## Введение

1. На своей двадцать четвертой сессии, состоявшейся 23-24 июня 1997 года, Совет управляющих Компенсационной комиссии Организации Объединенных Наций ("Комиссия") назначил гг. Роберта Р. Брайнера (Председатель), Алена Дж. Клири и Лим Тиан Хуата в состав первой Группы уполномоченных ("Группа"), которой было поручено рассмотрение претензий категории "Е4". Категория "Е4" охватывает претензии, представленные кувейтскими корпорациями и другими юридическими лицами частного сектора (за исключением претензий предприятий нефтяного сектора и претензий, касающихся ущерба окружающей среде), имеющими право подавать претензии в соответствии с разработанными Комиссией формами претензий для корпораций и других юридических лиц ("Форма Е").
2. Двадцать четвертая партия претензий, состоящая из 151 претензии "Е4", была передана Группе 31 января 2002 года в соответствии со статьей 32 Временного регламента урегулирования претензий (S/AC.26/1992/10) ("Регламент").
3. В соответствии со статьей 38 Регламента настоящий доклад содержит рекомендации Группы Совету управляющих в отношении двадцать четвертой партии претензий.

### I. ОБЩИЙ ОБЗОР ПРЕТЕНЗИЙ ДВАДЦАТЬ ЧЕТВЕРТОЙ ПАРТИИ

4. Претензии двадцать четвертой партии были отобраны из приблизительно 2 750 претензий "Е4" на основе таких критериев, как размер, объем и сложность претензий, правовые, фактические вопросы и вопросы стоимостной оценки, возникающие в связи с претензией, и дата представления претензии в Комиссию.
5. В претензиях двадцать четвертой партии заявлены потери на общую сумму 58 629 193 кувейтских динара (приблизительно 202 869 180 долл. США). Заявители также требовали выплаты процентов в общей сложности на сумму 2 114 618 кувейтских динаров (приблизительно 7 317 017 долл. США) и компенсации расходов на подготовку претензий в размере 236 720 кувейтских динаров (приблизительно 819 100 долл. США)<sup>1</sup>.
6. Характер правовых и фактических вопросов, возникающих в связи с каждой претензией, и объем документации, представленной в обоснование каждой претензии, позволили Группе провести их проверку в течение 180 дней, считая с даты, когда претензии двадцать четвертой партии были переданы Группе.

7. Все заявители претензий двадцать четвертой партии осуществляли свою деятельность в Кувейте до вторжения Ирака и оккупации им Кувейта. Большинство заявителей занимались торговлей различными товарами. Ряд заявителей действовали в сферах промышленного производства и услуг.

8. К двум наиболее часто встречающимся категориям потерь, компенсации которых требуют заявители претензий данной партии, относятся потери материального имущества (главным образом товарно-материальных запасов, мебели, арматуры и сантехники, оборудования и транспортных средств) и упущенная выгода. Заявители претензий также претендуют на возмещение безнадёжной дебиторской задолженности, расходов на возобновление деятельности, процентов и расходов на подготовку претензий, относящихся к категории "Прочие потери".

## II. ПРОЦЕДУРА РАССМОТРЕНИЯ ПРЕТЕНЗИЙ

9. Перед тем как двадцать четвертая партия претензий была представлена Группе, секретариат Комиссии в соответствии с Регламентом провел предварительную оценку этих претензий. Методика такой оценки изложена в пункте 11 «Доклада и рекомендаций Группы уполномоченных в отношении первой партии претензий "Е4"» (S/AC.26/1999/4) (первый доклад "Е4"). Результаты проведенного анализа были введены в централизованную базу данных, которая ведется секретариатом ("база данных по претензиям").

10. Двадцать две претензии первоначально содержали формальные дефекты, и секретариат в соответствии со статьей 15 Регламента уведомил об этом соответствующих заявителей. Эти заявители устранили все формальные дефекты.

11. Для выявления существенных юридических и фактических вопросов, а также вопросов стоимостной оценки был проведен анализ претензий по существу. Результаты такого анализа, включая выявленные существенные вопросы, были введены в базу данных по претензиям.

12. Исполнительный секретарь Комиссии представил доклады № 29, 30, 31, 32, 33, 34, 35 и 37, датированные соответственно 28 октября 1999 года, 17 февраля 2000 года, 28 апреля 2000 года, 6 июля 2000 года, 6 октября 2000 года, 10 января 2001 года, 12 апреля 2001 года и 18 октября 2001 года Совету управляющих, представившим претензии правительствам и правительству Ирака в соответствии со статьей 16 Регламента ("доклады по статье 16"). Эти доклады охватывали, в частности, двадцать четвертую партию претензий "Е4", и в них излагались существенные правовые и фактические

вопросы, выявленные в результате анализа этих претензий. В ответ на эти доклады, представленные Исполнительным секретарем в соответствии со статьей 16, ряд правительств, в том числе правительство Ирака, представили дополнительную информацию и соображения.

13. По завершении а) предварительной оценки; б) рассмотрения претензий по существу и с) работы в связи с докладами, представленными в соответствии со статьей 16 Регламента, на рассмотрение Группы были переданы и принимались ею во внимание следующие документы:

- а) документы по претензиям, представленные заявителями;
- б) доклады о результатах предварительной оценки, подготовленные в соответствии со статьей 14 Регламента;
- с) информация и соображения, полученные от правительств, в том числе от правительства Ирака, в ответ на доклады, представленные в соответствии со статьей 16; и
- д) прочая информация, которая в соответствии со статьей 32 Регламента была сочтена полезной для работы Группы.

14. В силу причин, указанных в пункте 17 первого доклада "Е4", Группа прибегла к услугам бухгалтерской фирмы и фирмы по оценке потерь в качестве экспертов-консультантов. Группа поручила экспертам-консультантам провести анализ каждой претензии двадцать четвертой партии в соответствии с разработанной ею методологией проверки и стоимостной оценки. Группа также поручила экспертам-консультантам представить ей подробный доклад по каждой претензии с кратким изложением своих выводов.

15. В своем процедурном постановлении от 31 января 2002 года Группа заявила о своем намерении завершить рассмотрение двадцать четвертой партии претензий и представить свой доклад и рекомендации Совету управляющих в течение 180 дней, считая с 31 января 2002 года. Это процедурное постановление было препровождено правительствам Ирака и Кувейта.

16. В соответствии со статьей 34 Регламента у заявителей были запрошены дополнительная информация и доказательства, которые могли бы облегчить работу Группы по рассмотрению претензий. Заявителям, не представившим запрошенные доказательства, было предложено сообщить о причинах своей неспособности это сделать.

Все запросы в отношении дополнительной информации и доказательств были направлены через кувейтский Государственный орган по оценке компенсации за ущерб в результате иракской агрессии (ГООК). Такие запросы были направлены в связи со всеми претензиями "Е4", а не только по двадцать четвертой партии претензий.

17. Запросы в отношении дополнительной информации и доказательств описываются в предыдущих докладах "Е4", например в пунктах 21-26 «Доклада и рекомендаций Группы уполномоченных в отношении второй партии претензий "Е4"» (S/AC.26/1999/17) («второй доклад "Е4"») и в пункте 18 «Доклада и рекомендаций Группы уполномоченных в отношении шестой партии претензий "Е4"» (S/AC.26/2000/8) («шестой доклад "Е4"»). В настоящем докладе эти запросы повторно не излагаются.

18. Была проведена дополнительная проверка, с тем чтобы установить, не представили ли соответствующие заявители претензии, дублирующие друг друга. Информация об этой проверке содержится в пункте 18 «Доклада и рекомендаций Группы уполномоченных в отношении четвертой партии претензий "Е4"» (S/AC.26/1999/18) («четвертый доклад "Е4"»).

19. В двадцать четвертой партии претензий имеется пять претензий, которые были переведены Группой в эту партию из предыдущих партий претензий категории "Е4" ввиду возможности дублирования ими индивидуальных претензий по коммерческим потерям. Одна претензия была переведена из восьмой партии, три - из двенадцатой и две - из двадцатой. Пояснения насчет отсрочки рассмотрения этих претензий до рассмотрения последующих партий содержатся в пунктах 20-22 Доклада и рекомендаций Группы уполномоченных в отношении восьмой партии претензий "Е4" (S/AC.26/2000/21) и в пунктах 19-21 Доклада и рекомендаций Группы уполномоченных в отношении двенадцатой партии претензий "Е4" (S/AC.26/2001/4) и пункте 19 Доклада и рекомендаций Группы уполномоченных в отношении двадцатой партии претензий "Е4" (S/AC.26/2002/5). Впоследствии Группа пришла к заключению, что в действительности данные претензии не дублируют индивидуальных претензий, касающихся коммерческих потерь. Ввиду этого соответствующие претензии были включены для рассмотрения в двадцать четвертую партию.

20. Рассмотрев представленные документы и полученную дополнительную информацию, Группа пришла к выводу, что вопросы, связанные с двадцать четвертой партией претензий, проработаны должным образом и что устных слушаний для оказания Группе помощи в рассмотрении претензий проводить не требуется.

### III. ПРАВОВАЯ ОСНОВА И МЕТОДОЛОГИЯ ПРОВЕРКИ И СТОИМОСТНОЙ ОЦЕНКИ

21. Правовая основа и методология проверки и стоимостной оценки, применявшиеся при оценке претензий данной партии, аналогичны тем, которые использовались в связи с предыдущими партиями претензий "Е4". Эта основа и методология рассмотрены в пунктах 25-62 первого доклада "Е4". В последующих докладах "Е4" анализируются дополнительные вопросы, касающиеся правовой основы, проверки и стоимостной оценки, с которыми пришлось столкнуться в связи с более поздними партиями претензий "Е4". Эти различные элементы проведенного Группой анализа в настоящем докладе повторно не излагаются. Вместо этого в нем даются ссылки на разделы предыдущих докладов "Е4", в которых рассматривались эти вопросы.

22. Сталкиваясь с новыми вопросами, не затронутыми в предыдущих докладах "Е4", Группа разрабатывала методологии проверки и стоимостной оценки потерь. Эти новые вопросы рассмотрены в настоящем докладе. Конкретные рекомендации Группы в отношении потерь, заявленных в этой партии претензий, а также их обоснование изложены в приложениях к настоящему докладу.

23. Прежде чем перейти к обсуждению конкретных рекомендаций Группы относительно компенсации по претензиям двадцать четвертой партии, важно вновь указать, что в ходе проверки и стоимостной оценки претензий Группа стремилась найти баланс между неспособностью заявителей во всех случаях представить убедительные доказательства потерь и "риском завышения суммы таких потерь", обусловленным доказательственными изъянами. В данном контексте термин "риск завышения суммы потерь", определяемый в пункте 34 первого доклада "Е4", используется в тех случаях, когда претензии страдают доказательственными изъянами, затрудняющими их точную стоимостную оценку, и поэтому есть риск того, что их сумма может быть завышена.

### IV. ПРЕТЕНЗИИ

24. Группа рассматривала претензии с учетом характера и категории заявленных потерь. Поэтому рекомендации Группы приводятся по категориям потерь. Реклассифицированные потери рассматриваются в разделах, касающихся тех категорий потерь, к которым они были отнесены Группой в результате их реклассификации.

#### А. Контракты

25. Шестью заявителями претензий настоящей партии поданы претензии в отношении контрактных потерь на общую сумму 1 345 454 кувейтских динаров (приблизительно 4 655 550 долл. США). Включенные в эту партию претензии данной категории не касаются контрактов с правительством Ирака или контрактов, требовавших исполнения в Ираке.

26. В связи с этой партией претензий в отношении контрактных потерь никаких новых вопросов, связанных с правовой основой или проверкой и стоимостной оценкой, не возникло. Подход Группы к вопросу о компенсируемости контрактных потерь изложен в предыдущих докладах "Е4", а принятая Группой методика проверки и стоимостной оценки претензий в связи с такими потерями рассмотрена в пунктах 77-84 первого доклада "Е4".

27. Один заявитель, "Эль-Амейн компани эквипмент энд контрактинг," предъявил претензию на сумму 503 454 кувейтских динара в отношении нефактурированных заказчику работ, которые были выполнены им по субподрядному договору, который он заключил с генподрядчиком в 1986 году. Основная работа заявителя по контракту была выполнена до вторжения Ирака и оккупации им Кувейта. Генеральный подрядчик выдал акт о завершении основной работы по субподряду от 27 июня 1990 года. Заявитель утверждает, что он выполнил дополнительные работы, список которых прилагался к акту об исполнении основных работ, до вторжения Ирака и оккупации им Кувейта. Заявитель также утверждает, что он выполнил определенную работу на основании ряда распоряжений о переделках, изданных в отношении того же субподряда, до вторжения Ирака и оккупации им Кувейта. Работы, выполненные на основании акта о завершении основных работ и распоряжениях о переделках, так и не были фактурированы до вторжения Ирака и оккупации им Кувейта. Согласно утверждениям заявителя, генеральный подрядчик не возобновил свою деятельность после освобождения Кувейта и эти работы так и остались неоплаченными.

28. В обоснование своей претензии заявитель представил первоначальный строительный субподряд, акт о завершении основных работ и приложение с перечнем дополнительных работ, которые должны быть выполнены по субподряду, на сумму 80 000 кувейтских динаров. Заявитель также представил корреспонденцию, датированную периодом с 1989 по 1990 год, между заявителем и генеральным

подрядчиком, где фигурирует его собственная оценка стоимости выполненных работ по некоторым распоряжениям о переделках в сумме 405 086 кувейтских динаров. Из некоторых документов, связанных с такими распоряжениями следует, что генеральный подрядчик оспорил стоимость некоторых из таких работ.

29. При рассмотрении претензии в отношении нефактурированных работ Группа приходит к выводу о том, помимо заявления о невозобновлении генеральным подрядчиком своей деятельности после освобождения Кувейта, заявитель не представил каких-либо пояснений или подтверждений, свидетельствующих о том, почему генеральный подрядчик не произвел оплату, или с какого времени он прекратил свою деятельность. Заявитель не представил также пояснений или подтверждений, указывающих, что его контракт был прекращен или аннулирован непосредственно в результате вторжения Ирака и оккупации им Кувейта. В этой связи Группа приходит к выводу о том, что после освобождения Кувейта генподрядчик вполне мог продолжать нести обязанность возместить заявителю стоимость дополнительных работ. Кроме того, Группа приходит к выводу о том, что заявитель не представил каких-либо подтверждений, свидетельствующих о его попытках уменьшить размер своих потерь после освобождения Кувейта, используя юридические средства воздействия на генерального подрядчика или владельца проекта с целью взыскания нефактурированных сумм, равно как и подтверждений, свидетельствующих, что он оказался не в состоянии уменьшить размеры своих потерь непосредственно в результате вторжения Ирака и оккупации им Кувейта. В отсутствие этих доказательств Группа приходит к выводу о том, что заявитель не продемонстрировал того, что его потери возникли непосредственно в результате вторжения Ирака и оккупации им Кувейта, и поэтому рекомендует не присуждать компенсации по этим требованиям<sup>2</sup>.

30. Компания "Модерн эркондишининг энд рефреджерейшн Ко" предъявила претензию в отношении нефактурированных расходов или стоимости текущих работ по шести контрактам, которые были заключены до вторжения Ирака и оккупации им Кувейта. Четыре контракта были заключены с различными министерствами правительства Кувейта, а остальные - с частными сторонами. Заявитель утверждает, что все эти контракты были прекращены непосредственно в результате вторжения Ирака и оккупации им Кувейта и что поэтому после освобождения Кувейта он не смог получить возмещение нефактурированных расходов по контрактам.

31. Заявитель представил копии соответствующих контрактов и использовал стоимость текущих работ из его финансовой отчетности за финансовые периоды, закончившиеся 31 декабря 1989 года и 1 августа 1990 года, в подтверждение того, что он их понес. Доклад аудиторов о проверке финансовой отчетности за финансовый период,

закончившийся 1 августа 1990 года, содержал оговорки. Счета текущих работ в финансовой отчетности не показывали разбивку нефактурированных сумм по каждому контракту. В финансовой отчетности заявителя в период после освобождения нет положения о списании чрезвычайных потерь, которые свидетельствовали бы о потере нефактурированных сумм.

32. Хотя заявитель не представил каких-либо подтверждений того, что контракты были прекращены или аннулированы непосредственно в результате вторжения Ирака и оккупации им Кувейта, на основе своего решения в связи с указом № 148 Совета министров правительства Кувейта в пункте 29 "Доклада и рекомендаций Группы уполномоченных по девятнадцатой партии претензий "Е4" (S/A.26/2002/4) Группа приходит к заключению о том, что контракты между заявителем и различными министерствами правительства Кувейта были расторгнуты непосредственно в результате вторжения Ирака и оккупации им Кувейта. Однако Группа далее приходит к выводу о том, что заявитель был обязан подтвердить, что контракты с частными сторонами были прекращены или аннулированы непосредственно в результате вторжения Ирака и оккупации им Кувейта, и в отсутствие таких подтверждений рекомендует не присуждать компенсации в отношении потерь по этим контрактам.

33. Что касается претензии в отношении нефактурированных расходов по контрактам с различными министерства правительства Кувейта, то Группа приходит к заключению о том, что принятый заявителями подход к оценке своих расходов порождает существенный риск их завышения, особенно в свете того, что заявитель перезаключил на новых условиях два из этих контрактов после освобождения Кувейта и поэтому был в состоянии возместить часть нефактурированных расходов. Более того, Группа в любом случае приходит к выводу, что заявитель не представил каких-либо подтверждений того, что понес заявленные расходы. В свете этих доказательственных недостатков Группа рекомендует не присуждать компенсации по данной претензии.

34. Рекомендации Группы в отношении потерь по претензиям, касающимся контрактов, кратко излагаются в приложении II ниже.

## **В. Недвижимость**

35. Претензии в связи с потерей недвижимого имущества на общую сумму 1 744 063 кувейтских динара (приблизительно 6 034 820 долл. США) представили в рамках данной партии 38 заявителей. Эти претензии касались компенсации ущерба, причиненного ряду помещений в Кувейте, находившихся в собственности или в аренде.

36. Критерии компенсируемости и методология проверки и стоимостной оценки, принятые Группой для претензий о компенсации потери недвижимого имущества, изложены в пунктах 89-101 первого доклада "Е4".

37. Заявители претензий этой партии представили доказательства, аналогичные тем, с которыми Группа имела дело при рассмотрении претензий по поводу потери недвижимости, относящихся к предыдущим партиям претензий "Е4". Эти доказательства описываются в пунктах 102-106 первого доклада "Е4".

38. Рекомендации Группы по претензиям в отношении потерь, связанных с недвижимым имуществом, кратко излагаются ниже в приложении II.

С. Материальное имущество, товарно-материальные запасы, наличные средства и транспортные средства

39. Претензии в связи с потерями материального имущества в рамках этой партии представило большинство заявителей. Общая сумма заявленных потерь товарно-материальных запасов, мебели и арматуры, оборудования, транспортных средств и наличности составляет 39 920 332 кувейтских динаров (приблизительно 113 911 183 долл. США).

40. В отношении компенсируемости, проверки и стоимостной оценки претензий в связи с потерями материального имущества Группа применяла подход, изложенный в пунктах 108-135 первого доклада "Е4".

41. В связи с этой партией претензий в отношении потери материального имущества не возникло никаких новых вопросов, касающихся правовой основы или проверки и стоимостной оценки. Заявители этой партии претензий представляли доказательства, аналогичные тем, с которыми Группа имела дело при рассмотрении претензий в связи с потерями материального имущества, относящихся к предыдущим партиям претензий "Е4". Эти доказательства описываются в пунктах 111-116 первого доклада "Е4".

42. По претензиям в связи с потерей товарно-материальных запасов большинство заявителей представили доказательства существования утраченных товарно-материальных запасов, права собственности на них и их стоимости в форме копий проверенных счетов, подлинных товарных квитанций и данных текущей оценки, процедура которой описана в пункте 119 первого доклада "Е4". При подтверждении потери товарно-материальных запасов несколько заявителей полагались главным образом

на заявления своих служащих и других заинтересованных сторон. В тех случаях, когда факт их потери не подтверждался достаточными доказательствами, например когда непредвиденные потери не отражались в проверенных финансовых ведомостях заявителя за период после освобождения, Группа рекомендовала не назначать компенсации за такие потери.

43. Один заявитель "Эль-Юсифи дженерал трейдинг энд контрактинг Ко" предъявил претензию в отношении потери запасов его архивным и договорным отделами. Заявитель вел и соответственно представил отдельную финансовую отчетность по каждому из этих отделов. Из финансовой отчетности договорного отдела следовало, что он не принадлежал заявителю полностью, а являлся совместным предприятием, 51% акций которого принадлежали заявителю, а 49% - частному лицу. Заявитель не представил каких-либо документов, разрешающих ему подавать претензию от имени своего партнера по совместному предприятию.

44. По указанию Группы секретариат произвел поиск по базе данных о претензиях и подтвердил Группе, что ни партнер заявителя по совместному предприятию, ни само совместное предприятие не подавали в Комиссию претензий в отношении договорного отдела. С учетом этих заключений Группа рекомендует скорректировать компенсацию в отношении потери запасов для договорного отдела исходя из доли в совместном предприятии, принадлежащей заявителю.

45. Как и в случае с предыдущими партиями претензий "Е4", претензии в связи с потерей товаров в пути касались главным образом товаров, которые находились в Кувейте в день вторжения в него Ирака и которые впоследствии были утрачены. Заявители претензий, по которым присуждена компенсация, смогли предъявить достаточные свидетельства оплаты товаров и доказать свое право собственности, факт существования и потери товаров на основе сертификатов, выданных кувейтскими портовыми властями или экспедиторскими фирмами.

46. В связи с претензиями по поводу потери наличности в рамках этой партии не возникло никаких новых вопросов, касающихся правовой основы или проверки и стоимостной оценки. Многие заявители, требующие компенсации потерь наличных средств, ограничились свидетельскими показаниями соответствующих сторон, не представив дополнительных материалов, подтверждающих обоснованность их претензий. В случаях, когда претензии в связи с потерей наличных средств не были подкреплены относящимися к соответствующему периоду достаточными доказательствами, подтверждающими наличие у них таких денежных средств и их сумму по состоянию на 2 августа 1990 года, Группа рекомендовала не назначать никакой компенсации.

47. Большинство заявителей претензий в связи с потерей транспортных средств смогли подтвердить свои потери, представив копии справок о снятии с учета и дополнительные документы, например проверенные счета, относящиеся к периоду после освобождения, и свидетельские показания, подтверждающие факт и обстоятельства утраты транспортных средств.

48. Рекомендации Группы в отношении потерь материального имущества, товарно-материальных запасов, наличных средств и транспортных средств кратко излагаются ниже в приложении II.

#### D. Выплаты или помощь третьим лицам

49. Претензии в связи с выплатами или оказанием помощи третьим лицам на общую сумму 494 138 кувейтских динаров (приблизительно 1 709 820 долл. США) представили в рамках данной партии четыре заявителя.

50. В связи с претензиями относительно выплат или помощи третьим лицам в рамках этой партии не возникло никаких новых вопросов, касающихся правовой основы или проверки и стоимостной оценки. При рассмотрении этих претензий Группа применяла подход и методологию проверки и стоимостной оценки, описанные в предыдущих докладах "Е4", например в пунктах 70-75 второго доклада "Е4".

51. Рекомендации Группы относительно претензий в связи с выплатами или оказанием помощи третьим лицам кратко излагаются ниже в приложении II.

#### E. Упущенная выгода

52. Претензии, связанные с упущенной выгодой на общую сумму в 14 684 349 кувейтских динаров (приблизительно 50 810 896 долл. США), представили в рамках данной партии 79% заявителей.

53. Четыре существенных юридических и фактических вопроса, возникших в связи с первой партией претензий, в равной степени относятся и к настоящей партии претензий. Эти вопросы касаются влияния и оценки: а) выплат, полученных в рамках принятой правительством Кувейта программы урегулирования задолженности после освобождения страны; б) непредвиденной или дополнительной прибыли, полученной заявителями сразу после освобождения Кувейта; в) периода времени, подпадающего под компенсацию упущенной выгоды; и д) претензий в связи с упущенной выгодой, основанных на наиболее прибыльных видах деятельности. Выводы, к которым пришла

Группа по этим вопросам, изложены в пунктах 161-193 первого доклада "Е4". На основе этих выводов Группа и формулировала свои соображения и рекомендации в отношении претензий данной партии, связанных с упущенной выгодой.

54. Несмотря на конкретные просьбы, некоторые заявители претензий двадцать четвертой партии не представили годовых счетов за три финансовых года до и после вторжения Ирака и оккупации им Кувейта. Группа отметила, что в ряде случаев непредставление отдельных счетов объяснялось объективными причинами, например тем, что в период 1987-1990 годов заявитель только начал свою коммерческую деятельность, или тем, что заявитель прекратил свою деятельность после вторжения Ирака и оккупации им Кувейта.

55. Группа исходила из того, что претензии в связи с упущенной выгодой, заявленные хозяйственными единицами, не представившими полного набора проверенных годовых счетов за соответствующие периоды, могли быть завышены, если только непредставление таких счетов не было достаточно убедительно объяснено заявителями.

56. Методология проверки и стоимостной оценки, принятая Группой в отношении претензий, касающихся упущенной выгоды, изложена в пунктах 194-202 первого доклада "Е4".

57. Рекомендации Группы по претензиям в отношении упущенной выгоды кратко излагаются ниже в приложении II.

#### F. Дебиторская задолженность

58. Безнадежной дебиторской задолженности в рамках рассматриваемой партии касались 20 поданных претензий на общую сумму 3 514 725 кувейтских динаров (приблизительно 12 161 678 долл. США). Большинство заявителей этих претензий требовали компенсации потерь в связи с долгами коммерческих предприятий и частных лиц, действовавших или проживавших в Кувейте до иракского вторжения.

59. В связи с претензиями относительно дебиторской задолженности в рамках этой партии не возникло никаких новых вопросов, касающихся правовой основы или проверки и стоимостной оценки. Как и в случаях с предыдущими партиями претензий "Е4", большинство заявителей добивались компенсации потерь в связи с дебиторской задолженностью, которая осталась непогашенной, поскольку должники не вернулись в Кувейт после его освобождения. Группа подтверждает свое заключение по данному вопросу, сформулированное в пунктах 209 и 210 первого доклада "Е4". Претензии в

отношении долгов, ставших безнадежными в результате вторжения Ирака в Кувейт и оккупации им Кувейта, должны содержать документальные и другие приемлемые свидетельства, подтверждающие характер и размер соответствующего долга, а также обстоятельства, при которых взыскание его стало невозможным.

60. Проверка и стоимостная оценка претензий в связи с безнадежной дебиторской задолженностью, предъявленных в рамках двадцать четвертой партии претензий, были проведены в соответствии с методикой, изложенной в пунктах 211-215 первого доклада "Е4".

61. Как было отмечено выше, Группа рекомендует оставить без удовлетворения претензии, в которых лишь утверждается, что непогашенная задолженность стала безнадежной *ipso facto*, поскольку должники не вернулись в Кувейт. Большинство заявителей не представило убедительных доказательств того, что неспособность должников погасить свои долги стала прямым результатом вторжения Ирака в Кувейт и оккупации им Кувейта. Это обстоятельство было доведено до сведения заявителей путем направления им запросов для получения дополнительной информации (см. пункт 17 выше). Упомянутым выше критериям удовлетворяло лишь небольшое число полученных от заявителей ответов.

62. Рекомендации Группы относительно претензий в связи с дебиторской задолженностью кратко излагаются ниже в приложении II.

#### G. Расходы на возобновление деятельности

63. Тринадцать претензий данной партии на общую сумму 377 491 кувейтский динар (приблизительно 1 306 197 долл. США) касались возмещения расходов на возобновление деятельности. Требуемые суммы компенсации в связи с такими расходами проверялись по методике, описанной в пунктах 221-223 первого доклада "Е4" и пунктах 93-96 второго доклада "Е4".

64. Рекомендации Группы по расходам на возобновление деятельности кратко излагаются ниже в приложении II.

#### H. Прочие потери

65. Возмещения прочих потерь касались 26 претензий данной партии на общую сумму 3 548 641 кувейтский динар (приблизительно 12 279 035 долл. США).

66. Большинство из этих претензий касались прочих потерь, уже рассматривавшихся Группой в предыдущих докладах (например, претензии в отношении изъятых из обращения кувейтских денежных знаков и произведенных авансовых платежей). Претензии в связи с прочими потерями из предыдущих партий "Е4" рассматривались по методике, изложенной в предыдущих докладах "Е4" (см., например, пункты 93-94 четвертого доклада "Е4", в которых описывается подход к изъятым из обращения кувейтским денежным знакам, и пункт 103 этого же доклада, посвященный вопросу о произведенных авансовых платежах. См. также двадцатый доклад "Е4", пункты 44-45, в отношении рассмотрения претензий некоторых кувейтских молодежных и спортивных клубов о потерях материального имущества).

67. Один заявитель, "Эль-Джазира фор энтертейнмент проджектс компани," представил претензию в отношении расходов на технико-экономические обоснования, услуги консультантов, планирование, надзор и другие работы в связи с проектом городка аттракционов, от осуществления которого, согласно утверждениям, было решено отказаться после вторжения Ирака и оккупации им Кувейта. Заявитель не представил детального описания этого проекта в своем изложении претензии, а из имеющихся документов не вполне ясно, о какого рода проекте идет речь. В частности неясно, касается ли данная претензия сумм, которые были израсходованы на основании строительного или какого-либо другого контракта с третьей стороной, или же она касается сумм, израсходованных заявителем в рамках своего собственного капитального проекта. Заявитель далее утверждал, что проект не был возобновлен после освобождения Кувейта, но не представил каких-либо пояснений в отношении причин, по которым он не был продолжен.

68. В подтверждение своей претензии заявитель представил финансовую отчетность за финансовый период, закончившийся 31 декабря 1989 года, содержащую счет за "проекты городка аттракционов" в балансе, финансовую отчетность за финансовый период, закончившийся 1 августа 1990 года, содержащую счет за "проекты городка аттракционов" в балансовой ведомости, соответствующие испрашиваемой сумме, и балансовую ведомость за финансовый период, закончившийся 1 мая 1991 года, содержащую счет за "проекты городка аттракционов" с нулевым балансом. В этой последней балансовой ведомости имеет статья чрезвычайных потерь на сумму, соответствующую запрошенной по этой претензии, а в примечаниях к финансовой отчетности сказано, что заявитель понес потери в сумме всех расходов на создание парка аттракционов, поскольку контракт на этот проект так и не был возобновлен. Наконец, заявитель представил подтверждения оплаты испрашиваемых по претензии сумм.

69. Группа приходит к выводу о том, что, хотя заявитель доказал, что он понес расходы в связи с проектом, который был аннулирован после вторжения Ирака и оккупации им Кувейта, он не продемонстрировал того, что этот проект был аннулирован непосредственно в результате вторжения Ирака и оккупации им Кувейта, а не в силу независимого коммерческого решения заявителя о прекращении данного проекта, или же отказа третьей стороны по каким бы то ни было причинам выполнить свои договорные обязательства. Поскольку заявитель не доказал, что его потеря была прямым результатом вторжения Ирака и оккупации им Кувейта, Группа рекомендует не присуждать по ней компенсации.

70. Другой заявитель, "Бурисли энд Саддик, Салех Рашид Бурисли энд Халед Сиддик", представил претензию в сумме 2 652 627 кувейтских динаров в отношении процентов и расходов в связи с тяжбой, которая была отложена в результате вторжения Ирака и оккупации им Кувейта. Заявитель сообщил, что до вторжения Ирака и оккупации им Кувейта он заключил два строительных контракта с национальным управлением жилищного строительства Кувейта. Между сторонами контрактов возник спор по поводу оплаты заявителю в соответствии с этими контрактами, и заявитель возбудил иск против национального жилищного управления. Через некоторое время стороны заключили мировое соглашение, которое, согласно утверждениям, не было выполнено национальным жилищным управлением, и заявитель был вынужден вновь обратиться в суд. Суд передал дело в Экспертный отдел по инженерно-строительной деятельности министерства юстиции ("Экспертный отдел"). Экспертный отдел организовал ряд слушаний, однако разбирательство было прервано в результате вторжения Ирака и оккупации им Кувейта.

71. Заявитель утверждает, что в результате задержки с рассмотрением дела в Экспертном отделе он имеет право на получение процентов по ставке 7% в год за период в 41 месяц с 10 июня 1990 года (дата последнего представления им документации в Экспертный отдел) по 25 ноября 1993 года (дата восстановления некоторых инженерно-технических документов, которые были утрачены в результате вторжения Ирака и оккупации им Кувейта) на основную сумму иска в размере 10 000 000 кувейтских динаров. Основной суммой иска является сумма, которую, по утверждению заявителя, национальное жилищное управление должно было бы выплатить для урегулирования спора на дату вторжения Ирака и оккупации им Кувейта.

72. При рассмотрении претензии в отношении процентов Группа пришла к выводу о том, что заявитель не представил каких-либо пояснений или подтверждений, свидетельствующих о том, почему стороны могли бы урегулировать спор путем выплаты этой суммы. При отсутствии таких пояснений или подтверждений Группа приходит к

выводу о том, что заявитель не продемонстрировал того, что претензия возникла непосредственно в результате вторжения Ирака и оккупации им Кувейта и рекомендует не присуждать компенсации в отношении процентов.

73. Заявитель представил дополнительную претензию в отношении расходов на восстановление документов, связанных с разбирательством, которые находились в Экспертном отделе, но были утрачены или уничтожены во время вторжения Ирака и оккупации им Кувейта. В частности, он запросил компенсацию расходов на услуги инженерно-консалтинговой фирмы по восстановлению утраченных документов и юридические издержки на консультативную помощь в связи с процессом их восстановления.

74. В обоснование своего требования о возмещении заявитель представил записку Экспертного отдела с извещением его о том, что некоторые документы в деле отсутствуют, и просьбой представить новые документы взамен утраченных. Заявитель также представил письмо адвоката заявителя от 2 июня 1992 года с извещением о предстоящем слушании дела и просьбой представить утраченные документы в Экспертный отдел, а также письмо Экспертного отдела, датированное 28 июня 1992 года, уведомляющее его о том, что поскольку утраченные документы так и не были представлены, то дело вновь возвращается в суд. Заявитель представил копию соглашения от 6 февраля 1993 года о найме инженерной компании для консультирования заявителя в связи с его исками в Экспертном отделе, а также копии квитанций юридической компании о получении 5 000 кувейтских динаров за юридические услуги, которые были оказаны в период с 5 июня 1992 года по 3 апреля 1994 года.

75. При рассмотрении претензии в отношении оплаты инженерно-консультационных услуг Группа приходит к выводу о том, что представленные заявителем документы не подтверждают ни факта причинения заявителю соответствующей потери ни ее суммы. Хотя заявитель представил подтверждения, свидетельствующие о том, что некоторые документы отсутствовали в деле в Экспертном отделе, заявитель не представил подтверждений того, что он найм им инженерно-консалтинговой фирмы после освобождения Кувейта преследовал цель восстановления утраченной документации, а не оказания ему помощи в связи с продолжающимся рассмотрением дела. Группа далее приходит к выводу о том, что, хотя в письме о найме содержится формула выплаты гонораров, заявитель не представил каких-либо подтверждений, свидетельствующих о

том, что все соответствующие суммы были выплачены, и, что еще важнее, не представил подтверждений того, что они были выплачены инженерно-консалтинговой компании в запрошенном размере. В свете этих доказательственных изъятий Группа приходит к выводу о том, что заявитель не продемонстрировал того, что он понес потерю непосредственно в результате вторжения Ирака и оккупации им Кувейта и рекомендует не присуждать компенсацию в отношении оплаты инженерно-технических услуг.

76. При рассмотрении претензии в отношении юридических расходов Группа приходит к выводу о том, что, хотя заявитель представил документацию об оплате, он не представил каких-либо подтверждений того, что эта оплата была произведена за услуги по восстановлению документов, а не в связи с разбирательством дела в суде после освобождения Кувейта. С учетом периода времени, на который приходятся юридические расходы, и того, что заявитель не представил разбивки услуг, за которые была произведена такая оплата, Группа рекомендует не присуждать компенсации в отношении расходов на юридические услуги.

77. Рекомендации Группы по прочим потерям кратко излагаются ниже в приложении II.

## V. ПРОЧИЕ ВОПРОСЫ

### A. Даты, используемые при определении валютного курса и процентов

78. В отношении дат, по состоянию на которые должны определяться валютные курсы и проценты, Группа использовала подход, описанный в пунктах 226-233 первого доклада "E4".

### B. Расходы на подготовку претензий

79. Исполнительный секретарь Комиссии уведомил Группу о том, что Совет управляющих намерен решить вопрос о расходах на подготовку претензий позднее. Поэтому Группа воздерживается от каких-либо рекомендаций в отношении компенсации расходов на подготовку претензий.

## VI. РЕКОМЕНДОВАННЫЕ ВЫПЛАТЫ

80. Суммы компенсации, которые Группа с учетом вышеизложенного рекомендовала выплатить заявителям претензий "Е4" двадцать четвертой партии, указаны в приложении I к настоящему докладу. Основные принципы, которыми Группа руководствовалась при вынесении рекомендаций по претензиям этой партии, кратко излагаются в приложении II к настоящему докладу. Все суммы были округлены до ближайшего целого числа, вследствие чего они могут отличаться от сумм, указанных в форме "Е", на один кувейтский динар.

Примечания

<sup>1</sup> При рассмотрении двадцать четвертой партии претензий Группа обратила внимание на расхождение между суммами, запрошенными заявителями, и суммами, указанными в качестве итоговых запрошенных сумм в ее процедурном постановлении № 1. Общая сумма, запрошенная по двадцать четвертой партии, была соответствующим образом исправлена.

<sup>2</sup> Этот подход к нефактурированным расходам согласуется с подходом Группы уполномоченных "ЕЗ" в «Докладе и рекомендации Группы уполномоченных по восемнадцатой партии претензий "ЕЗ"» (S/AC.26/2001/3), пункты 427-432.
