3. The Secretary-General be requested to distribute his report to the members of the Organization on or before 1 July 1947, including estimates with respect to the sites in each of the four areas, as to the approximate cost, if any, of the property involved and other relevant costs and information to assist the Assembly in arriving at a definite decision at its next annual session;
4. The Secretary-General be authorized to engage the necessary technical staff to assist him in the preparation of the report mentioned above.
