КОМИССИЯ ПО ПРАВАМ ЧЕЛОВЕКА

Пятьдесят девятая сессия

Пункт 8 предварительной повестки дня

ВОПРОС О НАРУШЕНИИ ПРАВ ЧЕЛОВЕКА НА ОККУПИРОВАННЫХ
АРАБСКИХ ТЕРРИТОРИЯХ, ВКЛЮЧАЯ ПАЛЕСТИНУ

Письмо Постоянного наблюдателя Палестины при Отделении Организации
Объединенных Наций в Женеве от 14 октября 2002 года на имя Верховного
комиссара Организации Объединенных Наций по правам человека

В течение последних двух недель израильские оккупационные силы добавили к перечню совершенных ими убийств по крайней мере два новых убийства в рамках постоянно проводимой ими политики военных преступлений, государственного терроризма и систематических нарушений прав человека, направленных против палестинского народа на оккупированной палестинской территории, вопреки всем резолюциям Организации Объединенных Наций и всем принципам международного права, международного гуманитарного права, Всеобщей декларации прав человека и положениям четвертой Женевской конвенции о защите гражданского населения во время войны.

В воскресенье, 13 октября, израильские оккупационные силы при поддержке танков и бронетранспортеров вторглись в город Рафах, расположенный в южной части сектора Газа и убили двух гражданских лиц, включая четырехлетнего мальчика, погибшего в результате разрушения дома, в котором проживала его семья. Он был задавлен насмерть упавшей каменной стеной, поскольку израильские солдаты заложили под соседний дом заряд такой мощности, что дом ребенка и следующее за ним здание были разрушены. От

взрывов, произведенных израильскими войсками в южной части сектора Газа, пострадали еще 25 человек, которые мирно спали в своих домах.

Израильские войска при поддержке бронетранспортеров ввели комендантский час на вновь оккупированных прилегающих территориях и угрожают застрелить любого, кто осмелится не выполнять их распоряжения. Израильские бульдозеры разрушили целый ряд домов мирных жителей, причем некоторые из этих домов сносились в тот момент, когда там еще находились люди, а солдаты открыли беспорядочную стрельбу по домам и имуществу гражданских лиц. Десятки израильских снайперов устроились на крышах жилых зданий и стреляли в каждого, кто появлялся на улицах. Кроме того, израильские солдаты заняли десятки домов мирных жителей, превратив их в свои военные посты.

Второе убийство было совершено ранним утром в понедельник, 7 октября, когда израильские танки при поддержке боевых самолетов ворвались в город Хан-Юнис. Израильские оккупационные силы открыли артиллерийский огонь по нескольким прилегающим к городу районам, вели беспорядочную стрельбу по мирным жителям и выпустили снаряд по многочисленной толпе, собравшейся в прилегающем районе Аль-Амаль, убив по крайней мере 13 и ранив 110 палестинцев, из которых по меньшей мере 25 находятся сейчас в тяжелом состоянии. В своих уголовно-наказуемых террористических акциях израильские войска дошли до того, что открыли огонь по больнице в Хан-Юнисе, где получали медицинскую помощь раненые.

Наиболее тяжелые потери были отмечены в понедельник вечером, 7 октября, когда израильские войска, напавшие на Хан-Юнис, начали отходить. Когда местные жители вышли на улицы, чтобы посмотреть на причиненный ущерб и помочь раненым, неожиданно в небе появился вертолет "Апачи", который начал обстреливать ракетами собравшихся людей, в результате чего по крайней мере восемь человек погибли на месте.

Помимо этих массовых убийств, израильские оккупационные силы продолжают ежедневно совершать ужасные преступления против наиболее уязвимых групп палестинцев, а именно престарелых, женщин и детей. По пути в школу и из нее дети зачастую становятся мишенью и объектом охоты для израильских танков и солдат. Ежедневно несколько детей погибают или получают ранения. Даже внутри своих домов они больше не могут чувствовать себя в безопасности. Во вторник вечером, 8 октября, 12-летняя девочка Маиса Инад Занун учила уроки в своей комнате, когда тяжелая артиллерия израильских войск стала стрелять по ее дому. Получив ранение в грудь, девочка скончалась на месте.

С сожалением вынуждены информировать Вас о том, что за период с 28 сентября 2000 года израильская военщина убила по крайней мере 1 947 палестинцев и ранила приблизительно, 21 000 человек, многие из которых остались навсегда инвалидами.

Мы вновь призываем Ваше Превосходительство обратиться непосредственно к правительству Израиля и публично осудить проводимую им политику государственного терроризма, систематических и жестоких убийств, разрушения и разграбления жилых домов, которая приводит к военным преступлениям и преступлениям против человечности со стороны израильских оккупационных властей, возложить перед всем миром на правительство Израиля ответственность за его преступления против палестинского гражданского населения, совершаемые в нарушение основополагающих прав человека, наиболее важными из которых являются право на жизнь и право жить в мире и достоинстве, а также принять меры к обеспечению международной защиты палестинского гражданского населения до тех пор, пока Израиль не уйдет с оккупированных палестинских территорий.

Буду весьма признателен Вам за распространение настоящего письма и приложения к нему* среди уважаемых членов Комиссии по правам человека в качестве официального документа пятьдесят девятой сессии Комиссии по пункту 8 повестки дня.
