INFORMATION CIRCULAR No. 10

Subject: Allée des Marronniers

1. Since the Allée des Marronniers was reopened, complaints have been received from workmen employed by the firms renovating the Railway Gate that they feel unsafe because of the vehicular traffic in the area.
2. Since special arrangements have been made to enable United Nations staff to continue using the Railway Gate while the renovation is in progress (see IC/Geneva/2003/56 of 27 October 2003), you are all asked to observe the speed limit of 30 km/h which applies in the Palais grounds and to be patient and considerate in the vicinity of the work site.
