OPERATIONAL ACTIVITIES FOR
DEVELOPMENT

Comprehensive statistical data on operational activities for
development for the year 1986

Note by the Secretary-General

Addendum

1. In its resolution 35/81 of 5 December 1980, the General Assembly requested the Director-General for Development and International Economic Co-operation annually to submit to it a report containing comprehensive statistical information on operational activities for development of the United Nations system.
2. Owing to technical problems, complete information for the year 1986 could not be incorporated in the report submitted to the Assembly at its forty-second session (A/42/326/Add.3-E/1987/82/Add.3). The full details, including revision of some figures previously published, are now being made available to Member States as a complement to that report.
3. At the same time, the opportunity has been taken to make some changes in the presentation and explanation of the data, which will be utilized in the preparation of the comprehensive statistical data for 1987 and subsequent years.

OPERATIONAL ACTIVITIES IN THE UNITED NATIONS SYSTEM: A QUICK GUIDE

1. A variety of resource flows, domestic and external, public and private, commercial and charitable, serve to promote the economic and social advancement of developing countries. Of these, official development assistance (ODA) channelled through bilateral and multilateral institutions is an important source, comprising about \$44 billion in 1986. About 15 per cent of total ODA is provided through the financial institutions and the organizations of the United Nations system, divided about half and half between grants and concessional loans. a/

2. As indicated in detail in the present document, expenditures on operational activities through the United Nations system comprise: development-related grants; concessional loans; non-concessional loans; and refugee, humanitarian and special economic assistance and disaster relief. These totalled about \$6.6 billion in 1986. (For loan expenditures, net transfers only were counted.) The composition of this was: development grants \$2.6 billion, concessional loans \$3 billion, non-concessional loans \$0.4 billion and grant-financed refugee, humanitarian, special economic and disaster relief activities \$0.6 billion. (See chart 2 and table B-1.)

THE UN SYSTEM'S SHARE
OF TOTAL ODA, 1986

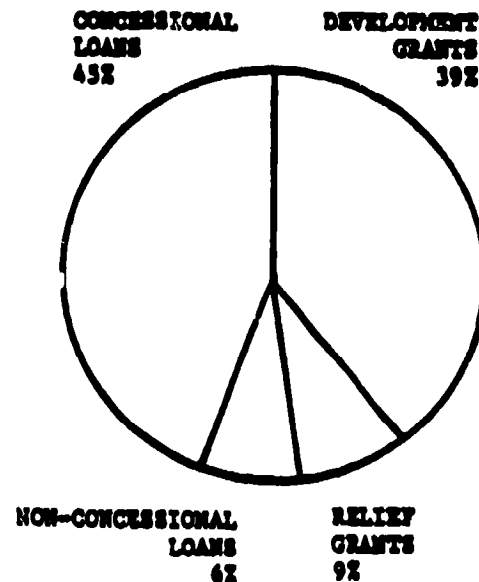

a/ 1987 report of the Chairman of the Development Assistance Committee of the Organization for Economic Co-operation and Development, table IV-1 and table 10.

3. The operational activities of the United Nations system in the largest sense include all of the above. It is however useful to make a distinction on the one hand between grant-financed development activities and provision of humanitarian and relief assistance through UNHCR, UNRWA, UNDRO etc., and on the other hand between such grants and the non-concessional and concessional loans of the World Bank group, including its IDA facility, and of IFAD. b/

4. Another important analytical distinction is to group the concessional loans and development grants of the system and to demarcate these as net transfers of concessional assistance for development. The total came to \$5.5 billion in 1986, of which \$4.9 billion was for individual recipient countries. Development grants comprised roughly two fifths of these amounts.

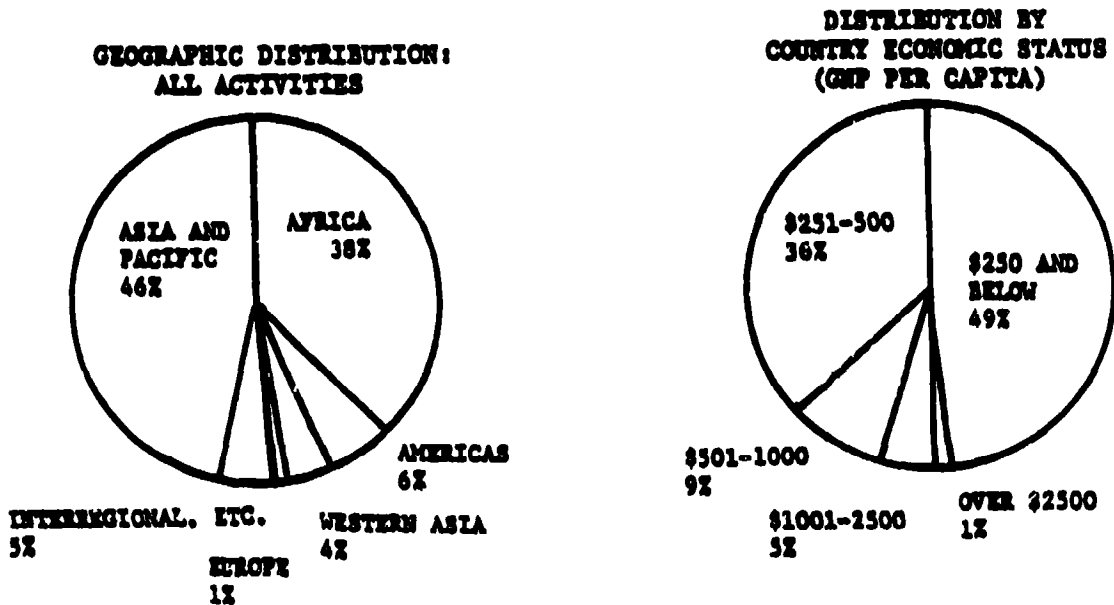

5. Geographically, almost seven eighths of all the concessional resources were in 1986 allocated to the Asia and Pacific and the Africa regions. Activities in Latin America and the Caribbean, in Western Asia, and in the "interregional, global and other" category accounted for virtually all the rest. (See table B-4.)

**THE COMPOSITION OF
UN SYSTEM ASSISTANCE, 1986**

b/ To facilitate the analysis, all financing through UNDP and UNDP-administered funds is assumed to be in the form of grants, all IDA and IFAD transfers to represent concessional loans.

THE UNITED NATIONS SYSTEM'S CONCESSIONAL RESOURCES FOR DEVELOPMENT
 NET TRANSFERS, 1986

6. The United Nations system's strong focus upon assistance to the poorest countries is quite pronounced. Thirty-seven per cent of all concessional development assistance in 1986 was provided to countries classified as "least-developed". Almost half of the total of concessional assistance was for countries where the gross national product (GNP) per capita was \$250 or below; a total of almost seven eighths was for those where GNP per capita did not exceed \$500. A major element in this focus relates to the volume and orientation of IDA net transfers. In 1986 these comprised \$2.8 billion (i.e., almost three fifths of the total concessional assistance). Of that, about three-fifths was devoted to countries where GNP per capita did not exceed \$250. (See table B-7.)

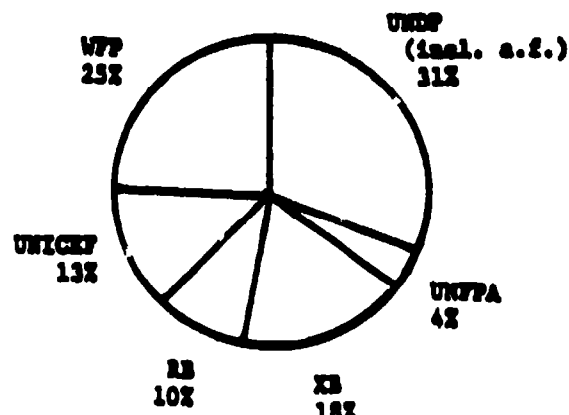

7. Inclusion of the demographic factor permits yet another perspective on the distribution of the system's concessional development assistance. Overall, these resources amounted to \$1.17 per capita in 1986. In the poorest countries the figure was somewhat higher, at \$2.10 per capita. (See table B-8.)

8. Turning now to grant assistance for development, this represents both financial contributions through a range of institutions and the food aid for development projects channelled through WFP. The Resident Co-ordinator of Operational Activities for Development of the United Nations System assumes overall leadership in the organization of such assistance at the country level as well as of some relief activities. As earlier indicated, the total contribution represents, on the average, about 7 per cent of total ODA to each developing country.

9. The distribution of grant expenditures in support of development activities in 1986 was: UNDP, including UNDP-administered funds, \$776 million, WFP \$648 million, extrabudgetary (XB) including agency trust funds and government "self-supporting" funds \$451 million, UNICEF \$326 million, regular budget (RB) \$257 million, and UNFPA \$102 million.

10. Some 60 per cent of 1986 country-level expenditures benefited from integrated general policy and management advice from the UNDP Resident Representative who also serves as the official field representative for WFP and UNFPA. The UNDP Governing Council - holding review authority for the UNDP main programme, UNDP-administered funds and UNFPA - was responsible in 1986 for monitoring the expenditure of 35 per cent of such development activities.

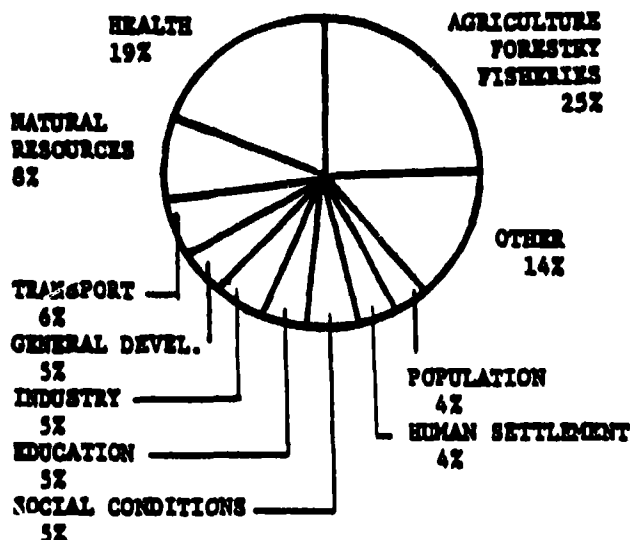

THE PRINCIPAL CHANNELS OF GRANT-FUNDED ACTIVITIES FOR DEVELOPMENT, 1986

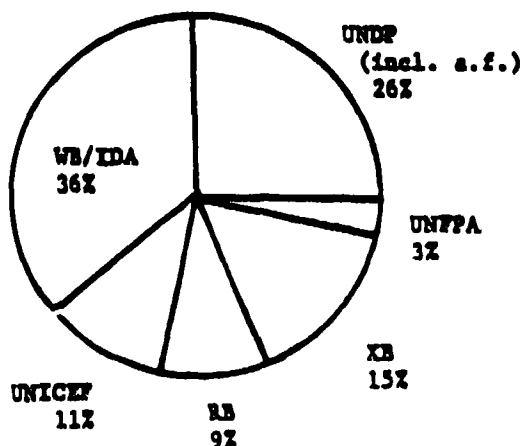

11. The sectoral coverage of the system's grant-funded development assistance is wide-ranging, but with strong emphasis upon the agriculture/forestry/fisheries and the health-related programme classification categories. (See table B-6.) Other areas of importance in 1986 included natural resources; transport and communications; general development issues, policy and planning; industry; education; social conditions and equity, population and human settlements.

12. The application of the term "technical co-operation" to the analysis of operational activities leads to a somewhat different demarcation, in which the food aid of WFP is excluded, but the expenditures on training and consultants included in World Bank loans and IDA credits are included. Such use of World Bank/IDA funds is estimated to have amounted to \$1.1 billion gross disbursements in 1986. According to this formulation, total United Nations system technical co-operation expenditures were \$3 billion, distributed among World Bank/IDA, UNDP and UNDP-administered funds, XB, UNICEF, RB and UNFPA. It should be noted that while World Bank/IDA technical co-operation expenditures are larger than those of UNDP, they are made through loans and credits to Governments and represent, on the whole, integral parts of specific investment projects.

**THE MAIN SECTORS
 OF GRANT-FUNDED
 DEVELOPMENT ASSISTANCE, 1986**

**THE PRINCIPAL CHANNELS
 OF "TECHNICAL CO-OPERATION"
 INCLUDING WORLD BANK/IDA, 1986**

13. Implementation of the grant-financed development activities is undertaken by 28 organizations and agencies of the system, together with Governments, some NGOs and other non-United Nations entities. (see table B-5.) The major channels for such expenditures in 1986 were: WFP (\$648 million); g/ UNICEF (\$326 million); g/ WHO (\$323 million); FAO (\$317 million); DTCD (\$144 million); UNDP (\$112 million); ILO (\$105 million); UNIDO (\$97 million); UNESCO (\$77 million); ICAO (\$50 million) and World Bank (\$49 million). Government execution accounted for \$79 million. The total for all other agencies was \$232 million.

14. UNDP (including the UNDP-administered funds) has a central funding and co-ordinating role for technical co-operation within the United Nations system, and to this effect maintains strong linkages with the relevant agencies on substantive aspects of its work. In addition, the United Nations specialized agencies are responsible for the execution of 78 per cent of UNDP-funded programmes. UNFPA, though focused on one sector also channels its expenditures through a dozen United Nations agencies, as well as Governments; it also undertakes direct execution for some 11 per cent of its expenditures.

15. Twenty-five organizations of the United Nations system are executing agencies for UNDP. Seven of these agencies, plus Governments and UNDP itself, delivered at least \$35 million of UNDP main programme resources in 1986. Their shares of the total delivery for UNDP were FAO \$129 million (19 per cent), DTCD

\$101 million (15 per cent), UNIDO \$72 million (11 per cent), UNDP \$64 million (9 per cent), ILO \$46 million (7 per cent), World Bank \$44 million (6 per cent), Governments \$41 million (6 per cent), ICAO \$35 million (5 per cent) and UNESCO \$35 million (5 per cent). The total of all others amounted to \$115 million (17 per cent).

16. UNDP and UNDP-administered funds financed 69 per cent of the technical co-operation expenditures of 22 of the above 25 United Nations system organizations in 1986. When expenditures for UNFPA are added, the result is that the Governing Council had within its purview, for these 22 institutions, the funding of 75 per cent of their expenditures on operational activities, for a total of \$606 million.

17. At the same time, the significance of the UNDP central funding role, and of the UNDP Governing Council, must be seen in relation to both the volume and the distribution of RB and XB expenditures. Taken together these expenditures, which are implemented according to the mandates and procedures of each agency, are as great as the resources managed by UNDP. WHO is mandated to devote at least 60 per cent of its regular budget resources to development co-operation, and has by far the largest RB programme. That of IAEA represents an even greater proportion of its expenditures on technical co-operation. FAO and WHO also have major XB support. The combination of RB and XB expenditures for WHO, IAEA and FAO was \$505 million in 1986, representing 74 per cent of the total disbursed through those three agencies.

NOTE ON STATISTICAL INFORMATION

General note

1. Coverage, definition and sources for the figures used in this report are consistent with those for previous years' reports in this series. Modifications have been made to data presentation, column headings and table titles in the interest of greater clarity and internal consistency. Explanations of special cases, or of reasons for non-matching between table totals, have been given attention in the footnotes to tables.

Definitions and explanations

2. For information on the sources of data, see paragraph 45 of the first (1981) annual report (A/36/478, annex) and the footnotes to the tables.

3. The data represent final figures for 1986. Should any further revisions or updating later prove necessary this would be communicated to the General Assembly.

4. Data on contributions refer to contributions received from Governments and other sources by organizations in the United Nations system. Data on other income, related to resource transfers from one agency of the system to another, interest, etc., or the net profits from the UNICEF greeting card operation, are excluded. Data on expenditures and disbursements represent the support provided by organizations to the programmes and projects of developing countries; administrative, programme and other support costs, where identifiable, are excluded. UNICEF and WFP carry out both development assistance and some activities which are of a humanitarian and/or emergency character. To the extent possible the related contributions and expenditures are separately identified. With regard to loans, net disbursements represent gross disbursements less repayment of principal; net transfers represent net disbursements less interest and other charges.

5. The expression "United Nations funds and programmes" refers to the funds and programmes listed by the General Assembly for participation in the annual United Nations Pledging Conference for Development Activities, and to other United Nations trust funds pertaining to development activities.

6. The designations employed and the presentation of the material in the present report do not imply the expression of any opinion whatsoever on the part of the Secretariat of the United Nations concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries.

7. The term "country" as used in the present report also refers, as appropriate, to territories or areas.

8. References to dollars (\$) are to United States dollars unless otherwise stated. A full stop is used to indicate decimals. Two dots (..) indicate that data are not available or are not separately reported. Parentheses () indicate a deficit or decrease, except as otherwise indicated. A dash (-) indicates that the amount is nil or negligible or the item is not applicable. A hyphen (-) between dates representing years signifies the full period involved, including the beginning and end years.

9. Details and percentages in tables do not necessarily add to totals, because of rounding.

10. The following abbreviations have been used:

a/ Inclusive of cost-sharing and government cash counterpart contributions, and contributions to Special Measures Fund for Least Developed Countries.

b/ I.e., to the Capital Development Fund, the Special Fund for Land-Locked Developing Countries, the Revolving Fund for Natural Resources Exploration, the Fund for United Nations Volunteers, the United Nations Fund for Science and Technology for Development, the United Nations Development Fund for Women and the Trust Fund for Sudano-Sahelian Activities which participate in the Pledging Conference including cost-sharing contributions thereto; and to other funds, accounts and trust funds of UNDP including trust funds established by the Administrator, and contributions for the Junior Professional Officers programme. Includes cost-sharing contributions to these funds.

c/ Excludes contributions to UNFPA trust funds, amounting to \$3.7 million in 1986. Also excludes contributions from Governments for "special population programmes", amounting to \$14.2 million in 1986.

d/ Excludes net profit from the UNICEF Greeting Card Operation, which was \$22.5 million for the 1985 season (May 1985-April 1986).

e/ Includes 1986 contributions to UNICEF general and supplementary resources of \$1.825 million by AGFUND, and \$13.380 million by EEC, which had been excluded in table A-1 of document A/42/326/Add.3.

f/ Other programmes included in the United Nations Pledging Conference for Development Activities and other contributions to United Nations bodies from sources external to the United Nations system.

g/ The United Nations Industrial Development Organization was converted into a specialized agency on 1 January 1986. The United Nations Industrial Development Fund, therefore, is no longer included in United Nations Pledging Conferences for Development Activities. All contributions to UNIDO are accordingly included on line 8 rather than line 5 of the table, starting with the data for 1986.

h/ Includes contributions to the International Emergency Food Reserve (\$125.4 million in 1986) and through the Food Aid Convention of WFP.

i/ The figure given in document A/42/326/Add.3 represented contributions plus other income received in 1986. The latter portion is here excluded.

j/ I.e., the imputed share of regular budget financing of technical co-operation expenditures in relation to the distribution of assessments among Member States.

(Footnotes to table A-1) (continued)

k/ I.e., extrabudgetary contributions from bilateral official and non-official sources and from multilateral sources other than United Nations funds and programmes. Includes government "self-supporting" contributions to organizations, amounting to \$70.9 million in 1986. Also includes resources received from the World Bank/IDA, amounting to \$48.0 million in 1986, and a portion of contributions to entities of the United Nations, amounting to \$33.9 million in 1986.

l/ The entries for 1979-1985 represent annual payments of contributions to IDA recorded on the note deposit basis. The entry for 1986 is on the note encashment basis, which in the estimation of IDA provides a more accurate picture. The entry for 1986 on the note deposit basis would be \$3,653.9 million. Previous entries on the note encashment basis would be: (1979) \$2,404.7; (1980) \$1,589.2; (1981) \$1,964.7; (1982) \$2,159.0; (1983) \$2,698.3; (1984) \$2,422.4; (1985) \$2,033.6.

m/ No data appear in respect of contributions to IFAD in 1981, reflecting the period between completion of initial membership payments and commencement of payments made under the Fund's first replenishment.

n/ Of the total amount of contributions received in 1986, \$46.5 million related to the IFAD Special Programme for Sub-Saharan African Countries Affected by Drought and Desertification.

o/, p/ Capital subscription payments to the World Bank and IFC, formerly grouped on one line, are now presented separately.

q/ Includes contributions to UNHCR, UNRWA, UNDRO, United Nations Special Economic Assistance Programmes, and other related United Nations trust funds, from sources external to the United Nations system. Includes contributions for emergency relief to Lebanon mobilized through the United Nations. Regarding contributions for WFP emergency operations, see footnote (h) above.

r/ I.e., excluding cost-sharing and government cash counterpart contributions and contributions for the Special Measures Fund.

s/ The amounts related to "self-supporting" contributions, which are included in the figures for line 8 above, are here broken down for convenient reference.

a/ I.e., UNDP central resources, including expenditures financed from government cash counterpart contributions (\$7.5 million in 1986) and from government cost-sharing.

b/ The figure given in document A/42/326/Add.3 was a misprint.

c/ Includes project expenditures for development activities and emergency operations, amounting to \$487.8 million and \$160 million respectively in 1986. Of the emergency operations, \$131 million was financed from the International Emergency Food Reserve, and the remainder from WFP general resources.

d/ Excludes \$26.2 million for administrative costs in the field, which had been included in document A/42/326/Add.3.

e/ The major share of such expenditures is financed by WHO. In accordance with resolution 29.48 of the World Health Assembly of May 1976, allocations of the regular programme budget were to reach the level of at least 60 per cent in real terms towards technical co-operation and provision of services to States members of WHO. Data for WHO also include support costs.

f/ I.e., from funds not elsewhere specified in the table. Line 7 is not immediately comparable to line 8 in table A-1, in that it includes some expenditures financed from United Nations funds and programmes listed in line 5 of table A-1. Also included are expenditures financed from government "self-supporting" contributions, amounting to \$70.5 million in 1986.

g/ Includes a small amount of grants, which in 1986 was \$7.9 million.

h/ See footnote (g). The grant element of IFAD expenditures had been omitted from the figure given in document A/42/326/Add.3.

i/ The figure given in document A/42/326/Add.3 was a misprint.

j/ Includes expenditures by UNHCR, UNWRA, UNDRP, United Nations Special Economic Assistance Programmes, and other related United Nations trust funds. Includes the amounts mobilized through the United Nations for emergency relief to Lebanon. Regarding expenditures for WFP emergency operations, see footnote (c) above.

k/ Includes additional amounts for UNHCR which had been omitted from document A/42/326/Add.3.

l/ I.e., gross disbursements on "training" and "consultants" embodied in World Bank loans and IDA credit to borrowers.

m/ Includes \$4.5 million of disbursements through the African Facility of IDA, which had been omitted from document A/42/326/Add.3.

n/ The amounts related to expenditures from government "self-supporting" resources, which are included in the figures for line 7 above, are here broken down for convenient reference.
