Section IV

Brazil is flexible with respect to the format of the follow-up mechanism. However, we have strong preference for a format that would allow for a dynamic, universal and effectively *multilateral* follow-up to the July Conference. The structure of the mechanism suggested by L.4/Rev.1, based on the convening of large meetings every two years, may not be enough to allow for the dynamism our efforts require. Moreover, it could be burdensome and costly. We suggest that we build on the idea contained in the previous version of the draft programme of action regarding the establishment of an *ad hoc* mechanism.

Para.1: Rephrase as follows

"1. We, the States participating in the United Nations Conference [...] recommend to the General Assembly the following agreed steps to be undertaken for the effective follow-up of the Conference:

- (a) **to establish an *ad hoc* follow-up mechanism subsidiary to the UN General Assembly;**
- (b) **to convene regional or subregional follow-up meetings and conferences, including technical seminars, with the assistance of, *inter alia*, the United Nations and other relevant international and regional organizations;**
- (c) to convene a Review Conference no later than 2006 to review progress made in the implementation of the Programme of Action."

Include a para. 2bis, as follows:

"The ad-hoc mechanism will be in charge of examining ways and means to further strengthen and develop measures contained in the Programme of Action, including negotiation of an international instrument to identify and trace the illegal lines of supply of small arms and light weapons."

Transform para. 2 into para.3, and rephrase it as follows:

"3. Finally, we, the States participating in the United Nations Conference on the Illicit Trade in Small Arms and Light Weapons in All Its Aspects:

- (a) [Encourage the] **Welcome further initiatives by** United Nations and other appropriate international and regional organizations [to undertake initiatives] to promote the implementation of the Programme of Action;
- (b) **Strongly** encourage all initiatives to mobilize resources and expertise to promote the implementation of the Programme of Action and to provide assistance to States in their implementation of the Programme of Action;

- (c) Request the Secretary-General of the United Nations, through the Departament of Disarmament Affairs, to collate and circulate data and information provided by States on a voluntary basis on small arms and light weapons, and to distribute in the *ad hoc* follow-up mechanism the national reports submitted by States on implementation of the Programme of Action. [similar phrasing to para. 32 of Section II of L.4/Rev.1]**
- (d) Further encourage non-governmental organizations and civil society to be engaged as partners, as appropriate, in all aspects of international, regional, subregional and national efforts to implement this Programme of Action."**
