INFORMATION CIRCULAR No. 8

Subject: Replacement of service lift No. 6

1. Service lift No. 6, which was put into service in 1962 and serves eight floors in the C Building, is due for replacement under the programme of major works and improvements to the Palais des Nations.
2. Service lift No. 6 will thus not be available for use from Monday, 24 February 2003 until the work is completed, which should be in mid-July 2003.
3. While work is in progress, lift No. 5 can be used.
4. I thank all affected staff in advance for putting up with the inconvenience the work will cause.

(Signed): Bertrand Juppin de Fondaumière
Director
Division of Administration
