Corrigendum

For the element on Phase out leaded petrol substitute

Topic	Expected Output	Current Status	Date Output Expected
<ul style="list-style-type: none"> ▪ Phase out leaded petrol (Denmark) 	Progress report on the implementation of the Pan-European Strategy to Phase Out Leaded Petrol	Desk study review completed. Results indicate that much progress has been achieved overall. For specific countries information is too old and/or needs to be verified by means of direct contacts/questionnaires. This will be initiated during the summer and replies are expected in September/October. Furthermore, assistance from the Sofia Initiative Local Air Pollution (SILAQ) will be sought, and the project will also seek to integrate the latest results of the questionnaire on the Convention on Long-range Transboundary Air Pollution with the assistance of UNECE.
