Introduction

1. At its thirtieth session, held on 14-16 December 1998, the Governing Council of the United Nations Compensation Commission (the "Commission") appointed Messrs. Luiz Olavo Baptista ("Chairman"), Jean Naudet, and Jianxi Wang as the second Panel of Commissioners (the "Panel") charged with reviewing category "E4" claims. The "E4" population consists of claims, other than oil sector and environmental claims, submitted by Kuwaiti private-sector corporations and other entities eligible to file claims under the Commission's "Claim Forms for Corporations and Other Entities" ("Form E").

2. A sixteenth instalment consisting of 121 "E4" claims was submitted to the Panel on 25 January 2001, in accordance with article 32 of the Provisional Rules for Claims Procedure (S/AC.26/1992/10) (the "Rules"). As explained in paragraph 10 below, the Panel has directed the secretariat to transfer one of these claims to the category "D" claims population.

3. Pursuant to article 38 of the Rules, this report contains the Panel's recommendations to the Governing Council concerning the remaining sixteenth instalment claims.

I. OVERVIEW OF THE SIXTEENTH INSTALMENT CLAIMS

4. The sixteenth instalment claims were selected from the population of approximately 2,750 "E4" claims on the basis of criteria that include, *inter alia*, the size, volume and complexity of the claims, the legal, factual, and valuation issues raised by the claims, and the date of filing of the claims with the Commission.

5. The sixteenth instalment claimants filed losses aggregating 55,326,805 Kuwaiti dinars (KWD) (approximately 191,442,232 United States dollars (USD)). The claimants also filed claims for interest totalling KWD 2,071,762 (approximately USD 7,168,727) and claim preparation costs aggregating KWD 245,828 (approximately USD 850,616).

6. The nature of the legal and factual issues raised in each claim and the amount of documentation provided in support of each claim has allowed the Panel to complete its verification of the claims within 180 days of the date on which the sixteenth instalment claims were submitted to the Panel.

7. All claimants in the sixteenth instalment operated in Kuwait before Iraq's invasion and occupation of Kuwait. Most conducted trading operations, while a few were engaged in manufacturing and service industries.

8. The two most common loss types asserted by claimants in this instalment are loss of tangible property (mainly stock, furniture, fixtures, equipment and vehicles) and loss of earnings or profits. Claimants have also sought compensation for uncollectible receivables, restart costs, interest and claim preparation costs as "other losses".

II. THE PROCEEDINGS

9. Before the sixteenth instalment claims were submitted to the Panel, the secretariat undertook a preliminary assessment of the claims in accordance with the Rules. This review is described in paragraph 11 of the "Report and recommendations made by the Panel of Commissioners concerning the first instalment of 'E4' claims" (S/AC.26/1999/4) (the "First 'E4' Report"). The results of the review were entered into a centralized database maintained by the secretariat (the "Claims Database").

10. Originally, 11 claims presented formal deficiencies and the secretariat issued notifications to these claimants pursuant to article 15 of the Rules. Most claimants corrected the formal deficiencies. One claimant, Al Gazelle Club, was sent a notification requesting it to submit a copy of its articles of association or similar documents providing the information required under article 14(2) of the Rules. The claimant's response, received on 11 April 2001, stated that the claimant did not have any articles of association because the claimant was a sole proprietary establishment owned by the heirs of a deceased Kuwaiti individual. As the claimant was not an incorporated body, but a sole proprietary establishment, the Panel directed the secretariat to transfer this claim to the category "D" claims population. Accordingly, the Panel makes no further recommendations in relation to this claim.

11. A substantive review of the claims was undertaken to identify significant legal, factual and valuation issues. The results of the review, including the significant issues identified, were recorded in the Claims Database.

12. The Executive Secretary of the Commission submitted report Nos. 32 and 33 dated 6 July 2000 and 6 October 2000 respectively, to the Governing Council in accordance with article 16 of the Rules. These reports covered, *inter alia*, the sixteenth instalment of "E4" claims and presented the significant legal and factual issues identified in these claims. A number of Governments, including the Government of Iraq, submitted additional information and views in response to the article 16 reports of the Executive Secretary.

13. At the conclusion of the (i) preliminary assessment; (ii) substantive review; and (iii) article 16 reporting, the following documents were made available to the Panel:

- (a) The claim documents submitted by the claimants;
- (b) The preliminary assessment reports prepared under article 14 of the Rules;
- (c) Information and views of Governments, including the Government of Iraq, received in response to the article 16 reports; and
- (d) Other information deemed, under article 32 of the Rules, to be useful to the Panel for its work.

14. For the reasons stated in paragraph 17 of the First “E4” Report, the Panel retained the services of an accounting firm and a loss adjusting firm as expert consultants. The Panel directed the expert consultants to review each claim in the sixteenth instalment in accordance with the verification and valuation methodology developed by the Panel. The Panel directed the expert consultants to submit to the Panel a detailed report for each claim summarizing the expert consultants’ findings.

15. By its procedural order dated 25 January 2001, the Panel gave notice of its intention to complete its review of the sixteenth instalment claims and submit its report and recommendations to the Governing Council within 180 days of 25 January 2001. This procedural order was transmitted to the Government of Iraq and the Government of Kuwait.

16. Pursuant to article 34 of the Rules, additional information and evidence was requested from the claimants in order to assist the Panel in its review of the claims. Claimants who were unable to submit the evidence requested were asked to provide reasons for their inability to comply with such requests. All requests for additional information and evidence were directed through the Government of Kuwait’s Public Authority for Assessment of Compensation for Damages Resulting from Iraqi Aggression (“PAAC”). These requests were made in relation to the entire “E4” claims population and not just the sixteenth instalment claims.

17. The requests for additional information and evidence are described in prior “E4” reports, e.g., paragraphs 19-24 of the “Report and recommendations made by the Panel of Commissioners concerning the fourth instalment of ‘E4’ claims” (S/AC.26/1999/18) (the “Fourth ‘E4’ Report”) and paragraph 18 of the “Report and recommendations made by the Panel of Commissioners concerning the sixth instalment of ‘E4’ claims” (S/AC.26/2000/8) (the “Sixth ‘E4’ Report”). These requests are not restated in this report.

18. An additional level of verification was performed to determine if related claimants filed duplicate claims. This review is described in paragraph 18 of the Fourth “E4” Report. Pursuant to article 34 of the Rules, the secretariat also sought specific clarifications from one claimant in the sixteenth instalment, i.e., Kuwait Food Processing Company. The Panel has considered the response submitted by this claimant.

19. Based on its review of the documents submitted and the additional information obtained, the Panel concluded that the issues presented in the sixteenth instalment claims had been adequately developed and that oral proceedings were not required to assist with the Panel’s review of the claims.

III. LEGAL FRAMEWORK AND VERIFICATION AND VALUATION METHODOLOGY

20. The legal framework and the verification and valuation methodology applied to the evaluation of the claims in this instalment is the same as that used in earlier "E4" instalments. This framework and methodology are discussed in paragraphs 25-62 of the First "E4" Report. Subsequent "E4" reports discuss additional legal and verification and valuation issues that were encountered in later instalments of "E4" claims. These various elements of the Panel's review are not restated in this report. Instead this report refers to sections in the previous "E4" reports where such issues have been addressed.

21. Where the Panel encountered issues not addressed in prior "E4" reports, the Panel developed methodologies for verifying and valuing the losses. These new issues are discussed in the text of this report. The Panel's specific recommendations on the losses asserted in this instalment and the reasons therefor are set out in the annexes to this report.

22. Before discussing the Panel's specific recommendations for compensating the sixteenth instalment claims, it is important to restate that the Panel's approach to the verification and valuation of these claims balances the claimant's inability always to provide best evidence against the "risk of overstatement" introduced by shortcomings in evidence. In this context, the term "risk of overstatement", defined in paragraph 34 of the First "E4" Report, is used to refer to cases in which claims contain evidentiary shortcomings that prevent their precise quantification and therefore present a risk that they might be overstated.

IV. THE CLAIMS

23. The Panel reviewed the claims according to the nature and type of loss identified. Therefore, the Panel's recommendations are set out by loss type. Reclassified losses have been dealt with in the section pertaining to the loss types into which the Panel reclassified the losses.

A. Contract

24. Two claimants in the present instalment asserted loss of contract claims aggregating KWD 39,574 (approximately USD 136,934). Claims for loss of contract in this instalment do not relate to contracts with the Government of Iraq or to contracts requiring performance in Iraq.

25. The Panel's approach to the compensability of contract losses is stated in prior "E4" reports, and the verification and valuation methodology adopted by the Panel for the loss of contract claims is discussed in paragraphs 77-84 of the First "E4" Report.

26. Najd Industry & Trading Co. filed a claim for exchange rate losses incurred in connection with a contract. In June 1990, the claimant contracted with the Kuwait Institute for Scientific Research ("KISR") to install a systematic unit to test catalytic materials. The contract was originally scheduled to have been completed by June 1991 but its performance was interrupted by Iraq's invasion and occupation of Kuwait. In October 1991, the claimant and KISR agreed to reactivate the contract with an extended performance period but without any change in price. In 1992, the claimant incurred costs to import

materials needed for the reactivated contract. The claimant argued that the exchange rates it bore in 1992 were higher than the exchange rates it would have borne had it been able to import materials in 1990. The claimant seeks compensation for the increased exchange rate costs incurred in 1992.

27. In its submissions, the claimant indicated that when it chose to reactivate the contract with KISR it was aware that it would incur some losses if the reactivation was agreed on at pre-invasion prices. However, in its statement of claim, the claimant stated that it chose to reactivate the contract without any increase in price so that it could protect its business relationship with KISR for future contracts. The Panel therefore concluded that any loss incurred on the reactivated contract was the result of an independent business decision made by the claimant. It was not a direct result of Iraq's invasion and occupation of Kuwait. The Panel therefore recommends no compensation for this claim.

28. The Panel's recommendations on contract losses are summarized in annex II.

B. Real property

29. Twenty-two claimants in this instalment filed claims aggregating KWD 2,998,841 (approximately USD 10,376,612) for loss of real property. These claims sought compensation for damage to a number of owned and rented premises in Kuwait.

30. The compensability standards and the verification and valuation methodology adopted by the Panel for loss of real property claims are stated in paragraphs 89-101 of the First "E4" Report.

31. Claimants in this instalment submitted the same type of evidence encountered by the Panel when reviewing real property claims in earlier "E4" instalments. This evidence is described in paragraphs 102-106 of the First "E4" Report.

32. Al Jahma Cement Bricks & General Contracting Co. submitted a claim for damage to its factory building. The claimant provided photographs and witness statements to support the loss asserted. The claimant also provided evidence to show that it sold the affected building in 1994 for a value that was significantly higher than the net book value of the building on 2 August 1990. The claimant did not submit any evidence to indicate that it had incurred costs or conducted any works that would have increased the value of the building between 2 August 1990 and the date of the sale. In view of the sale, the Panel concluded that the claimant had failed to provide sufficient evidence to demonstrate that it suffered a loss in relation to the building. The Panel therefore recommends no compensation for this claim.

33. The Panel's recommendations on real property losses are summarized in annex II.

C. Tangible property, stock, cash and vehicles

34. Tangible property losses are claimed by a majority of the sixteenth instalment claimants. The claimed losses, relating to stock, furniture and fixtures, equipment, vehicles and cash, aggregate KWD 25,085,646 (approximately USD 86,801,543).

35. With regard to the compensability and the verification and valuation of these claims for tangible property, stock, cash and vehicles, the Panel applied the approach set out in paragraphs 108-135 of the First "E4" Report.

36. The claims for loss of tangible property in this instalment did not raise any new legal or verification and valuation issues. Claimants in this instalment submitted the same type of evidence encountered by the Panel when reviewing tangible property claims in earlier "E4" instalments. This evidence is described in paragraphs 47-48 of the Fourth "E4" Report.

37. The claims for loss of stock and goods in transit in this instalment did not raise any new legal or verification and valuation issues. For most claimants the existence, ownership and value of stocks lost were supported by copies of their audited accounts, original inventory purchase invoices and "roll-forward" calculations, as defined in paragraph 119 of the First "E4" Report. A few claimants sought to rely mainly on employee or related party witness statements to establish the fact of loss of stock. Where the fact of loss of stock was not supported by sufficient evidence, such as the showing of extraordinary losses in the claimant's audited post-liberation financial statements, the Panel has recommended no compensation for such losses.

38. As was the case in prior instalments of "E4" claims, most claims for loss of goods in transit related to goods that were in Kuwait on the day of Iraq's invasion and that were subsequently lost. Successful claimants were able to submit sufficient proof of payment for the goods and establish the ownership, existence and loss of the goods from certificates issued by the Kuwaiti port authorities or shipping agents.

39. Many claimants seeking compensation for cash losses sought to rely on witness statements from related parties without providing further evidence to substantiate their claims. Where claims for cash losses were not supported by sufficient contemporaneous evidence, establishing the possession and amount of cash held on 2 August 1990, the Panel has recommended no compensation.

40. Saleh Jamal & Co. asserted a claim for loss of cash. Most of its claim related to cash that was stated to have been held in banks in Iraq on 2 August 1990. The claimant submitted a statement from Al Rafidain Bank in Iraq and a hand-written internal document showing the balance on 31 March 1990. The statement from Al Rafidain Bank indicated that the claimant held certain funds in Iraq on 30 September 1989. The claimant stated that the money represented instalment payments on contracts being performed in Iraq and that the money was transferred to Kuwait every quarter. The Panel also noted the E3 Panel's views concerning claims for money held in Iraqi banks, that "for such a claim to succeed it would be necessary to establish that in the particular case, Iraq would have permitted the exchange of such funds

into hard currency for the purposes of export". ("Report and recommendation made by the Panel of Commissioners concerning the fourth instalment of 'E3' claims", S/AC.26/1999/14, para. 144.) Although the claimant asserted that the sums could be repatriated, it did not submit any evidence in support of this assertion. Further, the claimant did not submit any evidence to demonstrate the movement of cash between 30 September 1989 and 2 August 1990. The claimant also did not provide any documents to support the balance held in Iraq on 2 August 1990. In view of the above, the Panel concluded that the claimant had not provided sufficient evidence to support its claim. The Panel therefore recommends no compensation for this claim.

41. The claims for loss of vehicles in this instalment did not raise any new legal or verification and valuation issues. Most claimants with loss of vehicle claims were able to establish their losses by submitting copies of deregistration certificates and additional documents such as post-liberation audited accounts and witness statements that substantiated the facts and circumstances of their losses.

42. The Panel's recommendations on tangible property, stock, cash and vehicle losses are summarized in annex II.

D. Payment or relief to others

43. Ten claimants in this instalment submitted claims for payment or relief to others aggregating KWD 383,530 (approximately USD 1,327,093).

44. When reviewing these claims for payment or relief to others, the Panel applied the approach and the verification and valuation methodology described in earlier "E4" reports, such as in paragraphs 59-63 of the Fourth "E4" Report.

45. The Kuwait Red Crescent Society submitted a claim for payment or relief to others that included the cost of purchasing clothing and medicines for relief purposes. The claimant also sought compensation for the cost of transporting relief supplies from Bahrain to Kuwait. The Panel noted the "F2" Panel's view concerning the need to establish the temporary and extraordinary nature of such expenses. (See "Report and recommendations made by the Panel of Commissioners concerning the first instalment of 'F2' claims," S/AC.26/1999/23, para. 31.) Therefore, when reviewing these claims, the Panel noted it was necessary to examine the nature of the expenses incurred. Based on the evidence submitted, the Panel found that expenses related to the purchase of clothing and medicines were in the nature of general, regular expenses incurred by the claimant in the course of its normal operations. The Panel therefore recommends that this portion of the claim be reclassified to loss of profits. The Panel found that the transportation costs were temporary and extraordinary expenses that were incurred as a direct result of Iraq's invasion and occupation of Kuwait because the claimant had to relocate its operations to Bahrain. The Panel examined the evidence submitted in relation to the transportation costs and noted that the claimant had provided sufficient evidence to support the entire amount claimed for transportation costs, but that the claim warranted adjustment on account of the exchange rates used in the claimant's calculation of its costs. Since these costs were incurred as a direct result of Iraq's invasion and

occupation of Kuwait, and since the claim for these costs was supported by sufficient evidence, the Panel recommends compensating these specific and non-regular transportation costs with an adjustment for exchange rates.

46. The Panel's recommendations on the payment or relief to others claims are summarized in annex II.

E. Loss of profits

47. Eighty per cent of the claimants in this instalment submitted claims for loss of profits aggregating KWD 17,262,428 (approximately USD 59,731,585).

48. Four significant legal and factual issues raised in the first instalment claims were also relevant to the claims in this instalment. These relate to the impact and assessment of (i) benefits received under the Government of Kuwait's post-liberation debt settlement programme, (ii) windfall or exceptional profits earned by claimants in the period immediately following the liberation of Kuwait, (iii) the indemnity period for loss of profits claims, and (iv) claims for loss of profits selectively based on profitable lines of business. The conclusions reached by the Panel in relation to these issues are set forth in paragraphs 161-193 of the First "E4" Report. The Panel has applied these conclusions in its considerations and recommendations for the loss of profits claims in this instalment.

49. The verification and valuation methodology adopted by the Panel for loss of profits claims is stated in paragraphs 194-202 of the First "E4" Report.

50. Despite specific requests, some claimants in the sixteenth instalment did not provide annual accounts for the three financial years preceding and following the period of Iraq's invasion and occupation of Kuwait. The Panel noted that in some cases the failure to submit some accounts was sufficiently explained; for example, where the claimant had commenced trading in the period between 1987 and 1990, or where the claimant had ceased trading following Iraq's invasion and occupation of Kuwait.

51. Loss of profits claims by businesses that failed to provide a full set of annual audited accounts for the relevant periods were regarded as presenting a "risk of overstatement", unless the failure to submit the accounts was sufficiently explained.

52. The Kuwait Red Crescent Society asserted a claim for loss of rental income and loss of funding from the Ministry of Social Affairs of the Government of Kuwait. Because of the nature of these claims, the Panel sought to verify and value these claims, and the claims for regular expenses referred to in paragraph 45 above, as claims for loss of profits or surplus income. When reviewing the claimant's financial statements relating to periods between 1987 and 1993, the Panel noted that the claimant's average annual net surplus in the financial statements for 1990-1991 was far in excess of the claimant's historical average annual net surplus. The Panel also noted that the claimant enjoyed a substantial and unexplained increase in cash donations during the same period. In view of the significant increase in cash donations received and the increase in average annual net surplus in 1990-1991, the Panel concluded that

the claimant did not submit sufficient evidence to establish that it suffered any loss of surplus income. The Panel therefore recommends no compensation for this claim.

53. The Panel's recommendations on loss of profits claims are summarized in annex II.

F. Receivables

54. Twenty-nine claimants in this instalment submitted claims for "bad debts" aggregating KWD 3,443,619 (approximately USD 11,915,637). Most of these claims were for amounts owed by businesses or individuals located in Kuwait prior to Iraq's invasion.

55. The claims for loss of receivables in this instalment did not raise any new legal or verification and valuation issues. As was the case in previous instalments of "E4" claims, most claimants sought compensation for debts that remained uncollected because debtors had not returned to Kuwait after liberation. The Panel reiterates its determination on this matter as set out in paragraphs 209-210 of the First "E4" Report. Claims for debts that have become uncollectible as a result of Iraq's invasion and occupation of Kuwait must demonstrate, by documentary or other appropriate evidence, the nature and amount of debt in question and the circumstances that caused the debt to become uncollectible.

56. The sixteenth instalment claims for uncollectible receivables were verified and valued in the manner described in paragraphs 211-215 of the First "E4" Report. As discussed above, the Panel recommends no compensation for claims that relied on the mere assertion that uncollected debts were ipso facto uncollectible because the debtors did not return to Kuwait. Most claimants failed to provide evidence to demonstrate that their debtors' inability to pay was a direct result of Iraq's invasion and occupation of Kuwait. This shortcoming was brought to the attention of the claimants, in the context of the additional information requested from claimants (see paragraph 17 above). While a number of responses were received from claimants, few satisfied the above criteria.

57. The Panel's recommendations on claims for receivables are summarized in annex II.

G. Restart costs

58. Sixteen claimants in this instalment submitted claims for restart costs aggregating KWD 753,131 (approximately USD 2,605,990).

59. The claims for restart costs in this instalment did not raise any new legal or verification and valuation issues. The amounts claimed as restart costs have been reviewed using the methodology described in paragraphs 221-223 of the First "E4" Report and paragraphs 86-91 of the Fourth "E4" Report.

60. The Panel's recommendations on restart costs are summarized in annex II.

H. Other losses

61. Twenty-eight claimants in this instalment submitted claims for "other losses" aggregating KWD 4,850,036 (approximately USD 16,782,131).

62. Many of these claims were for "other losses" that have been addressed by the Panel in previous reports (e.g., claims for cancelled currency and prepaid expenses). Claims for "other losses" that have

been dealt with in prior "E4" instalments were reviewed in the manner stated in earlier "E4" reports. (See, for example, the Fourth "E4" Report, paragraphs 93 and 94, which deals with the treatment of cancelled currency and paragraph 103, which deals with the treatment of prepaid expenses.)

63. Gulf Trading & Refrigerating Company W.L.L. submitted a claim for additional freight costs. The claimant stated that in order to prevent the loss of goods that were being shipped at the time of Iraq's invasion of Kuwait, it had a shipment from a company in England diverted from Kuwait. The claimant also stated that the additional freight costs for this diversion were to be shared between the claimant and the company in the United Kingdom. The claimant submitted a debit advice from its bank in Kuwait that showed a transfer of funds to the company in England. The amount stated on the debit advice was equal to the amount claimed for shipping costs. However, the claimant did not submit evidence to establish that the goods were diverted to another port. The company in England was a regular supplier to the claimant and the claimant would have owed that company money from time to time for its usual purchases of goods. In that regard, the claimant also did not submit any evidence to establish that the amount paid in the debit advice submitted was for, or otherwise applied to, the additional freight costs claimed. Therefore, the Panel concluded that the claimant had not submitted sufficient evidence to establish the facts and circumstances of the claim. The Panel therefore recommends no compensation for this amount.

64. Al Homaizi Foodstuff Company W.L.L. asserted a claim for costs relating to six projects that were stated to have been in progress on 2 August 1990. These projects involved establishing various restaurants in Kuwait and other countries in the Middle East. The claimant provided self-generated statements of accounts for each of the projects. An extraordinary loss of capital work in progress was reported in the claimant's audited financial statements for 1991. However, the claimant failed to provide sufficient evidence to demonstrate that the costs stated to have been incurred were for projects that were not resumed as a direct result of Iraq's invasion and occupation of Kuwait. The claimant also failed to provide evidence to establish that the projects were feasible prior to Iraq's invasion and occupation of Kuwait or that the projects were abandoned as a direct result of Iraq's invasion and occupation of Kuwait. The Panel concluded that the claimant failed to submit sufficient evidence to substantiate the facts and circumstances of the loss claimed. The Panel therefore recommends no compensation for this claim.

65. Al Mulla Security Services Co. W.L.L. provided cash collection and security services to various Kuwaiti companies. Before Iraq's invasion and occupation of Kuwait, the claimant contracted to provide some of these services to a Kuwaiti business, Safat Catering Company ("Safat"). Under this contract, the claimant was required to collect salary cheques from Safat and, within 24 hours of such collection, to cash the cheques and distribute the salaries to Safat's employees. The contract provided that the claimant was not liable to Safat for losses due to war, invasions, or acts of foreign enemies.

66. The evidence submitted indicated that the claimant collected salary cheques from Safat on 31 July 1990 and cashed these cheques on 1 August 1990. However, the claimant did not distribute the related salaries to Safat's employees on 1 August 1990, as it should have done under the contract. Following Iraq's invasion and occupation of Kuwait, Safat sued the claimant in the Kuwaiti courts, which found the claimant had breached its contractual obligation to distribute the salary on 1 August 1990 and required the claimant to compensate Safat for the value of the salary cheques collected from Safat as well as for legal fees and other costs. The claimant seeks compensation for the loss of the salary amounts as well as for the additional fees and costs paid as a result of the Kuwaiti court decisions.

67. The Panel concluded, from its review of all the evidence provided, that the claimant's loss of the salary amounts during Iraq's invasion and occupation of Kuwait was separate and distinct from the losses arising due to the breach of contract case between Safat and the claimant. The breach of contract action between Safat and the claimant was related to events that occurred on 1 August 1990. However, the Kuwaiti courts' findings in that case were relevant to establish losses that the claimant suffered after 1 August 1990, as a direct result of Iraq's invasion and occupation of Kuwait. The Kuwaiti courts found that the claimant held the cash representing the salary amounts on 1 August 1990. The evidence submitted by the claimant established that this cash was stolen thereafter as a direct result of Iraq's invasion and occupation of Kuwait. The claimant's 1993 financial statements also contained extraordinary losses indicating that the claimant bore the cost of this theft. Therefore, the Panel recommends compensation for the cash that was stolen as a direct result of Iraq's invasion and occupation of Kuwait. However, and as stated above, the claim for court fees and other costs was related to a breach of contract that occurred on 1 August 1990. Therefore, the Panel found that these costs were not a direct result of Iraq's invasion and occupation of Kuwait and the Panel has not recommended any compensation for these additional fees and costs.

68. The same claimant, Al Mulla Security Services Co. W.L.L., also filed an additional claim seeking compensation for cash bags stated to have been stolen from its vault. The claimant asserted that the cash bags were held on behalf of various clients. The amount claimed for the cash bag losses was based on estimates derived by the claimant from an internally generated vault log. The claimant also sought to support its claim by providing sample contracts with the clients on whose behalf cash was stated to have been held, as well as copies of photographs and related-party witness statements. The Panel noted from a review of all the evidence provided, including copies of the claimant's financial statements and the sample contracts, that the claimant had not provided sufficient evidence to demonstrate that it had incurred the loss claimed. The Panel recommends no compensation for this portion of the claim on the basis that the claimant has failed to provide sufficient evidence to substantiate the facts and circumstances of the loss alleged.

69. Bubiyan Fisheries Co. K.S.C. (Closed) stated that before 2 August 1990, it intended to purchase 18 floating boxes at a price of KWD 20,000 each (i.e., approximately USD 69,204 each) to produce 240 tons of 'sobeyti' fish. However, the claimant stated that due to Iraq's invasion and occupation of Kuwait and the loss of the 'sobeyti' fish studies it was delayed in purchasing these boxes. Once the claimant

returned to normal operations the cost of the boxes had almost doubled. The amount claimed represented the difference between the two purchase prices. The claimant did not submit any evidence to establish that it contracted or otherwise committed to purchase the boxes before 2 August 1990. The Panel therefore concluded that the claimant had not provided sufficient evidence to establish the facts and circumstances of the loss alleged. The Panel therefore recommends no compensation for this claim.

70. The same claimant, Bubiyan Fisheries Co. K.S.C. (Closed), also raised a claim relating to the cost of capitalized expenses for research, studies and experiments conducted before Iraq's invasion of Kuwait. The claimant stated that it paid various Kuwaiti agencies for research work and studies concluded in 1987, 1988 and 1990 in connection with fish-planting projects. In 1988 the claimant began amortizing the amounts paid for the studies. However, the claimant reversed the amortization in its 1989 financial statements. The claimant's auditors explained, in the 1989 accounts, that the claimant's Board of Directors had decided to postpone the amortization of the amounts until work commenced on the underlying projects that were to have been undertaken as a result of the studies.

71. The Panel considered the "F3" Panel's recommendations concerning the valuation of a similar claim. This Panel agrees with the findings of the "F3" Panel that such claims should be valued on the basis of the historical costs of the investment with adjustments to account "for information remaining after liberation and information that no longer retained significant value as at 2 August 1990". ("Report and recommendations made by the Panel of Commissioners concerning the second instalment of 'F3' claims," S/AC.26/2001/7, para. 143.)

72. In the present case, although a majority of the studies had been completed by 31 December 1987, no work had started on the projects at the date of Iraq's invasion and occupation of Kuwait, i.e., 31 months later. Apart from the minutes of a board meeting in March 1987, which stated that the studies indicated the possibility of economic and technical success subject to the receipt of financing, the claimant submitted no evidence to establish that the projects would have been undertaken or that the studies would not have been written-off as unfeasible. In particular, the claimant submitted no evidence of any attempts made to obtain financing for the projects before 2 August 1990. The claimant also did not submit any evidence of attempts made post-liberation to reinstate the studies lost or to commence any of the projects. In view of the above, the Panel concluded that the claimant had failed to provide sufficient evidence to establish that the information stated to have been lost retained significant value on 2 August 1990. The Panel therefore recommends no compensation for this claim.

73. The Panel's recommendations on "other losses" are summarized in annex II.

V. OTHER ISSUES

A. Applicable dates for currency exchange rate and interest

74. In relation to the applicable dates for currency exchange rate and interest, the Panel has adopted the approach discussed in paragraphs 226-233 of the First "E4" Report.

B. Claim preparation costs

75. The Panel has been informed by the Executive Secretary of the Commission that the Governing Council intends to resolve the issue of claim preparation costs in the future. Accordingly, the Panel has made no recommendation with respect to compensation for claim preparation costs.

VI. RECOMMENDED AWARDS

76. Based on the foregoing, the awards recommended by the Panel for claimants in the sixteenth instalment of "E4" claims are set out in annex I to this report. The underlying principles behind the Panel's recommendations on claims in this instalment are summarized in annex II to this report. All sums have been rounded to the nearest Kuwaiti dinar and therefore the amounts may vary from the amount stated on Form E by one Kuwaiti dinar.
