic reintegration of mine victims, mine awareness programmes, and the removal of anti-personnel mines placed throughout the world and the assurance of their destruction;
7. *Invites and encourages* all interested States, the United Nations, other relevant international organizations or institutions, regional organizations, the International Committee of the Red Cross and relevant non-governmental organizations to participate in the programme of inter-sessional work established at the First Meeting of States Parties to the Convention;
8. *Requests* the Secretary-General, in accordance with article 11, paragraph 2, of the Convention, to undertake the preparations necessary to convene the Second Meeting of the States Parties to the Convention at Geneva, from 11 to 15 September 2000, and, on behalf of States parties and according to article 11, paragraph 4, of the Convention, to invite States not parties to the Convention, as well as the United Nations, other relevant international organizations or institutions, regional organizations, the International Committee of the Red Cross and relevant non-governmental organizations to attend the Meeting as observers;

Recalling its resolutions 49/75 H of 15 December 1994, 50/70 C of 12 December 1995, 51/45 G of 10 December 1996, 52/38 K of 9 December 1997 and 53/77 U of 4 December 1998,

Bearing in mind the recent nuclear tests, as well as the regional situations, which pose a challenge to international efforts to strengthen the global regime of non-proliferation of nuclear weapons,

Noting the progress made in commencing the discussions between the United States of America and the Russian Federation on START III,

Welcoming the efforts to increase transparency in nuclear disarmament activities as a contribution towards building international confidence and security,

Also welcoming the international efforts to promote the entry into force of the Comprehensive Nuclear-Test-Ban Treaty¹⁵ at the conference convened at Vienna from 6 to 8 October 1999¹⁶ in accordance with article XIV of the Treaty,

Taking note of the report of the Tokyo Forum for Nuclear Non-Proliferation and Disarmament,¹⁷ bearing in mind the views of Member States on the report,

Recognizing that the enhancement of international peace and security and the promotion of nuclear disarmament mutually complement and strengthen each other,

Reaffirming the crucial importance of the Treaty on the Non-Proliferation of Nuclear Weapons² as the cornerstone of the international regime for nuclear non-proliferation and as an essential foundation for the pursuit of nuclear disarmament,

Also reaffirming the conviction that further advancement in nuclear disarmament will contribute to consolidating the international regime for nuclear non-proliferation, ensuring international peace and security,

1. *Reaffirms* the importance of achieving the universality of the Treaty on the Non-Proliferation of Nuclear Weapons,² and calls upon States not parties to the Treaty to accede to it without delay and without conditions;

¹⁵ See resolution 50/245.

¹⁶ See A/54/514-S/1999/1102, annex; see *Official Records of the Security Council, Fifty-fourth Year, Supplement for October, November and December 1999*, document S/1999/1102.

2. *Also reaffirms* the importance for all States parties to the Treaty on the Non-Proliferation of Nuclear Weapons to fulfil their obligations under the Treaty;

3. *Calls* for the determined pursuit by the nuclear-weapon States of systematic and progressive efforts to reduce nuclear weapons globally, with the ultimate goal of eliminating those weapons, and by all States of general and complete disarmament under strict and effective international control;

4. *Stresses* that, in order to make advancements towards the ultimate goal of eliminating nuclear weapons, it is important and necessary to pursue such actions as:

(a) The early signature and ratification of the Comprehensive Nuclear-Test-Ban Treaty¹⁵ by all States, especially by those States whose ratification is required for its entry into force, with a view to its early entry into force, as well as the cessation of nuclear tests pending its entry into force;

(b) Intensive negotiations in the Conference on Disarmament on the early conclusion of a non-discriminatory, multilateral and internationally and effectively verifiable treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices, on the basis of the report of the Special Coordinator of 1995¹⁸ and the mandate contained therein, and, pending its entry into force, a moratorium on the production of fissile material for nuclear weapons;

(c) Multilateral discussions on possible future steps on nuclear disarmament and nuclear non-proliferation;

(d) The early entry into force of the Treaty on Further Reduction and Limitation of Strategic Offensive Arms (START II)¹⁹ and the early commencement and conclusion of negotiations for START III by the Russian Federation and the United States of America, and the continuation of the process beyond START III;

(e) Further efforts by the five nuclear-weapon States to reduce their nuclear arsenals unilaterally and through their negotiations;

5. *Invites* the nuclear-weapon States to keep the States Members of the United Nations duly informed of the progress or efforts made towards nuclear disarmament;

6. *Welcomes* the ongoing efforts in the dismantlement of nuclear weapons, notes the importance of the safe and effective management of the resultant fissile material, and calls for continued efforts by States that possess fissile material no longer required for defence purposes to make such material available for safeguards by the International Atomic Energy Agency as soon as practicable;

7. *Calls upon* all States to redouble their efforts to prevent the proliferation of weapons of mass destruction, *inter alia*, nuclear weapons, confirming and strengthening if necessary their policies not to export equipment, materials or technology that could contribute to the proliferation of those weapons;

8. *Stresses* the importance of the Model Protocol Additional to the Agreement(s) between State(s) and the International Atomic Energy Agency for the Application of Safeguards²⁰ for ensuring nuclear non-proliferation, and encourages all States that have not done so to conclude an additional protocol with the International Atomic Energy Agency as soon as possible;

9. *Underlines* the vital importance of the 2000 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons for the preservation and strengthening of the regime anchored in the Treaty, and calls upon all States parties to the Treaty to reaffirm the decisions and the resolution adopted at the 1995 Review and Extension Conference of the Parties to the Treaty²¹ and to intensify their efforts with a view to reaching an agreement on updated objectives for nuclear non-proliferation and disarmament, based on a review of the achievements since 1995;

10. *Encourages* the constructive role played by civil society in promoting nuclear non-proliferation and nuclear disarmament.

IMPLEMENTATION OF THE CONVENTION ON THE PROHIBITION OF THE DEVELOPMENT, PRODUCTION, STOCKPILING AND USE OF CHEMICAL WEAPONS AND ON THEIR DESTRUCTION

The General Assembly,

Recalling its previous resolutions on the subject of chemical weapons, in particular resolution 53/77 R of 4 December 1998, adopted without a vote, in which it noted with appreciation the ongoing work to achieve the objective and purpose of the Convention on the Prohibition of the Development, Production, Stockpiling and Use of Chemical Weapons and on Their Destruction,²²

Determined to achieve the effective prohibition of the development, production, acquisition, transfer, stockpiling and use of chemical weapons and their destruction,

Noting with satisfaction that, since the adoption of resolution 53/77 R, six additional States have ratified the Convention, bringing the total number of States parties to the Convention to one hundred and twenty-six,

1. *Notes with appreciation* the ongoing work of the Organization for the Prohibition of Chemical Weapons to achieve the objective and purpose of the Convention on the Prohibition of the Development,

MISSILES

The General Assembly,

Reaffirming the role of the United Nations in the field of arms regulation and disarmament and the commitment of Member States to take concrete steps to strengthen that role,

Realizing the need to promote regional and international peace and security in a world free from the scourge of war and the burden of armaments,

Convinced of the need for a comprehensive approach towards missiles, in a balanced and non-discriminatory manner, as a contribution to international peace and security,

Bearing in mind that the security concerns of Member States at the international and regional levels should be taken into consideration in addressing the issue of missiles,

Underlining the complexities involved in considering the issue of missiles in the conventional context,

Expressing its support for the international efforts against the development and proliferation of all weapons of mass destruction,

1. *Requests* the Secretary-General to seek the views of all Member States on the issue of missiles in all its aspects, and to submit a report to the General Assembly at its fifty-fifth session;

TOWARDS A NUCLEAR-WEAPON-FREE WORLD: THE NEED FOR A NEW AGENDA

The General Assembly,

Convinced that the existence of nuclear weapons is a threat to the survival of humanity,

Concerned at the prospect of the indefinite possession of nuclear weapons, believing that the contention that nuclear weapons can be retained in perpetuity and never used is not supported by the history of human experience, and convinced that the only complete defence is the elimination of nuclear weapons and the assurance that they will never be produced again,

Concerned also at the continued retention of the nuclear-weapons option by those three States that are nuclear-weapons-capable and that have not acceded to the Treaty on the Non-Proliferation of Nuclear Weapons,² and concerned at their failure to renounce that option,

Concerned further that negotiations on nuclear arms reductions are currently stalled,

Bearing in mind that the overwhelming majority of States have entered into legally binding commitments not to receive, manufacture or otherwise acquire nuclear weapons or other nuclear explosive devices, and recalling that these undertakings were made in the context of the corresponding legally binding commitments by the nuclear-weapon States to the pursuit of nuclear disarmament,

Recalling the unanimous conclusion of the International Court of Justice in its 1996 advisory opinion²³ that there exists an obligation to pursue in good faith and bring to a conclusion negotiations leading to nuclear disarmament in all its aspects under strict and effective international control,

²³ *Legality of the Threat or Use of Nuclear Weapons, Advisory Opinion, 8 July 1996 (A/51/218, annex).*

Stressing that the international community must not enter the new millennium with the prospect that the possession of nuclear weapons will be considered legitimate for the indefinite future, and convinced of the imperative to proceed with determination to prohibit and eradicate them for all time,

Recognizing that the total elimination of nuclear weapons will require measures to be taken firstly by those nuclear-weapon States that have the largest arsenals, and stressing that these States must be joined in a seamless process by those nuclear-weapon States with lesser arsenals in the near future,

Welcoming the achievements to date and the future promise of the Strategic Arms Reduction Talks process and the possibility it offers for development as a plurilateral mechanism including all the nuclear-weapon States, for the practical dismantling and destruction of nuclear armaments undertaken in pursuit of the elimination of nuclear weapons,

Welcoming also the Trilateral Initiative between the United States of America, the Russian Federation and the International Atomic Energy Agency to ensure the irreversible removal of fissile materials from weapons programmes,

Believing that there are a number of practical steps that the nuclear-weapon States can and should take immediately before the actual elimination of nuclear arsenals and the development of requisite verification regimes take place, and in this connection noting certain recent unilateral and other steps,

Underlining that the Treaty on the Limitation of Anti-Ballistic Missile Systems¹ remains a cornerstone of strategic stability,

Stressing that each article of the Treaty on the Non-Proliferation of Nuclear Weapons is binding on the respective States parties at all times and in all circumstances,

Stressing also the importance of pursuing negotiations in the Conference on Disarmament in the Ad Hoc Committee established under item 1 of its agenda entitled "Cessation of the nuclear arms race and nuclear disarmament", on the basis of the report of the Special Coordinator¹⁸ and the mandate contained therein, on a non-discriminatory, multilateral and internationally and effectively verifiable treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices, and considering that such a treaty must further underpin the process towards the total elimination of nuclear weapons,

Emphasizing that, for the total elimination of nuclear weapons to be achieved, effective international cooperation to prevent the proliferation of nuclear weapons is vital and must be enhanced through, *inter alia*, the extension of international controls over all fissile material for nuclear weapons or other nuclear explosive devices,

Emphasizing also the importance of existing nuclear-weapon-free-zone treaties and of the early signature and ratification of the relevant protocols to those treaties,

Noting the joint ministerial declaration of 9 June 1998²⁴ and its call for a new international agenda to achieve a nuclear-weapon-free world, through the pursuit, in parallel, of a series of mutually reinforcing measures at the bilateral, plurilateral and multilateral levels,

²⁴ A/53/138, annex.

Acknowledging the report of the Secretary-General on the implementation of General Assembly resolution 53/77 Y of 4 December 1998,²⁵

Taking note of the observations of the Director General of the International Atomic Energy Agency contained in the report of the Secretary-General,²⁶

1. *Calls upon* the nuclear-weapon States to make an unequivocal undertaking to accomplish the speedy and total elimination of their nuclear arsenals and to engage without delay in an accelerated process of negotiations, thus achieving nuclear disarmament, to which they are committed under article VI of the Treaty on the Non-Proliferation of Nuclear Weapons;²

2. *Calls upon* the United States of America and the Russian Federation to bring the Treaty on Further Reduction and Limitation of Strategic Offensive Arms (START II)¹⁹ into force without further delay and to commence negotiations on START III with a view to its early conclusion;

3. *Calls upon* the nuclear-weapon States to undertake the necessary steps towards the seamless integration of all five nuclear-weapon States into the process leading to the total elimination of nuclear weapons;

4. *Calls* for the examination of ways and means to diminish the role of nuclear weapons in security policies so as to enhance strategic stability, facilitate the process of the elimination of these weapons and contribute to international confidence and security;

5. *Calls upon* the nuclear-weapon States, in this context, to take early steps:

(a) To reduce tactical nuclear weapons with a view to their elimination as an integral part of nuclear arms reductions;

(b) To examine the possibilities for and to proceed to the de-alerting and removal of nuclear warheads from delivery vehicles;

(c) To examine nuclear weapons policies and postures further;

(d) To demonstrate transparency with regard to their nuclear arsenals and fissile material inventories;

(e) To place all fissile material for nuclear weapons declared to be in excess of military requirements under International Atomic Energy Agency safeguards in the framework of the voluntary safeguards agreements in place;

6. *Calls upon* those three States that are nuclear weapons capable and that have not yet acceded to the Treaty on the Non-Proliferation of Nuclear Weapons to reverse clearly and urgently the pursuit of all nuclear weapons development or deployment and to refrain from any action that could undermine regional and international peace and security and the efforts of the international community towards nuclear disarmament and the prevention of the proliferation of nuclear weapons;

²⁵ A/54/372.

²⁶ *Ibid.*, sect. III.A.

7. *Calls upon* those States that have not yet done so to adhere unconditionally and without delay to the Treaty on the Non-Proliferation of Nuclear Weapons and to take all the necessary measures which flow from adherence to that instrument as non-nuclear-weapon States;

8. *Calls upon* those States that have not yet done so to conclude full-scope safeguards agreements with the International Atomic Energy Agency and to conclude additional protocols to their safeguards agreements on the basis of the Model Protocol approved by the Board of Governors of the Agency on 15 May 1997,²⁰

9. *Calls upon* those States that have not yet done so to sign and ratify, unconditionally and without delay, the Comprehensive Nuclear-Test-Ban Treaty¹⁵ and, pending the entry into force of the Treaty, to observe a moratorium on nuclear tests;

10. *Calls upon* those States that have not yet done so to adhere to the Convention on the Physical Protection of Nuclear Material²⁷ and to work towards its further strengthening;

11. *Urges* the development of the Trilateral Initiative between the United States of America, the Russian Federation and the International Atomic Energy Agency, and urges that similar arrangements be developed by the other nuclear-weapon States;

12. *Calls upon* the Conference on Disarmament to re-establish the Ad Hoc Committee under item 1 of its agenda entitled "Cessation of the nuclear arms race and nuclear disarmament", on the basis of the report of the Special Coordinator¹⁸ and the mandate contained therein, of a non-discriminatory, multilateral and internationally and effectively verifiable treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices, taking into consideration both nuclear non-proliferation and nuclear disarmament objectives, and to pursue and conclude these negotiations without delay, and, pending the entry into force of the treaty, urges all States to observe a moratorium on the production of fissile materials for nuclear weapons or other nuclear explosive devices;

13. *Also calls upon* the Conference on Disarmament to establish an appropriate subsidiary body to deal with nuclear disarmament and, to that end, to pursue as a matter of priority its intensive consultations on appropriate methods and approaches with a view to reaching such a decision without delay;

14. *Considers* that an international conference on nuclear disarmament and nuclear non-proliferation, which would effectively complement efforts being undertaken in other settings, could facilitate the consolidation of a new agenda for a nuclear-weapon-free world;

15. *Notes*, in this context, that the Millennium Summit of the United Nations in 2000 will consider peace, security and disarmament;

16. *Stresses* the importance of the full implementation of the decisions and the resolution adopted at the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons,²¹ and, in this connection, underlines the significance of the forthcoming Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons, to be held in April/May 2000;

²⁷ United Nations, *Treaty Series*, vol. 1456, No. 24631.

17. *Affirms* that the development of verification arrangements will be necessary for the maintenance of a world free from nuclear weapons, and requests the International Atomic Energy Agency, together with any other relevant international organizations and bodies, to continue to explore the elements of such a system;

18. *Calls* for the conclusion of an internationally legally binding instrument to effectively assure non-nuclear-weapon States parties to the Treaty on the Non-Proliferation of Nuclear Weapons against the use or threat of use of nuclear weapons;

19. *Stresses* that the pursuit, extension and establishment of nuclear-weapon-free zones, on the basis of arrangements freely arrived at, especially in regions of tension, such as the Middle East and South Asia, represent a significant contribution to the goal of a nuclear-weapon-free world;

20. *Affirms* that a nuclear-weapon-free world will ultimately require the underpinnings of a universal and multilaterally negotiated legally binding instrument or a framework encompassing a mutually reinforcing set of instruments;

21. *Requests* the Secretary-General, within existing resources, to compile a report on the implementation of the present resolution;

22. *Decides* to include in the provisional agenda of its fifty-fifth session the item entitled "Towards a nuclear-weapon-free world: the need for a new agenda", and to review the implementation of the present resolution.

CONSOLIDATION OF PEACE THROUGH PRACTICAL DISARMAMENT MEASURES

The General Assembly,

Recalling its resolutions 51/45 N of 10 December 1996, 52/38 G of 9 December 1997 and 53/77 M of 4 December 1998,

Convinced that a comprehensive and integrated approach towards certain practical disarmament measures, such as, *inter alia*, arms control, particularly with regard to small arms and light weapons, confidence-building measures, demobilization and reintegration of former combatants, demining and conversion, often is a prerequisite to maintaining and consolidating peace and security and thus provides a basis for effective rehabilitation and social and economic development in areas that have suffered from conflict,

Noting with satisfaction that the international community is more than ever aware of the importance of such practical disarmament measures, especially with regard to the growing problems arising from the excessive and destabilizing accumulation and proliferation of small arms and light weapons, which pose a threat to peace and security and reduce the prospects for economic development in many regions, particularly in post-conflict situations,

/...

Stressing that further efforts are needed in order to develop and effectively implement programmes of practical disarmament in affected areas,

Taking note of the report of the Secretary-General prepared with the assistance of the Group of Governmental Experts on Small Arms,²⁸ and in particular the recommendations contained therein, as an important contribution to the consolidation of the peace process through practical disarmament measures,

1. *Welcomes* the adoption by consensus of the “Guidelines on conventional arms control/limitation and disarmament, with particular emphasis on consolidation of peace in the context of General Assembly resolution 51/45 N”²⁹ at the 1999 substantive session of the Disarmament Commission;

2. *Stresses* the particular relevance of the guidelines in the context of the present resolution;

3. *Takes note* of the report of the Secretary-General on the consolidation of peace through practical disarmament measures, submitted pursuant to resolution 51/45 N,³⁰ and once again encourages Member States, as well as regional arrangements and agencies, to lend their support to the implementation of recommendations contained therein;

4. *Welcomes* the activities undertaken by the group of interested States that was formed in New York in March 1998, and invites the group to continue to analyse lessons learned from previous disarmament and peace-building projects, as well as to promote new practical disarmament measures to consolidate peace, especially as undertaken or designed by affected States themselves;

5. *Encourages* Member States, including the group of interested States, to lend their support to the Secretary-General in responding to requests by Member States to collect and destroy small arms and light weapons in post-conflict situations;

6. *Decides* to include in the provisional agenda of its fifty-fifth session the item entitled “Consolidation of peace through practical disarmament measures”.

TRANSPARENCY IN ARMAMENTS

The General Assembly,

Bearing in mind that, in accordance with the Charter of the United Nations, Member States have undertaken to promote the establishment and maintenance of international peace and security with the least diversion for armaments of the world's human and economic resources,

Considering the urgent need to accelerate efforts towards general and complete disarmament with a view to maintaining regional and international peace and security in a world free from the scourge of war and the burden of all types of armaments,

Considering also that openness and transparency relating to all types of armaments would contribute greatly to confidence-building and security among States,

Recognizing that an enhanced level of transparency relating to both conventional weapons and weapons of mass destruction and transfers of equipment and technologies directly related to the development and manufacture of such weapons, as well as to high technology with military applications, would promote stability, strengthen regional and international peace and security, and accelerate efforts towards general and complete disarmament,

Convinced that the principle of transparency should also apply to all weapons of mass destruction, in particular nuclear weapons, and to transfers of equipment and technology directly related to the development and manufacture of such weapons, as well as to high technology with military applications,

Recognizing that the United Nations Register of Conventional Arms,³¹ in its current form, constitutes an important first step towards the promotion of transparency in military matters on a comprehensive, universal and non-discriminatory basis,

Aware of the need to foster international efforts in this direction through, *inter alia*, the constant review of the operation of the Register with a view to its development,

Stressing the need to achieve universality of the Treaty on the Non-Proliferation of Nuclear Weapons,² and of the Convention on the Prohibition of the Development, Production, Stockpiling and Use of Chemical Weapons and on Their Destruction²² and the Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on Their Destruction,³² with a view to realizing the goal of the total elimination of all weapons of mass destruction,

Recalling its earlier resolutions on transparency in armaments,

1. *Takes note* of the report of the Secretary-General on transparency in armaments;³³

³¹ See resolution 46/36 L.

³² Resolution 2826 (XXVI), annex.

³³ A/54/226 and Add.1 and 2.

2. *Recalls* the reports of the Group of Governmental Experts on the United Nations Register of Conventional Arms, which convened in 1994 and 1997 to consider the continuing operation of the Register³¹ and its development, and the views expressed and proposals presented therein;

3. *Recognizes* the importance of achieving greater progress in the development of the Register in order that it may truly enhance confidence-building and security among States and accelerate efforts towards attainment of general and complete disarmament;

4. *Requests* the Secretary-General, with the assistance of the Group of Governmental Experts to be convened in the year 2000 and taking into account the views submitted by Member States, to report to the General Assembly at its fifty-fifth session on:

(a) The early expansion of the scope of the Register;

(b) The elaboration of practical means for the development of the Register in order to increase transparency related to weapons of mass destruction, in particular nuclear weapons, and to transfers of equipment and technology directly related to the development and manufacture of such weapons;

5. *Decides* to include in the provisional agenda of its fifty-fifth session the item entitled "Transparency in armaments".

ASSISTANCE TO STATES FOR CURBING THE ILLICIT TRAFFIC IN SMALL ARMS AND COLLECTING THEM

The General Assembly,

Recalling its resolution 53/77 B of 4 December 1998,

Considering that the illicit proliferation and circulation of and traffic in small arms constitute an impediment to development, a threat to populations and to national and regional security and are a factor contributing to the destabilization of States,

Gravely concerned at the extent of the illicit proliferation and circulation of and traffic in small arms in the States of the Saharo-Sahelian subregion,

Welcoming the conclusions of the United Nations advisory missions sent to the affected countries of the subregion by the Secretary-General to study the best way of curbing the illicit circulation of small arms and ensuring their collection,

Welcoming also the designation of the Department for Disarmament Affairs of the Secretariat as the coordination centre for all United Nations activities concerning small arms,

/...

Thanking the Secretary-General for his report on the causes of conflict and the promotion of durable peace and sustainable development in Africa,³⁴ and bearing in mind the statement on small arms made by the President of the Security Council on 24 September 1999,³⁵

Welcoming the recommendations made at the meetings of the States of the subregion held at Banjul, Algiers, Bamako, Yamoussoukro and Niamey to establish close regional cooperation with a view to strengthening security,

Recalling the Algiers Declaration³⁶ adopted by the Assembly of Heads of State and Government of the Organization of African Unity at its thirty-fifth ordinary session, held at Algiers from 12 to 14 July 1999, and bearing in mind the report of the Secretary-General of the Organization of African Unity on the illicit proliferation and circulation of and traffic in small arms,

Bearing in mind the reports of the Panel of Governmental Experts on Small Arms,

Emphasizing the need to advance efforts towards wider cooperation and better coordination in the struggle against the accumulation, proliferation and widespread use of small arms through the common understanding reached at the meeting on small arms held at Oslo on 13 and 14 July 1998³⁷ and the Brussels Call for Action adopted by the International Conference on Sustainable Disarmament for Sustainable Development, held at Brussels on 12 and 13 October 1998,³⁸

1. *Encourages* the Secretary-General to continue his efforts, in the context of the implementation of resolution 49/75 G of 15 December 1994 and of the recommendations of the United Nations advisory missions, to curb the illicit circulation of small arms and to collect such arms in the affected States that so request, with the support of the United Nations Regional Centre for Peace and Disarmament in Africa and in close cooperation with the Organization of African Unity;

2. *Also encourages* the setting up in the countries of the Saharo-Sahelian subregion of national commissions against the proliferation of small arms, and invites the international community to support as far as possible the smooth functioning of the national commissions where they have been set up;

4. *Takes note* of the conclusions of the meeting of Ministers for Foreign Affairs of the Economic Community of West African States, held at Bamako on 24 and 25 March 1999, on the modalities for the implementation of the Programme for Coordination and Assistance for Security and Development, and welcomes the adoption at the meeting of a plan of action;

5. *Expresses its full support* for the appeal launched by the Assembly of Heads of State and Government of the Organization of African Unity at its thirty-fifth ordinary session for a coordinated African approach, under the auspices of the Organization of African Unity, to the problems posed by the illicit proliferation and circulation of and traffic in small arms, bearing in mind the experiences and activities of the various regions in this regard,⁴⁰

6. *Also expresses its full support* for the convening of an international conference on the illicit arms trade in all its aspects no later than 2001, in accordance with General Assembly resolution 53/77 E of 4 December 1998;

K

REDUCING NUCLEAR DANGER

The General Assembly,

Bearing in mind that the use of nuclear weapons poses the most serious threat to mankind and to the survival of civilization,

Reaffirming that any use or threat of use of nuclear weapons would constitute a violation of the Charter of the United Nations,

³⁹ A/53/763-S/1998/1194, annex; see *Official Records of the Security Council, Fifty-third Year, Supplement for October, November and December 1998*, document S/1998/1194.

⁴⁰ A/54/424, annex II, decision AHG/Dec.137 (XXXV), para. 10.

Convinced that the proliferation of nuclear weapons in all its aspects would seriously enhance the danger of nuclear war,

Convinced also that nuclear disarmament and the complete elimination of nuclear weapons are essential to remove the danger of nuclear war,

Considering that until nuclear weapons cease to exist, it is imperative on the part of the nuclear-weapon States to adopt measures that assure non-nuclear-weapon States against the use or threat of use of nuclear weapons,

Considering also that the hair-trigger alert of nuclear weapons carries unacceptable risks of unintentional or accidental use of nuclear weapons, which would have catastrophic consequences for all mankind,

Emphasizing the imperative need to adopt measures to avoid accidental, unauthorized or unexplained incidents arising from computer anomaly or other technical malfunctions before the next millennium,

Conscious that limited steps relating to detargeting have been taken by the nuclear-weapon States and that further practical, realistic and mutually reinforcing steps are necessary to contribute to the improvement in the international climate for negotiations leading to the elimination of nuclear weapons,

Mindful that reduction of tensions brought about by a change in nuclear doctrines would positively impact on international peace and security and improve the conditions for the further reduction and the elimination of nuclear weapons,

Reiterating the highest priority accorded to nuclear disarmament in the Final Document of the Tenth Special Session of the General Assembly¹² and by the international community,

Recalling that the advisory opinion of the International Court of Justice on the *Legality of the Threat or Use of Nuclear Weapons*⁴¹ states that there exists an obligation for all States to pursue in good faith and bring to a conclusion negotiations leading to nuclear disarmament in all its aspects under strict and effective international control,

5. *Decides* to include in the provisional agenda of its fifty-fifth session the item entitled "Reducing nuclear danger".

CONVENTIONAL ARMS CONTROL AT THE REGIONAL AND SUBREGIONAL LEVELS

The General Assembly,

Recalling its resolutions 48/75 J of 16 December 1993, 49/75 O of 15 December 1994, 50/70 L of 12 December 1995, 51/45 Q of 10 December 1996, 52/38 Q of 9 December 1997 and 53/77 P of 4 December 1998,

Recognizing the crucial role of conventional arms control in promoting regional and international peace and security,

Convinced that conventional arms control needs to be pursued primarily in the regional and subregional contexts since most threats to peace and security in the post-cold-war era arise mainly among States located in the same region or subregion,

Aware that the preservation of a balance in the defence capabilities of States at the lowest level of armaments would contribute to peace and stability and should be a prime objective of conventional arms control,

Desirous of promoting agreements to strengthen regional peace and security at the lowest possible level of armaments and military forces,

Noting with particular interest the initiatives taken in this regard in different regions of the world, in particular the commencement of consultations among a number of Latin American countries and the proposals for conventional arms control made in the context of South Asia, and recognizing, in the context of this subject, the relevance and value of the Treaty on Conventional Armed Forces in Europe,⁵⁰ which is a cornerstone of European security,

Believing that militarily significant States and States with larger military capabilities have a special responsibility in promoting such agreements for regional security,

Believing also that an important objective of conventional arms control in regions of tension should be to prevent the possibility of military attack launched by surprise and to avoid aggression,

⁵⁰ CD/1064.

1. *Decides* to give urgent consideration to the issues involved in conventional arms control at the regional and subregional levels;
2. *Requests* the Conference on Disarmament, as a first step, to consider the formulation of principles that can serve as a framework for regional agreements on conventional arms control, and looks forward to a report of the Conference on this subject;
3. *Decides* to include in the provisional agenda of its fifty-fifth session the item entitled "Conventional arms control at the regional and subregional levels".

REGIONAL DISARMAMENT

The General Assembly,

Recalling its resolutions 45/58 P of 4 December 1990, 46/36 I of 6 December 1991, 47/52 J of 9 December 1992, 48/75 I of 16 December 1993, 49/75 N of 15 December 1994, 50/70 K of 12 December 1995, 51/45 K of 10 December 1996, 52/38 P of 9 December 1997 and 53/77 O of 4 December 1998 on regional disarmament,

Believing that the efforts of the international community to move towards the ideal of general and complete disarmament are guided by the inherent human desire for genuine peace and security, the elimination of the danger of war and the release of economic, intellectual and other resources for peaceful pursuits,

Affirming the abiding commitment of all States to the purposes and principles enshrined in the Charter of the United Nations in the conduct of their international relations,

Noting that essential guidelines for progress towards general and complete disarmament were adopted at the tenth special session of the General Assembly,¹²

Taking note of the guidelines and recommendations for regional approaches to disarmament within the context of global security adopted by the Disarmament Commission at its 1993 substantive session,⁵¹

Welcoming the prospects of genuine progress in the field of disarmament engendered in recent years as a result of negotiations between the two super-Powers,

Taking note of the recent proposals for disarmament at the regional and subregional levels,

Recognizing the importance of confidence-building measures for regional and international peace and security,

⁵¹ *Official Records of the General Assembly, Forty-eighth Session, Supplement No. 42 (A/48/42), annex II.*

Convinced that endeavours by countries to promote regional disarmament, taking into account the specific characteristics of each region and in accordance with the principle of undiminished security at the lowest level of armaments, would enhance the security of all States and would thus contribute to international peace and security by reducing the risk of regional conflicts,

1. *Stresses* that sustained efforts are needed, within the framework of the Conference on Disarmament and under the umbrella of the United Nations, to make progress on the entire range of disarmament issues;
2. *Affirms* that global and regional approaches to disarmament complement each other and should therefore be pursued simultaneously to promote regional and international peace and security;
3. *Calls upon* States to conclude agreements, wherever possible, for nuclear non-proliferation, disarmament and confidence-building measures at the regional and subregional levels;
4. *Welcomes* the initiatives towards disarmament, nuclear non-proliferation and security undertaken by some countries at the regional and subregional levels;
5. *Supports and encourages* efforts aimed at promoting confidence-building measures at the regional and subregional levels in order to ease regional tensions and to further disarmament and nuclear non-proliferation measures at the regional and subregional levels;
6. *Decides* to include in the provisional agenda of its fifty-fifth session the item entitled "Regional disarmament".

Continuing to take the view that an enhanced level of transparency in armaments contributes greatly to confidence-building and security among States and that the establishment of the United Nations Register of Conventional Arms³¹ constitutes an important step forward in the promotion of transparency in military matters,

Welcoming the consolidated report of the Secretary-General on the Register,³³ which contains the returns of Member States for 1998,

Welcoming also the response of Member States to the request contained in paragraphs 9 and 10 of resolution 46/36 L to provide data on their imports and exports of arms, as well as available background information regarding their military holdings, procurement through national production and relevant policies,

/...

Stressing that the continuing operation of the Register and its further development should be reviewed in order to secure a Register that is capable of attracting the widest possible participation,

1. *Reaffirms* its determination to ensure the effective operation of the United Nations Register of Conventional Arms,³¹ as provided for in paragraphs 7 to 10 of resolution 46/36 L;

2. *Calls upon* Member States, with a view to achieving universal participation, to provide the Secretary-General by 31 May annually with the requested data and information for the Register, including nil reports if appropriate, on the basis of resolutions 46/36 L and 47/52 L and the recommendations contained in paragraph 64 of the 1997 report of the Secretary-General on the continuing operation of the Register and its further development,⁵²

3. *Invites* Member States in a position to do so, pending further development of the Register, to provide additional information on procurement from national production and military holdings and to make use of the "Remarks" column in the standardized reporting form to provide additional information such as types and models;

4. *Reaffirms* its decision, with a view to further development of the Register, to keep the scope of and participation in the Register under review and, to that end, recalls:

(a) Its request to Member States to provide the Secretary-General with their views on the continuing operation of the Register and its further development and on transparency measures related to weapons of mass destruction;

(b) Its request to the Secretary-General, with the assistance of a group of governmental experts to be convened in 2000, on the basis of equitable geographical representation, to prepare a report on the continuing operation of the Register and its further development, taking into account the work of the Conference on Disarmament, the views expressed by Member States and his reports on the continuing operation of the Register and its further development,⁵³ with a view to a decision at its fifty-fifth session;

5. *Requests* the Secretary-General to ensure that sufficient resources are made available for the Secretariat to operate and maintain the Register;

NUCLEAR DISARMAMENT

The General Assembly,

Recalling its resolution 49/75 E of 15 December 1994 on a step-by-step reduction of the nuclear threat, and its resolutions 50/70 P of 12 December 1995, 51/45 O of 10 December 1996, 52/38 L of 9 December 1997 and 53/77 X of 4 December 1998 on nuclear disarmament,

Reaffirming the commitment of the international community to the goal of the total elimination of nuclear weapons and the establishment of a nuclear-weapon-free world,

Bearing in mind that the Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on Their Destruction of 1972³² and the Convention on the Prohibition of the Development, Production, Stockpiling and Use of Chemical Weapons and on Their Destruction of 1993²² have already established legal regimes on the complete prohibition of biological and chemical weapons, respectively, and determined to achieve a nuclear weapons convention on the prohibition of the development, testing, production, stockpiling, loan, transfer, use and threat of use of nuclear weapons and on their destruction, and to conclude such an international convention at an early date,

Recognizing that there now exist conditions for the establishment of a world free of nuclear weapons,

Bearing in mind paragraph 50 of the Final Document of the Tenth Special Session of the General Assembly,¹² the first special session devoted to disarmament, calling for the urgent negotiation of agreements for the cessation of the qualitative improvement and development of nuclear-weapon systems, and for a comprehensive and phased programme with agreed time-frames, wherever feasible, for the progressive and balanced reduction of nuclear weapons and their means of delivery, leading to their ultimate and complete elimination at the earliest possible time,

Noting the reiteration by the States parties to the Treaty on the Non-Proliferation of Nuclear Weapons² of their conviction that the Treaty is a cornerstone of nuclear non-proliferation and nuclear disarmament and the reaffirmation by the States parties of the importance of the decision on strengthening the review process for the Treaty,²¹ the decision on principles and objectives for nuclear non-proliferation and disarmament,²¹ the decision on the extension of the Treaty²¹ and the resolution on the Middle East¹, adopted by the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons,

/...

Reiterating the highest priority accorded to nuclear disarmament in the Final Document of the Tenth Special Session of the General Assembly and by the international community,

Recognizing that the Comprehensive Nuclear-Test-Ban Treaty¹⁵ and any proposed treaty on fissile material for nuclear weapons or other nuclear explosive devices must constitute disarmament measures, and not only non-proliferation measures, and that these measures, together with an international legal instrument on the joint undertaking of no first use of nuclear weapons by the nuclear-weapon States and on adequate security assurances of non-use and non-threat of use of such weapons for non-nuclear-weapon States, respectively, and an international convention prohibiting the use of nuclear weapons, should be integral measures in a programme leading to the total elimination of nuclear weapons,

Welcoming the entry into force of the Treaty on the Reduction and Limitation of Strategic Offensive Arms (START I),⁵⁴ to which Belarus, Kazakhstan, the Russian Federation, Ukraine and the United States of America are States parties,

Welcoming also the conclusion of the Treaty on Further Reduction and Limitation of Strategic Offensive Arms (START II)¹⁹ by the Russian Federation and the United States of America and the ratification of that Treaty by the United States of America, and looking forward to the full implementation of the START I and START II Treaties by the States parties, and to further concrete steps for nuclear disarmament by all the nuclear-weapon States,

Welcoming further the joint declaration of the Russian Federation and the United States of America to commence START III negotiations, regardless of the status of completion of the START II process,

Noting with appreciation the unilateral measures by the nuclear-weapon States for nuclear arms limitation, and encouraging them to undertake further such measures,

Recognizing the complementarity of bilateral, plurilateral and multilateral negotiations on nuclear disarmament, and that bilateral negotiations can never replace multilateral negotiations in this respect,

Noting the support expressed in the Conference on Disarmament and in the General Assembly for the elaboration of an international convention to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, and the multilateral efforts in the Conference on Disarmament to reach agreement on such an international convention at an early date,

Recalling the advisory opinion of the International Court of Justice on the *Legality of the Threat or Use of Nuclear Weapons*, issued on 8 July 1996,⁴¹ and welcoming the unanimous reaffirmation by all Judges of the Court that there exists an obligation for all States to pursue in good faith and bring to a conclusion negotiations leading to nuclear disarmament in all its aspects under strict and effective international control,

⁵⁴ *The United Nations Disarmament Yearbook*, vol. 16: 1991 (United Nations publication, Sales No. E.92.IX.1), appendix II.

Mindful of paragraph 114 and other relevant recommendations in the Final Document of the Twelfth Conference of Heads of State or Government of the Non-Aligned Countries, held at Durban, South Africa, from 29 August to 3 September 1998,⁵⁵ calling upon the Conference on Disarmament to establish, on a priority basis, an ad hoc committee to commence negotiations in 1998 on a phased programme of nuclear disarmament and for the eventual elimination of nuclear weapons with a specified framework of time,

Bearing in mind the proposal of twenty-eight delegations to the Conference on Disarmament that are members of the Group of 21 for a programme of action for the elimination of nuclear weapons,⁵⁶ and expressing its conviction that this proposal will be an important input and will contribute to negotiations on this question in the Conference,

Commending the initiative by twenty-six delegations to the Conference on Disarmament that are members of the Group of 21⁵⁷ proposing a comprehensive mandate for an ad hoc committee on nuclear disarmament, which includes negotiations for, as a first step, a universal and legally binding multilateral agreement committing all States to the objective of the total elimination of nuclear weapons, an agreement on further steps required in a phased programme leading to the total elimination of these weapons and a convention on the prohibition of the production of fissile material for nuclear weapons or other nuclear explosive devices taking into account the report of the Special Coordinator on that item¹⁸ and the views relating to the scope of the treaty,

Recalling paragraphs 38 to 50 of the final communiqué of the meeting of Ministers for Foreign Affairs and Heads of Delegation of the Non-Aligned Countries, held in New York on 23 September 1999,⁵⁸

Taking note of the draft decision and mandate on the establishment of an ad hoc committee on nuclear disarmament proposed by the Group of 21,⁵⁹

1. *Recognizes* that, in view of recent political developments, the time is now opportune for all the nuclear-weapon States to undertake effective disarmament measures with a view to the total elimination of these weapons;
2. *Also recognizes* that there is a genuine need to de-emphasize the role of nuclear weapons and to review and revise nuclear doctrines accordingly;
3. *Urges* the nuclear-weapon States to stop immediately the qualitative improvement, development, production and stockpiling of nuclear warheads and their delivery systems;
4. *Also urges* the nuclear-weapon States, as an interim measure, to de-alert and deactivate immediately their nuclear weapons;

⁵⁵ A/53/667-S/1998/1071, annex I; see *Official Records of the Security Council, Fifty-third Year, Supplement for October, November and December 1998*, document S/1998/1071.

⁵⁹ CD/1571.

5. *Calls* for the conclusion, as a first step, of a universal and legally binding multilateral agreement committing States to the process of nuclear disarmament leading to the total elimination of nuclear weapons;

6. *Reiterates its calls upon* the nuclear-weapon States to undertake the step-by-step reduction of the nuclear threat and to carry out effective nuclear disarmament measures with a view to the total elimination of these weapons;

7. *Calls upon* the nuclear-weapon States, pending the achievement of the total elimination of nuclear weapons, to agree on an internationally and legally binding instrument on the joint undertaking not to be the first to use nuclear weapons, and calls upon all States to conclude an internationally and legally binding instrument on security assurances of non-use and non-threat of use of nuclear weapons against non-nuclear-weapon States;

8. *Urges* the nuclear-weapon States to commence plurilateral negotiations among themselves at an appropriate stage on further deep reductions of nuclear weapons as an effective measure of nuclear disarmament;

9. *Welcomes* the establishment in the Conference on Disarmament in 1998 of the Ad Hoc Committee on the prohibition of the production of fissile material for nuclear weapons or other nuclear explosive devices, urges a speedy conclusion of a universal and non-discriminatory convention thereon, welcomes the establishment in 1998 of the Ad Hoc Committee on effective international arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, and urges the pursuit of efforts in this regard as a matter of priority;

10. *Expresses its regret* that the Conference on Disarmament was unable to establish an ad hoc committee on nuclear disarmament at its 1999 session, as called for in General Assembly resolution 53/77 X;

11. *Reiterates its call upon* the Conference on Disarmament to establish, on a priority basis, an ad hoc committee on nuclear disarmament to commence negotiations early in 2000 on a phased programme of nuclear disarmament and for the eventual elimination of nuclear weapons, through a set of legal instruments, which may include a nuclear weapons convention;

Convinced that the continuing existence of nuclear weapons poses a threat to all humanity and that their use would have catastrophic consequences for all life on Earth, and recognizing that the only defence against a nuclear catastrophe is the total elimination of nuclear weapons and the certainty that they will never be produced again,

Reaffirming the commitment of the international community to the goal of the total elimination of nuclear weapons and the creation of a nuclear-weapon-free world,

Mindful of the solemn obligations of States parties, undertaken in article VI of the Treaty on the Non-Proliferation of Nuclear Weapons,² particularly to pursue negotiations in good faith on effective measures relating to cessation of the nuclear arms race at an early date and to nuclear disarmament,

Recalling the principles and objectives for nuclear non-proliferation and disarmament adopted at the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons,⁴³ and in particular the objective of determined pursuit by the nuclear-weapon States of systematic and progressive efforts to reduce nuclear weapons globally, with the ultimate goal of eliminating those weapons,

Recalling also the adoption of the Comprehensive Nuclear-Test-Ban Treaty in its resolution 50/245 of 10 September 1996, and expressing its satisfaction at the increasing number of States that have signed and ratified the Treaty,

Recognizing with satisfaction that the Antarctic Treaty⁴⁸ and the treaties of Tlatelolco⁴⁴, Rarotonga⁴⁵, Bangkok⁴⁶ and Pelindaba⁴⁷ are gradually freeing the entire southern hemisphere and adjacent areas covered by those treaties from nuclear weapons,

Noting the efforts by the States possessing the largest inventories of nuclear weapons to reduce their stockpiles of such weapons through bilateral agreements or arrangements and unilateral decisions, and calling for the intensification of such efforts to accelerate the significant reduction of nuclear-weapon arsenals,

Recognizing the need for a multilaterally negotiated and legally binding instrument to assure non-nuclear-weapon States against the threat or use of nuclear weapons,

Reaffirming the central role of the Conference on Disarmament as the single multilateral disarmament negotiating forum, and regretting the lack of progress in disarmament negotiations, particularly nuclear disarmament, in the Conference on Disarmament during its 1999 session,

Emphasizing the need for the Conference on Disarmament to commence negotiations on a phased programme for the complete elimination of nuclear weapons with a specified framework of time,

/...

Desiring to achieve the objective of a legally binding prohibition of the development, production, testing, deployment, stockpiling, threat or use of nuclear weapons and their destruction under effective international control,

Recalling the advisory opinion of the International Court of Justice on the *Legality of the Threat or Use of Nuclear Weapons*, issued on 8 July 1996,⁴¹

Taking note of the relevant portions of the note by the Secretary-General⁶⁰ relating to the implementation of resolution 53/77 W,

1. *Underlines once again* the unanimous conclusion of the International Court of Justice that there exists an obligation to pursue in good faith and bring to a conclusion negotiations leading to nuclear disarmament in all its aspects under strict and effective international control;

2. *Calls once again upon* all States immediately to fulfil that obligation by commencing multilateral negotiations in 2000 leading to an early conclusion of a nuclear weapons convention prohibiting the development, production, testing, deployment, stockpiling, transfer, threat or use of nuclear weapons and providing for their elimination;

3. *Requests* all States to inform the Secretary-General of the efforts and measures they have taken on the implementation of the present resolution and nuclear disarmament, and requests the Secretary-General to apprise the General Assembly of that information at its fifty-fifth session;

CONVENTION ON THE PROHIBITION OF THE USE OF NUCLEAR WEAPONS

The General Assembly,

Convinced that the use of nuclear weapons poses the most serious threat to the survival of mankind,

Bearing in mind the advisory opinion of the International Court of Justice of 8 July 1996 on the *Legality of the Threat or Use of Nuclear Weapons*,⁹

Convinced that a multilateral, universal and binding agreement prohibiting the use or threat of use of nuclear weapons would contribute to the elimination of the nuclear threat and to the climate for negotiations leading to the ultimate elimination of nuclear weapons, thereby strengthening international peace and security,

Conscious that some steps taken by the Russian Federation and the United States of America towards a reduction of their nuclear weapons and the improvement in the international climate can contribute towards the goal of the complete elimination of nuclear weapons,

Recalling that, in paragraph 58 of the Final Document of the Tenth Special Session of the General Assembly,¹⁰ it is stated that all States should actively participate in efforts to bring about conditions in international relations among States in which a code of peaceful conduct of nations in international affairs could be agreed upon and that would preclude the use or threat of use of nuclear weapons,

Reaffirming that any use of nuclear weapons would be a violation of the Charter of the United Nations and a crime against humanity, as declared in its resolutions 1653 (XVI) of 24 November 1961, 33/71 B of 14 December 1978, 34/83 G of 11 December 1979, 35/152 D of 12 December 1980 and 36/92 I of 9 December 1981,

Determined to achieve an international convention prohibiting the development, production, stockpiling and use of nuclear weapons, leading to their ultimate destruction,

Stressing that an international convention on the prohibition of the use of nuclear weapons would be an important step in a phased programme towards the complete elimination of nuclear weapons, with a specified framework of time,

Noting with regret that the Conference on Disarmament, during its 1999 session, was unable to undertake negotiations on this subject as called for in General Assembly resolution 53/78 D of 4 December 1998,

⁹ A/51/218, annex.

¹⁰ Resolution S-10/2.

1. *Reiterates its request* to the Conference on Disarmament to commence negotiations, in order to reach agreement on an international convention prohibiting the use or threat of use of nuclear weapons under any circumstances;

2. *Requests* the Conference on Disarmament to report to the General Assembly on the results of those negotiations.

heads of State or Government welcomed the decision adopted by the General Assembly on maintaining and revitalizing the three regional centres for peace and disarmament in Nepal, Peru and Togo,¹³

RESOLUTION ADOPTED BY THE GENERAL ASSEMBLY

[*on the report of the First Committee (A/54/566)*]

54/57. The risk of nuclear proliferation in the Middle East

The General Assembly,

Bearing in mind its relevant resolutions,

Taking note of the relevant resolutions adopted by the General Conference of the International Atomic Energy Agency, the latest of which is resolution GC(43)/RES/23 adopted on 1 October 1999,

Cognizant that the proliferation of nuclear weapons in the region of the Middle East would pose a serious threat to international peace and security,

Mindful of the immediate need to place all nuclear facilities in the region of the Middle East under full-scope safeguards of the International Atomic Energy Agency,

Recalling the resolution on the Middle East adopted by the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons on 11 May 1995,¹ in which the Conference noted with concern the continued existence in the Middle East of unsafeguarded nuclear facilities, reaffirmed the importance of the early realization of universal adherence to the Treaty² and called upon all States in the Middle East that had not yet done so, without exception, to accede to the Treaty as soon as possible and to place all their nuclear facilities under full-scope International Atomic Energy Agency safeguards,

¹ See *1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons, Final Document, Part I* (NPT/CONF.1995/32 (Part I)), annex.

² United Nations, *Treaty Series*, vol. 729, No. 10485.

Recalling also the decision on principles and objectives for nuclear non-proliferation and disarmament adopted by the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons on 11 May 1995,¹ in which the Conference urged universal adherence to the Treaty as an urgent priority and called upon all States not yet parties to the Treaty to accede to it at the earliest date, particularly those States that operate unsafeguarded nuclear facilities,

Noting that, since the adoption of General Assembly resolution 51/48 of 10 December 1996, Israel remains the only State in the Middle East that has not yet become party to the Treaty on the Non-Proliferation of Nuclear Weapons,

Concerned about the threats posed by the proliferation of nuclear weapons to the security and stability of the Middle East region,

Stressing the importance of taking confidence-building measures, in particular the establishment of a nuclear-weapon-free zone in the Middle East, in order to enhance peace and security in the region and to consolidate the global non-proliferation regime,

Noting the adoption of the Comprehensive Nuclear-Test-Ban Treaty³ and its signature by one hundred and fifty-five States, including a number of States in the region,

1. *Calls upon* the only State in the region that is not party to the Treaty on the Non-Proliferation of Nuclear Weapons² to accede to the Treaty without further delay and not to develop, produce, test or otherwise acquire nuclear weapons, and to renounce possession of nuclear weapons, and to place all its unsafeguarded nuclear facilities under full-scope International Atomic Energy Agency safeguards as an important confidence-building measure among all States of the region and as a step towards enhancing peace and security;

2. *Requests* the Secretary-General to report to the General Assembly at its fifty-fifth session on the implementation of the present resolution;

3. *Decides* to include in the provisional agenda of its fifty-fifth session the item entitled "The risk of nuclear proliferation in the Middle East".

The General Assembly,

Recalling its previous resolutions on the subject, including resolution 53/82 of 4 December 1998,

Reaffirming the primary role of the Mediterranean countries in strengthening and promoting peace, security and cooperation in the Mediterranean region,

Bearing in mind all the previous declarations and commitments, as well as all the initiatives taken by the riparian countries at the recent summits, ministerial meetings and various forums concerning the question of the Mediterranean region,

Recognizing the indivisible character of security in the Mediterranean and that the enhancement of cooperation among Mediterranean countries with a view to promoting the economic and social development of all peoples of the region will contribute significantly to stability, peace and security in the region,

Recognizing also the efforts made so far and the determination of the Mediterranean countries to intensify the process of dialogue and consultations with a view to resolving the problems existing in the Mediterranean region and to eliminating the causes of tension and the consequent threat to peace and security, and their growing awareness of the need for further joint efforts to strengthen economic, social, cultural and environmental cooperation in the region,

Recognizing further that prospects for closer Euro-Mediterranean cooperation in all spheres can be enhanced by positive developments worldwide, in particular in Europe, in the Maghreb and in the Middle East,

/...

Reaffirming the responsibility of all States to contribute to the stability and prosperity of the Mediterranean region and their commitment to respect the purposes and principles of the Charter of the United Nations, as well as the provisions of the Declaration on Principles of International Law concerning Friendly Relations and Cooperation among States in accordance with the Charter of the United Nations,¹

Noting the peace negotiations in the Middle East, which should be of a comprehensive nature and represent an appropriate framework for the peaceful settlement of contentious issues in the region,

Expressing its concern at the persistent tension and continuing military activities in parts of the Mediterranean that hinder efforts to strengthen security and cooperation in the region,

Taking note of the report of the Secretary-General,²

1. *Reaffirms* that security in the Mediterranean is closely linked to European security as well as to international peace and security;

2. *Expresses its satisfaction* at the continuing efforts by Mediterranean countries to contribute actively to the elimination of all causes of tension in the region and to the promotion of just and lasting solutions to the persistent problems of the region through peaceful means, thus ensuring the withdrawal of foreign forces of occupation and respecting the sovereignty, independence and territorial integrity of all countries of the Mediterranean and the right of peoples to self-determination, and therefore calls for full adherence to the principles of non-interference, non-intervention, non-use of force or threat of use of force and the inadmissibility of the acquisition of territory by force, in accordance with the Charter and the relevant resolutions of the United Nations;
