(Issued by the Ministry of Information of Democratic Kampuchea)

I. NORTH-EASTERN ZONE

A. Ratanakiri-Stung Trèng front

1. On the Ratanakiri-Stung Trèng front, to which Viet Nam has sent several thousand soldiers, supported by hundreds of cannon and Soviet MIGs, to destroy the forces of Democratic Kampuchea and to annex the north-eastern region of Kampuchea to central Viet Nam, the guerrillas and the population have inflicted heavy losses on the enemy. The crop-clearing campaign of the Vietnamese invaders has been blocked since the end of September at Chantou and Au Nong on the western flank and at Barkev on the eastern flank, and troop movements are impossible. According to provisional returns, from the start of the operation in early September to 22 September, Vietnamese troop losses have been 149 killed and 118 wounded, together with a battalion which was wiped out at Voeunsay airport on 14 September during a special attack.

B. Mondulkiri front

2. At Koh Mnheul, the guerrillas are continuing to annihilate Vietnamese troops engaged in the crop-clearing operation. Thirty-six of them were killed and 25 injured on 15 September, and on the following day a further 8 were killed and 15 injured.

C. Kratié front

3. In the Kratié district, on 16, 19 and 20 September, the guerrillas attacked the enemy in Kratié itself and at several other places, killing or injuring 68.

II. CENTRAL ZONE

Kampong Cham front

4. In the Stung Trâng district, from 15 to 26 September, the enemy was attacked at 19 points and 68 of them were killed, including a company commander, and 74 injured.
