LETTER DATED 16 JULY 1974 FROM THE ACTING PERMANENT REPRESENTATIVE
OF GREECE ADDRESSED TO THE SECRETARY-GENERAL

Referring to your yesterday's cable, I have the honour to transmit the following replying message addressed to you by His Excellency the Prime Minister of Greece:

"Mr. Secretary-General

"In reply to your message of yesterday (15 July 1974) I wish to reassure you that the policy of the Greek Government on the question of Cyprus remains unchanged. The Greek Government fully agrees that the territorial integrity, sovereignty and independence of Cyprus should be maintained and respected by all parties concerned.

"Furthermore it is the firm belief of the Greek Government that the Cyprus problem should be solved peacefully through negotiations within the framework of the enlarged intercommunal talks. The Greek Government expresses the hope that all parties concerned should exercise utmost restraint following recent events in Cyprus.

"Please accept Mr. Secretary-General, the assurances of my highest consideration.
