LETTER DATED 1 AUGUST 1988 FROM THE PERMANENT REPRESENTATIVE OF
IRAQ TO THE UNITED NATIONS ADDRESSED TO THE SECRETARY-GENERAL

On instructions from my Government and further to our numerous letters, the latest of which was issued under the symbol S/20029, concerning the continuing bombardment by the Iranian régime of strictly residential areas within Iraq, I have the honour to inform you that on 22 July 1988 the armed forces of the Iranian aggressor shelled the residential area of Beymalik, which was hit by three shells that killed three civilians and wounded four others and damaged a dwelling.

The forces of the Iranian aggressor also attacked Iraqi military sectors using a chemical agent (phosgene) on 26 July 1988.

I should be grateful if you would have the text of this letter distributed as a document of the Security Council.

(Signed) Ismat KITTANI
Permanent Representative
