*The General Assembly,*

*Recalling* the United Nations Millennium Declaration,<sup>1</sup> resolution 57/174 of 18 December 2002 and its other previous resolutions,

*Reaffirming its commitment* to the outcome of the twentieth special session of the General Assembly,<sup>2</sup> devoted to countering the world drug problem together, held in New York from 8 to 10 June 1998, and welcoming the continuing determination of Governments to overcome the world drug problem by a full and balanced application of national, regional and international strategies to reduce the demand for, production of and trafficking in illicit drugs,

*Reaffirming also* the importance of the commitments of Member States in meeting the objectives targeted for 2003 and 2008, as set out in the Political Declaration adopted by the General Assembly at the twentieth special session, and welcoming the guidelines and elements recommended by the Commission on Narcotic Drugs to the Executive Director of the United Nations International Drug Control Programme for the preparation of subsequent reports on the follow-up to the twentieth special session,<sup>3</sup>

*Gravely concerned* about policies and activities in favour of the legalization of illicit narcotic drugs and psychotropic substances that are not in accordance with the international drug control treaties and that might jeopardize the international drug control regime,

*Acknowledging* that international cooperation in countering drug abuse and illicit production and trafficking has shown that positive results can be achieved through sustained and collective efforts, and expressing its appreciation for the initiatives in this regard,

*Welcoming* the holding of the ministerial segment of the forty-sixth session of the Commission on Narcotic Drugs in Vienna on 16 and 17 April 2003,

#### *Judicial cooperation*

8. *Calls upon* all States to strengthen international cooperation among judicial and law enforcement authorities at all levels in order to prevent and combat illicit drug trafficking and to share and promote best operational practices in order to interdict illicit drug trafficking, including by establishing and strengthening regional mechanisms, providing technical assistance and establishing effective methods for cooperation, in particular in the areas of air, maritime and port control;
