REPORT BY THE SECRETARY-GENERAL IN PURSUANCE OF
RESOLUTION 232 (1966) ADOPTED BY THE SECURITY
COUNCIL AT ITS 1340TH MEETING ON 16 DECEMBER 1966

Addendum

Note: The present addendum covers the information received by the Secretary-General since the issuance of the last addendum (S/7781/Add.4) in response to the notes he had addressed to States Members of the United Nations or of the specialized agencies pursuant to resolution 232 (1966).

On 11 March 1968, the Secretary-General addressed a further note to States Members of the United Nations or of the specialized agencies in connexion with the provisions of resolution 232 (1966) of 16 December 1966. The text of this note is reproduced in annex A. The relevant substantive portions of replies to this note and to his earlier notes of 17 December 1966 and 13 January 1967 are reproduced in annex B.

This addendum also contains an analysis of the statistical data furnished by States in accordance with resolution 232 (1966) and in response to the Secretary-General's notes of 17 December 1966 and 13 January 1967. Annex C presents, in tabular form, the statistical material mentioned above.

Trade of Southern Rhodesia

The data made available to the Secretary-General by the reporting countries (see annex B) show that the total imports into these countries from Southern Rhodesia amounted to about \$US40 million in 1967 (compared with \$330 million in the year 1965). In evaluating this figure in relation to resolution 232 (1966), it may be noted that the implementation of the resolution necessarily took different forms in different countries, that shipments were already en route in December 1966 and that goods in bond in some countries appear in the statistics long after their arrival in the importing countries. The countries accounting for the greater part of the imports of \$40 million were the Federal Republic of Germany (\$16.0 million), United States (\$6.5 million), Switzerland (\$3.9 million), Portugal (\$5.3 million), Netherlands (\$2.4 million), Belgium-Luxembourg (\$2.0 million), France (\$1.1 million) and Japan (\$1.3 million); where explanations of these imports are available they are shown in the notes to the tables of the annex.

The reporting countries were, in 1965, the recipients of 79 per cent of Southern Rhodesia's exports, the remainder of which went almost entirely to Malawi and South Africa. In the absence of statistical reports from these two countries for the period under review, it is not possible, at present, to evaluate this part of the total trade.

Exports of the reporting countries to Southern Rhodesia amounted to about \$54 million in 1967 (compared with \$187 million in the year 1965). The countries accounting for the greater part of these exports were Japan (\$13.6 million), Federal Republic of Germany (\$12.3 million), Netherlands (\$4.7 million), France (\$4.0 million), United States (\$3.8 million) United Kingdom (\$2.9 million), Belgium-Luxembourg (\$1.9 million), Switzerland (\$1.9 million), Portugal (\$1.8 million), Australia (\$1.4 million), Italy (\$1.3 million), and Austria (\$1.3 million); as in the case of imports, this trade involves considerations of the timing of export contracts and the recording of shipments. The reporting countries were, in 1965, suppliers of 68 per cent of the imports of Southern Rhodesia, the remainder of which came principally from South Africa, Malawi, Mozambique and Iran for which countries statistical data are not yet available for review.

Specific commodity groups

Imports from Southern Rhodesia into the reporting countries of the eleven commodity groups specified in resolution 232 (1966), paragraph 2 (a), amounted to \$35 million in 1967 (compared with \$213 million in the year 1965). The most important of these commodities is tobacco, Southern Rhodesian exports of which amounted to \$132 million in 1965. Normally, Southern Rhodesian exports of tobacco account for approximately 13 per cent of world exports of all raw tobacco and over 25 per cent of flue-cured tobacco. It has been possible to analyse the data for this commodity more conclusively than is possible for any of the other aggregates in the situation where comprehensive information for all trading nations is not available. The recorded imports of the reporting countries amounting to \$8.9 million were explained by Netherlands (\$2.3 million), Switzerland (\$1.1 million), Belgium-Luxembourg (\$2.0 million), the Federal Republic of Germany (\$2.9 million), and Portugal (\$0.6 million) as having been, in some cases, bonded stores of earlier date. In these circumstances, an analysis was made of sources of supply of the main tobacco markets to ascertain how the fairly stable consumption of flue-cured tobacco had been maintained in the absence of Southern Rhodesian supplies. The analysis revealed that the former consumers of Southern Rhodesian crop had, in 1967, met their requirements partly by an expansion of imports from the United States. In 1967 their imports from the United States amounted to \$415 million compared with \$310 million in 1965. The United States exports of flue-cured tobacco increased from \$299 million in 1965 to \$403 million in 1967. This increase in United States exports was confirmed by the corresponding recorded figures of the importing countries. While the United States large surplus stocks of tobacco enabled the increased demand to be met without significant upward pressure on world tobacco prices, it was more expensive however for the former consumers of Rhodesian tobacco to change their source of supply to the United States because the prices of the United States tobacco have been traditionally higher. In 1965, the United States export unit value (average price) for flue-cured tobacco, unstemmed, was 79 US cents per pound (stemmed, 110 cents) as compared with the Rhodesian export price of 49 US cents. The increase of \$104 million in United States exports of flue-cured tobacco between 1965

and 1967 mentioned above, therefore, represented an increase in quantity of only 77 million pounds as compared with 266 million pounds which was the amount formerly provided to the world market by Southern Rhodesia (1965). With exports of flue-cured tobacco by Canada and India at more or less the same level in both 1965 and 1967 (140-150 million pounds), it was clear that exports from these countries did not contribute to filling the gap. Part of the short-fall was in fact filled by a drawing down of tobacco stocks in certain countries. The stock of unmanufactured tobacco at the end of 1967 in the United Kingdom, for instance, was reduced to 435 million pounds from a level of 520 million pounds at the end of 1965 thus accounting for 85 million pounds of the short-fall. Increased imports from four Asian countries (Indonesia, China, Thailand and South Korea) accounted for a further 44 million pounds.

The conclusion which the analysis indicates is therefore that the markets formerly supplied by Southern Rhodesia have met their requirements to the extent of 77 million pounds by increased imports from the United States, by reducing stocks by 85 million pounds and by increased imports from four Asian countries of 44 million pounds. There is consequently a gap of approximately 60 million pounds (value about \$30 million) which remains to be investigated in relation to stock changes in countries for which stock data are not yet available.

The next most important export commodity is asbestos, Southern Rhodesian exports of which amounted to \$30 million in 1965. In 1967, the recorded imports of the reporting countries amounted to \$3.3 million (compared with \$23 million in the year 1965). This amount was accounted for mainly by the Federal Republic of Germany (\$1.9 million) and the United States (\$0.9 million). The United States explained its imports as shipments before 16 December 1966, the effective date of resolution 232 (1966). It may be noted that imports of the reporting countries from South Africa, an important producer of asbestos, have increased to an amount of \$55 million in 1967 (compared with \$40 million in the year 1965). Japan imported \$10.5 million from South Africa in 1967 (compared with \$4.5 million in 1965) and the United Kingdom, \$12.7 million (compared with \$8.2 million in 1965). It will be noted that prior to 1966 South Africa had been exporting asbestos at a steady level (e.g., during 1960-1963 at a level

/...

of about \$35 million and during 1964-1965 of about \$39 million). Data for recent periods on imports into South Africa from Southern Rhodesia are not available.

Southern Rhodesia's copper exports in 1965 amounted to \$18.3 million. Of this amount, \$10.6 million were exported to the Federal Republic of Germany, \$1.8 million to Poland, \$1.5 million to the United Kingdom, \$1.4 million to Italy, \$1 million to West Malaysia, and \$2 million were distributed among the other countries listed in the table on copper. Most of the reporting countries shown in the table appear to have ceased to import copper from Southern Rhodesia in 1967. The Federal Republic of Germany has provided data on its trade in 1967 which have been of considerable help in this review. In the case of copper, certain considerations of confidentiality have made it necessary to utilize published statistics from the Federal Republic of Germany for the table in the annex. However, the possibility exists that certain imports of copper into the Federal Republic of Germany amounting to \$10 million in 1967 were of Southern Rhodesian origin. This figure is taken from Commodity Trade Statistics, vol. XVII (United Nations document ST/STAT/SER.D/61) which shows imports of copper amounting to slightly over \$10 million from undisclosed countries. There is reason to believe that these imports originated in Southern Rhodesia.

The chief importer of Southern Rhodesia's chromite has been, traditionally, the United States, to which Southern Rhodesia sent \$5 million worth of chromite out of total exports of \$10.7 million in 1965. In 1967, the United States imported \$3.4 million worth of chromite which was explained by the authorities as goods shipped from Southern Rhodesia before 16 December 1966. In 1965, Southern Rhodesia exported chromite to South Africa amounting to \$3.7 million. Data for recent periods on imports into South Africa from Southern Rhodesia are not available.

Other commodities exported by Southern Rhodesia and mentioned in resolution 232 (1966), paragraph 2 (a), are meat and meat products, sugar, hides, skins and leather, iron ore and pig iron. Imports of these commodities into the reporting countries from Southern Rhodesia in 1967 amounted to \$8.5 million (compared with \$47 million in the year 1965). Because of the small magnitude of the trade involved, no meaningful analysis is possible for these commodities at present.

Exports of the reporting countries to Southern Rhodesia of the four commodity groups specified in resolution 232 (1966), paragraph 2 (d)-(f), namely, motor vehicles and their parts, petroleum products, crude petroleum, and aircraft and their parts, amounted to approximately \$1.1 million in 1967 (compared with \$35 million in the year 1965).

Among the four commodity groups, motor vehicles and parts is the most important group. In 1967, the reporting countries exported \$1.0 million of these commodities to Southern Rhodesia (compared with 33 million in the year 1965).

As to petroleum supplies to Southern Rhodesia, no meaningful evaluation of the status is possible from the data reported by the reporting countries listed in the annex. The reason for this is that the traditional suppliers were countries in the Middle East region, none of which has as yet reported its data to the Secretary-General. It is known, however, that, following the closure of the only Southern Rhodesian refinery at Umtali in January 1966, no imports of crude petroleum are required. Iran, Bahrain and Saudi Arabia were normal major suppliers of petroleum products not only to Southern Rhodesia but also to South Africa, Mozambique and Angola. Since South Africa in recent periods did not disclose countries of origin for its petroleum imports (nor countries of destination for its petroleum exports) even approximate evaluation of the Southern Rhodesia petroleum situation in combination with that of South Africa is not possible without direct statistical information from their principal suppliers. The exports of petroleum products to South Africa listed in the annex which amounted to approximately \$29 million in 1967 (compared with \$23 million in the year 1965) are mainly lubricating oils, greases, jelly and waxes.

ANNEX A

Note dated 11 March 1968 from the Secretary-General addressed to the Ministers for Foreign Affairs of the States Members of the United Nations or of the specialized agencies

The Secretary-General presents his compliments to and has the honour to refer to resolution 232 adopted by the Security Council on 16 December 1966 on the question concerning the situation in Southern Rhodesia.

In operative paragraph 8 of the resolution, the Security Council called upon States Members of the United Nations or of the specialized agencies to report to the Secretary-General on measures each has taken in accordance with the provisions of operative paragraph 2 of the resolution. In operative paragraph 9 of the resolution, the Security Council requested the Secretary-General to report to the Council on the progress of the implementation of the present resolution, the first report to be submitted not later than 1 March 1967.

In pursuance of this resolution, the Secretary-General sent note No. PO 230 SORH (1) of 17 December 1966 to the Ministers for Foreign Affairs of the States Members of the United Nations or of the specialized agencies requesting information on the measures taken by their Governments in accordance with the provisions of the resolution. A reminder was sent on 20 March 1967. The substantive parts of the replies received from the States Members of the United Nations or of the specialized agencies have been communicated by the Secretary-General to the Security Council in documents S/7781 and addenda 2, 3 and 4.

Further, in note No. PO 230 SORH (1) of 13 January 1967, addressed to the Ministers for Foreign Affairs of States Members of the United Nations or of the specialized agencies, the Secretary-General transmitted a questionnaire on imports and exports of the commodities listed in operative paragraph 2 of the Security Council resolution in order to facilitate the supply of uniform data by States and to enable the Secretary-General to provide the Security Council from time to time with analyses of the progress of the implementation of the resolution with regard to trade in those commodities.

The information received in response to this note has been analysed in the report submitted by the Secretary-General to the Security Council on 30 November 1967 (S/7781/Add.4).

The Secretary-General wishes to remind those States Members of the United Nations or of the specialized agencies which have already sent reports on action taken in accordance with the provisions of operative paragraph 2 of the Security Council resolution 232 (1966) to send information on any further action which they may have taken, and to request those which have not yet sent reports to send them as soon as possible, so that he may communicate the information to the Security Council.

The Secretary-General, moreover, would appreciate statistical data from all States Members of the United Nations or of the specialized agencies, as requested in his note of 13 January 1967, so that he may be enabled to provide the Security Council with more complete analyses of the progress of the implementation of the resolution.

the United Nations or of the specialized agencies to the
notes dated 17 December 1966 and 13 January 1967 from the
Secretary-General

BELGIUM

[Original: French]
2 April 1968

The Permanent Mission of Belgium informed the Secretary-General of the measures taken by the Belgian Government in pursuance of resolution 232 (1966) by letters dated 15 February and 14 April 1967. The letters were circulated as Security Council documents under the symbols S/7750 and S/7857 respectively.

The Permanent Mission now has the honour to transmit to the Secretary-General statistics covering the trade between UEBL and Southern Rhodesia and the total trade of UEBL broken down by country of origin and destination, for the commodities referred to in resolution 232 (1966).

These statistics, which relate to the months of January to December 1967, are submitted in accordance with the terms of note PO 230 SORH (1) of 13 January 1967.

The Secretary-General will note that the statistics refer to the trade of Luxembourg and Belgium with Southern Rhodesia. Indeed Luxembourg and Belgium form an economic union known as the Union Economique Belgo-Luxembourgeoise (UEBL), and they constitute a single territory so far as customs matters are concerned.

BURMA

[Original: English]
26 March 1968

... as already indicated in the Permanent Representative's note No. 100/SC 20, dated 15 February 1967, the Government of Burma has severed all political and economic relations with Southern Rhodesia.

In these circumstances, therefore, the importing and exporting agencies in Burma, which are controlled by the Government of Burma, have, in compliance with the requirements of Security Council resolution 232 (1966), undertaken no trade of any nature whatsoever with Southern Rhodesia.

BYELORUSSIAN SOVIET SOCIALIST REPUBLIC

[Original: Russian]
9 April 1968

The position of the Byelorussian Soviet Socialist Republic regarding Security Council resolution 232 (1966) of 16 December 1966 was set out in detail in the Permanent Mission's note of 24 February 1967 and remains unchanged.

The Byelorussian SSR is complying strictly with the decisions of the United Nations Security Council and General Assembly aimed at eliminating the racist Smith régime and giving the people of Zimbabwe independence. In accordance with the decisions of the United Nations Security Council and General Assembly concerning Southern Rhodesia, the Byelorussian SSR does not recognize the racist régime in Southern Rhodesia, does not maintain political, economic or other relations with it and is not providing it with assistance or support of any kind.

The Byelorussian SSR supports the economic sanctions provided for in Security Council resolution 232 (1966) - which under the United Nations Charter are mandatory for all States - and will comply strictly with the terms of that resolution. The necessary steps have accordingly been taken to prevent Byelorussian exports from reaching Southern Rhodesia through third countries, in particular through the Republic of South Africa, Angola and Mozambique, and the Southern Rhodesian commodities listed in operative paragraph 2 of the resolution from being imported into the Byelorussian SSR through third countries, in particular through the Republic of South Africa, Angola and Mozambique.

The Byelorussian Soviet Socialist Republic expresses its solidarity with the people of Zimbabwe in their struggle for freedom and independence and its readiness to continue co-operating in the future with the African countries and other States in giving all possible support to the people of Zimbabwe in their just struggle.

CAMBODIA

[Original: French]
4 June 1968

... has the honour to state that the Royal Government of Cambodia, faithful to its anti-racist, anti-colonialist policy, will never recognize the régime which is rebelling against constitutional authority in Southern Rhodesia. It will not carry on with that illegal régime any economic relations of the type covered by resolution S/RES/232 adopted on 16 December 1966.

CAMEROON

Original: French
30 April 1968

The Ministry of Foreign Affairs has already informed the Secretary-General, by its note No. 4287/CAB/DIPL/LC of 31 May 1967, of which a copy is enclosed herewith, of the measures promulgated by the Cameroonian Government against the illegal régime in Southern Rhodesia. These measures remain in force and will continue to do so as long as the reason which prompted the Government to adopt them exists.

The Ministry would, however, like to draw the Secretary-General's attention to the complete ineffectiveness of the existing sanctions. The United Kingdom Government should, in accordance with the relevant resolutions of the General Assembly and the Security Council, assume all its responsibilities towards the people of Zimbabwe and the international community.

CYPRUS

[Original: English]
18 March 1968

... wishes to inform him [the Secretary-General] that the above resolution has already been implemented by the Government of the Republic in a comprehensive rather than in a selective way as envisaged in the said Security Council resolution, in the way already analysed in the Ministry's note No. 60931/Ag24 of 3 February 1967.

In this connexion, the Secretary-General may note additionally and characteristically that the Council of Ministers of the Republic of Cyprus, has, by its Decision No. 7504 of 22 February 1968, issued an Order, by virtue of article 3 of the Cyprus Ships (Prohibition of Cargo) Law No. 26 of 1966, prohibiting the shipment by any Cyprus ship of any kind of cargo between the ports of any State if the cargo is destined to or has its origin from Southern Rhodesia.

As regards the questionnaire on imports and exports, contained in the Secretary-General's note No. PO 230 SORH (1) of 13 January 1967, the Secretary-General may note that the appropriate authorities of the Republic of Cyprus, to which the matter has again now been referred, will soon provide the statistical data requested.

Further, the following measures were adopted by the Government of India:

The Netherlands stand on the above-mentioned resolution of the Security Council is well known. As a member of the Security Council the Netherlands voted in favour of the resolution and subsequently it has adhered to it strictly. The Permanent Representative of the Netherlands in his letter dated 15 February 1967, informed the Secretary-General of the measures taken by the Netherlands Government to give effect to this resolution, which measures have since proved effective. A first series of statistical data was sent, as requested, to the Secretary-General in August 1967 and since then these statistics have been forwarded regularly.

NEW ZEALAND

[Original: English]
22 March 1968

The Prime Minister and Minister of External Affairs, in reply to the Secretary-General's note No. PO 230 SORH (1) of 17 December 1966, informed the Secretary-General of the measures taken by New Zealand in accordance with the provisions of Security Council resolution 232 (1966). In addition, New Zealand continues to send regularly to the Secretary-General, in response to the latter's note PO 230 SORH (1) of 13 January 1967, fully detailed replies to the questionnaire on imports and exports in respect of New Zealand's trade in the commodities listed in operative paragraph 2 of Security Council resolution 232 (1966). New Zealand is accordingly already informing the Secretary-General concerning all the action it has taken in connexion with Security Council resolution 232 (1966).

The Ministry of Foreign Affairs is happy to inform the Secretary-General that decree No. 67/0463 of 28 April 1967 adopted in pursuance of the Security Council resolution dated 16 December 1966 and prohibiting all trade between the Republic of Senegal and Rhodesia was communicated to him by note No. 6093/APCS/ONU of 10 May 1967.

SOMALIA

/Original: English/
29 March 1968

It is appropriate to recall that the Somali Republic has consistently supported and complied with all previous resolutions adopted by the Security Council and the General Assembly against the illegal minority régime in Southern Rhodesia. The Somali Republic does not recognize the régime, and from the time the régime seized power in Southern Rhodesia, the Somali Government has placed a general embargo on all trade and other relations with that country.

My Government recognizes the importance of the decision taken by the Security Council to apply partial economic mandatory sanctions for the first time in its history, but maintains the opinion that the situation in Southern Rhodesia requires more stringent measures to remove the illegal racist régime from power.

...

Somalia has complied fully with the provisions of paragraph 2 of resolution 232 (1966) and will continue to extend its whole-hearted co-operation to the United Nations in its efforts to bring an end to the illegal minority régime.

... has the honour to append hereunder the text of a note by the Minister of Foreign Affairs of the Republic of the Sudan addressed to the Secretary-General of the United Nations:

"The Minister for Foreign Affairs of the Republic of the Sudan presents his compliments to the Secretary-General of the United Nations and with reference to his Note No. PO 230 SORH (1) dated 13 January 1967 transmitting the text of resolution S/RES/232 (1966) adopted by the Security Council on 16 December 1966 has the honour to inform the Secretary-General that the Government of the Republic of the Sudan has, in accordance with its previously stated policy towards the illegal regime in Rhodesia, already enacted legislation prohibiting, throughout the territory of the Republic of the Sudan, all import and every manner of commercial transaction in goods originating in Southern Rhodesia, or the export of goods of Sudanese origin, to Southern Rhodesia. This prohibition includes goods in transit from a third State.

The full text of the Southern Rhodesia Boycott Act 1966 was transmitted to the Secretary-General vide note No. UN/90 dated 14 October 1966 by the Permanent Representative of the Sudan to the United Nations and circulated as General Assembly document A/6479 and Security Council document S/7558.

The Minister for Foreign Affairs of the Republic of the Sudan requests the Secretary-General to have the text of this note circulated as a Security Council document and avails himself of this opportunity to renew to the Secretary-General of the United Nations the assurances of its highest consideration."

UKRAINIAN SOVIET SOCIALIST REPUBLIC

Original: Russian
9 April 1968

The Ukrainian Soviet Socialist Republic is complying strictly with all the decisions of the Security Council and the General Assembly concerning Southern Rhodesia and fully supports the measures aimed at eliminating the racist régime in Southern Rhodesia as quickly as possible and giving the people of Zimbabwe genuine independence.

The Ukrainian Soviet Socialist Republic does not recognize the racist Smith régime in Southern Rhodesia and has never maintained any political, economic or other relations with it. The Permanent Mission of the Ukrainian SSR to the United Nations hopes that this will be taken into account in the appropriate statistical tables contained in the Secretary-General's reports to the Security Council on the question of Southern Rhodesia.

The Ukrainian SSR maintains complete solidarity with the people of Zimbabwe and supports its just struggle for freedom and national independence.

UNION OF SOVIET SOCIALIST REPUBLICS

Original: Russian
5 April 1968

In connexion with your note PO 230 SORH (1) of 11 March 1968 addressed to the Minister for Foreign Affairs of the USSR, concerning Security Council resolution 232 of 16 December 1966, I have the honour to refer to note No. 2 of 5 January 1967 and note No. 87 of 25 February 1967 of the Permanent Mission of the USSR to the United Nations and to confirm that the Soviet Union position stated in those notes remains unchanged.

The Soviet Union is scrupulously complying with the Security Council decisions and General Assembly resolutions aimed at the liquidation of the racist régime in Southern Rhodesia and the granting of independence to the Zimbabwe people. The Soviet Union does not recognize the racist Smith régime; it has not maintained and does not maintain political, economic or other relations with that régime. The Soviet Union has taken all the necessary steps within its power to prevent those goods exported from the Soviet Union which are enumerated in the Security Council decision of 16 December 1966 from reaching Southern Rhodesia through third countries and to prevent those goods whose import from Southern Rhodesia is forbidden from reaching the Soviet Union.

I should be grateful if you would take the necessary steps to have the statistical tables in your reports to the Security Council on this question indicate in future the fact that during the entire period from 1965 to the present the Soviet Union has conducted no import or export trade with Southern Rhodesia and has not traded in the goods referred to in the aforementioned Security Council decisions with the Republic of South Africa and the Territories of Angola and Mozambique, which are now under Portuguese colonial domination.

The Soviet Union maintains complete solidarity with the Zimbabwe people in its just struggle to win national independence and is prepared to co-operate with African or any other States that take such a position, in conformity with the principles of the United Nations Charter and the decisions of the United Nations, in furnishing support of every kind to the Zimbabwe people in this struggle.

The quotas are compounded on the basis of the average import quantity of the commodity during the previous three years. Fluctuations are furthermore possible between the years, as the use of a yearly quota requested in December may only appear in the trade statistics of the first three months of the following year, the reason being that the import licences granted within the quota are generally valid for three months."

* TOTAL EXPORTS OF SOUTHERN RHODESIA, IN 1965, TO ALL DESTINATIONS (IN THOUSAND US\$): 131 511.

L/ REFERS TO TRADE WITH THE FEDERATION OF RHODESIA AND NYASALAND.

2/ REPRESENTS INDIRECT SHIPMENT THAT ARRIVED IN THE UNITED STATES IN DECEMBER 1966. STATISTICAL ENTRY WAS DELAYED UNTIL JANUARY 1967.

3/ ONLY IMPORTS FROM WAREHOUSES OF THE SURVEY AREA ORIGINATING FROM THE 1965 HARVEST OR EARLIER HARVESTS.

4/ THESE IMPORTS ARISE FROM THE FACT THAT PRIOR TO THE ADOPTION OF SECURITY COUNCIL RESOLUTION 232, CONSIDERABLE QUANTITIES OF RHODESIAN TOBACCO WERE HELD BY DUTCH IMPORTERS AND TOBACCO MANUFACTURERS IN BONDED STORAGE IN VARIOUS PORTS OUTSIDE RHODESIA. SINCE THESE STOCKS CONSIST OF TOBACCO EXPORTED FROM SOUTHERN RHODESIA PRIOR TO DECEMBER 16, 1966, THE PROVISIONS OF RESOLUTION 232 DO NOT APPLY TO THEM. THIS TOBACCO IS ONLY GRADUALLY TAKEN OUT OF BONDED STORAGE ACCORDING TO THE NEEDS OF THE TOBACCO INDUSTRY. AS SUCH STOCKS ARE STILL CONSIDERABLE, IT IS TO BE EXPECTED THAT THEY WILL NOT BE EXHAUSTED BEFORE THE END OF 1967 AND POSSIBLY EVEN LATER. THE NETHERLANDS GOVERNMENT HAS TAKEN STRICT MEASURES TO ENSURE THAT ONLY RHODESIAN TOBACCO EXPORTED FROM THAT TERRITORY BEFORE DECEMBER 16, 1966, CAN BE IMPORTED INTO THE NETHERLANDS.

5/ SEE THE OFFICIAL DECLARATION OF THE SWISS GOVERNMENT CONTAINED IN ANNEX II TO UNITED NATIONS DOCUMENT S/7781.

6/ THE SWISS IMPORTER IS AUTHORIZED TO MAKE USE OF HIS YEARLY QUOTA ANY TIME OF THE YEAR, E.G. IN THE EARLY MONTHS OF THE YEAR 1967. THE QUOTAS ARE COMPOUNDED ON THE BASIS OF THE AVERAGE IMPORT QUANTITY OF THE COMMODITY DURING THE PREVIOUS THREE YEARS. FLUCTUATIONS ARE FURTHERMORE POSSIBLE BETWEEN THE YEARS, AS THE USE OF A YEARLY QUOTA REQUESTED IN DECEMBER MAY ONLY APPEAR IN THE TRADE STATISTICS OF THE FIRST THREE MONTHS OF THE FOLLOWING YEAR, THE REASON BEING THAT THE IMPORT LICENCES GRANTED WITHIN THE QUOTA ARE GENERALLY VALID FOR THREE MONTHS.

L/ TOBACCO WAREHOUSED IN JANUARY 1966, EX WAREHOUSE IN JANUARY AND FEBRUARY 1967.
