DESECRATION OF HOLY PLACE OF ISLAM, THE AL-AQSA MOSQUE
SECOND HOLIEST FOR ALL MOSLEMS

"An Israeli soldier with a sub-machine gun on his lap stopped me at the gate of the mosque this week as I was about to enter among the crowd of Israeli tourists, and asked me to cover my head in respect for the Jewish faith. He rejected my suggestion that I should take off my shoes as well out of respect for Islam.....Most of the place (was) converted into something like a museum."

THE WAILING WALL

The Israelis have claimed they had been prevented from visiting Old Jerusalem's Jewish shrines. The truth is that, in response to an appeal by the Conciliation Commission for Palestine, the Arab Governments pledged themselves "to guarantee freedom of access to the Holy Places, religious buildings and sites to Ministers of religion, pilgrims and visitors without distinction as to nationality or faith."

"....Israel replied that it was of the opinion that it would in the circumstances be in the interests of a constructive and final settlement if the matter of formulation were dealt with after more far-reaching consideration of these problems by the General Assembly."

It is therefore clear that Israel itself chose not to make any commitments regarding the Holy Places such as those made by the Arabs.

"Now under Israeli occupation, the Muslim Holy places in Jerusalem, particularly the Dome of the Rock and Aqsa Mosque, (the second holiest for all Moslems) have become tourist attractions."
