Введение

1. На своей двадцать четвертой сессии, состоявшейся 23-24 июня 1997 года, Совет управляющих Компенсационной комиссии Организации Объединенных Наций ("Комиссия") назначил гг. Роберта Р. Брайнера (Председатель), Алена Дж. Клири и Лим Тиан Хуата в состав первой Группы уполномоченных ("Группа"), которой было поручено рассмотрение претензий категории "E4". Категория "E4" охватывает претензии, представленные кувейтскими корпорациями и другими юридическими лицами частного сектора (за исключением претензий предприятий нефтяного сектора и претензий, касающихся ущерба окружающей среде), имеющими право подавать претензии в соответствии с разработанными Комиссией формами претензий для корпораций и других юридических лиц ("Форма Е").

2. Двадцатая партия претензий, состоящая из 145 претензий "E4", была передана Группе 31 июля 2001 года в соответствии со статьей 32 Временного регламента урегулирования претензий (S/AC.26/1992/10) ("Регламент"). Впоследствии в двадцатую партию претензий категории "E4" были переведены еще две претензии. Ранее в рамках четырнадцатой партии претензий "E4" Группе была представлена претензия компании "Проджект энэлисис энд контрол системз ко. У.Л.Л.", и теперь эта претензия была переведена в настоящую партию претензий во исполнение процедурного постановления № 2 от 2 октября 2001 года. Ранее Группе уполномоченных, рассматривавших претензии категории "E3", была представлена претензия компании "Тернер интернэшнл индастриз инк.", которая была переведена в настоящую партию претензий во исполнение процедурного постановления № 44A от 5 октября 2001 года. Эти претензии были исключены из предыдущих партий и рассматривались в рамках настоящей партии как претензии по убыткам совместного предприятия, в котором каждый из заявителей имел свою долю.

3. В соответствии со статьей 38 Регламента настоящий доклад содержит рекомендации Группы Совету управляющих в отношении двадцатой партии претензий.

I. ОБЩИЙ ОБЗОР ПРЕТЕНЗИЙ ДВАДЦАТОЙ ПАРТИИ

4. Претензии двадцатой партии были отобраны из приблизительно 2 750 претензий "E4" на основе таких критериев, как размер, объем и сложность претензий, правовые, фактические вопросы и вопросы стоимостной оценки, возникающие в связи с претензией, и дата представления претензии в Комиссию.

5. В претензиях двадцатой партии заявлены потери на общую сумму 67 643 805 кувейтских динаров (приблизительно 234 061 609 долл. США). Заявители также требовали выплаты процентов в общей сложности на сумму 1 385 333 кувейтских динаров (приблизительно 4 793 540 долл. США) и компенсации расходов на подготовку претензий в размере 251 409 кувейтских динаров (приблизительно 869 927 долл. США).

6. Характер правовых и фактических вопросов, возникающих в связи с каждой претензией, и объем документации, представленной в обоснование каждой претензии, позволили Группе провести их проверку в течение 180 дней, считая с даты, когда претензии двадцатой партии были переданы Группе.

7. Все заявители претензий двадцатой партии осуществляли свою деятельность в Кувейте до вторжения Ирака и оккупации им Кувейта. Большинство заявителей занимались торговлей различными товарами. Ряд заявителей действовали в сферах промышленного производства и услуг.

8. К двум наиболее часто встречающимся категориям потерь, компенсации которых требуют заявители претензий данной партии, относятся потери материального имущества (главным образом товарно-материальных запасов, мебели, арматуры и сантехники, оборудования и транспортных средств) и упущенная выгода. Заявители претензий также претендуют на возмещение безнадежной дебиторской задолженности, расходов на возобновление деятельности, процентов и расходов на подготовку претензий, относящихся к категории "Прочие потери".

II. ПРОЦЕДУРА РАССМОТРЕНИЯ ПРЕТЕНЗИЙ

9. Перед тем как двадцатая партия претензий была представлена Группе, секретариат Комиссии в соответствии с Регламентом провел предварительную оценку этих претензий. Методика такой оценки изложена в пункте 11 «Доклада и рекомендаций Группы уполномоченных в отношении первой партии претензий "E4"» (S/AC.26/1999/4) (первый доклад "E4"). Результаты проведенного анализа были введены в централизованную базу данных, которая ведется секретариатом ("база данных по претензиям").

10. Четырнадцать претензий первоначально содержали формальные дефекты, и секретариат в соответствии со статьей 15 Регламента уведомил об этом соответствующих заявителей. Эти заявители устранили все формальные дефекты.

11. Для выявления существенных юридических и фактических вопросов, а также вопросов стоимостной оценки был проведен анализ претензий по существу. Результаты

такого анализа, включая выявленные существенные вопросы, были введены в базу данных по претензиям.

12. Исполнительный секретарь Комиссии представил Совету управляющих в соответствии со статьей 16 Регламента пятнадцатый, двадцать восьмой, двадцать девятый, тридцатый, тридцать первый, тридцать пятый и тридцать шестой ("доклады, представляемые в соответствии со статьей 16"), датированные соответственно 30 апреля 1996 года, 23 июля 1999 года, 28 октября 1999 года, 17 февраля 2000 года, 28 апреля 2000 года, 12 апреля 2001 года и 10 июля 2001 года. Эти доклады охватывали, в частности, двадцатую партию претензий "Е4", и в них излагались существенные правовые и фактические вопросы, выявленные в результате анализа этих претензий. В ответ на эти доклады, представленные Исполнительным секретарем в соответствии со статьей 16, ряд правительств, в том числе правительство Ирака, представили дополнительную информацию и соображения.

13. По завершении а) предварительной оценки; б) рассмотрения претензий по существу и с) работы в связи с докладами, представленными в соответствии со статьей 16 Регламента, на рассмотрение Группы были переданы и принимались ею во внимание следующие документы:

- a) документы по претензиям, представленные заявителями;
- b) доклады о результатах предварительной оценки, подготовленные в соответствии со статьей 14 Регламента;
- c) информация и соображения, полученные от правительств, в том числе от правительства Ирака, в ответ на доклады, представленные в соответствии со статьей 16; и
- d) прочая информация, которая в соответствии со статьей 32 Регламента была сочтена полезной для работы Группы.

14. В силу причин, указанных в пункте 17 первого доклада "Е4", Группа прибегла к услугам бухгалтерской фирмы и фирмы по оценке потерь в качестве экспертов-консультантов. Группа поручила экспертам-консультантам провести анализ каждой претензии двадцатой партии в соответствии с разработанной ею методологией проверки и стоимостной оценки. Группа также поручила экспертам-консультантам представить ей подробный доклад по каждой претензии с кратким изложением своих выводов.

15. В своем процедурном постановлении от 31 июля 2001 года Группа заявила о своем намерении завершить рассмотрение двадцатой партии претензий и представить свой доклад и рекомендации Совету управляющих в течение 180 дней, считая с 31 июля 2001 года. Это процедурное постановление было препровождено правительствам Ирака и Кувейта.

16. В соответствии со статьей 34 Регламента у заявителей были запрошены дополнительная информация и доказательства, которые могли бы облегчить работу Группы по рассмотрению претензий. Заявителям, не представившим запрошенные доказательства, было предложено сообщить о причинах своей неспособности это сделать. Все запросы в отношении дополнительной информации и доказательств были направлены через кувейтский Государственный орган по оценке компенсации за ущерб в результате иракской агрессии (ГООК). Такие запросы были направлены в связи со всеми претензиями "E4", а не только по двадцатой партии претензий.

17. Запросы в отношении дополнительной информации и доказательств описываются в предыдущих докладах "E4", например в пунктах 21-26 «Доклада и рекомендаций Группы уполномоченных в отношении второй партии претензий "E4"» (S/AC.26/1999/17) («второй доклад "E4"») и в пункте 18 «Доклада и рекомендаций Группы уполномоченных в отношении шестой партии претензий "E4"» (S/AC.26/2000/8) («шестой доклад "E4"»). В настоящем докладе эти запросы повторно не излагаются.

18. Была проведена дополнительная проверка, с тем чтобы установить, не представили ли соответствующие заявители претензии, дублирующие друг друга. Информация об этой проверке содержится в пункте 18 «Доклада и рекомендаций Группы уполномоченных в отношении четвертой партии претензий "E4"» (S/AC.26/1999/18) («четвертый доклад "E4"»).

19. В процессе рассмотрения Группой претензий этой партии секретариат проинформировал ее о возможном дублировании включенной в эту партию претензии компании "Аль-Отман трейдинг энд конт. Ко." и одной из находящихся на рассмотрении Комиссии индивидуальных претензий по поводу коммерческих потерь. Группа считает, что для определения характера и степени дублирования данной претензии категории "E4" и упомянутой индивидуальной претензии по поводу коммерческих потерь, если факт дублирования имеет место, необходимо дополнительное время. На данном этапе Группа рекомендуют отсрочить вынесение решения по претензии компании "Аль-Отман трейдинг энд. конт. Ко." до рассмотрения двадцать четвертой партии претензий категории "E4", с тем чтобы можно было выделить время для необходимой дополнительной проработки этой претензии и для требующегося дополнительного ее рассмотрения. Поэтому Группа

не формулирует никаких выводов по претензии компании "Аль-Отман трейдинг энд конт. Ко." в отношении потерь на общую сумму 1 431 560 кувейтских динаров (приблизительно 4 953 495 долл. США) и расходов на подготовку претензии в размере 1 825 кувейтских динаров (приблизительно 6 315 долл. США). Дальнейшие ссылки на претензии двадцатой партии в настоящем докладе не охватывают претензию компании "Аль-Отман трейдинг энд конт. Ко.", а относятся к остальным 146 претензиям, перечисленным ниже в приложении I.

20. В двадцатой партии претензий имеется пять претензий, которые были переведены Группой в эту партию из предыдущих партий претензий категории "E4" ввиду возможности дублирования ими индивидуальных претензий по коммерческим потерям. Три претензии были переведены из восьмой партии, а две - из двенадцатой. Пояснения насчет отсрочки рассмотрения этих претензий до рассмотрения последующих партий содержатся в пунктах 20-22 Доклада и рекомендаций Группы уполномоченных в отношении восьмой партии претензий "E4" (S/AC.26/2000/21) и в пунктах 19-21 Доклада и рекомендаций Группы уполномоченных в отношении двенадцатой партии претензий "E4" (S/AC.26/2001/4). Впоследствии Группа пришла к заключению, что в действительности данные претензии не дублируют индивидуальных претензий, касающихся коммерческих потерь. Ввиду этого соответствующие претензии были включены для рассмотрения в двадцатую партию.

21. Рассмотрев представленные документы и полученную дополнительную информацию, Группа пришла к выводу, что вопросы, связанные с двадцатой партией претензий, проработаны должным образом и что устных слушаний для оказания Группе помощи в рассмотрении претензий проводить не требуется.

III. ПРАВОВАЯ ОСНОВА И МЕТОДОЛОГИЯ ПРОВЕРКИ И СТОИМОСТНОЙ ОЦЕНКИ

22. Правовая основа и методология проверки и стоимостной оценки, применявшиеся при оценке претензий данной партии, аналогичны тем, которые использовались в связи с предыдущими партиями претензий "E4". Эта основа и методология рассмотрены в пунктах 25-62 первого доклада "E4". В последующих докладах "E4" анализируются дополнительные вопросы, касающиеся правовой основы, проверки и стоимостной оценки, с которыми пришлось столкнуться в связи с более поздними партиями претензий "E4". Эти различные элементы проведенного Группой анализа в настоящем докладе повторно не излагаются. Вместо этого в нем даются ссылки на разделы предыдущих докладов "E4", в которых рассматривались эти вопросы.

23. Сталкиваясь с новыми вопросами, не затронутыми в предыдущих докладах "E4", Группа разрабатывала методологии проверки и стоимостной оценки потерь. Эти новые вопросы рассмотрены в настоящем докладе. Конкретные рекомендации Группы в отношении потерь, заявленных в этой партии претензий, а также их обоснование изложены в приложениях к настоящему докладу.

24. Прежде чем перейти к обсуждению конкретных рекомендаций Группы относительно компенсации по претензиям двадцатой партии, важно вновь указать, что в ходе проверки и стоимостной оценки претензий Группа стремилась найти баланс между неспособностью заявителей во всех случаях представить убедительные доказательства потерь и "риском завышения суммы таких потерь", обусловленным доказательственными изъянами. В данном контексте термин "риск завышения суммы потерь", определяемый в пункте 34 первого доклада "E4", используется в тех случаях, когда претензии страдают доказательственными изъянами, затрудняющими их точную стоимостную оценку, и поэтому есть риск того, что их сумма может быть завышена.

IV. ПРЕТЕНЗИИ

25. Группа рассматривала претензии с учетом характера и категории заявленных потерь. Поэтому рекомендации Группы приводятся по категориям потерь. Реклассифицированные потери рассматриваются в разделах, касающихся тех категорий потерь, к которым они были отнесены Группой в результате их реклассификации.

A. Контракты

26. Двумя заявителями претензий настоящей партии поданы претензии в отношении контрактных потерь на общую сумму 46 874 кувейтских динара (приблизительно 162 194 долл. США). Включенные в эту партию претензии данной категории не касаются контрактов с правительством Ирака или контрактов, требовавших исполнения в Ираке.

27. В связи с этой партией претензий в отношении контрактных потерь никаких новых вопросов, связанных с правовой основой или проверкой и стоимостной оценкой, не возникло. Подход Группы к вопросу о компенсируемости контрактных потерь изложен в предыдущих докладах "E4", а принятая Группой методика проверки и стоимостной оценки претензий в связи с такими потерями рассмотрена в пунктах 77-84 первого доклада "E4".

28. Рекомендации Группы относительно контрактных потерь кратко излагаются ниже в приложении II.

B. Недвижимость

29. Претензии в связи с потерей недвижимого имущества на общую сумму 1 867 894 кувейтских динара (приблизительно 6 463 301 долл. США) представили в рамках данной партии 23 заявителя. Эти претензии касались компенсации ущерба, причиненного ряду помещений в Кувейте, находившихся в собственности или в аренде.
30. Критерии компенсируемости и методология проверки и стоимостной оценки, принятые Группой для претензий о компенсации потери недвижимого имущества, изложены в пунктах 89-101 первого доклада "E4".
31. Заявители претензий этой партии представили доказательства, аналогичные тем, с которыми Группа имела дело при рассмотрении претензий по поводу потери недвижимости, относящихся к предыдущим партиям претензий "E4". Эти доказательства описываются в пунктах 102-106 первого доклада "E4".
32. Государственный орган по делам молодежи и спорта (ГОМС) - структура правительства Кувейта, курирующая вопросы развития молодежи Кувейта и физической культуры в целом (см. пункты 128-130 Доклада и рекомендаций Группы уполномоченных в отношении первой партии претензий "F3" (S/AC.26/1999/24) (первый доклад "F3"). ГОМС обеспечивает финансовую поддержку в форме ежегодных взносов в пользу некоторых молодежных и спортивных клубов Кувейта, включая клуб "Аль-Наср спортс", выступающий по этой партии претензий в качестве заявителя. Деятельностью, осуществляющей ГОМС, ранее занималось министерство социальных дел и труда в составе правительства Кувейта ("кувейтское министерство").
33. ГОМС представил в Комиссию претензию с ходатайством о компенсации понесенных им или кувейтским министерством расходов на финансирование работ по ремонту или замещению некоторых поврежденных объектов недвижимости и материального имущества подведомственных ему молодежных и спортивных клубов, включая клуб "Аль-Наср спортс". В первом докладе "F3" Группа "F3" рекомендовала присудить ГОМС соответствующую компенсацию по претензиям в отношении потерь, связанных с недвижимым и материальным имуществом.
34. О компенсации потерь, связанных с недвижимым и материальным имуществом, ходатайствует и клуб "Аль-Наср спортс" (см. ниже пункты 44-45, посвященные претензии заявителя в отношении потери материального имущества). Претензия заявителя по потерям, связанным с недвижимостью, касается работ по ремонту или замещению

некоторых из его объектов. Заявитель подтвердил, что все договоры о ремонте и замещении его объектов заключались в интересах заявителя кувейтским министерством. Заявитель сообщает, что после освобождения Кувейта кувейтское министерство решило воздерживаться от перечисления взносов в пользу заявителя, пока ему не будут возмещены расходы на проведение этих работ по ремонту и замещению.

35. При рассмотрении этой претензии Группа принимала во внимание и претензию, представленную ГОМС Группе "F3". Группа отметила, что два договора о ремонте или замещении объектов недвижимости заявителя являются предметом как претензии ГОМС, так и претензии заявителя. С учетом вынесенной рекомендации о присуждении ГОМС компенсации в размере стоимости этих контрактов Группа рекомендует не присуждать в пользу заявителя компенсации по этим договорам, поскольку это означало бы двойное возмещение. По остальным договорам о ремонте или замещении объектов недвижимости заявителя Группа делает вывод, что на заявителя могли лечь не все расходы по этим договорам. Как отмечалось выше, договоры заключались от имени кувейтского министерства, в связи с чем Группа отмечает, что заявитель не предоставил достаточных свидетельств для доказательства того, что он возместил ГОМС или кувейтскому министерству эти расходы в полном объеме. Поэтому Группа выносит рекомендацию о том, чтобы применительно к претензии заявителя в отношении стоимости контрактов, конкретно не упоминаемых в претензии ГОМС, сделать поправку на "риск завышения", обусловленный этим доказательственным изъяном.

36. Рекомендации Группы по претензиям в отношении потерь, связанных с недвижимым имуществом, кратко излагаются ниже в приложении II.

C. Материальное имущество, товарно-материальные запасы, наличные средства и транспортные средства

37. Претензии в связи с потерями материального имущества в рамках этой партии представило большинство заявителей. Общая сумма заявленных потерь товарно-материальных запасов, мебели, арматуры и сантехники, оборудования, транспортных средств и наличности составляет 42 042 950 кувейтских динаров (приблизительно 145 477 335 долл. США).

38. В отношении компенсируемости, проверки и стоимостной оценки претензий в связи с потерями материального имущества Группа применяла подход, изложенный в пунктах 108-135 первого доклада "E4".

39. В связи с этой партией претензий в отношении потери материального имущества не возникло никаких новых вопросов, касающихся правовой основы или проверки и стоимостной оценки. Заявители этой партии претензий представляли доказательства, аналогичные тем, с которыми Группа имела дело при рассмотрении претензий в связи с потерями материального имущества, относящихся к предыдущим партиям претензий "E4". Эти доказательства описываются в пунктах 111-116 первого доклада "E4".

40. По претензиям в связи с потерей товарно-материальных запасов большинство заявителей представили доказательства существования утраченных товарно-материальных запасов, права собственности на них и их стоимости в форме копий проверенных счетов, подлинных товарных квитанций и данных текущей оценки, процедура которой описана в пункте 119 первого доклада "E4". При подтверждении потери товарно-материальных запасов несколько заявителей полагались главным образом на заявления своих служащих и других заинтересованных сторон. В тех случаях, когда факт их потери не подтверждался достаточными доказательствами, например когда непредвиденные потери не отражались в проверенных финансовых ведомостях заявителя за период после освобождения, Группа рекомендовала не назначать компенсации за такие потери.

41. Как и в случае с предыдущими партиями претензий "E4", претензии в связи с потерей товаров в пути касались главным образом товаров, которые находились в Кувейте в день вторжения в него Ирака и которые впоследствии были утрачены. Заявители претензий, по которым присуждена компенсация, смогли предъявить достаточные свидетельства оплаты товаров и доказать свое право собственности, факт существования и потери товаров на основе сертификатов, выданных кувейтскими портовыми властями или экспедиторскими фирмами.

42. В связи с претензиями по поводу потери наличности в рамках этой партии не возникло никаких новых вопросов, касающихся правовой основы или проверки и стоимостной оценки. Многие заявители, требующие компенсации потерь наличных средств, ограничились свидетельскими показаниями соответствующих сторон, не представив дополнительных материалов, подтверждающих обоснованность их претензий. В случаях, когда претензии в связи с потерей наличных средств не были подкреплены относящимися к соответствующему периоду достаточными доказательствами, подтверждающими наличие у них таких денежных средств и их сумму по состоянию на 2 августа 1990 года, Группа рекомендовала не назначать никакой компенсации.

43. Большинство заявителей претензий в связи с потерей транспортных средств смогли подтвердить свои потери, представив копии справок о снятии с учета и дополнительные документы, например проверенные счета, относящиеся к периоду после освобождения, и свидетельские показания, подтверждающие факт и обстоятельства утраты транспортных средств.

44. Как указывалось выше в пунктах 32-35, клуб "Аль-Наср спортс" ходатайствовал о компенсации некоторых потерь недвижимого и материального имущества. Претензия заявителя по материальному имуществу связана с утратой 22 автобусов, которые были зарегистрированы на его имя. Заявленная ГОМС претензия в отношении потери материального имущества также, в частности, связана с автобусами. ГОМС предоставил доказательства того, что после освобождения Кувейта он приобрел для замены автобусов, утраченных подведомственными ему молодежными и спортивными клубами, 167 автобусов. ГОМС не предоставил сведений о том, какие конкретно автобусы были заменены и какие клубы получили эти автобусы.

45. При рассмотрении данной претензии Группа принимала во внимание и претензию, представленную ГОМС Группе "F3". Как указывалось выше, Группа "F3" рекомендовала присудить ГОМС соответствующую компенсацию в связи с его претензией в отношении потери материального имущества. С учетом этого Группа делает вывод о существовании "риска завышения" суммы претензии, поскольку некоторые из утраченных заявителем автобусов могли быть заменены автобусами, приобретенными ГОМС. Поэтому Группа рекомендует скорректировать сумму претензий заявителя в отношении потери транспортных средств с учетом этого "риска завышения суммы".

46. Рекомендации Группы в отношении потерь материального имущества, товарно-материальных запасов, наличных средств и транспортных средств кратко излагаются ниже в приложении II.

D. Выплаты или помощь третьим лицам

47. Претензии в связи с выплатами или оказанием помощи третьим лицам на общую сумму 570 215 кувейтских динаров (приблизительно 1 973 062 долл. США) представили в рамках данной партии двенадцать заявителей.

48. В связи с претензиями относительно выплат или помощи третьим лицам в рамках этой партии не возникло никаких новых вопросов, касающихся правовой основы или проверки и стоимостной оценки. При рассмотрении этих претензий Группа применяла

подход и методологию проверки и стоимостной оценки, описанные в предыдущих докладах "E4", например в пунктах 70-75 второго доклада "E4".

49. Рекомендации Группы относительно претензий в связи с выплатами или оказанием помощи третьим лицам кратко излагаются ниже в приложении II.

E. Упущенная выгода

50. Претензии, связанные с упущенной выгодой на общую сумму в 16 841 798 кувейтских динаров (приблизительно 58 276 118 долл. США), представили в рамках данной партии 78% заявителей.

51. Четыре существенных юридических и фактических вопроса, возникших в связи с первой партией претензий, в равной степени относятся и к настоящей партии претензий. Эти вопросы касаются влияния и оценки: а) выплат, полученных в рамках принятой правительством Кувейта программы урегулирования задолженности после освобождения страны; б) непредвиденной или дополнительной прибыли, полученной заявителями сразу после освобождения Кувейта; с) периода времени, подпадающего под компенсацию упущенной выгоды; и д) претензий в связи с упущенной выгодаю, основанных на наиболее прибыльных видах деятельности. Выводы, к которым пришла Группа по этим вопросам, изложены в пунктах 161-193 первого доклада "E4". На основе этих выводов Группа и формулировала свои соображения и рекомендации в отношении претензий данной партии, связанных с упущенной выгодой.

52. Несмотря на конкретные просьбы, некоторые заявители претензий двадцатой партии не представили годовых счетов за три финансовых года до и после вторжения Ирака и оккупации им Кувейта. Группа отметила, что в ряде случаев непредставление отдельных счетов объяснялось объективными причинами, например тем, что в период 1987-1990 годов заявитель только начал свою коммерческую деятельность, или тем, что заявитель прекратил свою деятельность после вторжения Ирака и оккупации им Кувейта.

53. Группа исходила из того, что претензии в связи с упущенной выгодой, заявленные хозяйственными единицами, не представившими полного набора проверенных годовых счетов за соответствующие периоды, могли быть завышены, если только непредставление таких счетов не было достаточно убедительно объяснено заявителями.

54. Методология проверки и стоимостной оценки, принятая Группой в отношении претензий, касающихся упущенной выгоды, изложена в пунктах 194-202 первого доклада "E4".

55. Компания "Этемадко трейдинг энд трэвел Ко. Лтд. - Абдул Рахман Аль-Бишер энд партнерс - У.Л.Л." предоставила доказательства сдачи ее собственности в Кувейте в аренду министерству образования правительства Исламской Республики Иран ("иранское министерство") для использования в качестве места размещения иранской школы. Заявитель ходатайствовал о компенсации потери арендного дохода от этой собственности. Он заявил, что непосредственно в результате вторжения Ирака и оккупации им Кувейта ему не удалось взыскать с иранского министерства арендный платеж за период начиная с даты вторжения по 31 мая 1991 года.

56. Группа поручила секретариату выяснить, не подавало ли иранское министерство в Комиссию претензию, дублирующую рассматриваемую. Секретариат изучил претензию, поданную иранским министерством в Группу уполномоченных "F1". Был принят к сведению тот факт, что иранское министерство выдвинуло претензию по поводу иранской школы в Кувейте, заявив, что оно уплатило заявителю за аренду, но не смогло использовать объект недвижимости непосредственно в результате вторжения Ирака и оккупации им Кувейта. В обоснование претензии иранского министерства заявитель предоставил свидетельство, подтверждающее, что иранское министерство действительно уплатило заявителю за аренду помещений для иранской школы в Кувейте в период вторжения Ирака и оккупации им Кувейта. Группа рекомендует не присуждать компенсации по претензии заявителя в отношении потери арендного дохода, поскольку он предоставил противоречивые свидетельства в отношении арендной платы, которую должно было внести иранское министерство.

57. Рекомендации Группы по претензиям в отношении упущеной выгоды кратко излагаются ниже в приложении II.

F. Дебиторская задолженность

58. Безнадежной дебиторской задолженности в рамках рассматриваемой партии касались 11 поданных претензий на общую сумму 2 344 454 кувейтских динара (приблизительно 8 112 298 долл. США). Большинство заявителей этих претензий требовали компенсации потерь в связи с долгами коммерческих предприятий и частных лиц, действовавших или проживавших в Кувейте до иракского вторжения.

59. В связи с претензиями относительно дебиторской задолженности в рамках этой партии не возникло никаких новых вопросов, касающихся правовой основы или проверки и стоимостной оценки. Как и в случаях с предыдущими партиями претензий "E4", большинство заявителей добивались компенсации потерь в связи с дебиторской

задолженностью, которая осталась непогашенной, поскольку должники не вернулись в Кувейт после его освобождения. Группа подтверждает свое заключение по данному вопросу, сформулированное в пунктах 209 и 210 первого доклада "Е4". Претензии в отношении долгов, ставших безнадежными в результате вторжения Ирака в Кувейт и оккупации им Кувейта, должны содержать документальные и другие приемлемые свидетельства, подтверждающие характер и размер соответствующего долга, а также обстоятельства, при которых взыскание его стало невозможным.

60. Проверка и стоимостная оценка претензий в связи с безнадежной дебиторской задолженностью, предъявленных в рамках двадцатой партии претензий, были проведены в соответствии с методикой, изложенной в пунктах 211-215 первого доклада "Е4".

61. Как было отмечено выше, Группа рекомендует оставить без удовлетворения претензии, в которых лишь утверждается, что непогашенная задолженность стала безнадежной *ipso facto*, поскольку должники не вернулись в Кувейт. Большинство заявителей не представило убедительных доказательств того, что неспособность должников погасить свои долги стала прямым результатом вторжения Ирака в Кувейт и оккупации им Кувейта. Это обстоятельство было доведено до сведения заявителей путем направления им запросов для получения дополнительной информации (см. пункт 17 выше). Упомянутым выше критериям удовлетворяло лишь небольшое число полученных от заявителей ответов.

62. Рекомендации Группы относительно претензий в связи с дебиторской задолженностью кратко излагаются ниже в приложении II.

G. Расходы на возобновление деятельности

63. 19 претензий данной партии на общую сумму 509 669 кувейтских динаров (приблизительно 1 763 561 долл. США) касались возмещения расходов на возобновление деятельности. Требуемые суммы компенсации в связи с такими расходами проверялись по методике, описанной в пунктах 221-223 первого доклада "Е4" и пунктах 93-96 второго доклада "Е4".

64. Компания "Аль-Бахар интернэшнл груп компани У.Л.Л." ходатайствовала о компенсации потерь совместного предприятия, в котором она имела долю 50%. Заявитель сообщил, что до вторжения Ирака и оккупации им Кувейта совместное предприятие содержало специальный лагерь для размещения своих работников. Он далее заявил, что непосредственно в результате вторжения Ирака и оккупации им Кувейта этому лагерю был причинен ущерб. Заявитель ходатайствовал о компенсации расходов совместного

предприятия на аренду альтернативных помещений для размещения своих работников во время ремонта лагеря (т.е. в августе-октябре 1991 года). Группа реклассифицировала эту претензию, переведя ее из категории "Прочие потери" в категорию "Расходы на возобновление деятельности".

65. При рассмотрении этой претензии Группа принимала во внимание положения первого доклада "F3", в котором Группа "F3" сделала вывод, что расходы на аренду временных помещений в тот период, который был необходим правительству Кувейта для восстановления объектов, ремонта или завершения строительства, подлежат компенсации как являющиеся прямым результатом вторжения Ирака и оккупации им Кувейта. Группа "F3" пришла к выводу, что эти расходы подлежат компенсации за разумный период времени и за вычетом любых сэкономленных затрат.

66. По поручению Группы секретариат изучил базу данных по претензиям и подтвердил Группе, что ни партнер заявителя по совместному предприятию, ни само совместное предприятие не подавали в Комиссию никаких претензий. Поэтому Группа соглашается с заключениями Группы "F3" и делает вывод о том, что отраженные в претензии арендные расходы заявителя, скорректированные с учетом его доли в совместном предприятии, подлежат компенсации как прямые потери, возникшие в результате вторжения Ирака и оккупации им Кувейта. Группа считает, что период, в отношении которого была заявлена претензия, является разумным. Вынося рекомендацию о присуждении компенсации по данной категории заявленных в претензии потерь, Группа также принимала во внимание любые сэкономленные затраты.

67. Компания "Галф дреджинг компани С.А.К. (закрытого типа)" потребовала возмещения убытков, понесенных в связи с крановой баржей. Заявитель сообщил, что в период вторжения Ирака и оккупации им Кувейта эта крановая баржа была потоплена иракскими войсками. Заявитель представил доказательства того, что после освобождения Кувейта он понес расходы на подъем баржи, но после ее подъема обнаружил, что баржа повреждена и ремонту не подлежит. Заявитель потребовал возмещения как расходов на подъем баржи, так и стоимости самой баржи. Группа реклассифицировала претензию по расходам на подъем баржи и отнесла ее к категории "Расходы на возобновление деятельности".

68. При рассмотрении этой претензии Группа принимала во внимание выводы Группы "E2", содержащиеся в Докладе и рекомендациях Группы уполномоченных по первой партии претензий "E2" (S/AC.26/1998/7). В пункте 132 этого доклада Группа "E2" сделала вывод о том, что расходы заявителей, понесенные в связи с принятием мер к уменьшению потерь, связанных с материальными активами, могут быть компенсированы, если

подобные меры принимались добросовестно и связанные с ними затраты являются разумными.

69. Группа соглашается с заключениями Группы "E2" и делает вывод, что расходы на подъем крановой баржи были произведены с целью уменьшения потерь имущества, поэтому они подлежат компенсации как прямые потери, возникшие в результате вторжения Ирака и оккупации им Кувейта. Группа также сделала вывод, что при осуществлении этих расходов заявитель вел себя добросовестно, и скорректировала требуемую в претензии сумму с учетом той части расходов, которая была признана ею разумной.

70. Рекомендации Группы по расходам на возобновление деятельности кратко излагаются ниже в приложении II.

H. Прочие потери

71. Возмещения прочих потерь касались 19 претензий данной партии на общую сумму 1 988 391 кувейтский динар (приблизительно 6 880 246 долл. США).

72. Многие из этих претензий касались прочих потерь, уже рассматривавшихся Группой в предыдущих докладах (например, претензии в отношении изъятых из обращения кувейтских денежных знаков и произведенных авансовых платежей). Претензии в связи с прочими потерями из предыдущих партий "E4" рассматривались по методике, изложенной в предыдущих докладах "E4" (см., например, пункты 93-94 четвертого доклада "E4", в которых описывается подход к изъятым из обращения кувейтским денежным знакам, и пункт 103 этого же доклада, посвященный вопросу о произведенных авансовых платежах).

73. Компания "Хамад Аль Салех Аль Хомаизи ко." заявила претензию по поводу потери контракта, которая была реклассифицирована Группой и отнесена к категории "Прочие потери". Заявитель предоставил доказательства того, что до вторжения Ирака и оккупации им Кувейта им был произведен отбор подрядчика для проектирования и сооружения жилищно-торгового комплекса. Претензия заявителя связана с суммами, которые он якобы уплатил подрядчику за сюрвейерскую экспертизу земельного участка и подготовку макета предлагаемого комплекса. Заявитель сообщил, что контракт был прерван вторжением Ирака и оккупацией им Кувейта и что после освобождения Кувейта он не был исполнен из-за отсутствия у заявителя финансовых средств. Группа считает, что заявленные в претензии потери были понесены заявителем в результате принятия им самостоятельного делового решения не строить комплекс, поэтому данные потери не

подлежат компенсации в качестве непосредственно вызванных вторжением Ирака и оккупацией им Кувейта.

74. Компания "Информейшн офис ко." ходатайствовала о компенсации потерь, связанных с ее инвестициями в предприятие, записывавшее и продававшее видеокассеты. Эти инвестиции заявитель оценил в своих финансовых отчетах в сумму, которую он первоначально вложил в это предприятие в 1979 году. Потери предприятия, указанные заявителем в его претензии, превысили эту сумму. Из финансовых отчетов заявителя видно, что его доля в предприятии составляла только 50% и что заявитель признал чрезвычайное списание в связи с вторжением Ирака и оккупацией им Кувейта лишь в размере первоначальных инвестиций. При рассмотрении этой претензии Группа приняла к сведению тот факт, что заявитель не предоставил финансовых отчетов о деятельности этого предприятия для подтверждения стоимости его активов. Группа также отмечает, что заявитель не предоставил доказательств, которые позволили бы ей определить, касалась ли претензия заявителя лишь его 50-процентной доли в предприятии и не могли ли другой партнер или другие партнеры либо само предприятие подать в Комиссию претензии, дублирующие рассматривавшуюся в рамках этой партии. Руководствуясь вышесказанным, Группа рекомендует не присуждать компенсации за заявленные в претензии потери заявителя, связанные с видеокассетным предприятием.

75. Компания "Фуд энд агрикалтчер ко. У.Л.Л. Джассим Абд Аль-Азиз Абд Аль Вахаб Аль Катани энд Партнерз" подала претензию по поводу потерь, связанных с партией кормов для животных, которая была отгружена поставщиком, находящимся в Китайской Народной Республике. Заявитель предоставил доказательства того, что непосредственно в результате вторжения Ирака и оккупации им Кувейта поставка товара в Кувейт оказалась невозможной и вместо этого он был возвращен поставщику. В июле 1991 года банк заявителя списал с его счета сумму, равную стоимости товара. В августе 1991 года поставщик уведомил заявителя о том, что вновь отгрузит товар при условии оплаты последним транспортных расходов. Заявитель сообщил, что эти расходы были бы значительными, и, как следствие, не согласился на их оплату. Заявитель добивается в своей претензии компенсации потерь на сумму, эквивалентную стоимости товара. Группа считает, что, поскольку товар не утрачен, а находится у поставщика и ввиду того, что заявитель решил не нести дополнительных транспортных расходов, он не понес потерь непосредственно в результате вторжения Ирака и оккупации им Кувейта. Поэтому Группа рекомендует не компенсировать заявленных в претензии потерь заявителя в связи с этой партией товара.

76. Рекомендации Группы по прочим потерям кратко излагаются ниже в приложении II.

V. ПРОЧИЕ ВОПРОСЫ

A. Даты, используемые при определении валютного курса и процентов

77. В отношении дат, по состоянию на которые должны определяться валютные курсы и проценты, Группа использовала подход, описанный в пунктах 226-233 первого доклада "E4".

B. Расходы на подготовку претензий

78. Исполнительный секретарь Комиссии уведомил Группу о том, что Совет управляющих намерен решить вопрос о расходах на подготовку претензий позднее. Поэтому Группа воздерживается от каких-либо рекомендаций в отношении компенсации расходов на подготовку претензий.

VI. РЕКОМЕНДОВАННЫЕ ВЫПЛАТЫ

79. Суммы компенсации, которые Группа с учетом вышеизложенного рекомендовала выплатить заявителям претензий "E4" двадцатой партии, указаны в приложении I к настоящему докладу. Основные принципы, которыми Группа руководствовалась при вынесении рекомендаций по претензиям этой партии, кратко излагаются в приложении II к настоящему докладу. Все суммы были округлены, вследствие чего они могут отличаться от сумм, указанных в форме "E", на один кувейтский динар.
