

Secretary-General's bulletin

Staff-Management Coordination Committee

Pursuant to staff regulation 8.2, the Secretary-General promulgates the following, based on recommendations made by the Staff-Management Coordination Committee at its twenty-sixth session:

Section 1

Purposes

1.1 In accordance with staff rule 108.2, the Staff-Management Coordination Committee (SMCC) is the joint staff-management machinery at the Secretariat level and thus the Secretariat-wide mechanism for negotiation in good faith between staff representatives and the administration. Its role is to identify, examine and resolve issues relating to staff welfare, including conditions of employment and of work, general conditions of life and other personnel policies, as provided for in staff regulation 8.1 (a). To this end, SMCC shall endeavour to reach agreement on recommendations to the Secretary-General on policies and procedures regarding Secretariat-wide issues concerning staff-management relations and general questions of staff welfare, monitor the implementation of agreements reached, and ensure that issues of relevance on which no decision has been made after one session are considered at subsequent sessions.

1.2 All interventions made by SMCC members shall carry equal importance and, as such, shall be given due consideration. In all their negotiations, SMCC participants shall observe the highest standards of integrity, which includes probity, impartiality, fairness, honesty and truthfulness. Where there are areas of disagreement, the parties shall work to identify the barriers to agreement and fully consider alternative options for resolution.

1.3 It is recognized that agreements can be reached only on matters for which the Secretary-General is the ultimate authority in accordance with the Charter of the United Nations and established practice. On issues of Secretariat-wide importance that cannot be decided by the Secretary-General without reference to intergovernmental or similar bodies, SMCC will provide advice and make recommendations to the Secretary-General for submission to such bodies.

Section 2

Relationship with local joint advisory committees

2.1 SMCC, in exceptional circumstances, may discuss issues of clearly local importance that may arise where no adequate solution can be found at a given duty station, so that representatives of both administration and staff from the duty station concerned may have the opportunity to draw the attention of SMCC to such cases.

2.2 The existence of Secretariat-wide machinery does not preclude the consideration by local joint advisory committees of concerns which have Secretariat-wide implications, it being understood that such issues will be referred to SMCC for recommendation on a Secretariat-wide basis.

Section 3

Members and other participants

3.1 SMCC shall consist of 19 members, as follows:

(a) One member designated, respectively, by the Staff Union Committee of the Economic Commission for Africa, the Staff Association of the Economic Commission for Latin America and the Caribbean, the Staff Council of the Economic and Social Commission for Asia and the Pacific, the Staff Council of the Economic and Social Commission for Western Asia, the Field Service Staff Union, the Geneva Staff Coordinating Council, the United Nations Staff Union (New York), the Staff Union of the United Nations Office at Nairobi and the Staff Council of the United Nations Office at Vienna. Each member may be accompanied by an alternate;

(b) Nine members at an appropriately high level representing the administration, with due regard to the need for representation from the various duty stations. Each member may be accompanied by an alternate;

(c) A President, who shall be selected by the Secretary-General from a list proposed by the staff representatives, in accordance with staff rule 108.2 (b). The President shall serve for one year. A member nominated by members representing the staff shall serve as Vice-President for one year.
