Introduction

1. At its twenty-fourth session, held on 23-24 June 1997, the Governing Council of the United Nations Compensation Commission (the "Commission") appointed Messrs. Robert R. Briner (Chairman), Alan J. Cleary and Lim Tian Huat as the Panel of Commissioners (the "Panel") charged with reviewing "E4" claims. The "E4" population consists of claims submitted by Kuwaiti private sector corporations and entities, other than oil sector and environmental claimants, eligible to file claims under the Commission's "Claim Forms for Corporations and Other Entities" ("Form E").

2. An eighth instalment of 139 "E4" claims was submitted to the Panel on 31 January 2000, in accordance with article 32 of the Provisional Rules for Claims Procedure (S/AC.26/1992/10) (the "Rules").

3. Pursuant to article 38 of the Rules, this report contains the Panel's recommendations to the Governing Council concerning the eighth instalment claims.

I. OVERVIEW OF THE EIGHTH INSTALMENT CLAIMS

4. The eighth instalment claims were selected from the population of approximately 2,750 "E4" claims on the basis of criteria that include, inter alia, the size, volume and complexity of the claims, the legal, factual, and valuation issues raised by the claims, and the date of filing of the claims with the Commission.

5. The eighth instalment claimants filed losses aggregating Kuwaiti dinars ("KWD") 53,740,646 (approximately USD 185,953,792). The claimants also filed claims for interest totalling KWD 1,614,684 (approximately USD 5,587,142) and claim preparation costs aggregating KWD 281,615 (approximately USD 974,446).

6. The nature of the legal and factual issues raised in each claim and the amount of documentation provided in support of each claim has allowed the Panel to complete its verification of the claims within 180 days of the date on which the eighth instalment claims were submitted to the Panel.

7. All of the claimants in the eighth instalment operated in Kuwait prior to Iraq's invasion and occupation of Kuwait. Most claimants conducted trading operations dealing in a variety of goods. Some claimants were engaged in manufacturing and service industries. A small number of claimants are non-profit organizations or trade associations.

8. The two most common loss types asserted by claimants in this instalment are loss of tangible property (mainly stock, furniture, fixtures, equipment and vehicles) and loss of earnings or profits. Claimants have also sought

compensation for uncollectible receivables, restart costs, interest and claim preparation costs as "other losses".

II. THE PROCEEDINGS

9. Before the eighth instalment claims were submitted to the Panel, the secretariat undertook a preliminary assessment of the claims in accordance with the Rules. This review is described in paragraph 11 of the "Report and recommendations made by the Panel of Commissioners concerning the first instalment of 'E4' claims" (S/AC.26/1999/4) (the "First 'E4' Report"). The results of the review were entered into a centralized database maintained by the secretariat (the "Claims Database").

10. Originally 10 claims presented formal deficiencies and the secretariat issued notifications to these claimants pursuant to article 15 of the Rules. The claimants corrected all formal deficiencies.

11. A substantive review of the claims was undertaken to identify significant legal, factual and valuation issues. The results of the review, including the significant issues identified, were recorded in the Claims Database.

12. The Executive Secretary of the Commission submitted reports 28 and 29 dated 23 July 1999 and 28 October 1999, respectively, to the Governing Council in accordance with article 16 of the Rules. These reports covered, *inter alia*, the eighth instalment of "E4" claims and presented the significant legal and factual issues identified in these claims. A number of Governments, including the Government of Iraq, submitted additional information and views in response to the Executive Secretary's article 16 reports.

13. At the conclusion of the (i) preliminary assessment; (ii) substantive review; and (iii) article 16 reporting, the following documents were made available to the Panel:

- (a) The claim documents submitted by the claimants;
- (b) The preliminary assessment reports prepared under article 14 of the Rules;
- (c) Information and views of Governments, including the Government of Iraq, received in response to the article 16 reports; and
- (d) Other information deemed, under article 32 of the Rules, to be useful to the Panel for its work.

14. For the reasons stated in paragraph 17 of the First "E4" Report, the Panel retained the services of an accounting firm and a loss adjusting firm as expert consultants. The Panel directed the expert consultants to review each claim in the eighth instalment in accordance with the verification and valuation methodology developed by the Panel. The Panel directed the expert consultants to submit to the Panel a detailed report for each claim summarizing the expert consultants' findings.

15. By its procedural order dated 31 January 2000, the Panel gave notice of its intention to complete its review of the eighth instalment claims and submit its report and recommendations to the Governing Council within 180 days of 31 January 2000. This procedural order was transmitted to the Government of Iraq and the Government of Kuwait.

16. Pursuant to article 34 of the Rules, additional information and evidence was requested from the claimants in order to assist the Panel in its review of the claims. Claimants who were unable to submit the evidence requested were asked to provide reasons for their inability to comply with such requests. All requests for additional information and evidence were directed through the Government of Kuwait's Public Authority for Assessment of Compensation for Damages Resulting from Iraqi Aggression ("PAAC"). These requests were made in relation to the entire "E4" claims population and not just the eighth instalment claims.

17. The requests for additional information and evidence are described in prior "E4" reports, e.g., paragraphs 21-26 of the "Report and recommendations made by the Panel of Commissioners concerning the second instalment of 'E4' claims" (S/AC.26/1999/17) (the "Second 'E4' Report") and paragraph 18 of the "Report and recommendations made by the Panel of Commissioners concerning the sixth instalment of 'E4' claims" (S/AC.26/2000/8) (the "Sixth 'E4' Report"). These requests are not restated in this report.

18. Pursuant to article 34 of the Rules, the secretariat also sought specific clarifications from two claimants in the eighth instalment, i.e., Al-Rabiah Construction Company W.L.L. and Ward Al-Rabeia Foodstuff and Consumables Goods Co. W.L.L. The Panel has considered the responses submitted by these claimants.

19. An additional level of verification was performed to determine if related claimants filed duplicate claims. This review is described in paragraph 18 of the "Report and recommendations made by the Panel of Commissioners concerning the fourth instalment of 'E4' claims" (S/AC.26/1999/18) (the "Fourth 'E4' Report").

20. During the Panel's review of claims in this instalment, the secretariat informed the Panel of the potential overlap between some claims in this instalment and certain individual claims for business losses filed before the

Commission. This issue has been identified and reported to the Governing Council, in connection with the initial review of business loss claims filed by category "D" claimants, in report no. 30, dated 17 February 2000, submitted by the Executive Secretary of the Commission in accordance with article 16 of the Rules.

21. At the Panel's request, the Secretariat conducted a review of the Claims Database and identified 20 claims in this instalment of "E4" claims, which present a potential for overlap with other individual claims for business losses filed before the Commission. These 20 "E4" claims have been listed in annex III to this report.

22. The Panel considers that additional time is required to determine the nature and extent of the overlap between these "E4" claims and the potentially overlapping individual claims for business losses. At this stage, to allow time for the additional claim development and review required, the Panel has recommended that the claims listed in annex III be deferred to a later instalment of category "E4" claims. Therefore, the Panel has made no findings concerning the claims listed in annex III to this report. In this report, subsequent references to the eighth instalment claims are to the remaining 119 claims listed in annex I.

23. Based on its review of the documents submitted and the additional information obtained, the Panel concluded that the issues presented by the eighth instalment claims had been adequately developed and that oral proceedings were not required to explore such issues further.

III. LEGAL FRAMEWORK AND VERIFICATION AND VALUATION METHODOLOGY

24. The legal framework and the verification and valuation methodology applied to the evaluation of the claims in this instalment is the same as that used in earlier "E4" instalments. This framework and methodology are discussed in paragraphs 25-62 of the First "E4" Report. Subsequent "E4" reports discuss additional legal and verification and valuation issues that were encountered in later instalments of "E4" claims. These various elements of the Panel's review are not restated in this report. Instead this report refers to sections in the previous "E4" reports where such issues have been addressed.

25. Where the Panel encountered new issues not addressed in prior "E4" reports, the Panel developed methodologies for verifying and valuing the losses. These new issues are discussed in the text of this report. The Panel's specific recommendations on the losses asserted in this instalment and the reasons therefor are set out in the annexes to this report.

26. Before discussing the Panel's specific recommendations for compensating the eighth instalment claims, it is important to restate that the Panel's

approach to the verification and valuation of these claims balances the claimant's inability always to provide best evidence against the "risk of overstatement" introduced by shortcomings in evidence. In this context, the term "risk of overstatement", defined in paragraph 34 of the First "E4" Report, is used to refer to cases in which claims contain evidentiary shortcomings that prevent their precise quantification and therefore present a risk that they might be overstated.

IV. THE CLAIMS

27. The Panel reviewed the claims according to the nature and type of loss identified. Therefore, the Panel's recommendations are set out by loss type. Reclassified losses have been dealt with in the section pertaining to the loss types into which the Panel reclassified the losses.

A. Real property

28. Twenty claimants in this instalment filed claims aggregating KWD 1,985,481 (approximately USD 6,870,176) for loss of real property. These claims sought compensation for damage to a number of owned and rented premises in Kuwait.

29. The claims for loss of real property in this instalment did not raise any new legal or verification and valuation issues. The compensability standards and the verification and valuation methodology adopted by the Panel for loss of real property claims are stated in paragraphs 89-101 of the First "E4" Report.

30. The nature of damage to the properties and the location of the affected properties in Kuwait established that the losses were a direct result of Iraq's invasion and occupation of Kuwait. Claims were either based on the actual costs incurred in repairing the properties or on estimates of such costs.

31. Most claimants submitted sufficient evidence to establish their interest in the affected properties and the loss claimed. However, as was the case in earlier "E4" instalments, claimants generally did not exclude regular maintenance or depreciation costs from their claims. The Panel adjusted the claims to account for these costs, which would have been incurred in the normal course of business and were not a direct result of Iraq's invasion and occupation of Kuwait. Similar adjustments were made by the Panel in cases of unforced "betterment", as explained in paragraph 97 of the First "E4" Report.

32. In claims based on estimated repair costs, the Panel sought a reasonable explanation for the claimant's failure to repair or replace the affected property. Where such explanation was absent the Panel adjusted the claim to offset the "risk of overstatement" created by this shortcoming.

33. The Panel's recommendations on real property losses are summarized in annex II.

B. Tangible property, stock, cash and vehicles

34. Tangible property losses are claimed by a majority of the eighth instalment claimants. The claimed losses, relating to stock, furniture and fixtures, equipment, vehicles and cash, aggregate KWD 29,604,208 (approximately USD 102,436,706).

35. With regard to the compensability and the verification and valuation of these tangible property claims, the Panel applied the approach set out in paragraphs 108-135 of the First "E4" Report.

36. The claimants in this instalment generally submitted the same type of evidence encountered by the Panel in earlier "E4" instalments in relation to claims for loss of tangible property. (See the Second 'E4' Report, paras. 55-56.)

37. Abdulla Sayid Rajab Al-Rifai & Sons General Trading & Cont. Co. submitted a claim for loss of fixed assets. The claimant submitted copies of purchase invoices for some of the assets stated to have been lost and an employee's witness statement stating that the assets had been looted. The claim was based on the net book value of the assets on 1 August 1990.

38. A review of the claimant's audited financial statements showed that the amount claimed was consistent with the net book value of fixed assets preceding Iraq's invasion of Kuwait. However, the post-liberation accounts also showed fixed assets at levels that were similar to the pre-invasion levels of fixed assets. The purchase invoices submitted did not support an assumption that the net book value of assets in the post-liberation accounts related to asset purchases made after the liberation of Kuwait. The extraordinary loss recorded by the claimant's auditors in the post-liberation accounts also did not disclose or substantiate any loss of fixed assets. The fact of loss was therefore based solely on a witness statement with no corroboration in the audited financial statements. In view of the insufficient evidence relating to the fact of loss the Panel has recommended no compensation for this item.

39. Al Masar Co. for Trading Building Materials filed a claim for tangible property losses relating to the loss of tools and instruments that had been mortgaged under a bank loan agreement. A copy of this loan agreement was provided and the individual assets claimed were itemised on the loan agreement. However, these items were not shown as fixed assets or stock in the claimant's financial records. The claimant provided no information concerning the basis on which the assets had been valued and there was

insufficient evidence for the Panel to perform an independent valuation of the assets. The claimant also did not provide sufficient evidence to substantiate the extent of the loss claimed or the treatment of the claimant's obligations and the mortgage under the bank loan following the liberation of Kuwait. In view of the insufficient evidence submitted the Panel has recommended no compensation for this item.

40. For most claimants the existence, ownership and value of stocks lost were supported by copies of their audited accounts, original inventory purchase invoices and "roll-forward" calculations, as defined in paragraph 119 of the First "E4" Report. A few claimants sought to rely mainly on employee or related party witness statements to establish the fact of loss of stock. Where the fact of loss of stock was not supported by sufficient evidence, such as extraordinary losses in the claimant's audited post-liberation financial statements, the Panel has recommended no compensation for such losses.

41. Fakher Al-Kuwait Readymade submitted a claim for loss of stock. In its roll-forward calculation to determine the stock held on 1 August 1990, the claimant used the value of sales shown in its audited financial statements for the first seven months of 1990. The claimant also provided sales invoices for the same period. The sales invoices showed sales that were much higher than the value used in the roll-forward calculation. The Panel revised the roll-forward calculation using the value of sales supported by the sales invoices and the claimant's historical gross profit margin. The revised calculation indicated that the claimant would not have held any stock on 1 August 1990. The claimant also stated that a stock count was carried out on 31 July 1990. However the claimant did not provide any explanation for carrying out a stock count on that date, when the claimant's normal financial year ended in December. In view of the insufficient evidence submitted the Panel has recommended no compensation for the stock loss claimed.

42. Al-Rownaq Electrical Equipment and Contracting Co., an electrical equipment retailer, filed a claim for loss of stock. The claimant, incorporated in April 1989, submitted purchase invoices dated between January and July 1990 in support of its claim. The claimant also submitted witness statements from related parties to the effect that the claimant had not made any sales since the date of its incorporation.

43. The Panel noted that the claimant had been incorporated for over a year and had accumulated excessive amounts of stock in the seven months preceding the invasion. Given the volume of stock purchases, the Panel found that the claimant did not sufficiently explain or support its assertion that it did not sell any of the stock that had been accumulated over this seven-month period. The claimant did not provide any financial statements. The claimant also did not provide any other independent documents corroborating the fact

or extent of stock losses claimed. In the circumstances and because of the insufficient evidence submitted the Panel has recommended no compensation for this claim.

44. As was the case in prior instalments of "E4" claims, claims for loss of goods in transit related to goods that were in Kuwait on the day of Iraq's invasion and that were subsequently lost. Successful claimants were able to submit sufficient proof of payment for the goods and establish the ownership, existence and loss of the goods from certificates issued by the Kuwaiti port authorities or shipping agents.

45. A majority of the claimants seeking compensation for cash losses sought to rely on witness statements from related parties without providing further evidence to substantiate their claims. Where claims for cash losses were not supported by sufficient contemporaneous evidence, establishing the possession and amount of cash held on 2 August 1990, the Panel has recommended no compensation.

46. Most claimants with loss of vehicle claims were able to establish their losses by submitting copies of deregistration certificates and additional documents such as post-liberation audited accounts and witness statements that substantiated the fact and circumstances of their losses.

47. Al Naqeeb & Khattar Co. asserted a claim for loss of commercial and motor vehicles. The claimant submitted photographs showing certain damaged vehicles. However, the claimant did not provide any deregistration certificates for these vehicles, despite requests for these documents (see para. 17 above). The claimant's audited financial statements for the period following the liberation of Kuwait also did not reflect the loss of any vehicles. In view of the insufficient evidence submitted, the Panel has recommended no compensation for this loss of vehicles claim.

48. The Panel's recommendations on tangible property, stock, cash and vehicle losses are summarized in annex II.

C. Payment or relief to others

49. One claimant in this instalment submitted a KWD 15,183 (approximately USD 52,536) claim for payment or relief to others.

50. This claim submitted by Hamad Al-Mutawa Trading Establishment Hamad Khalid Al-Mutawa & Partners (W.L.L.) was for termination indemnity payments made to various employees. When reviewing this claim for payment or relief to others, the Panel applied the approach and verification and valuation methodology described in earlier "E4" reports. (See, for example, the Second "E4" Report, paras. 70-74.)

51. In relation to the claim for termination indemnities, the Panel noted that the claimant only provided a schedule listing the names of individual employees stated to have been paid the indemnities. The claimant did not provide any documents to establish that the payments were actually made or that the individuals identified were the claimant's employees just before Iraq's invasion of Kuwait. In view of the insufficient evidence submitted the Panel has recommended no compensation for this claim.

52. The Panel's recommendation on the payment or relief to others claim is summarized in annex II.

D. Loss of profits

53. Seventy-seven per cent of the claimants in this instalment submitted claims for loss of profits aggregating KWD 13,100,020 (approximately USD 45,328,789).

54. Four significant legal and factual issues raised in the first instalment claims were all raised in the claims in this instalment. These relate to the impact and assessment of (i) benefits received under the Government of Kuwait's post-liberation debt settlement programme, (ii) windfall or exceptional profits earned by claimants in the period immediately following the liberation of Kuwait, (iii) the indemnity period for loss of profits claims, and (iv) claims for loss of profits selectively based on profitable lines of business. The conclusions reached by the Panel in relation to these issues are set forth in paragraphs 161-193 of the First "E4" Report. The Panel has applied these conclusions in its considerations and recommendations for the loss of profits claims in this instalment.

55. Despite several requests, some claimants in the eighth instalment did not provide annual accounts for the three financial years preceding and following the period of Iraq's invasion and occupation of Kuwait. The Panel noted that in some cases the failure to submit some accounts was sufficiently explained; for example, where the claimant had commenced trading in the period between 1987 and 1990 or where the claimant had ceased trading following Iraq's invasion and occupation of Kuwait.

56. Loss of profits claims by businesses that failed to provide a full set of annual audited accounts for the relevant periods were regarded as presenting a "risk of overstatement", unless the failure to submit the accounts was sufficiently explained.

57. The verification and valuation methodology adopted by the Panel for loss of profits claims is stated in paragraphs 194-202 of the First "E4" Report.

58. Al Behar for Loading Voiding Ships and Delivery Cargo Co. was incorporated shortly before Iraq's invasion of Kuwait. This claimant filed a

claim for loss of profits that the claimant stated it would have made supplying labourers under two contracts. In view of the claimant's date of incorporation evidence of historical financial performance was not available. The claimant did not submit any other evidence to establish that the two contracts would have been executed profitably. Due to the insufficient evidence submitted, in relation to the claimant's ability to execute the contracts profitably, the Panel has recommended no compensation for this claim.

59. The Panel's recommendations on loss of profits claims are summarized in annex II.

E. Receivables

60. Ten claimants in this instalment asserted claims for uncollectible receivables or "bad debts" aggregating KWD 2,266,792 (approximately USD 7,843,571). All of these claims were for amounts owed by businesses or individuals located in Kuwait prior to Iraq's invasion.

61. As was the case in previous instalments of "E4" claims, most claimants sought compensation for debts that remained uncollected because debtors had not returned to Kuwait after liberation. The Panel reiterates its determination on this matter as set out in paragraphs 209-210 of the First "E4" Report. Claims for debts that have become uncollectible as a result of Iraq's invasion and occupation of Kuwait must demonstrate, by documentary or other appropriate evidence, the nature and amount of debt in question and the circumstances that caused the debt to become uncollectible.

62. The eighth instalment claims for uncollectible receivables were verified and valued in the manner described in paragraphs 211-215 of the First "E4" Report.

63. As discussed above, the Panel has recommended no compensation for claims that relied on the mere assertion that uncollected debts were ipso facto uncollectible because the debtors did not return to Kuwait. Nearly all the claimants failed to provide evidence to demonstrate that their debtors' inability to pay was a direct result of Iraq's invasion and occupation of Kuwait. This shortcoming was brought to the attention of the claimants, in the context of the additional information requested from claimants (see para. 17 above). While a number of responses were received from claimants none satisfied the above criteria.

64. The Panel's recommendations on claims for receivables are summarized in annex II.

F. Restart costs

65. Eleven claimants in this instalment asserted claims aggregating KWD 188,207 (approximately USD 651,235) for restart costs. The amounts claimed as restart costs have been reviewed using the methodology described in paragraphs 221-223 of the First "E4" Report and paragraphs 93-96 of the Second "E4" Report.

66. Kuwait National Construction Building Materials Manufacturing & Trading Co. (K.S.C.) instructed a fund management company in Germany to form a trust and transfer its assets located in Germany into this trust. The claimant stated that this measure was undertaken to protect the assets from being acquired by the Iraqi authorities and sought compensation for costs incurred in relation to this trusteeship arrangement. The claimant did not submit any evidence to establish that the assets located in Germany were under any real threat of being acquired by the Iraqi authorities. The Panel concluded that the decision to create the trusteeship arrangement in Germany was an independent business decision that was not a direct result of Iraq's invasion and occupation of Kuwait. For this reason, the Panel has recommended no compensation for this claim.

67. The Panel's recommendations on restart costs are summarized in annex II.

G. Other losses

68. Seven claimants in this instalment asserted claims aggregating KWD 695,764 (approximately USD 2,407,487) for other losses.

69. Mohammed Sha'alan & Wafic Berry Co. W.L.L. Textile & Readywear submitted a claim for loss of premiums paid on leases for two premises that were destroyed. The claimant indicated that these amounts were paid to obtain leases for the properties and that these sums were in addition to normal rent payments. The claimant submitted no documents, other than a witness statement, to substantiate the actual payment of the premiums. The claimant also provided no documents to demonstrate the extent of damage to the premises or explain why the premises had not been subsequently repaired. In view of the insufficient evidence relating to the claim the Panel has recommended no compensation in this case.

70. Kuwait and Middle East Financial Investment Company filed a claim for costs associated with setting up and running foreign offices during Iraq's invasion and occupation of Kuwait and for a short period thereafter. The Panel found such expenses to be incremental costs incurred as a direct result of Iraq's invasion and occupation of Kuwait. The Panel has recommended compensation for these expenses to the extent the claimant submitted sufficient evidence to establish that the expenses were incurred for the foreign offices. However, the Panel adjusted its recommended award to offset

the "risk of overstatement" associated with evidentiary shortcomings in relation to the claimant's efforts to mitigate its loss.

71. Tola Gold Company Fatema Hussein Al Eassa & Partners filed a claim in relation to bank interest and commissions paid on certain letters of guarantee. Prior to 2 August 1990 the claimant was delivered a consignment of gold against two letters of guarantee issued by local banks. The letters were valid until 3 March 1991 and the claimant stated that no payment was made on delivery, as it was the claimant's normal procedure to effect payment on the due date. The claimant stated that due to Iraq's invasion of Kuwait, the beneficiary cashed in the letters of guarantee soon after 2 August 1990. The claimant's accounts were subsequently debited for the guarantee amount and interest and commissions were charged for the period from 1 August 1990 to 21 December 1991. The claimant did not provide the guarantee agreements or any other documents to substantiate its statement that payment would not normally have been made at the time of delivery. Further, since the gold had been delivered, the Panel found that it would be reasonable for the beneficiary to have demanded payment any time after delivery in the normal course of business. For these reasons, the Panel found that the claimant had not sufficiently established that the amount claimed represented losses incurred as a direct result of Iraq's invasion and occupation of Kuwait. The Panel has therefore recommended no compensation for this claim.

72. The claim of Gulf Colour Film Lab Company contained an arithmetical error due to which the claim value set out on Form E was overstated by a sum of KWD 9,999. For reporting purposes this amount was reclassified to other losses and no award has been recommended in relation thereto.

73. Claims for "other losses" that have been dealt with in prior "E4" instalments were reviewed in the manner stated in earlier "E4" reports. (See, for example, the Second "E4" Report, para. 108 dealing with the treatment of prepaid expenses.)

74. The Panel's recommendations on other losses are summarized in annex II.

V. OTHER ISSUES

A. Applicable dates for currency exchange rate and interest

75. In relation to the applicable dates for currency exchange rate and interest, the Panel has adopted the approach discussed in paragraphs 226-233 of the First "E4" Report.

B. Claim preparation costs

76. The Panel has been informed by the Executive Secretary of the Commission that the Governing Council intends to resolve the issue of claim preparation costs in the future. Accordingly, the Panel has made no recommendation with respect to compensation for claim preparation costs.

VI. RECOMMENDED AWARDS

77. Based on the foregoing, the awards recommended by the Panel for claimants in the eighth instalment of "E4" claims are set out in annex I to this report. The underlying principles behind the Panel's recommendations on claims in this instalment are summarized in annex II to this report. All sums have been rounded to the nearest KWD and therefore the amounts may vary from the amount stated on Form E by one KWD.
