Committee on Water Resources
Sixth session
Beirut, 2-4 December 2004

Item 7 of the provisional agenda

**REVIEW OF ACTION TAKEN IN THE FIELD OF WATER RESOURCES
SINCE THE FIFTH SESSION OF THE COMMITTEE ON WATER RESOURCES**

This agenda item consists of two parts. The Committee will consider the first part on the basis of four documents. The first document, E/ESCWA/SDPD/2004/IG.2/4(Part I) concerns follow-up of implementation of the recommendations of the fifth session of the Committee on Water Resources, while the other three documents, E/ESCWA/SDPD/2004/IG.2/4(Part I)/Add.1, Add.2 and Add. 3, concern the results of studies conducted by ESCWA pursuant to specific recommendations made by the Committee on Water Resources at its fifth session. The studies deal with, respectively, water demand management, basic water indicators and specifications and measures related to the use of treated waste water for irrigation in ESCWA member countries. The Committee will consider the second part of the agenda item on the basis of E/ESCWA/SDPD/2004/IG.2/4(Part II), which contains a review of the progress made between the fifth and sixth sessions of the Committee on Water Resources in implementing water-related activities.
