## 125. Improving the financial situation of the United Nations<sup>2</sup>

At its thirtieth session, in 1975, the General Assembly decided to include in the provisional agenda of its thirty-first session an item entitled "Financial emergency of the United Nations" (resolution 3538 (XXX)). The Assembly considered this question at its thirty-first to thirty-ninth sessions.

An item entitled "Current financial crisis of the United Nations" was included in the agenda of the fortieth session as an additional item, at the request of the Secretary-General (A/40/247). The Assembly considered this item at its fortieth and forty-

second to forty-fifth sessions. At its forty-seventh session, the Assembly decided to consider in future the items entitled “Current financial crisis of the United Nations” and “Financial emergency of the United Nations” under one item entitled “Improving the financial situation of the United Nations” (resolution 47/215).

At its forty-eighth session, the General Assembly reaffirmed the obligation of Member States to pay assessed contributions promptly and in full; and recognized that non-payment of assessed contributions in full and on time had damaged and continued to damage the ability of the Organization to implement its activities effectively (resolution 48/220). The Assembly continued its consideration of the item at its forty-ninth to fifty-second sessions.

At its fifty-third to fifty-fifth sessions, the Assembly took no decision on the item. At its fifty-sixth session, the Assembly decided to retain the item on the agenda of that session (decision 56/464).

No advance documentation is expected.

### **126. Scale of assessments for the apportionment of the expenses of the United Nations<sup>3</sup>**

The regular budget of the United Nations is apportioned among its Member States in accordance with the scale of assessments approved by the General Assembly on the recommendation of the Committee on Contributions (see item 17 (b)). This scale, as modified by resolutions 55/235 and 55/236 and other resolutions concerning the financing of peacekeeping operations, has also been used to apportion the cost of peacekeeping operations among Member States. The assessment rates used for the regular budget and peacekeeping operations are also used for apportioning the costs of the International Criminal Tribunal for Rwanda and the International Tribunal for the Former Yugoslavia.

At its fifty-fifth session, in 2000, the General Assembly decided to base the scale of assessments for the period 2001-2003 on specified elements and criteria and to fix those elements until 2006, subject to the provisions of resolution 55/5 C, in particular paragraph 2, and without prejudice to rule 160 of the rules of procedure of the General Assembly (resolution 55/5 B). At the same session, the General Assembly established a reduced ceiling of 22 per cent for the assessed contribution of any individual Member State; and decided to review the position at the end of 2003 and, depending on the status of contributions and arrears, to determine all appropriate measures to remedy the situation, including adjustments of the ceiling in keeping with its resolutions 52/215 A to D (resolution 55/5 C).

At its fifty-seventh session, the General Assembly endorsed the conclusions and recommendations of the Committee on Contributions concerning multi-year payment plans, as contained in paragraphs 17 to 23 of its report. [Among those recommendations were that the Secretary-General should be requested to provide information on the submission of such plans to the General Assembly through the Committee on Contributions and to submit an annual report to the Assembly through

the Committee on Contributions on the status of Member States' payment plans as at 31 December each year.] The Assembly also requested the Committee on Contributions to elaborate further on the criteria regarding ad hoc adjustments of the rates of assessment for consideration and approval by the General Assembly, in keeping with rule 160 of the rules of procedure of the Assembly, so as to facilitate further its consideration of such adjustments; and decided to consider further the question of the outstanding assessed contributions of the former Yugoslavia at its fifty-eighth session (resolution 57/4 B).

At its resumed fifty-seventh session, in April 2003, the General Assembly requested the Committee on Contributions to make recommendations on measures with a positive impact to encourage Member States to pay their arrears, and to report thereon to the Assembly at its fifty-eighth session (resolution 57/4 C).

## **127. Pattern of conferences<sup>3</sup>**

A resolution entitled "Pattern of conferences" was adopted by the General Assembly at its twelfth session, in 1957, under the agenda item entitled "Budget estimates for the financial year 1958" (resolution 1202 (XII)). Since 1962 the item has been included in the agenda of the Assembly at its seventeenth, eighteenth, twentieth to twenty-seventh and twenty-ninth to fifty-seventh sessions.

At its twenty-ninth session, in 1974, the General Assembly established the Committee on Conferences, composed of 22 Member States (resolution 3351 (XXIX)).

At its forty-third session, the General Assembly decided to retain the Committee on Conferences as a permanent subsidiary organ composed of 21 members to be appointed by the President of the Assembly, after consultations with the chairmen of

the regional groups, for a period of three years (resolution 43/222 B) (see also item 17 (g)).

At its fifty-sixth session, the General Assembly requested the Secretary-General to enhance further the established practice of workload sharing among duty stations in documentation services as a means to improve the utilization of conference-servicing resources, and to include information on those efforts in the context of a single, comprehensive report to be submitted to the Assembly at its fifty-eighth session (resolution 56/242, sect. II).

At its fifty-seventh session, the General Assembly requested the Secretary-General to report to it at its fifty-eighth session on the following: improvement and modernization of the conference facilities at the United Nations Office at Nairobi in order to accommodate adequately major meetings and conferences; the methodology that accurately reflected the situation of the provision of conference services to regional and other major groupings of Member States; inclusion of all necessary resources in the budget for the biennium 2004-2005 to provide interpretation services for meetings of regional and other major groupings of Member States upon request by those groups, on an ad hoc basis, in accordance with established practice; the utilization rates of interpretation services and conference facilities at all duty stations; methods and indicators for assessing the performance of conference services from a full-system standpoint, in particular their cost-effectiveness, efficiency and productivity in carrying out their mandates, taking into account the best practices and experiences of other bodies and organizations that provided analogous services, including, specifically, their experience in developing unit cost measures of full work processes; all possible options to increase further the utilization of the conference centre at the Economic Commission for Africa; how the reform initiative would involve the other major duty stations, taking into account their specificities and operational responsibilities. The Assembly requested the Secretary-General to ensure that the structural and name changes of the Department would be consistent with the existing mandates, inter alia, the medium-term plan, as well as ensuring the implementation of those mandates, and not lead to any involuntary personnel departures, and that they should improve and not negatively affect the quality and timeliness of technical support services being provided to intergovernmental bodies and not negatively affect the quantity of production and distribution of documents in hard copies, as requested by Member States, simultaneously in the six official languages; and to ensure the compliance of the Secretariat, organizations, bodies and organs with the request contained in paragraph 3 of section III of resolution 57/283 B. The Assembly noted the intention of the Secretary-General to improve the current situation of late submission and issuance of documents with that approach, in order to comply more effectively with the existing rules on the issuance of documentation, and stressed in that regard that such an approach should be aimed at improving the functioning of the Secretariat and, at the same time, facilitating the work of Member States; reiterated the need to develop a responsibility and accountability system within the Secretariat in order to ensure timely submission of documents for processing; noted the intention of the Economic and Social Commission for Western Asia to increase the percentage of documents available in Arabic to 100 per cent during the biennium 2004-2005; and requested the Secretary-General to take all necessary measures to fill expeditiously the vacant posts in all six official language services of the United Nations and to report thereon to the Assembly at its fifty-eighth session (resolution 57/283 B, sects. II to IV).

## 128. United Nations common system<sup>1</sup>

The General Assembly, by its resolution 3042 (XXVII) of 19 December 1972, decided in principle to establish an international civil service commission for the regulation and coordination of the conditions of service of the United Nations common system. By its resolution 3357 (XXIX) of 18 December 1974, the General Assembly approved the statute of the International Civil Service Commission (ICSC). The United Nations common system comprises 13 organizations that have accepted the Commission's statute and that participate in the United Nations common system of salaries and allowances. Other organizations have not formally accepted the statute but fully participate in the Commission's work and/or apply the common system of salaries, allowances and benefits. Under its statute, the Commission is required to submit an annual report to the Assembly, which is also to be transmitted to the governing organs of the other organizations of the common system, through their executive heads.

At its fifty-seventh session, the General Assembly took note of paragraph 92 of the report of the International Civil Service Commission (A/57/30), in which the Commission requested its secretariat to develop a programme of work for the future; in that context, the Assembly requested the Commission to continue to develop its study in that area and to report thereon to the Assembly at its fifty-eighth session (resolution 57/285, sect. I).

**135. Scale of assessments for the apportionment of the expenses of United Nations peacekeeping operations**

This item was included in the provisional agenda of the fifty-fifth session of the General Assembly, in 2000, at the request of Albania, Algeria, Armenia, Bolivia, Bosnia and Herzegovina, Bulgaria, Chile, Croatia, Cyprus, the Czech Republic, Estonia, Fiji, Georgia, Hungary, Israel, Japan, Jordan, Latvia, Lithuania, Monaco, Morocco, Nicaragua, Papua New Guinea, the Philippines, Poland, the Republic of Korea, Romania, Rwanda, Senegal, Sierra Leone, Slovakia, Slovenia, Sri Lanka, the former Yugoslav Republic of Macedonia, Ukraine, the United States of America, Vanuatu and Zambia (A/55/141). Subsequently, Chile, Argentina, Panama, France, Canada, Australia, Bangladesh, Norway and Costa Rica joined in requesting inclusion of the item in the agenda (A/55/193, A/55/195-A/55/199, A/55/224, A/55/225 and A/55/230).

At its fifty-fifth session in 2000, the General Assembly reaffirmed the general principles underlying the financing of United Nations peacekeeping operations and established a new system of adjustments of rates in the scale of assessments for the

apportionment of the expenses of the United Nations under the regular budget, assigning each Member State to 1 of 10 levels in order to establish their rates of assessment for peacekeeping operations. The Assembly also decided on ad hoc arrangements for the apportionment of the expenses of United Nations peacekeeping operations to several Member States. In addition, the Assembly requested the Secretary-General to update the composition of the levels on a triennial basis, in conjunction with the regular budget scale of assessment reviews, in accordance with the criteria established in the resolution, and to report thereon to the Assembly (resolution 55/235).

Also at its fifty-fifth session, the Assembly decided on ad hoc arrangements for the apportionment of the expenses of the United Nations peacekeeping operations to two Member States and welcomed voluntary commitments by a number of Member States to pay at a higher rate for peacekeeping operations than provided for in resolution 55/235 (resolution 55/236).

### **136. Administrative and budgetary aspects of the financing of the United Nations peacekeeping operations<sup>4</sup>**

#### **Administrative and budgetary aspects of the financing of the United Nations peacekeeping operations**

At its resumed fifty-seventh session, in June 2003, the General Assembly welcomed the continuing efforts of the Secretary-General to implement a results-based-budgeting format and the timely presentation of the proposed peacekeeping budgets for the period from 1 July 2003 to 30 June 2004; requested the Secretary-General to develop further the link between mission objectives and the resources requested in the proposed peacekeeping budgets for the period from 1 July 2004 to 30 June 2005; decided that the performance reports and the proposed budgets for peacekeeping operations and the support account should continue to be presented in separate documents; requested the Secretary-General to submit to it at its fifty-eighth session a comprehensive report on the functional requirements of field missions for communication and information technology, including replacement programmes, disposal of used information technology assets, the status of ongoing and new projects and an evaluation of current policies and practices in terms of their cost-effectiveness, efficiency and productivity benefits; also requested the Secretary-General, with the assistance of the Office of Internal Oversight Services, to refine

the policy of management on training and training-related travel costs in the Department of Peacekeeping Operations and in peacekeeping missions, and to report thereon to the Assembly at its resumed fifty-eighth session; further requested the Secretary-General to encourage greater use of national staff, whenever possible and cost-effective, and to report thereon at its resumed fifty-eighth session; urged the Secretary-General to expedite recruitment for field missions, taking into account the delegation of recruitment authority to field missions and their accountability in that regard, and to report to it thereon at its resumed fifty-eighth session; stressed that any reclassification of posts should be consistent with the relevant resolutions of the Assembly and the United Nations Staff Rules and Regulations; and requested the Secretary-General to submit to it at its resumed fifty-eighth session a comprehensive report on procurement and contract management for peacekeeping operations (resolution 57/290 B).

#### **Investigation into sexual exploitation by humanitarian and peacekeeping personnel**

*[See item 132 and resolution 57/306]*

#### **Management of contingent-owned equipment arrangements**

Also at its resumed fifty-seventh session, the General Assembly requested the Secretary-General to submit a comprehensive report, taking into account the observations of the Advisory Committee on Administrative and Budgetary Questions and based on the experience gained so far, and to make suggestions for any modification to the current reporting cycle to the Working Group on Reimbursement of Contingent-owned Equipment at its forthcoming meeting scheduled for February 2004; and also requested the Secretary-General to submit a comprehensive report, on the basis of recommendations of the Working Group, on issues that would require legislative action by the General Assembly at its fifty-ninth session (resolution 57/314).

#### **Status of the implementation of the strategic deployment stocks**

At the same session, the General Assembly decided to extend the validity period in respect of the resources approved in its resolution 56/292 to 30 June 2004; and requested the Secretary-General to continue to submit to it separate reports on the implementation of the strategic deployment stocks and on the budget and performance of the United Nations Logistics Base at Brindisi, Italy, at its fifty-eighth session (resolution 57/315).

#### **Death and disability benefits**

At its resumed fifty-fourth session, in April 2000, the General Assembly decided that annual reports should be submitted on the status of all death and disability claims, commencing with the period ending 31 December 2000 (decision 54/459 B).

At its resumed fifty-seventh session, in June 2003, the General Assembly decided that, in future, information on death and disability benefits should be included in the overview of the general report on peacekeeping operations (resolution 57/316).

**Peacekeeping Reserve Fund**

Also at its resumed fifty-seventh session, the General Assembly decided to apply the amount of \$33,250,000, representing the amount in excess of the authorized level of \$150 million for the Peacekeeping Reserve Fund, to the requirements of the support account for peacekeeping operations for the period from 1 July 2003 to 30 June 2004; and requested the Secretary-General, consequent upon the full establishment of the strategic deployment stocks and the pre-mandate commitment authority, to review the level of the Fund and to report thereon to the Assembly at its fifty-eighth session (resolution 57/317).

**Support account for peacekeeping operations**

At its forty-fifth session, in 1991, the General Assembly established the support account for peacekeeping operations, effective 1 January 1990 (resolution 45/258). It became operational on 1 May 1990 through the incorporation of resources relating to the overload posts that were funded from the separate budgets of the five existing peacekeeping operations that were financed at the time outside the scope of the regular budget.

The Secretary-General proposed to the General Assembly at its fiftieth session that the support account funding methodology be changed so that the General Assembly would appropriate the Headquarters backstopping requirements for the 12-month period ending 30 June of the following year and Member States would be assessed on the same scale as that used for peacekeeping assessments (A/50/876). In its related report (A/50/897), the Advisory Committee on Administrative and Budgetary Questions recommended approval of the Secretary-General's proposal and stated that the requirements would be prorated among the individual peacekeeping operations rather than appropriated and assessed separately. In its resolution 50/221 B of 7 June 1996, the Assembly approved on a provisional basis, for the period from 1 July 1996 to 30 June 1997, the new support account funding arrangements.

At its resumed fifty-seventh session, in June 2003, the General Assembly reaffirmed paragraph 15 of its resolution 56/293, in which it reiterated its concern over the imbalance in the geographical representation of Member States in the Department of Peacekeeping Operations, and requested the Secretary-General to submit to it at its resumed fifty-eighth session a comprehensive report on measures taken in that regard and the criteria used for recruitment to all support account posts, in particular those in the Department of Peacekeeping Operations, bearing in mind that the system of desirable ranges did not currently apply to support account posts; requested the Secretary-General to review the level of the support account on a regular basis; requested the Board of Auditors to carry out a review of the implementation of the recommendations of the Special Committee on Peacekeeping Operations and the Panel on United Nations Peace Operations, to gauge the effects of management reform measures taken since the approval of the report and to report thereon to the Assembly at its fifty-eighth session; decided to review at its resumed fifty-eighth session existing posts in order to consider their justification, taking into account the ongoing evaluation by the Office of Internal Oversight Services of the impact of the recent restructuring of the Department of Peacekeeping Operations on its performance in the backstopping of peacekeeping operations; approved the establishment of eight posts for the Investigations Division of the Office of Internal

Oversight Services, to be divided evenly between the regional hubs in Vienna and Nairobi; also approved the establishment of a P-3 post and general temporary assistance for one General Service (Other level) post in the Executive Office of the Office of Internal Oversight Services; approved the transfer from peacekeeping budgets to the support account budget of 27 resident auditor and assistant posts at the same level as in the budget for the period from 1 July 2002 to 30 June 2003; decided that any support account posts that remained vacant and any new posts that were not filled for 12 months from the date of their establishment would require rejustification in the subsequent budget submission; requested the Secretary-General to include in the next support account report details of reclassification upward and downward of posts, as well as the breakdown of appointments to posts reclassified upward in the previous two years, as between internal and external candidates, and to provide annual data thereafter; decided to review the establishment and the level of the post of gender adviser; requested the Secretary-General, through the Office of Internal Oversight Services, to report to the Assembly at its resumed fifty-eighth session on the cases processed by the regional investigators; decided to establish, on a trial basis, a P-4 post in the Monitoring, Evaluation and Consulting Division of the Office of Internal Oversight Services to undertake oversight functions with regard to military aspects of peacekeeping operations and decided not to approve the amount covering six months of consultancy services for three experts mentioned in the related report of the Advisory Committee on Administrative and Budgetary Questions; approved the Military Division training budget at the level requested by the Secretary-General; approved the support account requirements in the amount of \$112,075,800 for the period from 1 July 2003 to 30 June 2004; and decided on the financing of requirements for the support account for the period from 1 July 2003 to 30 June 2004 (resolution 57/318).

#### **Feasibility of consolidating the accounts of the various peacekeeping operations**

At the same resumed session, the General Assembly decided to defer consideration of this question to the second part of its resumed fifty-eighth session and requested the Secretary-General to provide a comprehensive report, taking into account the views expressed, questions raised and information requested by Member States at its fifty-seventh session, including a simulation of the options proposed (resolution 57/319).

#### **Financing of the United Nations Logistics Base at Brindisi, Italy**

Also at the resumed session, the General Assembly requested the Secretary-General to include in his report on a comprehensive examination of the merits of establishing a global procurement hub for all peacekeeping missions in Brindisi, recommended by the Advisory Committee on Administrative and Budgetary Questions, the merits of relocating to Brindisi all support account posts and non-post resources at Headquarters pertaining to the Logistics Division, as well as those related to communication and information technology services related to peacekeeping missions; and approved the cost estimates for the United Nations Logistics Base amounting to \$22,208,100 for the period from 1 July 2003 to 30 June 2004 (resolution 57/320).

## 139. Financing of the United Nations Peacekeeping Force in Cyprus

By its resolution 186 (1964) of 4 March 1964, the Security Council recommended that a United Nations Peacekeeping Force in Cyprus (UNFICYP) be established and that the Force be stationed for three months with a mandate to use its best efforts to prevent a recurrence of fighting, and, as necessary, to contribute to the maintenance and restoration of law and order and a return to normal conditions. Since then, the Council has periodically extended the mandate of UNFICYP, usually for periods of six months at a time, the latest extension of which was by resolution 1486 (2003) of 11 June 2003 for a further period ending on 15 December 2003.

Until recently, UNFICYP was the only United Nations peacekeeping operation that was not financed from assessed contributions by States Members of the Organization. In its resolution 831 (1993) of 27 May 1993, the Security Council decided that those costs of the Force which were not covered by voluntary contributions should be treated as expenses of the Organization, with effect from the next extension of the Force's mandate on or before 15 June 1993.

At its resumed fifty-seventh session, in June 2003, the General Assembly decided to appropriate to the Special Account for UNFICYP the amount of \$45,772,600 for the period from 1 July 2003 to 30 June 2004, inclusive of \$43,798,800 for the maintenance of the Force, \$1,511,400 for the support account for peacekeeping operations and \$462,400 for the United Nations Logistics Base; noted with appreciation that a one-third share of the appropriation, equivalent to \$14,567,500, would be funded through voluntary contributions from the Government of Cyprus and \$6.5 million from the Government of Greece; decided to apportion among Member States the amount of \$24,705,100 at a monthly rate of \$2,058,758; also decided that there should be set off against the apportionment among Member States

their respective share in the Tax Equalization Fund of \$2,070,100 for the period from 1 July 2003 to 30 June 2004 at a monthly rate of \$172,508, comprising the estimated staff assessment income of \$1,702,300 approved for the Force, the prorated share of \$340,500 of the estimated staff assessment income approved for the support account and the prorated share of \$27,300 of the estimated staff assessment income approved for the United Nations Logistics Base; further decided that, taking into account the unencumbered balance and other income in the total amount of \$5,381,600 for the financial period ended 30 June 2002, for Member States that had fulfilled their financial obligations to UNFICYP, there should be set off against their apportionment, their respective share of the unencumbered balance and other income in the amount of \$2,747,000 in respect of the financial period ended 30 June 2002; decided that for Member States that had not fulfilled their financial obligations to UNFICYP, their respective share of the unencumbered balance and other income of \$2,747,000 in respect of the financial period ended 30 June 2002 should be set off against their outstanding obligations; also decided that the decrease of \$38,000 in the estimated staff assessment income in respect of the financial period ended 30 June 2002 should be set off against the credits from the amount of \$2,747,000; further decided, taking into account its voluntary contribution for the financial period ended 30 June 2002, that one third of the net unencumbered balance and other income in the amount of \$1,718,200 in respect of the financial period ended 30 June 2002 should be returned to the Government of Cyprus; decided, taking into account its voluntary contribution for the financial period ended 30 June 2002, that the prorated share of the net unencumbered balance and other income of \$853,400 in respect of the financial period ended 30 June 2002 should be returned to the Government of Greece; and also decided to continue to maintain as separate the account established for UNFICYP for the period prior to 16 June 1993 (resolution 57/332).
