Annexes

I. Recommended awards for the twenty-fourth instalment of “E4” claims - reported by UNSEQ and UNCC claim number and claimant name.....	17
II. Recommended awards for the twenty-fourth instalment of “E4” claims - reported by claimant name and category of loss.....	26

Introduction

1. At its twenty-fourth session, held on 23-24 June 1997, the Governing Council of the United Nations Compensation Commission (the "Commission") appointed Messrs. Robert R. Briner (Chairman), Alan J. Cleary and Lim Tian Huat as the first Panel of Commissioners (the "Panel") charged with reviewing "E4" claims. The "E4" population consists of claims submitted by Kuwaiti private sector corporations and entities, other than oil sector and environmental claimants, eligible to file claims under the Commission's "Claim Forms for Corporations and Other Entities" ("Form E").

2. A twenty-fourth instalment consisting of 151 "E4" claims was submitted to the Panel on 31 January 2002, in accordance with article 32 of the Provisional Rules for Claims Procedure (S/AC.26/1992/10) (the "Rules").

3. Pursuant to article 38 of the Rules, this report contains the Panel's recommendations to the Governing Council concerning the twenty-fourth instalment claims.

I. OVERVIEW OF THE TWENTY-FOURTH INSTALMENT CLAIMS

4. The twenty-fourth instalment claims were selected from the population of approximately 2,750 "E4" claims on the basis of criteria that include, inter alia, the size, volume and complexity of the claims, the legal, factual, and valuation issues raised by the claims, and the date of filing of the claims with the Commission.

5. The twenty-fourth instalment claimants filed losses aggregating 58,629,193 Kuwaiti dinars (KWD) (approximately 202,869,180 United States dollars (USD)). The claimants also filed claims for interest totalling KWD 2,114,618 (approximately USD 7,317,017) and claims preparation costs aggregating KWD 236,720 (approximately USD 819,100).¹

6. The nature of the legal and factual issues raised in each claim and the amount of documentation provided in support of each claim have allowed the Panel to complete its verification of the claims within 180 days of the date on which the twenty-fourth instalment claims were submitted to the Panel.

7. All of the claimants in the twenty-fourth instalment operated in Kuwait prior to Iraq's invasion and occupation of Kuwait. Some claimants conducted trading operations dealing in a variety of goods, while others were engaged in the manufacturing, construction and service industries.

8. The two most common loss types asserted by claimants in this instalment are loss of tangible property (mainly stock, furniture, fixtures, equipment and vehicles) and loss of earnings or profits. Claimants have also sought compensation for uncollectible receivables, restart costs, interest and claims preparation costs and "other losses".

II. THE PROCEEDINGS

9. Before the twenty-fourth instalment claims were submitted to the Panel, the secretariat of the Commission undertook a preliminary assessment of the claims in accordance with the Rules. This review is described in paragraph 11 of the “Report and recommendations made by the Panel of Commissioners concerning the first instalment of ‘E4’ claims” (S/AC.26/1999/4) (the “First ‘E4’ Report”). The results of the review were entered into a centralized database maintained by the secretariat (the “Claims Database”).

10. Originally, twenty-two claims presented formal deficiencies and the secretariat issued notifications to the relevant claimants pursuant to article 15 of the Rules. These claimants corrected all formal deficiencies.

11. A substantive review of the claims was undertaken to identify significant legal, factual and valuation issues. The results of the review, including the significant issues identified, were recorded in the Claims Database.

12. The Executive Secretary of the Commission submitted report numbers 29, 30, 31, 32, 33, 34, 35 and 37 dated 28 October 1999, 17 February 2000, 28 April 2000, 6 July 2000, 6 October 2000, 10 January 2001, 12 April 2001 and 18 October 2001, respectively, to the Governing Council, claimant governments and the Government of Iraq in accordance with article 16 of the Rules (the “article 16 reports”). These reports covered, *inter alia*, the twenty-fourth instalment of “E4” claims and presented the significant legal and factual issues identified in these claims. A number of Governments, including the Government of Iraq, submitted additional information and views in response to the article 16 reports of the Executive Secretary.

13. At the conclusion of the (a) preliminary assessment; (b) substantive review; and (c) article 16 reporting, the following documents were made available to, and were taken into account by, the Panel:

- (a) The claim documents submitted by the claimants;
- (b) The preliminary assessment reports prepared under article 14 of the Rules;
- (c) Information and views of Governments, including the Government of Iraq, received in response to the article 16 reports; and
- (d) Other information deemed, under article 32 of the Rules, to be useful to the Panel for its work.

14. For the reasons stated in paragraph 17 of the First “E4” Report, the Panel retained the services of an accounting firm and a loss adjusting firm as expert consultants. The Panel directed the expert consultants to review each claim in the twenty-fourth instalment in accordance with the verification and valuation methodology developed by the Panel. The Panel directed the expert consultants to submit to the Panel a detailed report for each claim summarizing the expert consultants’ findings.

15. By its procedural order dated 31 January 2002, the Panel gave notice of its intention to complete its review of the twenty-fourth instalment claims and submit its report and recommendations to the Governing Council within 180 days of 31 January 2002. This procedural order was transmitted to the Government of Iraq and the Government of Kuwait.

16. Pursuant to article 34 of the Rules, additional information and evidence were requested from the claimants in order to assist the Panel in its review of the claims. Claimants that were unable to submit the evidence requested were asked to provide reasons for their inability to comply with such requests. All requests for additional information and evidence were directed through the Government of Kuwait's Public Authority for Assessment of Compensation for Damages Resulting from Iraqi Aggression ("PAAC"). These requests were made in relation to the entire "E4" claims population and not just the twenty-fourth instalment claims.

17. The requests for additional information and evidence are described in prior "E4" reports, e.g., paragraphs 21-26 of the "Report and recommendations made by the Panel of Commissioners concerning the second instalment of 'E4' claims" (S/AC.26/1999/17) (the "Second 'E4' Report") and paragraph 18 of the "Report and recommendations made by the Panel of Commissioners concerning the sixth instalment of 'E4' claims" (S/AC.26/2000/8) (the "Sixth 'E4' Report"). These requests are not restated in this report.

18. An additional level of verification was performed to determine if related claimants filed duplicate claims. This review is described in paragraph 18 of the "Report and recommendations made by the Panel of Commissioners concerning the fourth instalment of 'E4' claims" (S/AC.26/1999/18) (the "Fourth 'E4' Report").

19. The twenty-fourth instalment claims include five claims that were deferred by the Panel from previous instalments of "E4" claims because of potential overlaps with individual claims for business losses. One claim was deferred from the eighth instalment, three claims were deferred from the twelfth instalment and one claim was deferred from the twentieth instalment. The explanation for deferring these claims is described at paragraphs 20-22 of the "Report and recommendations made by the Panel of Commissioners concerning the eighth instalment of 'E4' claims" (S/AC.26/2000/21), at paragraphs 19-21 of the "Report and recommendations made by the Panel of Commissioners concerning the twelfth instalment of 'E4' claims" (S/AC.26/2001/4) and at paragraph 19 of the "Report and recommendations made by the Panel of Commissioners concerning the twentieth instalment of 'E4' claims" (S/AC.26/2002/5) (the "Twentieth 'E4' Report"). Subsequently, the Panel concluded that the claims in question did not present any actual overlap with individual claims for business losses. As a result, the claims have been included in the twenty-fourth instalment for review.

20. Based on its review of the documents submitted and the additional information obtained, the Panel concluded that the issues presented by the twenty-fourth instalment claims had been adequately developed and that oral proceedings were not required to assist with the Panel's review of the claims.

III. LEGAL FRAMEWORK AND VERIFICATION AND VALUATION METHODOLOGY

21. The legal framework and the verification and valuation methodology applied to the evaluation of the claims in this instalment are the same as those used in earlier “E4” instalments. This framework and methodology are discussed in paragraphs 25-62 of the First “E4” Report. Subsequent “E4” reports discuss additional legal as well as verification and valuation issues that were encountered in later instalments of “E4” claims. These various elements of the Panel’s review are not restated in this report. Instead, this report refers to sections in the previous “E4” reports where such issues have been addressed.

22. Where the Panel encountered new issues not addressed in prior “E4” reports, the Panel developed methodologies for verifying and valuing the losses. These new issues are discussed in the text of this report. The Panel’s specific recommendations on the losses asserted in this instalment and the Panel’s reasons for those recommendations are set out in the annexes to this report.

23. Before discussing the Panel’s specific recommendations for compensating the twenty-fourth instalment claims, it is important to restate that the Panel’s approach to the verification and valuation of these claims balances the claimant’s inability always to provide best evidence against the “risk of overstatement” introduced by shortcomings in evidence. In this context, the term “risk of overstatement”, defined in paragraph 34 of the First “E4” Report, is used to refer to cases in which claims contain evidentiary shortcomings that prevent their precise quantification and therefore present a risk that they might be overstated.

IV. THE CLAIMS

24. The Panel reviewed the claims according to the nature and type of loss identified. Therefore, the Panel’s recommendations are set out by loss type. Reclassified losses have been dealt with in the section pertaining to the loss types into which the Panel reclassified the losses.

A. Contract

25. Six claimants in the twenty-fourth instalment asserted loss of contract claims aggregating KWD 1,345,454 (approximately USD 4,655,550). Claims for loss of contract in this instalment do not relate to contracts with the Government of Iraq or to contracts requiring performance in Iraq.

26. The claims for loss of contract in this instalment did not raise any new legal or verification and valuation issues. The Panel’s approach to the compensability of loss of contract claims is stated in prior “E4” reports and the verification and valuation methodology adopted by the Panel for the loss of contract claims is discussed in paragraphs 77-84 of the First “E4” Report.

27. One claimant, Al Amein Company Equipment Trading & Contracting W.L.L., made a claim in the amount of KWD 503,454 for unbilled work it performed as a subcontractor pursuant to a construction subcontract agreement it entered into with a general contractor in 1986. The claimant’s work pursuant to the subcontract agreement had been substantially completed prior to Iraq’s invasion and occupation of Kuwait. The general contractor issued a certificate of substantial completion in respect of the subcontract

with an effective date of 27 June 1990. The claimant alleged that it performed additional work as set out in the certificate of substantial completion prior to Iraq's invasion and occupation of Kuwait. The claimant also alleged that it performed work pursuant to certain variation orders that were issued in respect of the same subcontract prior to Iraq's invasion and occupation of Kuwait. Both the work performed pursuant to the certificate of substantial completion and the work performed pursuant to the variation orders remained unbilled at the date of Iraq's invasion and occupation of Kuwait. The claimant alleged that the general contractor ceased activities following the liberation of Kuwait and that it has not received payment for the unbilled amounts.

28. In support of its claim, the claimant submitted the underlying construction subcontract, the certificate of substantial completion, and an annex showing additional items to be performed pursuant to the subcontract in the amount of KWD 80,000. The claimant also provided correspondence dated between 1989 and 1990 from the claimant to the general contractor containing its own valuation of work that it performed pursuant to certain variation orders amounting to KWD 405,086. Some documents relating to the variation orders indicated that the general contractor contested certain of the claimant's valuations of the work it performed.

29. In considering the claims for unbilled work, the Panel finds that, apart from the claimant's allegation that the general contractor's activities ceased following the liberation of Kuwait, the claimant did not provide any explanation or evidence establishing why the general contractor failed to pay for the work, or when its activities ceased. Nor did the claimant provide any explanation or evidence establishing that its contract was terminated or repudiated as a direct result of Iraq's invasion and occupation of Kuwait. In this regard, the Panel finds that it is possible that the contractor remained liable to the claimant following the liberation of Kuwait for the extra work it performed on the project. In addition, the Panel finds that the claimant did not submit any evidence demonstrating that it attempted to mitigate its losses following the liberation of Kuwait by pursuing any remedies that it may have had against the contractor or the project owner for the unbilled amounts, nor did the claimant submit any evidence demonstrating that it was unable to mitigate its losses as a direct result of Iraq's invasion and occupation of Kuwait. In the light of these evidentiary shortcomings, the Panel finds that the claimant did not establish that its loss arose as a direct result of Iraq's invasion and occupation of Kuwait and recommends no award of compensation for these claims.²

30. The Modern Airconditioning & Refrigeration Co. W.L.L. made a claim for unbilled costs or work-in-progress in relation to six contracts that it entered into prior to Iraq's invasion and occupation of Kuwait. Four of the contracts were with various ministries of the Government of Kuwait and the rest of the contracts were with certain private parties. The claimant alleged that each of the contracts was terminated as a direct result of Iraq's invasion and occupation of Kuwait and that it was therefore not able to recover the unbilled costs pursuant to the contracts following the liberation of Kuwait.

31. The claimant provided copies of the relevant contracts and relied on the work-in-progress accounts in its financial statements for the financial periods ending 31 December 1989 and 1 August 1990 as evidence that it had incurred the costs in question. The auditor's report to the financial statements for the financial period ending 1 August 1990 was qualified. The work-in-progress accounts in the financial

statements did not contain a breakdown of the amounts of unbilled costs attributable to each of the contracts individually. There were no extraordinary loss provisions in the claimant's post-liberation financial statements evidencing the loss of the unbilled costs.

32. Although the claimant did not submit any evidence that the contracts were terminated or repudiated as a direct result of Iraq's invasion and occupation of Kuwait, the Panel relies on its decision respecting the effect of Order No. 148 of the Council of Ministers of the Government of Kuwait in paragraph 29 of the "Report and recommendations made by the Panel of Commissioners concerning the nineteenth instalment of 'E4' claims" (S/AC.26/2002/4) and finds that the contracts between the claimant and the various ministries of the Government of Kuwait were brought to an end as a direct result of Iraq's invasion and occupation of Kuwait. The Panel further finds, however, that the claimant was obliged to submit evidence that its contracts with the private parties were terminated or repudiated as a direct result of Iraq's invasion and occupation of Kuwait, and that since it did not do so, it recommends that no compensation be awarded for the losses relating to those contracts.

33. In relation to the claim for unbilled costs incurred pursuant to the contracts with the various ministries of the Government of Kuwait, the Panel finds that the valuation approach taken by the claimant presents a substantial risk of overstatement of the claim, especially in the light of the fact that the claimant renegotiated two of the contracts following the liberation of Kuwait and therefore might have been able to recover some of the unbilled costs in relation to those contracts. Furthermore, and in any event, the Panel finds that the claimant did not submit any evidence that it incurred the losses as alleged. In the light of these evidentiary shortcomings, the Panel recommends no award of compensation for the claim.

34. The Panel's recommendations on loss of contract claims are summarized in annex II below.

B. Real property

35. Thirty-eight claimants in this instalment filed claims aggregating KWD 1,744,063 (approximately USD 6,034,820) for loss of real property. These claims sought compensation for damage to a number of owned and rented premises in Kuwait.

36. The compensability standards and the verification and valuation methodology adopted by the Panel for loss of real property claims are stated in paragraphs 89-101 of the First "E4" Report.

37. Claimants in this instalment submitted the same type of evidence encountered by the Panel when reviewing loss of real property claims in earlier "E4" instalments. This evidence is described in paragraphs 102-106 of the First "E4" Report.

38. The Panel's recommendations on real property losses are summarized in annex II below.

C. Tangible property, stock, cash and vehicles

39. Most of the claimants in this instalment submitted claims for tangible property losses. The claimed losses, relating to stock, furniture and fixtures, equipment, vehicles and cash, aggregate KWD 32,920,332 (approximately USD 113,911,183).

40. With regard to the compensability and the verification and valuation of these tangible property claims, the Panel applied the approach set out in paragraphs 108-135 of the First "E4" Report.

41. The claims for loss of tangible property in this instalment did not raise any new legal or verification and valuation issues. Claimants in this instalment submitted the same type of evidence encountered by the Panel when reviewing loss of tangible property claims in earlier "E4" instalments. This evidence is described in paragraphs 111-116 of the First "E4" Report.

42. With respect to the claims for loss of stock, most of the claimants provided evidence of the existence, ownership and value of the stock losses by providing copies of their audited accounts, original inventory purchase invoices and "roll-forward" calculations, as defined in paragraph 119 of the First "E4" Report. A few claimants sought to rely mainly on employee or related-party witness statements to establish the fact of loss of stock. Where the fact of loss of stock was not supported by sufficient evidence, such as the showing of extraordinary losses in the claimant's audited, post-liberation financial statements, the Panel has recommended no compensation for such losses.

43. One claimant, Al-Yousifi General Trading & Contracting Co., made a claim for loss of stock in relation to a shelving division and a contracting division. The claimant maintained and submitted separate financial statements for each division. The financial statements for the contracting division revealed that it is not wholly owned by the claimant, but rather, is a joint venture that is 51 per cent owned by the claimant and 49 per cent owned by an individual. The claimant did not provide any document authorizing it to submit a claim on behalf of the other joint venture partner.

44. As directed by the Panel, the secretariat reviewed the Claims Database and confirmed to the Panel that no claim had been submitted to the Commission by the claimant's joint venture partner or by the joint venture itself in respect of the contracting division. As a result of these findings, the Panel recommends that compensation for the loss of stock of the contracting division be adjusted in accordance with the claimant's percentage interest in the joint venture.

45. The claims for loss of goods in transit mainly concerned goods that were in Kuwait on the day of Iraq's invasion and that were subsequently lost, as was the case in prior "E4" instalments. Successful claimants were able to submit sufficient proof of payment for the goods and establish the ownership, existence and loss of the goods from certificates issued by the Kuwaiti port authorities or shipping agents.

46. The claims for loss of cash in this instalment did not raise any new legal or verification and valuation issues. Many claimants seeking compensation for cash losses sought to rely on witness statements from related parties without providing further evidence to substantiate their claims. Where

claims for loss of cash were not supported by sufficient contemporaneous evidence establishing the possession and amount of cash held on 2 August 1990, the Panel has recommended no compensation.

47. Most claimants with loss of vehicle claims were able to establish their losses by submitting copies of deregistration certificates and additional documents such as post-liberation, audited accounts and witness statements that substantiated the fact and the circumstances of their loss.

48. The Panel's recommendations on tangible property, stock, cash and vehicle losses are summarized in annex II below.

D. Payment or relief to others

49. Four claimants in this instalment submitted claims for payment or relief to others aggregating KWD 494,138 (approximately USD 1,709,820).

50. The claims for payment or relief to others in this instalment did not raise any new legal or verification and valuation issues. When reviewing these claims for payment or relief to others, the Panel applied the approach and the verification and valuation methodology described in earlier "E4" reports, such as in paragraphs 70-75 of the Second "E4" Report.

51. The Panel's recommendations on the payment or relief to others claims are summarized in annex II below.

E. Loss of profits

52. Seventy-nine per cent of the claimants in this instalment submitted claims for loss of profits aggregating KWD 14,684,349 (approximately USD 50,810,896).

53. Four significant legal and factual issues raised in the first instalment claims were also relevant to the claims in this instalment. These relate to the impact and assessment of (a) benefits received under the Government of Kuwait's post-liberation debt settlement programme, (b) windfall or exceptional profits earned by claimants in the period immediately following the liberation of Kuwait, (c) the indemnity period for loss of profits claims, and (d) claims for loss of profits selectively based on profitable lines of business. The conclusions reached by the Panel in relation to these issues are set forth in paragraphs 161-193 of the First "E4" Report. The Panel has applied these conclusions in its considerations and recommendations for the loss of profit claims in this instalment.

54. Despite specific requests, some claimants in the twenty-fourth instalment did not provide annual accounts for the three financial years preceding and following the period of Iraq's invasion and occupation of Kuwait. The Panel noted that in some cases the failure to submit some accounts was sufficiently explained; for example, where the claimant had commenced trading in the period between 1987 and 1990, or where the claimant had ceased trading following Iraq's invasion and occupation of Kuwait.

55. Loss of profits claims by businesses that failed to provide a full set of annual audited accounts for the relevant periods were regarded as presenting a “risk of overstatement”, unless the failure to submit the accounts was sufficiently explained.

56. The verification and valuation methodology adopted by the Panel for loss of profit claims is stated in paragraphs 194-202 of the First “E4” Report.

57. The Panel’s recommendations on loss of profits claims are summarized in annex II below.

F. Receivables

58. Twenty claimants in this instalment submitted claims for “bad debts” aggregating KWD 3,514,725 (approximately USD 12,161,678). Most of these claims were for amounts owed by businesses or individuals located in Kuwait prior to Iraq’s invasion.

59. The claims for loss of receivables in this instalment did not raise any new legal or verification and valuation issues. As was the case in previous instalments of “E4” claims, most claimants sought compensation for debts that remained uncollected because debtors had not returned to Kuwait after liberation. The Panel reiterates its determination on this matter as set out in paragraphs 209-210 of the First “E4” Report. Claims for debts that have become uncollectible as a result of Iraq’s invasion and occupation of Kuwait must demonstrate, by documentary or other appropriate evidence, the nature and amount of the debt in question and the circumstances that caused the debt to become uncollectible.

60. The twenty-fourth instalment claims for uncollectible receivables were verified and valued in the manner described in paragraphs 211-215 of the First “E4” Report.

61. As discussed above, the Panel recommends no compensation for claims that relied on the mere assertion that uncollected debts were ipso facto uncollectible because the debtors did not return to Kuwait. Most claimants failed to provide evidence to demonstrate that their debtors’ inability to pay was a direct loss resulting from Iraq’s invasion and occupation of Kuwait. This shortcoming was brought to the attention of the claimants, in the context of the additional information requested from claimants (see paragraph 17 above). While a number of responses were received from claimants, few satisfied the above criteria.

62. The Panel’s recommendations on claims for receivables are summarized in annex II below.

G. Restart costs

63. Thirteen claimants in this instalment submitted claims for restart costs aggregating KWD 377,491 (approximately USD 1,306,197). The amounts claimed as restart costs have been reviewed using the methodology described in paragraphs 221-223 of the First “E4” Report and paragraphs 93-96 of the Second “E4” Report.

64. The Panel’s recommendations on restart costs are summarized in annex II below.

H. Other losses

65. Twenty-six claimants in this instalment submitted claims for other losses aggregating KWD 3,548,641 (approximately USD 12,279,035).

66. Most of these claims were for other losses that have been addressed by the Panel in previous reports (e.g. claims for cancelled Kuwaiti currency and prepaid expenses). Claims for other losses that have been dealt with in prior "E4" instalments were reviewed in the manner stated in earlier "E4" reports (see, for example, the Fourth "E4" Report, paragraphs 93-94, concerning the treatment of cancelled Kuwaiti currency, and paragraph 103, concerning the treatment of prepaid expenses. See also the Twentieth "E4" Report, paragraphs 44-45, concerning the treatment of tangible property claims of certain Kuwaiti youth and sports clubs).

67. One claimant, Al-Jazirah for Entertainment Projects Company, submitted a claim for feasibility studies, consultancy fees, planning, supervision and other costs incurred in relation to an entertainment project that allegedly was cancelled following Iraq's invasion and occupation of Kuwait. The claimant did not provide a detailed account of the project in its statement of claim, and the nature of the project was not entirely clear from the documents provided. In particular, it was not clear whether the claim was in relation to amounts expended pursuant to a construction or other contract with a third party or whether the claim was in relation to amounts expended pursuant to the claimant's own capital project. The claimant further alleged that the project was not renewed following the liberation of Kuwait, but did not provide any explanation or evidence as to why the project was not continued.

68. In support of its claim, the claimant submitted financial statements for the financial period ending 31 December 1989 containing an account for "entertainment city projects" on the balance sheet, financial statements for the financial period ending 1 August 1990 containing an account for "entertainment city projects" on the balance sheet that corresponded to the amount of the claim, and a balance sheet for the financial period ending 1 May 1991 containing an account for "entertainment city projects" with a nil balance. This later balance sheet contains an extraordinary loss provision in an amount consistent with the claim and the notes to the financial statements state that the claimant lost all expenses spent on the establishment of the entertainment city project as the contract for the project was not renewed. Finally, the claimant submitted payment documentation in the amount of the claim.

69. The Panel finds that while the claimant established that it incurred expenses in relation to a project that was cancelled following Iraq's invasion and occupation of Kuwait, it did not establish that the project was cancelled as a direct result of Iraq's invasion and occupation of Kuwait, and not as a result of an independent business decision on the part of the claimant to cancel the project, or an unexplained withdrawal of a third party from a contractual obligation. Since the claimant did not establish that its loss was a direct result of Iraq's invasion and occupation of Kuwait, the Panel recommends no award of compensation for the claim.

70. Another claimant, Burisli and Siddiq, Saleh Rashed Burisli & Khaled Siddiq W.L.L., submitted a claim in the amount of KWD 2,652,627 for interest and costs relating to litigation proceedings that were delayed as a result of Iraq's invasion and occupation of Kuwait. The claimant alleged that prior to Iraq's

invasion and occupation of Kuwait, it entered into two construction contracts with the Government of Kuwait's National Housing Authority. A dispute arose over amounts owed to the claimant pursuant to the contracts, and the claimant initiated legal proceedings against the National Housing Authority. The parties subsequently entered into a settlement agreement that was allegedly not honoured by the National Housing Authority and the claimant was obliged to continue with the litigation. A court referred the matter to the Engineering Division of the Expert's Department of the Ministry of Justice (the "Expert's Department"). The Expert's Department convened a series of hearings on the matter, but the proceedings were interrupted as a result of Iraq's invasion and occupation of Kuwait.

71. The claimant claimed that as a result of the delay in the proceedings before the Expert's Department, it was entitled to interest in the amount of 7 per cent per annum calculated on the basis of a 41-month period commencing on 10 June 1990 (the date on which it last submitted documentation to the Expert's Department) and ending on 25 November 1993 (the date on which certain relevant engineering files that were lost as a result of Iraq's invasion and occupation of Kuwait were reconstructed) on the principal amount of KWD 10,000,000. The principal amount represents the amount that the claimant alleges that the National Housing Authority would have paid it to settle the dispute at the date of Iraq's invasion and occupation of Kuwait.

72. In considering the claim for interest, the Panel found that the claimant did not provide any explanation or evidence demonstrating why such a settlement agreement could have been achieved. In the absence of such explanation or evidence, the Panel finds that the claimant did not establish that its claim arose as a direct result of Iraq's invasion and occupation of Kuwait, and recommends no award of compensation for the claim for interest.

73. The claimant made an additional claim for the cost of reconstructing documents related to the proceedings that were on file at the Expert's Department, but which were lost or destroyed during Iraq's invasion and occupation of Kuwait. In particular, it claimed for fees paid to an engineering consulting firm to reconstruct the lost documents, and for legal fees paid for advice in relation to the reconstruction process.

74. In support of its claim for engineering fees, the claimant submitted a note from the Expert's Department advising it that several documents were missing from the files and directing it to submit replacement documents. The claimant also submitted a letter from the claimant's lawyer dated 2 June 1992 advising it of an upcoming hearing and requesting it to provide the missing documents to the Expert's Department, as well as a letter from the Expert's Department dated 28 June 1992 advising them that since the missing documents were not provided as requested, the matter was being transferred back to the court. The claimant also submitted a copy of an agreement dated 6 February 1993 purporting to retain an engineering firm to assist with the claimant's claims before the Expert's Department, as well as copies of receipts from a law firm in the amount of KWD 5,000 respecting legal fees incurred between 5 June 1992 and 3 April 1994.

75. In considering the claim for engineering fees, the Panel finds that the documents submitted by the claimant do not establish that the claimant suffered the loss as alleged, nor do they establish the amounts

of the claim. While the claimant did submit evidence demonstrating that some documents were missing from the Expert's Department file, the claimant did not provide evidence demonstrating that its retainer of the engineering firm following the liberation of Kuwait was for the purposes of reconstructing the missing documentation rather than for assisting with the ongoing litigation. The Panel further finds that although the letter of retainer contained a formula for the payment of fees, the claimant did not submit any evidence showing the total amount of the fees payable, and more importantly, it did not submit any payment evidence showing that the fees were in fact paid to the engineering firm in the amount claimed. In the light of these evidentiary shortcomings, the Panel finds that the claimant did not establish that it suffered a direct loss resulting from Iraq's invasion and occupation of Kuwait, and recommends no award of compensation for the claim for engineering fees.

76. In considering the claim for legal fees, the Panel finds that while the claimant submitted payment documentation, it did not submit any evidence showing that such fees were paid in respect of the reconstruction of the files and not in respect of the ongoing litigation following the liberation of Kuwait. In the light of the period of time during which the legal fees were incurred, and the fact that the claimant did not provide a breakdown of the matters in respect of which the fees were incurred, the Panel recommends no award of compensation for the claim for legal fees.

77. The Panel's recommendations on other losses are summarized in annex II below.

V. OTHER ISSUES

A. Applicable dates for currency exchange rate and interest

78. In relation to the applicable dates for currency exchange rate and interest, the Panel has adopted the approach discussed in paragraphs 226-233 of the First "E4" Report.

B. Claims preparation costs

79. The Panel has been informed by the Executive Secretary of the Commission that the Governing Council intends to resolve the issue of claims preparation costs in the future. Accordingly, the Panel has made no recommendation with respect to compensation for claims preparation costs.

VI. RECOMMENDED AWARDS

80. Based on the foregoing, the awards recommended by the Panel for claimants in the twenty-fourth instalment of "E4" claims are set out in annex I to this report. The underlying principles behind the Panel's recommendations on claims in this instalment are summarized in annex II to this report. All sums have been rounded to the nearest Kuwaiti dinar and therefore the amounts may vary from the amount stated on Form E by KWD 1.

Geneva, 28 June 2002

(Signed) Robert R. Briner
Chairman

(Signed) Alan J. Cleary
Commissioner

(Signed) Lim Tian Huat
Commissioner

Notes

¹ During the course of its review of the twenty-fourth instalment claims, the Panel noted certain discrepancies in the amounts claimed by claimants and the amounts listed as the total amounts claimed in its Procedural Order No. 1. The total amount claimed for the twenty-fourth instalment has been corrected in the light of those discrepancies.

² This approach to unbilled costs is consistent with the approach taken by the “E3” Panel of Commissioners in the “Report and recommendations made by the panel of Commissioners concerning the eighteenth instalment of ‘E3’ claims” (S/AC.26/2001/3) at paragraphs 427-432.
