AUDIT OPINION

We have audited the accompanying financial statements, comprising statements I to III, schedules 1 to 10, the appendix and the supporting notes to the accounts of the voluntary funds administered by the United Nations High Commissioner for Refugees for the period from 1 January to 31 December 1999. These financial statements are the responsibility of the High Commissioner. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the common auditing standards of the Panel of External Auditors of the United Nations, the specialized agencies and the International Atomic Energy Agency. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis and as considered by the Board of Auditors to be necessary in the circumstances, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the High Commissioner, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for the audit opinion.

In our opinion, these financial statements present fairly, in all respects, the financial position at 31 December 1999 and the results of operations and cash flows for the period then ended in accordance with UNHCR stated accounting policies set out in note 2 to the financial statements which were applied on a basis consistent with that of the preceding financial period.

Further, in our opinion, the transactions of the High Commissioner, which we have tested as part of our audit, have in all significant respects been in accordance with the Financial Regulations and legislative authority.

In accordance with article XII of the Financial Regulations, we have also issued a long-form report on our audit of the financial statements of the voluntary funds administered by the United Nations High Commissioner for Refugees.

STATEMENT OF THE HIGH COMMISSIONER'S RESPONSIBILITIES

AND

APPROVAL OF THE FINANCIAL STATEMENTS

The United Nations High Commissioner for Refugees is ultimately responsible for the content and integrity of the financial statements contained in the Accounts of the Voluntary Funds Administered by the United Nations High Commissioner for Refugees which are submitted to the Executive Committee of the High Commissioner's Programme and to the General Assembly of the United Nations.

To fulfill its responsibility, UNHCR operates within prescribed accounting policies and standards and maintains systems of internal accounting controls and procedures to ensure the reliability of financial information and the safeguarding of assets. The internal control systems and financial records are subject to reviews by the Office of Internal Oversight Services and the United Nations Board of Auditors, during their respective audits.

In this context, the following appended financial statements, comprising Statements I to III, Schedules 1 to 10, Appendix I and Supporting Notes, were prepared in accordance with UNHCR Financial Rules (A/AC.96.503/Rev.6) and the United Nations Common Accounting Standards. In Management's opinion, the accompanying financial statements present fairly the financial position of the Office as of 31 December 1999, and the results of its operations and its cash flows of individual Programmes, Funds and Accounts for the year then ended.

The Accounts are hereby

Certified :

NOTES TO THE FINANCIAL STATEMENTS

I. UNITED NATIONS HIGH COMMISSIONER FOR REFUGEES (UNHCR)  
AND ITS ACTIVITIES

1. The Office of the United Nations High Commissioner for Refugees (UNHCR) was established by the General Assembly in its resolution 319 A (IV) of 3 December 1949. Its Statute was approved by the Assembly in resolution 428 (V) of 14 December 1950.

2. The overall objectives of UNHCR are to provide international protection to refugees and to seek durable solutions to refugee problems. UNHCR seeks to safeguard the fundamental principles of asylum and non-refoulement and to ensure that the basic rights of refugees are respected and that they are treated in a dignified and humane manner. UNHCR has also developed, at the request of the General Assembly and the Governments concerned, substantial material assistance programmes to meet refugee needs. Subsequent resolutions of the General Assembly, the Economic and Social Council and the Executive Committee of UNHCR have called on the Office, in the context of its basic mandate, to assist other groups of persons regarded as falling within the competence of the High Commissioner. In complex humanitarian emergencies, UNHCR also contributes to the provision of humanitarian assistance.

3. The High Commissioner reports annually to the General Assembly through the Economic and Social Council. An Executive Committee of the High Commissioner's Programme was established pursuant to General Assembly resolution 1166 (XII) of 26 November 1957 to advise the High Commissioner in the exercise of his/her functions and to approve the use of voluntary funds made available to the High Commissioner. The annual cycle of meetings of the Executive Committee consists of one annual plenary session and a number of inter-sessional meetings of a Standing Committee of the Whole. In 1999 the Executive Committee consisted of 54 member countries. Each year the report on the session of the Executive Committee is submitted to the General Assembly as an addendum to the Annual Report of the High Commissioner.

II. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Financial Rules for Voluntary Funds

4. The UNHCR Voluntary Funds accounts are maintained in accordance with the Financial Rules for Voluntary Funds administered by the High Commissioner (A/AC.96/503/Rev.6 dated 1 February 1996 approved by the forty-sixth session of the Executive Committee). These financial statements and schedules also conform with the common accounting standards for the United Nations system, as noted by the General Assembly in its resolution 48/216C (A/48/530 of 29 October 1993) and as subsequently revised. As of 1 January 2000, the accounts will be maintained in accordance with revision 7 of the Financial Rules (A/AC.96/503/Rev.7 dated 7 October 1999 approved by the fiftieth session of the Executive Committee).

(b) Fund Accounting

5. UNHCR's accounts are maintained on a "fund accounting" basis. Separate funds for general and special purposes are established in accordance with the Financial Rules for Voluntary Funds. General Programmes cover statutory activities and consist of the Annual Programme, the Voluntary Repatriation Fund and the Emergency Fund. The activities under General Programmes are funded through contributions to the General Fund. Special Programmes describe a series of activities funded from a range of distinct trust funds.

6. Each fund is maintained as a distinct financial and accounting entity with separate self-balancing double-entry groups of accounts. Separate financial statements are prepared for each fund or for a group of funds of the same nature.

(c) Use of Estimates

7. Preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

8. Estimates are used in the context of expenditure recognition, in particular, but not exclusively, at the end of the financial period to determine the amounts to be retained in respect of unliquidated obligations.

(d) Funds

9. The funds reported in the accounts are as follows:

- (i) Working Capital and Guarantee Fund has an established ceiling of \$50 million approved by the Executive Committee, and is maintained by income from interest on invested funds and savings from prior years' Annual Programme, Emergency Fund and Voluntary Repatriation Fund. The Fund is utilized to replenish the Emergency Fund and to meet essential payments for projects pending receipt of contributions pledged.
- (ii) Annual Programme covers the financial activities which are approved annually by the Executive Committee for the programmed activities for individual country/areas and for certain costs incurred by Headquarters. It also includes a Programme Reserve.
- (iii) Emergency Fund is maintained at not less than \$8 million and is replenished from the Working Capital and Guarantee Fund and voluntary contributions. The High Commissioner may allocate from the Emergency Fund up to \$25 million annually, provided that a single emergency does not exceed \$8 million.
- (iv) Voluntary Repatriation Fund provides financial assistance, under General or Special Programmes, for voluntary repatriation operations for refugees. The fund was established with a base level of \$20 million, and may reach an amount equivalent to 10

per cent of the estimated budget for voluntary repatriation operations in the preceding year.

- (v) Special Programmes (including Trust Funds) comprise various trust and special programme funds to account for moneys available for purposes falling outside the General Programmes, and within the scope of UNHCR activities.
- (vi) Refugee Education Account: is a special account maintained by voluntary contributions and used to finance higher education for refugees.
- (vii) Medical Insurance Plan is maintained by premiums from field staff and related contributions from UNHCR. Payments are based on claims processed during the year to cover field staff medical costs.
- (viii) Fund for International Field Staff Housing and Basic Amenities was established at the thirty-third Session of the Executive Committee (1982) as a special account to assist primarily international staff members serving in most difficult duty stations where housing is substandard, to obtain suitable housing and basic amenities.
- (ix) Income Generating Activities is a fund maintained by revenue from external sales. Expenditure reflects purchase of goods for resale.

(e) Translation of Currency

10. The accounts are presented in United States dollars. In the field offices, the accounts may be maintained in the national currency of the country concerned. The field office account transactions are translated into United States dollars using the United Nations operational rates of exchange, as established by the United Nations Controller, in effect at the date of the transaction. At the balance sheet date, all asset and liability balances are adjusted to reflect the United Nations operational rate of exchange in effect at 31 December.

(f) Voluntary Contributions and Pledges

11. Voluntary contributions from Member States and other donors are recorded as income upon receipt or on the basis of a written pledge from the donor. Unconditional pledges from governments are fully recognized as income at the time of receipt of the pledge. In the interest of prudent financial management, up to one-half of the value of conditional pledges from governments and firm pledges made by organizations of established repute are recognized as income at the time the pledge is received. Pledges unpaid are adjusted to their dollar equivalent calculated at the United Nations operational rate of exchange prevailing on 31 December of each year.

12. Until 1998 contributions in-kind were recorded at the fair market value of the goods and services to UNHCR at the time the pledge was made. The related obligation and expenditure were recorded at the time the pledge was made. At delivery, the obligation was liquidated and the receivable was correspondingly cancelled. Beginning in 1999, new contributions in-

kind are recorded at delivery. Extra-budgetary in-kind contributions are not recorded in the accounts but are listed in Appendix 1.

13. Cash received against pledges is recorded at the US dollar equivalent calculated at the United Nations operational rate of exchange prevailing on the date of receipt.

14. Pledges due are written off after 5 years unless the donor has reconfirmed the commitment in writing not more than 18 months before the end of the accounting period.

(g) Interest Income

15. Interest income includes all interest and related investment income earned on invested funds and various bank accounts. Financial Rule 9.3 specifies the conditions for recording of investment income which is to be credited to the General Fund.

(h) Miscellaneous Income

16. Miscellaneous income includes income from sale of used or surplus property, refunds of expenditures charged to prior periods, and settlement of insurance claims. The Annual Programme includes net recoveries relating to the transfer of emergency stockpile items to operational projects as miscellaneous income.

(i) Currency Exchange Adjustments

17. Currency exchange adjustments include losses and gains on transactions and translation losses and gains from revaluation of year end asset and liability balances, based on the United Nations operational rate of exchange. Exchange differences are charged to the General Fund.

(j) Expenditure

18. Project expenditure reflects the amounts obligated according to the terms and conditions specified in Financial Rule 8.

(k) Ex-Gratia Payments

19. The granting of ex-gratia payments is governed by Financial Rule 10.5. A statement of ex-gratia payments, if any, is submitted to the Board of Auditors with the annual accounts.

(l) Write-offs

20. Write-off due to losses of cash, property, or the book value of accounts receivable, including the conversion of loans into grants, is governed by Financial Rule 10.6. A statement of all amounts written-off is submitted to the Board of Auditors with the annual accounts.

(m) Non-Expendable Property

21. In accordance with United Nations accounting policies, non-expendable property purchased with UNHCR's Voluntary Funds is not included in the fixed assets on the balance sheet, but is charged as expenditure to the appropriate project in the year of acquisition. The inventories are recorded at the US dollar equivalent calculated at the rate of exchange

prevailing on the date of purchase. For valuation purposes, depreciation is computed using the straight-line method over the estimated useful lives of the related assets. Estimated depreciable lives are as follows: motor vehicles, 4 to 8 years; furniture and office equipment, 3 to 10 years; machinery and equipment, 3 to 10 years; and buildings and fixtures, 8 years.

(n) Reclassification

22. In 1998 certain amounts due from United Nations Agencies were included in Other Receivables. For consistency, these amounts have been reclassified to conform with the 1999 presentation.

### III. CASH AND TERM DEPOSITS

23. The figure shown for cash and term deposits represents the net total of all cash balances (including funds held in non-convertible currencies) less any overdrafts. Refer to Schedule 9 for a breakdown between current and deposit accounts. Refer to Schedule 10 for details of the dollar equivalent of non-convertible currencies held at 31 December 1999.

### IV. VOLUNTARY CONTRIBUTIONS RECEIVABLE

24. The receivable represents contributions outstanding from all donors, the details of which are reflected in Schedule 1 for current year and Schedule 2 for all prior years. The age of contributions outstanding is shown below:

	<u>Cash</u>	<u>In-kind</u>
Current year	\$116,732,476	\$ -
1998	23,627,354	-
1997	5,771,795	285,714
1996	4,578,519	-
1995	2,500	-
Total	<u>\$150,712,644</u>	<u>\$285,714</u>

### V. DUE FROM/TO UNITED NATIONS AGENCIES

25. This balance represents amounts due from/to. Included in this balance are amounts due from other United Nations agencies. The balances in excess of \$10,000 are noted below:

DHA	\$ 66,207
DPKO	433,776
OCHA	406,002
OHRM	264,887
UNBRO	109,484

WMO	48,848
Total	<u>\$5,098,092</u>

The amounts are grouped based on the legal right of set-offs.

#### VI. OTHER RECEIVABLES

26. An amount of \$1,142,308 in respect of loans made to or on behalf of refugees is still refundable to UNHCR at 31 December 1999 (Schedule 7). These loans were fully expensed in the years in which they were made and only memorandum accounts are maintained in UNHCR's accounts.

#### VII. NON-EXPENDABLE PROPERTY

27. In accordance with the United Nations accounting policies, non-expendable property is not included in the fixed assets on the balance sheet and is charged as expenditure to the appropriate project in the year of acquisition.

28. The UNHCR's records of non-expendable property have been maintained in the MINDER Asset-Tracking System for the years 1995 - 1999, inclusive. The organization-wide systems review for Y2K compatibility indicated that the MINDER system was not Y2K compliant. System programming limitations encountered in the fourth quarter of 1999 precluded the inclusion of inventory records for 76 field offices into the consolidated records. As such, the historical costs and accumulated depreciation shown are not inclusive of all non-expendable property recorded in 1999.

29. The development of a new asset tracking system (AssetTrak) was contracted in September 1999. The historical costs of non-expendable property recorded in the MINDER Asset Tracking System as at 31 December 1999 was as follows:

Motor vehicles	\$ 159,953,105
Furniture and office equipment	75,572,945
Machinery and equipment	42,844,220
Buildings and fixtures	3,027,957
	<hr/>
	281,398,227
Less accumulated depreciation	229,752,215
	<hr/>
	<u>\$ 51,646,012</u>

#### VIII. ACCOUNTS PAYABLE

30. The accounts payable include the following amounts due to other agencies:

IOM	\$ 18,079
UNV	800,439
UNCC	146,500
	<hr/>
Total	<u>\$ 965,018</u>

#### IX. LIABILITIES FOR END-OF-SERVICE AND POST RETIREMENT BENEFITS

31. In accordance with the United Nations common practice, UNHCR has not specifically recognized in any of its financial accounts liabilities for after-service health insurance costs or the liabilities for other types of end-of-service payments which will be owed when staff members leave the organization. Such expenses are budgeted for in the corresponding operations budget, and the actual costs incurred in each financial period, when staff members terminate, are reported as current year expenditure.

(a) After-Service Health Insurance

32. The financial dimension of the organization's liability for after-service health insurance is estimated to reflect actuarial patterns and assumptions similar to those of the overall United Nations estimate disclosed in the Notes to the United Nations' Financial Statements for the corresponding year. The organization's liability is estimated, by extrapolation, to be in the order of \$230 million. This estimate will be updated and based on a full actuarial valuation of UNHCR for the Financial Statements for the year 2000.

(b) Accrued Annual Leave

33. Terminating staff are entitled to be paid for any unused vacation days they may have accrued up to a maximum limit of 60 days. The organization's total liability for such unpaid accrued vacation compensation is estimated to be between \$25 million and \$30 million.

(c) Termination Benefits

34 Some staff members are entitled to repatriation grants and related expenditures of relocation upon their termination from the organization based on the number of years of service. The organization's total liability for such unpaid repatriation and relocation entitlement is estimated to be between \$22 million and \$27 million.

(d) Pension Plan

35 UNHCR is a participating member of the United Nations Joint Staff Pension Fund (UNJSPF), which was established by the General Assembly to provide retirement, death, disability and related benefits. UNJSPF is a funded defined benefit plan. The financial obligation of UNHCR to UNJSPF consists of its mandated contribution at the rate established by the General Assembly together with any share of any actuarial deficiency payments under article 26 of the regulations of UNJSPF. Such payments are only payable if and when the General Assembly has invoked the provision of article 26, following determination that there is a requirement for deficiency payments based on an assessment of the actuarial sufficiency of UNJSPF as of the valuation date. The result of the last actuarial valuation as of 31 December 1997 was an actuarial surplus of 0.36 per cent of pensionable remuneration. The actuarial sufficiency of UNJSPF will be reassessed as of 31 December 1999. The results of this assessment are not yet available.
