## I. Mandate performance

1. The mandate of the United Nations Peacekeeping Force in Cyprus (UNFICYP) was established by Security Council resolution 186 (1964) of 4 March 1964. The mandate for the present performance period was provided by Security Council resolutions 1354 (2001) of 15 June 2001 and 1384 (2001) of 14 December 2001.
2. The Force is mandated to help the Security Council achieve an overall objective of ensuring peace and security in Cyprus and a return to normal conditions.
3. Within this overall objective, the Force has, during the performance report period, contributed to a number of accomplishments by delivering related key outputs, as shown in the frameworks below.
4. The frameworks represent an improvement in objective-setting. The 2001/02 budget did not include standard frameworks for planned results, which would have been the baseline against which performance would have been measured and reported. Therefore, the Force's performance data for the 2001/02 period are presented in a transitional format showing the actual accomplishments and outputs for which information was available against generic indicators and output types rather than against a baseline.

### Component 1: Political

<i>Expected accomplishments</i>	
1.1 Improve relations between Greek Cypriot and Turkish Cypriot communities	
<i>Indicators of achievement</i>	<i>Actual accomplishments</i>
Increase in bicomunal contacts	Participation of approximately 7,300 Cypriots from both sides in the largest-ever celebration of United Nations Day  Participation of some 4,300 young persons from both sides in a youth function
<i>Output type</i>	<i>Actual outputs</i>
Improved relations initiatives	Meetings with civilian authorities on both sides at various levels  Contacts with the diplomatic corps, communities and non-governmental organizations  Organized United Nations Day celebrations  Organized a youth function

<i>Expected accomplishments</i>	
1.2 Progress towards normalization of the buffer zone in Cyprus	
<i>Indicators of achievement</i>	<i>Actual accomplishments</i>
Increased cooperation between the communities in the mixed village of Pyla and across the ceasefire line	Achieved several normalization initiatives within the buffer zone with a hospital facility (partly in the buffer zone) cleared in Sector 4, a housing area cleared in Sector 2 and a road reopened for the public in Nicosia  An agreement between the two sides to resume repairs to a section of the city wall at Roccas Bastion
<i>Output type</i>	<i>Actual outputs</i>
Normalization initiatives	Meetings with civilian authorities on both sides at various levels  Contacts with the diplomatic corps, communities and non-governmental organizations  Negotiated an agreement between the two sides to resume repairs to a section of the city wall at Roccas Bastion

<i>Expected accomplishments</i>

--	---

### Component 2: Military

<i>Expected accomplishments</i>	
2.1 Ensure that the ceasefire in Cyprus is maintained	
<i>Indicators of achievement</i>	<i>Actual accomplishments</i>
Calm situation maintained within the buffer zone and 1,000 metres adjacent to both ceasefire lines	Achieved in general
<i>Output type</i>	<i>Actual outputs</i>
Violation incidents investigated	1,644
Patrols	<p>44 patrol bases manned daily</p> <p>17,250 ground patrols</p> <p>790 air patrols</p> <p>9 patrols per day on various notices to move</p>
<p><i>Comments:</i> The military status quo was maintained and full support was given to the maintenance of law and order and the return to normal conditions by an effective and efficient Force. UNFICYP's movement remains at an operationally satisfactory level, albeit at an additional cost due to the continued closure of 10 crossing points since 2000.</p>	

### Component 3: Civilian Police

<i>Expected accomplishments</i>	
3.1 Maintain law and order within the buffer zone in Cyprus	
<i>Indicators of achievement</i>	<i>Actual accomplishments</i>
Law and order maintained within the buffer zone	Low rate of crime within the buffer zone
<i>Output type</i>	<i>Actual outputs</i>
Track patrols	2,401
Investigations	522

Hunting incidents investigated	189
Reports on unauthorized construction in the buffer zone	14
Village meetings/community liaisons	135
Reports on drilling water-related incidents	92
<p><i>Comments:</i> Direct talks between the community leaders were supported through the reprioritization of the resources of the Civilian Police, who provided press and police liaison officers at each session of the talks from December 2001 until the end of the reporting period.</p> <p>Destruction of the “Makarios arms cache” stretched the resources of the Civilian Police as the activity required their presence as a conduit between the UNFICYP military component and the Cyprus Police.</p> <p>UNFICYP Civilian Police maintained an excellent reputation for fairness with both communities, which was demonstrated by the high level of cooperation received from both communities.</p>

<i>Category</i>	<i>Estimated value</i>	<i>Actual value</i>
	<i>(Thousands of US dollars)</i>

<sup>a</sup> Inclusive of market value, as assessed by UNFICYP, of the cost of United Nations observation posts and office and accommodation facilities provided by the Government of Cyprus to the Force at no cost for military contingents and civilian police units, including the Force headquarters complex.

<sup>b</sup> Actual contributions received include \$29,226 from the Government of Canada and \$34,500 from the Government of the United Kingdom.

### III. Analysis of variances<sup>1</sup>

	<i>Variance</i>	
<b>Military contingents</b>	\$429.1	2.1%

6. The unutilized balance was mainly attributable to cheaper charter flights for contingent rotations and cheaper commercial flights for the deployment travel of military personnel.

	<i>Variance</i>	
<b>Civilian police</b>	\$31.4	12.8%

7. Deployment travel was arranged by UNFICYP instead of Headquarters, as originally planned, resulting in lower average travel cost per person.

	<i>Variance</i>	
<b>National staff</b>	\$887.2	20.1%

8. The unspent balance was primarily attributable to the abolition of 42 national posts as at 1 July 2001, as a result of the implementation of the outsourcing of catering services in Sectors 1 and 4 in April 2001. These posts were included in the budget proposal in light of the fact that, while the outsourcing process was under negotiation in the first half of 2001, its effective date of implementation could not be determined at the time of the budget preparation. Consequently, the abolition of the 42 posts contributed to the actual average vacancy rate of 31 per cent, compared with the budgeted vacancy factor of 5 per cent.

	<i>Variance</i>	
<b>General temporary assistance</b>	(\$36.3)	(72.6%)

9. Additional requirements were mainly attributable to the settlement of \$29,600 in outstanding charges related to the 2000/01 financial period.

	<i>Variance</i>	
<b>Official travel</b>	\$60.3	35.8%

10. The unutilized balance is attributable to the lower number of trips by the Chief of the Force, as well as the lower number of trips by Headquarters staff to provide administrative, financial and technical support to the Force.

<sup>1</sup> Resource variance amounts are expressed in thousands of United States dollars.

	<i>Variance</i>	
<b>Facilities and infrastructure</b>	(\$794.1)	(21.4%)

11. Additional requirements resulted primarily from the outsourcing of catering services in Sectors 1 and 4 as of April 2001, the implementation of which and related budgetary provision could not be ascertained at the time of the budget preparation.

	<i>Variance</i>	
<b>Air transportation</b>	(\$62.2)	(5.2%)

12. Additional requirements were mainly attributable to the increase in the number of flight hours by helicopters. Owing to restrictions imposed in the north, which resulted in only one crossing point from the south to the north, additional support was provided by air to locations in the northern part of the mission area.

	<i>Variance</i>	
<b>Special equipment</b>	\$287.4	100.0%

13. The unutilized provision resulted from the cancellation of the planned procurement of night observation devices, leading to the delayed implementation of the first phase of a 3- to 4-year replacement programme. Export restrictions imposed on the manufacturer impeded the shipment of the equipment to UNFICYP for a field demonstration and an evaluation of its suitability.

	<i>Variance</i>	
<b>Miscellaneous supplies, services and equipment</b>	(\$116.9)	(4.7%)

14. Additional requirements were mostly attributable to freight and related costs of contingent-owned equipment, as a result of the replacement of an infantry contingent, which was not foreseen during the budget preparation process.

#### **IV. Actions to be taken by the General Assembly**

15. **The actions to be taken by the General Assembly in connection with the financing of UNFICYP are:**

(a) **A decision on the treatment of the unencumbered balance of \$730,600 with respect to the period from 1 July 2001 to 30 June 2002;**

(b) **A decision on the treatment of other income and adjustments for the period ended 30 June 2002, amounting to \$4,651,000 and comprising interest income (\$822,000), other/miscellaneous income (\$191,000) and savings on or cancellation of prior-period obligations (\$3,638,000).**
