The General Assembly,

Recalling its resolutions 54/54 B of 1 December 1999, 55/33 V of 20 November 2000 and 56/24 M of 29 November 2001,

Reaffirming its determination to put an end to the suffering and casualties caused by anti-personnel mines, which kill or maim hundreds of people every week, mostly innocent and defenceless civilians and especially children, obstruct economic development and reconstruction, inhibit the repatriation of refugees and internally displaced persons, and have other severe consequences for years after emplacement,

Believing it necessary to do the utmost to contribute in an efficient and coordinated manner to facing the challenge of removing anti-personnel mines placed throughout the world, and to assure their destruction,

Wishing to do the utmost in ensuring assistance for the care and rehabilitation, including the social and economic reintegration, of mine victims,

Welcoming the entry into force, on 1 March 1999, of the Convention on the Prohibition of the Use, Stockpiling, Production and Transfer of Anti-personnel Mines and on Their Destruction,¹ and noting with satisfaction the work undertaken to implement the Convention and the substantial progress made towards addressing the global landmine problem,

Recalling the First Meeting of the States Parties to the Convention, held at Maputo from 3 to 7 May 1999, and the reaffirmation made in the Maputo Declaration of a commitment to the total eradication of anti-personnel mines,²

Recalling also the Second Meeting of States Parties to the Convention, held at Geneva from 11 to 15 September 2000, and the Declaration of the Second Meeting of States Parties reaffirming the commitment to completely and fully implement all provisions of the Convention,³

Recalling further the Third Meeting of States Parties to the Convention, held at Managua from 18 to 21 September 2001, and the Declaration of the Third Meeting of States Parties reaffirming the unwavering commitment both to the total eradication of anti-personnel mines and to addressing the insidious and inhumane effects of those weapons,⁴

Emphasizing the desirability of attracting the adherence of all States to the Convention, and determined to work strenuously towards the promotion of its universalization,

Noting with regret that anti-personnel mines continue to be used in conflicts around the world, causing human suffering and impeding post-conflict development,
