**LETTERS OF TRANSMITTAL**

31 March 1988

Sir,

Pursuant to regulation 11.4 of the Financial Regulations of the United Nations, as amended by General Assembly resolution 3192 (XXVIII) of 18 December 1973, and rule 213.3 of the Financial Rules of the United Nations Environment Programme, I have the honour to transmit the financial report and accounts of the Fund of the United Nations Environment Programme including associated trust funds and other related accounts for the biennium 1986-1987 ended 31 December 1987, which I hereby approve. The financial statements have been certified as correct by the Acting Assistant Executive Director, Office of the Environment Fund and Administration.

Copies of this financial report and accounts are also being transmitted to the Advisory Committee on Administrative and Budgetary Questions.

Accept, Sir, the assurances of my highest consideration.

Mostafa K. TOLBA  
Executive Director

The Chairman of the Board of Auditors  
United Nations  
New York, N.Y. 10017  
United States of America

23 June 1988

Sir,

I have the honour to transmit to you the financial statements of the Fund of the United Nations Environment Programme for the biennium 1986-1987 ended 31 December 1987, which were submitted by the Executive Director. These statements have been examined and include the audit opinion of the Board of Auditors.

In addition, I have the honour to present the report of the Board of Auditors with respect to the above accounts.

Accept, Sir, the assurances of my highest consideration.

(Signed) Andre CHANDERNAGOR  
Senior President of the  
Court of Accounts of France  
and Chairman of the  
United Nations Board of Auditors

The President of the General Assembly  
of the United Nations  
New York, N.Y.

I. FINANCIAL REPORT FOR THE BIENNIUM 1986-1987  
ENDED 31 DECEMBER 1987

Introduction

1. The Acting Assistant Executive Director, Office of the Environment Fund and Administration, has the honour to submit herewith the financial report together with the accounts of the Fund of the United Nations Environment Programme, including associated trust funds and other related accounts, for the biennium 1986-1987 ended 31 December 1987. The accounts consist of 12 statements supported by seven schedules, as well as the notes to the financial statements. These accounts were transmitted to the Board of Auditors on 31 March 1988 in accordance with financial regulation 11.4.

2. The interim accounts for the first year of the biennium 1986-1987 were presented to the Governing Council at its fourteenth session. 1/ The Board of Auditors conducted an interim audit of these accounts and did not report to the Advisory Committee on Administrative and Budgetary Questions any situation that should be brought to the attention of Member States. 2/

3. Comparative figures for the biennium 1984-1985 have been reflected in the financial statements. The size of this financial report has been kept to the minimum in line with the guidelines of the United Nations.

4. These financial statements and schedules, as well as the notes thereon, are to be considered an integral part of the financial report.

Levels of appropriations, allocations/allotments,  
expenditures and commitments

5. The Governing Council of UNEP, in its decision 13/36, paragraph 9, of 23 May 1985, approved a level of appropriation for Fund programme activities in 1986-1987 of \$60,000,000 and a level of appropriation for the Fund programme reserve of \$2,000,000 for the biennium 1986-1987. By decision 13/35, paragraph 7, of 23 May 1985, the Governing Council also approved an appropriation of \$26,207,700 for the programme and programme support costs budget. By decision 14/35, paragraph 3, of 16 June 1987, the Governing Council revised this appropriation to \$23,277,300.

6. The total appropriations, allocations/allotments and expenditures for the biennium 1986-1987 were as follows:

---

1/ UNEP GC 14/L.5 of 16 April 1987.

2/ Official Records of the General Assembly, Twenty-ninth Session,  
Supplement No. 31 (A/9631 and Corr.2, p. 136, item 73, subpara. (h)).

	<u>Appropriations</u>	<u>Allocations/ allotments issued</u>	<u>Expenditures</u>	<u>Unexpended appropriations</u>	<u>Unexpended allocations/ allotments</u>
Fund programme activities	60 000 000	53 480 000	40 517 216	19 482 784	12 962 784
Fund programme reserve	2 000 000	2 000 000	1 313 998	686 002	686 002
Programme and programme support costs	23 277 300	23 265 012	21 795 633	1 481 667	1 469 379
Total	<u>85 277 300</u>	<u>78 745 012</u>	<u>63 626 847</u>	<u>21 650 453</u>	<u>15 118 165</u>

#### Regular budget of the United Nations

7. The total revised appropriations for the biennium 1986-1987 from the regular budget of the United Nations to meet the costs of the secretariat established under resolution 2997 (XXVII) of 15 December 1972, as approved by the General Assembly in its resolution 41/211 of 11 December 1986, were \$10,117,100. Total expenditure incurred for the biennium 1986-1987 was \$8,979,666, consisting of disbursements of \$8,700,895 and unliquidated obligations of \$278,771 against a total allotment of \$9,012,000, leaving an unspent balance of allotments of \$32,334.

#### Construction of the United Nations accommodation at Nairobi

8. Out of the total appropriation of \$27,078,200 under the regular budget of the United Nations for the construction of the United Nations accommodation at Nairobi, there remained an unencumbered balance of \$38,834 as at 31 December 1987. At its fortieth session, the General Assembly approved, by its resolution 40/252 of 18 December 1985, section IV, the proposal by the Secretary-General to use the remaining balance for certain extra non-recurrent capital expenditure related to the project. It is anticipated that all outstanding items of work will be completed and the project financially closed before the end of 1988.

#### Financial statements

9. The statements of income and expenditure, and assets and liabilities cover all funds in this financial report and are shown with supporting schedules under section II. In addition, the following paragraphs summarize and draw attention to significant items reflected in the statements for information purposes.

10. The following is a summary of expenditures expressed by object code for the Fund programme and Fund programme reserve activities for the biennium 1986-1987 ended 31 December 1987.

<u>Object of expenditure</u>	<u>Disbursement</u>	<u>Unliquidated obligations</u>	<u>Total</u>
(United States dollars)			
Project personnel	7 850 034	90 548	7 940 582
Consultants	4 785 426	1 033 129	5 818 555
Administrative support personnel	3 870 660	120 536	3 991 196
Volunteers	81 251	-	81 251
Travel	1 664 053	214 821	1 878 874
Sub-contracts	5 041 095	871 543	5 912 638
Fellowships	707 352	32 665	740 017
Meetings and conferences	6 690 245	520 940	7 211 185
Expendable equipment	507 596	145 612	653 208

<b>Total</b>	<b><u>37 247 312</u></b>	<b><u>4 583 902</u></b>	<b><u>41 831 214</u></b>

Write-off of losses of cash and receivables

11. In accordance with financial rule 110.14, and after a full investigation, the writing off of seven uncollectable receivables, amounting to \$2,566.56, was approved by the Assistant Secretary-General, Office of Financial Services, for the biennium 1986-1987. In each case, it was determined in the light of the facts known at the time that (a) the responsibility for the loss could not be fixed and attached to any official of the United Nations Environment Programme, (b) every effort had been made to collect the amount and (c) further collection efforts would be fruitless.

12. During the biennium 1986-1987, property losses amounting to \$3,864.05 were written off in accordance with financial rule 110.15. These write-offs brought the balance of property shown by the records into conformity with the actual quantities of non-expendable property as at 31 December 1987.

## II. REPORT OF THE BOARD OF AUDITORS

### Introduction

1. As required by General Assembly resolution 74 (1) of 7 December 1946 and article XIV of the Financial Rules of the United Nations Environment Programme (UNEP), the Board of Auditors has audited the accounts of the Fund of UNEP for the biennium ended 31 December 1987.

2. The examination was conducted in accordance with article XII of the Financial Regulations of the United Nations and the annex thereto and with the common auditing standards adopted by the panel of external auditors of the United Nations, the specialized agencies and the International Atomic Energy Agency. The examination was conducted at UNEP headquarters at Nairobi.

3. During the biennium under review, the Board of Auditors continued its practice of reporting the results of specific audits and issuing management letters containing detailed audit observations to the Administration. This practice has helped to maintain a continuing dialogue with the Administration.

4. The following are the most significant matters arising from our examination during the biennium. We have discussed these matters with the Administration, whose responses are incorporated where appropriate.

### Summary of recommendations

5. We recommend that the following corrective actions, presented in order of priority, be taken:

(a) Over-expenditures should be incurred only in compliance with financial regulations and rules, and budgetary limits should be recognized by the United Nations Environment Programme secretariat and co-operating agencies and organizations;

(b) Accounting principles, policies and procedures should always be observed in the manner recommended in the present report in order to present more informative and reliable financial statements;

(c) Changes in functions and organizational units should be made only after the approval of the Secretary-General;

(d) Any deviation from the provisions of project documents should be justified and in the case of reduction or deletion of certain activities, the fees should also be correspondingly reduced or adjusted;

(e) The provisions of the staff rules on travel and recovery of travel advances should always be complied with;

(f) With regard to the contract with Living Music Productions, a study should be made to assess whether the undertaking had attained self-sufficiency by ensuring that all costs are properly matched against corresponding revenues.

Summary of findings

6. The examination disclosed that over-expenditure was incurred by the Geneva liaison office under the account for supplementary personal services. The over-expenditure represented 180.28 per cent of the total allotment for supplementary personal services under programme and programme support costs.

7. Our review of unliquidated obligations under the Mediterranean Trust Fund disclosed that travel pertaining to 1988 was charged against 1987 commitments. This was subsequently corrected in the revised financial statements for the biennium.

8. We likewise observed instances of double recording of obligations under the Mediterranean Trust Fund and programme activities of the Fund.

9. Our examination disclosed that project cost overruns were incurred, ranging from 95 to 162 per cent of the 1987 budget, which were in excess of the 20 per cent budget flexibility limit.

10. Our comparison of actual deployment of personnel at the P-5 level and above as at 31 December 1987 with the authorized staffing table for the biennium 1986-1987 disclosed instances of borrowing of personnel between programmes.

11. Our examination disclosed that the salaries and allowances of certain staff members, including those with permanent status, had been charged for more than one year against the account for general temporary assistance.

12. Our examination disclosed that two consultants were issued identical special service agreements for a period of three months each, and for a total fee including administrative costs, of \$78,000. We likewise observed that the contracts were previously envisaged for a period of six months with the same amount of fees. It was further noted that certain activities as enumerated in the project document were not included in the terms of reference attached to the special service agreement.

13. Our examination disclosed that deviations from travel as authorized in the form (PT.8) were made. We also noted that staff members, instead of availing themselves of the most economical fares, travelled in club class. Furthermore, there were cases where the most direct routes were not utilized.

14. Our review of Technical Co-operation Trust Fund activities revealed that pledges/contributions received for future years were either not recorded or were recorded as current income. The correct accounting treatment was subsequently reflected in the revised financial statements for the biennium.

15. Our examination disclosed that UNEP entered into a contract with Living Music Productions for the production and distribution of the "World Environment Day". UNEP made an advance of \$36,000, with the understanding that the amount could be recovered in three years or on 1 November 1987, whichever was sooner. We noted, however, that UNEP had not been able to recover the full amount of its investment during such period.

Budgetary control

16. Our review and comparison of allotments as at 31 December 1987 for programme and programme support costs issued to various regional/liaison offices against their expenditures revealed that all regional/liaison offices had not exceeded their allotments for 1986 and 1987, except the Geneva liaison office, where an over-expenditure of \$110,999.68 was incurred under the account for supplementary personal services. The over-expenditure represented 180.28 per cent of the total allotment for supplementary personal services.

17. We recommended that over-expenditures in all instances be incurred in compliance with United Nations financial rules and regulations and that budgetary limits should be recognized by the UNEP secretariat and co-operating agencies and organizations.

18. The Administration stated that the over-expenditures are normally covered through the issuance of revised allotment advices against approved appropriations. In cases where expenditures exceed the appropriations approved by the Governing Council, such over-expenditures can no longer be covered by additional allotments. It further informed us that the over-expenditures were caused by unexpected increases in administrative support charges imposed by the United Nations Office at Geneva without prior notification and by the strengthening of the Swiss franc against the United States dollar.

Unliquidated obligations

19. Our review of unliquidated obligations under the Mediterranean Trust Fund as at 31 December 1987 disclosed that the account included travels that were to be undertaken in 1988.

20. We recommended, and the Administration agreed, that those obligations should be cancelled from the 1987 commitments and reissued against 1988 commitments. The Administration further informed us that the review and scrutiny of obligations, including those from outlying offices, would be improved to avoid similar incidents in the future. It also informed us that, subsequently, they had corrected the accounts that had been reflected in the financial statements.

21. Our examination likewise disclosed that expenditures under budget line 1200 (consultants) was overstated, representing the non-cancellation of the original miscellaneous obligating document when a new one was raised in view of the extension of the services of the consultant.

22. We recommended, and the Administration agreed, that the obligation pertaining to the original miscellaneous obligating document should be cancelled, so that the affected accounts could be adjusted accordingly.

23. Under Fund Programme Activities, we noted that an unliquidated obligation pertaining to 1986 under FP/2101-81-05-2100 (non-convertible roubles) was obligated twice. Further examination of the miscellaneous obligating documents disclosed that one was certified by the certifying officer for non-convertible currency - roubles - while the other was authorized by the certifying officer of the said project.

24. We recommended, and the Administration agreed, that an adjusting entry should be prepared to cancel the excess obligations recorded and that in the future closer

co-ordination should exist among those who are in charge of the authorization/approval of financial transactions. The Administration replied that the review and control of outstanding obligations by certifying officers during and at the end of financial years had been strengthened. It also stated that, subsequently, the corrected accounts had been reflected in the financial statements.

#### Project cost overruns

25. Our examination of transactions affecting the Non-convertible Currency Counterpart Contributions to the Mediterranean Trust Fund disclosed that project cost overruns were incurred in 1987 for consultants, expendable equipment and reporting costs. The percentage of cost overruns on the 1987 budget ranged from 95 per cent to 162 per cent, which exceeded the 20 per cent budget flexibility unit per object of expenditure as provided for in annex K of the UNEP Programme Manual on the design and approval of projects.

26. We recommended that a project budget revision be made in order to adjust the project budget as a result of over-expenditures in certain budget lines. The Administration, in its response, stated that the revision had been prepared as recommended.

#### Personnel issues

27. Our review and comparison of actual deployment of personnel at the P-5 level and above as at 31 December 1987 with the authorized staffing table as included in the approved regular programme and programme support costs budgets for the biennium 1986-1987 disclosed three instances of inter-programme borrowing of personnel.

28. We recommended, and the Administration agreed, that post factum approval should be sought for those redeployments and that in future redeployments of personnel the Administration should comply strictly with the deployments as approved by the General Assembly and the Governing Council. With respect to one redeployment, the Administration informed us that the borrowing was on a temporary basis, while in another case, the approval of the Governing Council would be sought once a final decision was reached that the post would have to be redeployed. The Administration also informed us in its response that the posts involved had been restored as authorized in the staffing tables and that the redeployment of one P-5 post was endorsed by the Programme Planning and Budget Division and was granted by the General Assembly in the programme budget for 1988-1989.

#### General temporary assistance

29. Our review of programme support costs disclosed that the salaries and allowances of certain staff members, including those with permanent status, had been charged against the account for general temporary assistance for more than one year. ST/SGB/177 and ST/AI/295 provide that the appointment of temporary staff under the 100 series of the Staff Rules shall only be for less than one year of continuous service.

30. We recommended that the provisions of the above instructions be strictly adhered to and that approval be sought from the appropriate authority for the charges against the general temporary assistance account. The Administration informed us that the situation had been rectified by the creation of 10 established posts in place of 10 temporary assistance posts. However, there is still a need to

consult with the Programme Planning and Budget Division to determine whether the posts are a proper charge to the pertinent overhead account.

#### Consultants and experts

##### Consultancy fee

31. Our examination disclosed that two consultants, working under one institution, were issued identical special service agreements for a period of three months each, in connection with the project "World Environment Day 1987" and for a fee of \$12,000 and \$27,000 for office accommodation and other incidental expenses, or a total fee of \$39,000 each, or \$78,000 for the two consultants. We likewise observed that the contracts, which were originally intended for six months, were reduced to three months, while the terms of reference of the consultants disclosed variances/non-inclusion of some activities when compared to the terms of reference as envisaged in the project document. These revisions, however, did not correspondingly reduce the cost of the contracts. Moreover, records do not show justification for the reduction in the activities expected of the consultants.

32. We recommended, and the Administration agreed, that in the future, any deviation from the provision of the project document should be explained or justified and that in case of reduction or deletion of certain activities previously contemplated, the fees should also be correspondingly reduced or adjusted. The Administration further stated that the exceptional nature of the two consultancies was not expected to recur.

#### Travel

33. Our examination of transactions pertaining to travel disclosed deviations from travel as authorized in the respective forms (PT.8s). We likewise observed instances where staff members, instead of availing themselves of the most economical fares, travelled in club class and did not utilize the most direct routes. Further, we noted that travel advances were not liquidated immediately after the completion of the travel. In some instances, additional travel advances were granted although the prior advances had not been liquidated.

34. We recommended, and the Administration agreed, that the provisions of the Staff Rules, in particular, 107.7 (b), 107.8 (b), 107.9 (a) and 107.10 (b), dealing with the mode of travel, be complied with. We also recommended that the requirements on the recovery of travel advances as contained in the memorandum of the United Nations Controller dated 7 August 1986, and further reiterated under the UNEP Information Circular, be strictly followed.

35. The Administration informed us that, because of connecting flights, all travel was covered by the nine-hour criterion after changes in flight schedules were made, because a direct flight or a seat in economy class was not available on the day required. The Administration further informed us that recovery actions had been instituted, while in other cases, staff members have either filed the liquidation documents or refunded the advances. We also noted that the Administration had made arrangements for training courses on travel arrangements and fare constructions to UNEP staff members in order to ensure correct application of the most economical rates and direct routes at all times.

36. In its response, the Administration stated that:

"Due note has been taken of the audit observation and it will be ensured in the future that use of club class travel will be restricted and authorized only in exceptional cases where no alternative cheaper mode of travel is available."

Programme activity centres

Organization of UNEP secretariat

37. Our comparison of the organization structure of the UNEP secretariat as described in its circulars IC/Nairobi/86/64 of 1 December 1986 with the structure as defined in ST/SGB/Organization, section O/Rev.1 of 1 August 1977 and ST/SGB/170/Add.1 of 30 June 1980, disclosed the existence of programme activity centres/organizational units that were not contained in the afore-cited Secretary-General's bulletins of 1977 and 1980.

38. Paragraph 5 of ST/SGB/150/Rev.1 dated 1 June 1977 states that changes in functions and organization shall take effect only after review of the draft revised text and justification for the change and approval by the Secretary-General. In addition, paragraph 6 thereof provides that organizational units not properly identified in the organization manual or a related Secretary-General's bulletin have no administrative status and shall not be referred to in official documents.

39. We recommended, and the Administration agreed, that the requirements of ST/SGB/150/Rev.1 of 1 June 1977 should be formally complied with on a post factum basis.

Classification of posts

40. Our review of the staff list revealed that appointments to the post assigned to the programme activity centres and other co-ordination units were made under the 100 series of the Staff Rules. Under paragraph 3 of ST/SGB/177 dated 19 November 1982, appointments under the 100 series of the Staff Rules are for the regular staff of the Secretariat.

41. We further observed that these posts were not included in table 18.5, the total post requirements analysis, of the proposed programme budget for the biennium 1986-1987. Instead, the costs associated with these posts were lumped with an presented as "operational projects" of the Environment Fund.

42. We inquired as to why these posts - assuming that they are regular, although temporary posts - were not included in table 18.5 of the proposed programme budget for the biennium 1986-1987. If these are project posts, on the other hand, the appointments should have been made under the 200 series of the Staff Rules.

43. The Administration informed us that the issue was being handled jointly by New York Headquarters and UNEP and that once all the necessary elements were gathered, including the findings of the management team sent to Nairobi, proper action would be undertaken.

44. In its response, the Administration stated that:

"Since the audit observation, UNEP has computerized its organizational structure and personal data and is now preparing the up-dated structure, organization, functions and staffing to MAS for formal approval. UNEP will then wait for DAM advice on the status of the programme activity centres, and of the staffing appointed to them."

Revolving Fund (information)

Contract with Living Music Productions

45. The amended rules governing the use of the Revolving Fund (information) (UNEP/GC/9/9, dated 18 February 1981) state that the purpose of the Revolving Fund is "to provide for the financing of such parts of the cost of preparing, producing and distributing UNEP information materials as can respectively be expected to be recoverable as revenue from the sale of such materials or of the reproduction rights therein". The same rules state that "the management of the Revolving Fund shall be subject to the overriding consideration that the Revolving Fund as a whole shall be self-supporting".

46. Our examination disclosed that UNEP entered into a contract with Living Music Productions for the production and sale of a record album promoting World Environment Day and the global cause of the environment. The amount of \$36,000 was advanced by UNEP as its share of the budget, recoverable within three years of the album's release or by 1 November 1987, whichever was sooner. We noted, however, that UNEP was not able to recover the full amount of its investment.

47. Our inquiry revealed that the provisions of paragraphs 4 (a) and 4 (b) of the revised rules of the Fund to the effect that all revenues from sales and all royalties or reproduction fees shall accrue to the Fund, whether or not the cost of the information materials was financed in whole or in part from the Fund, somehow contradicts the overriding consideration in the management of the Fund, which is to make it self-supporting, which means that all information activities financed by the Fund shall at least break even. In this situation, it would be difficult to arrive at decisions on which information activities should be financed by the Fund and to assess its performance.

48. The Administration informed us that a request had been made to the United Nations Internal Audit Service to undertake an audit at the premises of the contractor, who claimed that payment of royalties had been held up by corporate problems. On the issue of self-sufficiency of the Fund, the Administration stated that, taking into account its obligatory free distribution to Governments and other institutions, there would be virtually no chance of the total costs of any one publication being exceeded by revenue earned from the sale of that publication or royalties derived from it. Accordingly, since the revision of the rules governing the operation of the Fund in 1981, it has been the policy to charge as a cost to the Revolving Fund only that part of the total cost of individual publications that might reasonably be anticipated as being recoverable from royalty or sales revenue. The remaining part of the cost - generally the major part - is charged to the project that financed the activity leading to the publication. This division of cost between the Revolving Fund and the relevant project is the only practical way that costs can be charged to the Revolving Fund if the project is supposed to break even.

49. From the responses of the Administration, it is therefore clear that the performance of this undertaking as a self-supporting one cannot be fully assessed in the absence of proper matching of costs against revenue. We therefore recommend that a study be made to assess whether the undertaking has attained self-sufficiency by ensuring that all costs are properly matched against corresponding revenues.

#### Financial reporting

##### Pledges/contributions

50. Our review of the transactions affecting the Technical Co-operation Trust Fund disclosed that pledges/contributions received for future years were either not recorded or erroneously recorded as current income, instead of being recorded as deferred income, as provided for by ST/AI/285 on the procedures for the establishment and management of technical co-operation trust funds.

51. We recommended, and Management agreed, that an adjusting entry be prepared to record pledges received for future years as deferred income instead of recognizing such pledges as income of the biennium 1986-1987. This was effected in the revised financial statements for the biennium.

52. Our examination also disclosed instances where transactions affecting accounts for pledges receivable and for contributions received were recorded almost at the same time. This particularly applied when pledges or contributions were made in currencies other than United States dollars.

53. We recommended that, in the future, pledges received for future years be recorded in the books on the date pledges are made and accepted, as required by ST/AI/285, which provides that "pledges are translated into United States dollars at the United Nations rate of exchange valid for the date the pledge was made".

#### Write-off of losses of cash and receivables

54. The Administration informed us that, during the 1986-1987 biennium, uncollectable receivables and property amounting to \$2,566.56 and \$3,864.05, respectively, were written off in accordance with United Nations financial rules 110.14 and 110.15.

#### Comments on matters dealt with in the report on the biennium 1984-1985

55. The matters contained in our 1984-1985 report 1/ have either been dealt with to our satisfaction or have been mentioned again in the present report.

### III. AUDIT OPINION

We have examined the following appended financial statements, numbered I to VII, properly identified, and relevant schedules of the Fund of the United Nations Environment Programme for the financial period ended 31 December 1987. Our examination included a general review of the accounting procedures and such tests of the accounting records and other supporting evidence as we considered necessary in the circumstances.

As a result of our examination, we are of the opinion that the financial statements present fairly the financial position as at the end of the period and the results of its operations for the period then ended.

The financial statements were prepared in accordance with the stated accounting principles, which were applied on a basis consistent with that of the preceding financial period. The transactions were in accordance with the Financial Regulations and legislative authority.

Nairobi, 31 March 1988

ANNEX

Notes to the financial statements

**Note 1. Summary of significant accounting policies**

The following are the significant accounting policies of the United Nations and the United Nations Environment Programme:

(a) The accounts are maintained in accordance with the Financial Regulations of the United Nations as adopted by the General Assembly, the rules formulated by the Secretary-General as required under the regulations, including the Financial Rules of the Fund of the United Nations Environment Programme, specific decisions of the Governing Council of UNEP and administrative issuances, and in conformity with generally accepted accounting principles.

The United Nations and the United Nations Environment Fund follow the International Accounting Standard 1 on the disclosure of accounting policies, as modified and adopted by the Consultative Committee on Administrative Questions at its fifty-fourth session;

(b) The financial statements are prepared on the historical cost basis of accounting and have not been adjusted to reflect the effects of changing prices for goods and services;

(c) Fund accounting. The accounts are maintained on a "fund accounting" basis and each fund is maintained as a distinct financial and accounting entity with a separate self-balancing double-entry group of accounts. Separate financial statements are prepared for each fund or for a group of funds of the same nature;

(d) The financial period of the Organization is a biennium and consists of two consecutive calendar years;

(e) The income and expenditure and assets and liabilities are recognized on the accrual basis of accounting;

(f) Project expenditures with respect to UNEP projects undertaken by co-operating agencies and supporting organizations are recorded in the UNEP accounts on the basis of actual expenditure of funds reported by them to UNEP. Since 1979, UNEP also recognizes as expenditures the unliquidated obligations of co-operating agencies. The unspent balances of the remittances held by agencies and organizations are recorded as advances in the UNEP accounts;

(g) Translation of currencies. The accounts of the Organization are presented in United States dollars. Accounts maintained in other currencies are translated into United States dollars at the time of the transaction at rates of exchange established by the Controller of the United Nations. In respect of such currencies, the financial statements reflect the cash, investments, unpaid pledges and current accounts receivable and payable in currencies other than United States dollars, translated at the applicable United Nations rates of exchange in effect as at the date of the statements. Differences arising from the conversion of currencies at the United Nations rate of exchange are accounted for as gain or loss on exchange. In accordance with rule 205.2 of the Financial Rules of the Fund,

losses and gains on exchange arising from the payment of voluntary contributions from Governments are recorded as a credit or debit to such contributions;

(h) Contributions. Pledges are recorded as income on the basis of a written commitment by prospective donors to pay monetary contributions at a specified time or times. Pledges received for future years are recorded as deferred income;

(i) Investments. Funds on deposit in interest-bearing bank accounts, certificates of deposit, time deposits and call accounts are shown in the statements of assets and liabilities as cash;

(j) Deferred charges. Deferred charges comprise expenditure items that are not properly chargeable in the current financial period and that will be charged as expenditure in a subsequent financial period. For balance sheet statement purposes, only that portion of the education grant advance which is assumed to pertain to the scholastic year completed as at the date of the financial statement is shown under deferred charges. The full amount of the advance is maintained in the accounts receivable from staff members until such time as the staff member produces the required proof of entitlement to the education grant, at which time the budgetary account is charged and the advance recovered;

(k) Fixed assets. Furniture, equipment and other non-expendables are not included in the assets of UNEP. Acquisitions are charged against the appropriate budget accounts in the year of purchase;

(l) Contingencies. No provision is made in the Environment Fund for repatriation grant entitlements as funds are provided for in the budget appropriations. However, provision to meet contingent liabilities for compensation payments under appendix D to the Staff Rules of the United Nations for personnel financed under trust funds and the Environment Fund has been made and is calculated on the basis of 1 per cent of net base pay;

(m) Miscellaneous income:

- (i) Refunds of expenditures charged to prior financial periods are credited to miscellaneous income;
- (ii) Monies accepted in respect of which no purpose is specified are treated as miscellaneous income;
- (iii) Uncashed cheques one year from their date of issuance are credited to miscellaneous income;
- (iv) The proceeds from the sale of surplus property are credited to the miscellaneous income of the respective funds;
- (v) The refunds from United Nations Joint Staff Pension Fund (UNJSPF) in respect of pension contributions (7 per cent of pensionable remuneration) of participants entering the Fund on or after 1 January 1967 but withdrawing within five years are credited to miscellaneous income when relating to staff separating before 31 December 1982. The UNJSPF will retain these refunds effective with the credits of staff separating thereafter; however, refunds will continue to be received until contributions of all staff separated before 31 December 1982 are processed by the UNJSPF secretariat;

(n) Trust Funds: the Environment Fund follows the general provisions of the Secretary-General's bulletin on the establishment and management of trust funds (ST/SGB/188) and also its supporting administrative instructions, contained in documents ST/AI/285 and ST/AI/286, although as indicated in paragraph 3 of document ST/SGB/188, that bulletin does not apply to such funds as the Fund of the United Nations Environment Programme, which are subject to the administrative authority of their executive heads.

**Note 2. Utilization of non-convertible currencies**

Expenditures on Fund programme activities during the biennium 1986-1987 (schedule 1.2), amounting to \$41.8 million, include \$8.6 million in non-convertible currencies made up of:

	<u>Equivalent in millions of United States dollars</u>
Expenditures reported by supporting organizations	6.5
Expenditures undertaken through co-operating agencies	1.0
Payments to project staff, reimbursable	1.1
Total	8.6

In addition, there were expenditures in non-convertible currencies in connection with programme and programme support staff costs equivalent to \$0.4 million. Total use of non-convertible currencies was therefore the equivalent of \$9.0 million. The currencies involved were Bulgarian leva, Chinese yuan, Czechoslovak koruny, German Democratic Republic marks, Hungarian forint and USSR roubles.

As at 31 December 1987, the non-convertible currencies cash balance held in banks for account of UNEP amounted to \$9.3 million (statement II and schedule 2.2).

**Note 3. Financial reporting by co-operating agencies and supporting organizations**

All co-operating agencies having UNEP ongoing projects reported their fourth quarter expenditures as at 31 December 1987, but four supporting organizations (non-governmental organizations and government institutions) holding cash advances of \$243,530.70 in total did not report their total expenditures as at 31 December 1987. The four supporting organizations were:

	<u>United States dollars</u>
(a) Ceylon Electricity Board, Sri Lanka (January-December 1987)	32 963.60
(b) National Environment Protection Council, Philippines (October-December 1987)	12 567.10
(c) Secretaría de Desarrollo Urbano y Ecología, Mexico (June-December 1987)	88 000.00
(d) Ministry of Health, Government of Bahrain, Manama (June-December 1987)	<u>110 000.00</u>
	243 530.70

**Note 4. Accounts payable**

The accounts payable balance is comprised of the following:

	<u>United States dollars</u>
Staff members	106 228
Vendors	483 315
UNDP field offices	545 622
Others	<u>107 823</u>
Total (statement II)	1 243 188

**Note 5. Deferred charges**

(a) The table below provides an analysis of the amount shown on statement II as deferred charges as at 31 December 1987:

	<u>United States dollars</u>
Education grant advances	161 777
Prepaid expenses	109 501
Advances to finance self-liquidating activities	4 354
Charges in transit from offices away from Headquarters (inter-office vouchers)	<u>867 420</u>
Total (statement II)	1 143 052

The portion of the education grant advance which is assumed to pertain to the scholastic year completed as of the financial statement is shown for balance sheet purposes only;

(b) The deferred charges shown on statement III in the amount of \$4,233 and on statement IV.1 in the amount of \$8,221 represent the portion of education grant advances pertaining to the scholastic year completed as of 31 December 1987 which will be charged as expenditure in the subsequent financial period.

**Note 6. Inter-fund balances**

The following is the breakdown of inter-fund balances as at 31 December 1987 appearing in statement II.

United States dollars

Due from United Nations funds and inter-fund accounts

UNEP general trust funds: (statement III)

Mediterranean Trust Fund	145 965
West and central African region	41 591
East Asian Seas	16 565
CITES	66 831
Environment Conservation Stamp Fund	11 054
Caribbean Trust Fund	<u>83 519</u>
Subtotal	<u>365 525</u>

UNEP technical co-operation trust funds (statement IV.1)

Environmental Management and Protection of Andean Ecosystems	23 998
Provision of Experts to the UNEP Global Resource Informational Data Base	16 644
Control of environmental hazards and promotion of chemical safety	6 472
Support to clearing house mechanisms	45 000
Provision of consultancies to developing countries	15 602
Provision of Experts to SADCC	<u>9 907</u>
Subtotal	<u>117 623</u>

Junior Professional Officers Programme (statement IV.2)

Denmark	3 471
Germany, Federal Republic of	1 392
Japan	18 161
Norway	<u>2 436</u>
Subtotal	<u>25 460</u>

International Prizes in the Field of the  
Environment (statement IV.3)

2 973

Special account for programme support costs  
(statement V.1)

93 349

Counterpart contributions (statement VI.1)

211 365

Total (statement II)

816 295

Note 7. Due to United Nations funds and inter-fund accounts

United States dollars

UNEP General trust funds (statement III)

Kuwait Action Plan	26 292
East African Regional Seas	<u>22 651</u>
Subtotal	<u>48 943</u>

UNEP technical co-operation trust funds  
(statement IV.1)

Industrial environmental and raw material management	<u>34 041</u>
--	---------------

Non-convertible currencies: counterpart contribution to the Caribbean Trust Fund (statement VI.3) 29 973

United Nations General fund 2 545 902

Revolving Fund (information) (statement VII) 88 354

Non-convertible currencies: Counterpart contribution to the Mediterranean Trust Fund (statement VI.2) 105 561

Total (statement II) 2 852 774

=====

Note 8. Counterpart contribution to the Mediterranean Trust Fund (statement VI.2)

This amount of \$17,814 represents cancellation and surrender of prior years' obligations in accordance with financial rule 110.9.
