LETTER DATED 17 JULY 1975 FROM THE CHARGE D'AFFAIRES, a.i. OF CYPRUS
TO THE UNITED NATIONS ADDRESSED TO THE SECRETARY-GENERAL

Upon instructions from my Government, I have the honour to bring to your notice further violations of the air space of the Republic of Cyprus by flights of the Turkish Air Force over its territory as follows:

On 16 July 1975 at 1015 hours, a Turkish "Dakota" war plane violated the air space of the Republic of Cyprus by flying from Cape Andreas to Cape Greco at an altitude of 500.

On the same day at 1930 hours, two Turkish jet fighters violated the air space of the Republic and carried out repeated dives over the township of Mia Milia. At the same time, another Turkish jet fighter flew over the same township and the village of Geuneyli, very near Nicosia.

On behalf of my Government, I again emphatically protest these aggressive actions of Turkey, in clear violation of the cease-fire agreement, which continue unabated.

I would be grateful if this letter were circulated as a document of the Security Council.
