Summary

Pending submission to the General Assembly during the main part of its sixtieth session of a full budget for the United Nations Organization Mission in the Democratic Republic of the Congo for the period from 1 July 2005 to 30 June 2006, including results-based frameworks, the present report contains a request for commitment authority with assessment in the amount of \$383,187,800, exclusive of budgeted voluntary contributions in kind in the amount of \$1,068,000, in order to cover the operational and human resource requirements of the Mission for the period from 1 July to 31 October 2005.

The commitment authority is requested pursuant to section IV, paragraph 2, of General Assembly resolution 49/233 A of 23 December 1994 and provides for the deployment of 760 military observers, 15,774 military contingent personnel, 268 civilian police, 1,109 international staff, 1,549 national staff and 543 United Nations Volunteers, inclusive of an additional 134 international staff, 194 national staff and 52 United Nations Volunteers. The proposed additional 380 personnel represent essential additional human resource requirements of the Mission, without prejudice to the decision the General Assembly may take during the main part of its sixtieth session following the consideration of the proposed staffing establishment of the Mission for the 2005/06 financial period.

Human resource requirements of the Mission have been presented at the aggregate level, comprising military and civilian police personnel, executive direction and management, and substantive, security and support personnel at the Mission's headquarters and in the field.

^a The proposed increase by 60 military contingent personnel is within the revised strength of military and civilian police personnel authorized by the Security Council (resolution 1565 (2004)).

^b Represents the highest level of authorized international staff (General Assembly resolution 59/285) and of proposed strength.

^c Includes National Officers and national General Service staff.

The actions to be taken by the General Assembly are set out in section IV of the present report.

I. Mandate of the United Nations Organization Mission in the Democratic Republic of the Congo

1. The mandate of the United Nations Organization Mission in the Democratic Republic of the Congo (MONUC) was established by the Security Council in its resolution 1291 (2000) of 24 February 2000. By its resolution 1565 (2004) of 1 October 2004, the Council extended the deployment of MONUC until 31 March 2005, authorized the increase of its strength by 5,900 personnel, including up to 341 civilian police personnel, as well as the deployment of appropriate civilian personnel, appropriate and proportionate air mobility assets and other force enablers, and decided that MONUC would have the mandate set out in paragraphs 4, 5 and 7 of the resolution. By its resolution 1592 (2005) of 30 March 2005, the Council extended the mandate of MONUC until 1 October 2005, with the intention to renew it for further periods.

2. The Mission is mandated to help the Security Council achieve an overall objective, namely, to maintain international peace and security in the region.

3. By its resolution 59/285 of 13 April 2005, the General Assembly approved a revised appropriation for MONUC for the 2004/05 period, endorsed the conclusions and recommendations contained in the report of the Advisory Committee on Administrative and Budgetary Questions (A/59/735) on the revised 2004/05 budget for the Mission and requested the Secretary-General to ensure their full implementation.

4. In view of the recent approval of the revised appropriation for MONUC for the 2004/05 period and the time required to address in the next budget for the Mission the recommendations of the Advisory Committee, in particular those regarding linkages between the requested financial and human resources and the increase in troop strength or newly mandated activities, changes in the Mission's organizational structure and an analysis of resources and capacities already available in the Mission, the 2005/06 budget for MONUC will be submitted to the General Assembly during the main part of its sixtieth session.

5. Pending consideration by the General Assembly of the full budget for MONUC for the period from 1 July 2005 to 30 June 2006, including results-based frameworks, immediate cash and additional human resources are needed to support additional military personnel and meet the operational requirements of the Mission. Pursuant to the recommendations contained in the report of the Advisory Committee and endorsed by the General Assembly in its resolution 59/285, the present commitment authority request includes 317 additional essential posts (127 international and 190 national staff) and 52 United Nations Volunteer positions to support the Mission's expansion, and also reflects the proposed establishment of a Personnel Conduct Office (7 international and 4 national staff), for a total of 380 additional civilian personnel (134 international, 194 national and 52 United Nations Volunteers). The provisional establishment of these temporary posts is requested without prejudice to the decision the General Assembly may take during the main part of its sixtieth session following the consideration of the proposed staffing establishment of the Mission for the 2005/06 financial period.

6. Pursuant to section IV, paragraph 2, of General Assembly resolution 49/233 A of 23 December 1994, the present report contains a request for commitment authority, with assessment, in the amount of \$383,187,800 to meet the operating costs of MONUC for the period from 1 July to 31 October 2005.

7. Overall Mission direction and management is provided by the Special Representative of the Secretary-General, assisted by two Deputy Special Representatives. Reporting directly to the Special Representative are the Force Commander and the Director of Administration. The heads of field and liaison offices and of the Personnel Conduct Office report to the Special Representative through one of his Deputies.

Personnel Conduct Office

8. Pursuant to paragraph 11 of Security Council resolution 1592 (2005) of 30 March 2005, in which, regarding acts of sexual exploitation and abuse committed by Mission personnel against the local population, the Council requested the Secretary-General to ensure compliance with the zero-tolerance policy he had defined and with the measures put in place to prevent and investigate all forms of misconduct, discipline those found responsible, provide support to the victims, pursue active training and awareness-raising for all MONUC personnel and to keep the Council regularly informed of the measures implemented and their effectiveness, it is proposed to establish in the Mission a Personnel Conduct Office comprising a total of 11 posts (1 D-1, 1 P-5, 1 P-4, 3 P-3, 1 Field Service, 2 National Officers and two national General Service staff), as detailed below. During the 2004/05 period, the staffing requirements of the Office were temporarily accommodated from within the Mission's approved staffing establishment. The establishment of the Office is without prejudice to the decision the General Assembly may take during the main part of its sixtieth session following the consideration of the proposed staffing establishment of the Mission for the 2005/06 financial period.

9. The justification of posts is as follows:

- **International staff: establishment of seven temporary posts**

(a) The Head of the Personnel Conduct Office (D-1) would report to one of the Deputy Special Representatives of the Secretary-General and would be responsible for the formulation and implementation of the work programme of the Office, the development of policies and strategies relating to the conduct of personnel and the overall direction and supervision of the staff of the Office. The Head of Office would represent MONUC on disciplinary issues in meetings with the Government of the Democratic Republic of the Congo, visiting senior officials from troop- and police-contributing countries, visiting senior United Nations officials and national and international media; ensure coherence between efforts of the Department of Peacekeeping Operations to address personnel misconduct issues and those of other United Nations agencies, funds and programmes and non-governmental organizations in the Democratic Republic of the Congo; and liaise with MONUC senior management as well as United Nations Headquarters on compliance with policies, strategies, procedures and guidelines on personnel misconduct issues;

(b) The Senior Personnel Conduct Officer (P-5) would serve as a deputy to the Head of Office and would assist the Head of Office in planning, managing and implementing the activities of the Office; oversee the development of systems, measures and mechanisms to prevent, identify and respond to misconduct by all categories of Mission personnel; serve as the Mission's focal point on sexual exploitation and abuse; provide technical guidance for preliminary fact-finding and boards of inquiry on disciplinary procedures and guidelines; provide substantive

input into the preparation of reports and development of policies; identify lessons learned and best practices relating to the conduct of personnel; and liaise and follow up with United Nations Headquarters on investigations;

(c) The Personnel Conduct Officer (P-4) would develop measures to prevent, identify and respond to misconduct by Mission personnel; receive, review and forward complaints about alleged misconduct of the Mission's military, police and civilian personnel; serve as the Mission's alternate focal point on sexual exploitation and abuse; assist in identifying lessons learned and best practices in addressing personnel misconduct; and develop systems to monitor the implementation and effectiveness of all Mission efforts to address personnel misconduct and contribute to the development of a personnel misconduct data management system;

(d) Two Programme Officers (P-3) would develop and implement measures to promote awareness on the part of all categories of peacekeeping personnel of the United Nations standards of conduct, provide training on United Nations standards of conduct and implement preventive measures regarding sexual exploitation and abuse;

(e) The Operations/Reporting Officer (P-3) would design and maintain a database management system on personnel misconduct; develop reporting formats; produce analytical, narrative and statistical reports; assist in the design of awareness and training programmes and related public information materials on the prevention of personnel misconduct; and support operational issues relating to the work programme of the Office;

(f) The Operations/Reporting Officer would be supported by a data entry clerk (Field Service);

• **National staff: establishment of four temporary posts**

(g) Two Personnel Conduct Officers (National Officers) would develop and assist in the implementation of locally appropriate measures to prevent, identify and respond to personnel misconduct; provide training on the United Nations standards of conduct, including specific training on sexual exploitation and abuse, to the Mission's national personnel; establish mechanisms to receive complaints from the host country nationals relating to misconduct by all categories of peacekeeping personnel; liaise with the United Nations agencies, funds and programmes, NGOs and other organizations on victim assistance issues; and assist in the development and implementation of public information measures to inform the population of the United Nations standards of conduct and established complaint mechanisms, as well as the outcomes of investigations and disciplinary measures taken against peacekeeping personnel;

(h) The Personnel Conduct Office would be supported by two translators/drivers (national General Service staff).

10. The substantive offices of the Mission included under the above heading comprise the Political Affairs, Electoral Assistance and Disarmament, Demobilization, Repatriation, Resettlement and Reintegration Divisions, the force headquarters, including the divisional headquarters in Kisangani, the Office of the Civilian Police Commissioner, the Public Information Office, the Child Protection, Human Rights and Humanitarian Affairs Sections and the Mine Action, Rule of Law, Gender Issues and HIV/AIDS Units.

Electoral Assistance Division

11. In its resolution 1565 (2004), the Security Council mandated MONUC to establish three joint commissions with a view to assisting the Transitional Government in security-sector reform, essential legislation and elections. The status of the implementation of the Security Council mandate with regard to the electoral process is described in paragraph 35 of the sixteenth report of the Secretary-General on MONUC, dated 31 December 2004 (S/2004/1034). While major challenges to meeting the electoral schedule remain, including logistical aspects of the elections and delays in the passage of essential legislation, it is proposed that 16 additional electoral personnel, considered essential to augment the Mission's capacity to provide advice and assistance to the Transitional Government and provincial authorities in the preparations for elections, be deployed. The staffing establishment of the Division, including the 16 additional temporary posts, would comprise 148 posts (43 international staff, 38 national staff and 67 United Nations Volunteers).

12. The justification of posts is as follows:

- **International staff: increase by 13 temporary posts**

(a) The Gender Affairs Officer (P-4) would facilitate the integration of a gender perspective into the electoral process in the east of the country and provide advice on strengthening the capacity of the Independent Electoral Commission provincial offices in addressing gender-related issues. The Gender Affairs Officer would be deployed in Bukavu;

(b) Five Civic Education Officers (P-3) would design, plan and coordinate the civic education campaign in the 11 provinces, reinforce the capacity of United Nations Volunteer civic education officers and coordinate the activities of the various national and international actors participating in the civic and voter education campaign;

(c) Seven Logistics Officers (P-3) would design, plan and coordinate logistical support in the 11 provinces of the Democratic Republic of the Congo, organize the voter registration process and reinforce the capacity of the United Nations Volunteers logistics officers in the 15 electoral offices. The Logistics Officers would be deployed in Goma, Kisangani, Bunia, Lumumbashi, Kalemie, Kindu and Bandundu;

• **National staff: increase by three temporary posts**

(d) Three clerks (national General Service staff) would provide administrative support to the international staff and would be deployed in Bunia, Kalemie and Bandundu.

Division of Administration

13. In order to support the deployment of the force to the eastern parts of the Democratic Republic of the Congo, the MONUC administration will establish nine new field offices and a logistical support base in Entebbe (Uganda), incorporate an administrative office in the divisional headquarters in Kisangani and substantially expand offices in Bukavu, Bunia and Goma, as well as the logistical support base in Kigoma (United Republic of Tanzania).

14. In line with the reconfiguration of the deployment of military contingents, civilian police and substantive staff of MONUC, it is proposed to deploy 265 additional temporary administrative and technical support personnel (83 international staff, 132 national staff and 50 United Nations Volunteers), of which 87 per cent (230) would be deployed to the eastern parts of the country (60 international, 122 national and 48 United Nations Volunteers). Additional staffing requirements at the Mission headquarters are attributable to the deployment of a reserve battalion to Kinshasa, for a total of 1,505 military contingent personnel there, and continuing centrally administered support for the increased strength of 15,774 military contingent personnel, 268 civilian police and 737 substantive staff. Increased staffing requirements in the field are attributable to the deployment to the east of the country of three brigades comprising 12,935 military personnel, as well as 344 military observers and 141 civilian police (Goma: 3,842 military contingent personnel, 74 military observers and 32 civilian police; Bukavu: 4,280 military contingent personnel, 182 military observers and 50 civilian police; and Bunia: 4,813 military contingent personnel, 88 military observers and 59 civilian police) and the establishment of a logistical support base in Entebbe. The increased staffing requirements in the new and expanded offices in the eastern Democratic Republic of the Congo will be partially accommodated through the redeployment of 112 posts and United Nations Volunteers positions from the downsizing offices in the west

(Kananga and Mbandaka) and the east (Kalemie, Kindu, Kisangani and Lubero) of the country.

15. The justification of posts is as follows:

Military Support, Planning and Liaison Office

• International staff: establishment of six temporary posts

(a) The Military Support, Planning and Liaison Office would be headed by a Senior Administrative Officer (P-5), based in Kisangani and reporting directly to the Director of Administration at Mission headquarters. The Senior Administrative Officer would be responsible for the planning and coordination of a full range of logistical support required in connection with operational and tactical decisions taken by the Division Commander in respect of the forces deployed to Kisangani, the Ituri region and North and South Kivu, including deployment and redeployment of military contingents, with a view to improving the responsiveness and efficiency of administrative support for military operations in the eastern part of the Democratic Republic of the Congo;

(b) The Office would comprise three Planning Assistants (Field Service) and two Administrative Assistants (General Service (Other Level)), who would provide support to the Head of Office in carrying out the logistical and administrative duties.

Administrative Services

16. In connection with the redeployment of a reserve battalion to Kinshasa and deployment of additional military personnel, civilian police and substantive staff to the east of the country, it is proposed to establish 91 additional essential temporary posts (36 international staff, 50 national staff and 5 United Nations Volunteers) to augment the capacity of the Finance, Personnel and General Services Sections for providing support to the increased number of military contingent personnel, civilian police officers and substantive staff, as detailed below. Of these, 65 requested temporary posts (71 per cent) would be deployed to the field.

17. The justification of posts is as follows:

• International staff: increase by 36 temporary posts

(a) Nine P-3 posts: one Finance Officer, four Personnel Officers, one Personnel Policy Officer, one Medical Officer, one Pharmacist and one Laboratory Officer. The Finance Officer and three of the Personnel Officers would be deployed to the east of the country, to Bunia, Bukavu and Goma, representing 44 per cent of the requested temporary posts;

(b) Twenty-seven Field Service posts: six Finance Assistants, one Administrative Assistant, nine Personnel Assistants, two Head Nurses, two Receiving and Inspection Assistants, four Property Control and Inventory Assistants, one Travel Assistant, one Claims Assistant and one Camp/Facilities Manager.
