International co-operation for disarmament

The General Assembly,

Reaffirming the importance of achieving international co-operation in the field of arms limitation and disarmament,

Taking into account that since its forty-second session there have been important and encouraging developments in the areas of arms limitation and disarmament,

Stressing that disarmament can only be achieved through active and sustained joint efforts of all States,

Stressing also the vital importance of proceeding to balanced, mutually acceptable, fully verifiable and effective measures of arms limitation and disarmament, in accordance with established priorities, for the preservation of peace and the strengthening of international security,

Stressing further that the necessary balance between bilateral and multilateral approaches to arms limitation and disarmament should be secured through a significantly enhanced role of the United Nations and its respective bodies in this field,

1. Invites all States further to increase co-operation for achieving effective arms limitation and disarmament agreements on the basis of reciprocity, equality, undiminished security, non-use of force and the rule of law in international relations;

2. Calls upon all States to aim at strengthening the effectiveness of the United Nations in fulfilling its central role and primary responsibility in the sphere of disarmament and to contribute actively to the consideration and resolution of all disarmament issues that have a bearing on their security and other fundamental interests;

3. Further invites all States to consider, in a spirit of co-operation, ways and means to facilitate both bilateral and multilateral solutions to disarmament.
