International Cooperation in Tax Matters****Report of the Secretary-General****Corrigendum****Paragraph 40**

The paragraph *should read*

40. The Group of Experts examined the text of every article and every paragraph of the commentaries of the United Nations Model Convention. Thereafter, the Group of Experts adopted in principle the United Nations Double Taxation Convention between Developed and Developing Countries (revised version), subject to editorial changes to be recommended by members of the Group via correspondence. Pursuant to this decision by the Group of Experts, the Steering Committee of the Group of Experts met in New York from 12 to 14 April 2000 to review and consolidate editorial comments and suggestions elicited by the Secretary-General from members of the Group of Experts on the text of the Model Convention. The Steering Committee concurred on the definitive text of the Model Convention, as did all the members of the Group of Experts to whom the edited text was forwarded for final clearance. The Group of Experts has taken note of the fact that the Secretary-General, in the light of those developments, intends to publish the revised Model Convention in the form agreed upon by the Group of Experts.
